The reset shall be notified by SGSE to the Management Company 60 days in advance of each Reset Date. Exceptionally, the Reference Rate for the first Interest Accrual Period shall be the rate resulting from the straight-line interpolation, taking into account the number of days in the first Interest Accrual Period, between the one- (1-) month Euribor rate and the three- (3-) month Euribor rate, fixed at 11am (CET time) on the second Business Day preceding the Closing Date, or, upon the failure or impossibility to obtain these Euribor rates, the substitute rates for which provision is made in section II.10.1.3 of the Offering Circular.

**Principal repayment and interest Payment Dates:** January 16, April 16, July 16 and October 16 in each year or the following Business Day if any of those is not a Business Day. The first Payment Date shall be April 18, 2005, because neither April 16 nor April 17, 2005 are Business Days.

**0.3.3 Amortisation of the Bonds.**

**Redemption Price:** 100 percent of the face value of each Bond.

**Amortisation of Series A1(P) Bonds.**

Amortisation of Series A1(P) Bond principal shall consist of a single payment for the aggregate face value of the Bonds on July 17, 2006, because July 16, 2006 is not a Business Day ("**Series A1(P) Maturity Date**"), using the "P" Available Funds for Amortisation on that Payment Date.

However, in the event of the "P" Available Funds for Amortisation on the Series A1(P) Maturity Date not being sufficient to amortise the aggregate face value of the Series A1(P) Bonds, the Series A1(P) Bonds shall be amortised on the Series A1(P) Maturity Date and on the subsequent Payment Dates by partial amortisation until their total face amount has been fully amortised, in an amount equal to the "P" Available Funds for Amortisation applied on each Payment Date to amortising Series A1(P), in accordance with the rules for

Distribution of “P” Available Funds for Amortisation between each Series, pro rated between the Bonds in Series A1(P) proper by reducing the face amount of each Series A1(P) Bond.

The final amortisation of the Series A1(P) Bonds shall occur on the Final Maturity Date (July 16, 2042 or the following Business Day if that is not a Business Day), notwithstanding the amortisation for which provision is made on the Series A1(P) Maturity Date or, as the case may be, on subsequent Payment Dates, and the fact that the Management Company may, for and on behalf of the Fund, proceed to the Early Amortisation of the Bond Issue before the Final Maturity Date.

#### **Amortisation of Series A2(P) Bonds.**

Series A2(P) Bond principal shall be amortised by partial amortisation on each of the Payment Dates after their amortisation begins until their total face amount has been fully amortised, in an amount equal to the “P” Available Funds for Amortisation applied on each Payment Date to amortising Series A2(P), in accordance with the rules for Distribution of “P” Available Funds for Amortisation between each Series, pro rated between the Bonds in Series A2(P) proper by reducing the face amount of each Series A2(P) Bond.

The first partial amortisation of the Series A2(P) Bonds shall take place on the Payment Date on which the Series A1(P) Bonds are fully amortised, unless the circumstances for Pro Rata Amortisation of Class A(P) occur, in which case the first amortisation of Series A2(P) Bonds shall occur before that date and pro rata to the Series A1(P) Bonds, in accordance with the rules for Distribution of “P” Available Funds for Amortisation between each Series.

The final amortisation of the Series A2(P) Bonds shall occur on the Final Maturity Date (July 16, 2042 or the following Business Day if that is not a Business Day), notwithstanding the partial amortisations for which provision is made and the fact that the Management Company may, for and on behalf of the Fund, proceed to the Early Amortisation of the Bond Issue before the Final Maturity Date.

#### **Amortisation of Series B(P) Bonds.**

Series B(P) Bond principal shall be amortised by partial amortisation on each of the Payment Dates after their amortisation begins until their total face amount has been fully amortised, in an amount equal to the “P” Available Funds for Amortisation applied on each Payment Date to amortising Series B(P), in accordance with the rules for Distribution of “P” Available Funds for Amortisation between each Series, pro rated between the Bonds in Series B(P) proper by reducing the face amount of each Series B(P) Bond.

If the requirements of section 0.6.1.2 below, under paragraph 4 relating to “Conditions for “P” Pro Rata Amortisation”, are all satisfied, the first partial amortisation of Series B(P) Bonds shall occur on the Payment Date immediately after the Payment Date on which the Outstanding Principal Balance of Series B(P) and of Series C(P) is respectively equal to or greater than 4.107% and 1.906% of the Outstanding Principal Balance of the “P” Bond Issue. After that Payment Date, the “P” Available Funds for Amortisation shall also be applied to the amortisation of Series B(P), in accordance with the rules for Distribution of “P” Available Funds for Amortisation between each Series, such that the ratio of the Outstanding Principal Balance of Series B(P) to the Outstanding Principal Balance of the “P” Bond Issue is kept at 4.107%, or a higher percentage closest thereto. The partial amortisation of Series B(P) Bonds may however be stopped in certain circumstances for which provision is made in the rules for Distribution of “P” Available Funds for Amortisation between each Series.

The final amortisation of the Series B(P) Bonds shall occur on the Final Maturity Date (July 16, 2042 or the following Business Day if that is not a Business Day), notwithstanding the partial amortisations for which provision is made and the fact that the Management Company may, for and on behalf of the Fund, proceed to the Early Amortisation of the Bond Issue before the Final Maturity Date.

#### **Amortisation of Series C(P) Bonds.**

Series C(P) Bond principal shall be amortised by partial amortisation on each of the Payment Dates after their amortisation begins until their total face amount has been fully amortised, in an amount equal to the “P” Available Funds for Amortisation applied on each Payment Date to amortising Series C(P), in accordance

with the rules for Distribution of “P” Available Funds for Amortisation between each Series, pro rated between the Bonds in Series C(P) proper by reducing the face amount of each Series C(P) Bond.

If the requirements of section 0.6.1.2 below, under paragraph 4 relating to “Conditions for “P” Pro Rata Amortisation”, are all satisfied, the first partial amortisation of Series C(P) Bonds shall occur on the Payment Date immediately after the Payment Date on which the Outstanding Principal Balance of Series B(P) and of Series C(P) is respectively equal to or greater than 4.107% and 1.906% of the Outstanding Principal Balance of the “P” Bond Issue. After that Payment Date, the “P” Available Funds for Amortisation shall also be applied to the amortisation of Series C(P), in accordance with the rules for Distribution of “P” Available Funds for Amortisation between each Series, such that the ratio of the Outstanding Principal Balance of Series C(P) to the Outstanding Principal Balance of the “P” Bond Issue is kept at 1.906%, or a higher percentage closest thereto. The partial amortisation of Series C(P) Bonds may however be stopped in certain circumstances for which provision is made in the rules for Distribution of “P” Available Funds for Amortisation between each Series.

The final amortisation of the Series C(P) Bonds shall occur on the Final Maturity Date (July 16, 2042 or the following Business Day if that is not a Business Day), notwithstanding the partial amortisations for which provision is made and the fact that the Management Company may, for and on behalf of the Fund, proceed to the Early Amortisation of the Bond Issue before the Final Maturity Date.

#### **Amortisation of Series A1(T) Bonds.**

Amortisation of Series A1(T) Bond principal shall consist of a single payment for the aggregate face value of the Bonds on July 17, 2006, because July 16, 2006 is not a Business Day (“**Series A1(T) Maturity Date**”), using the “T” Available Funds for Amortisation on that Payment Date.

However, in the event of the “T” Available Funds for Amortisation on the Series A1(T) Maturity Date not being sufficient to amortise the aggregate face value of the Series A1(T) Bonds, the Series A1(T) Bonds shall be amortised on the Series A1(T) Maturity Date and on the subsequent Payment Dates by partial amortisation until their total face amount has been fully amortised, in an amount equal to the “T” Available Funds for Amortisation applied on each Payment Date to amortising Series A1(T), in accordance with the rules for Distribution of “T” Available Funds for Amortisation between each Series, pro rated between the Bonds in Series A1(T) proper by reducing the face value of each Series A1(T) Bond.

The final amortisation of the Series A1(T) Bonds shall occur on the Final Maturity Date (July 16, 2042 or the following Business Day if that is not a Business Day), notwithstanding the amortisation for which provision is made on the Series A1(T) Maturity Date or, as the case may be, on subsequent Payment Dates, and the fact that the Management Company may, for and on behalf of the Fund, proceed to the Early Amortisation of the Bond Issue before the Final Maturity Date.

#### **Amortisation of Series A2(T) Bonds.**

Series A2(T) Bond principal shall be amortised by partial amortisation on each of the Payment Dates after their amortisation begins until their total face amount has been fully amortised, in an amount equal to the “T” Available Funds for Amortisation applied on each Payment Date to amortising Series A2(T), in accordance with the rules for Distribution of “T” Available Funds for Amortisation between each Series, pro rated between the Bonds in Series A2(T) proper by reducing the face amount of each Series A2(T) Bond.

The first partial amortisation of the Series A2(T) Bonds shall take place on the Payment Date on which the Series A1(T) Bonds are fully amortised, unless the circumstances for Pro Rata Amortisation of Class A(T) occur, in which case the first amortisation of Series A2(T) Bonds shall occur before that date and pro rata to the Series A1(T) Bonds, in accordance with the rules for Distribution of “T” Available Funds for Amortisation between each Series.

The final amortisation of the Series A2(T) Bonds shall occur on the Final Maturity Date (July 16, 2042 or the following Business Day if that is not a Business Day), notwithstanding the partial amortisations for which provision is made and the fact that the Management Company may, for and on behalf of the Fund, proceed to the Early Amortisation of the Bond Issue before the Final Maturity Date.

#### **Amortisation of Series B(T) Bonds.**

Series B(T) Bond principal shall be amortised by partial amortisation on each of the Payment Dates after their amortisation begins until their total face amount has been fully amortised, in an amount equal to the “T” Available Funds for Amortisation applied on each Payment Date to amortising Series B(T), in accordance with the rules for Distribution of “T” Available Funds for Amortisation between each Series, pro rated between the Bonds in Series B(T) proper by reducing the face amount of each Series B(T) Bond.

If the requirements of section 0.6.2.2 below, under paragraph 4 relating to “Conditions for “T” Pro Rata Amortisation”, are all satisfied, the first partial amortisation of Series B(T) Bonds shall occur on the Payment Date immediately after the Payment Date on which the Outstanding Principal Balance of Series B(T) and of Series C(T) is respectively equal to or greater than 11.862% and 4.828% of the Outstanding Principal Balance of the “T” Bond Issue. After that Payment Date, the “T” Available Funds for Amortisation shall also be applied to the amortisation of Series B(T), in accordance with the rules for Distribution of “T” Available Funds for Amortisation between each Series, such that the ratio of the Outstanding Principal Balance of Series B(T) to the Outstanding Principal Balance of the “T” Bond Issue is kept at 11.862%, or a higher percentage closest thereto. The partial amortisation of Series B(T) Bonds may however be stopped in certain circumstances for which provision is made in the rules for Distribution of “T” Available Funds for Amortisation between each Series.

The final amortisation of the Series B(T) Bonds shall occur on the Final Maturity Date (July 16, 2042 or the following Business Day if that is not a Business Day), notwithstanding the partial amortisations for which provision is made and the fact that the Management Company may, for and on behalf of the Fund, proceed to the Early Amortisation of the Bond Issue before the Final Maturity Date.

#### **Amortisation of Series C(T) Bonds.**

Series C(T) Bond principal shall be amortised by partial amortisation on each of the Payment Dates after their amortisation begins until their total face amount has been fully amortised, in an amount equal to the “T” Available Funds for Amortisation applied on each Payment Date to amortising Series C(T), in accordance with the rules for Distribution of “T” Available Funds for Amortisation between each Series, pro rated between the Bonds in Series C(T) proper by reducing the face amount of each Series C(T) Bond.

If the requirements of section 0.6.2.2 below, under paragraph 4 relating to “Conditions for “T” Pro Rata Amortisation”, are all satisfied, the first partial amortisation of Series C(T) Bonds shall occur on the Payment Date immediately after the Payment Date on which the Outstanding Principal Balance of Series B(T) and of Series C(T) is respectively equal to or greater than 11.862% and 4.828% of the Outstanding Principal Balance of the “T” Bond Issue. After that Payment Date, the “T” Available Funds for Amortisation shall also be applied to the amortisation of Series C(T), in accordance with the rules for Distribution of “T” Available Funds for Amortisation between each Series, such that the ratio of the Outstanding Principal Balance of Series C(T) to the Outstanding Principal Balance of the “T” Bond Issue is kept at 4.828%, or a higher percentage closest thereto. The partial amortisation of Series C(T) Bonds may however be stopped in certain circumstances for which provision is made in the rules for Distribution of “T” Available Funds for Amortisation between each Series.

The final amortisation of the Series C(T) Bonds shall occur on the Final Maturity Date (July 16, 2042 or the following Business Day if that is not a Business Day), notwithstanding the partial amortisations for which provision is made and the fact that the Management Company may, for and on behalf of the Fund, proceed to the Early Amortisation of the Bond Issue before the Final Maturity Date.

    - ii) the Outstanding Balance of Delinquent Pass-Through Certificates does not exceed 1.50% of the Outstanding Balance of Non-Doubtful Pass-Through Certificates.
  - b) In order to amortise Series C(T), that on the Determination Date preceding the relevant Payment Date:
    - i) the Outstanding Principal Balance of Series C(T) is equal to or greater than 4.828% of the Outstanding Principal Balance of the “T” Bond Issue; and
    - ii) the Outstanding Balance of Delinquent Pass-Through Certificates does not exceed 1.00% of the Outstanding Balance of Non-Doubtful Pass-Through Certificates.
  - c) In order to amortise Series B(T) and Series C(T):
    - i) that the Required “T” Cash Reserve shall have been fully provisioned on the relevant Payment Date, and
    - ii) that on the Determination Date preceding the relevant Payment Date, the amount of the Outstanding Balance of Pass-Through Certificates is equal to or greater than 10 percent of the face amount of the “T” Bond Issue.
5. In the event that the amortisation of Series B(T) and/or Series C(T) should apply on a Payment Date as provided for in rule 4 above, the “T” Available Funds for Amortisation shall also be applied to amortising Series B(T) and/or Series C(T) in such a way that the ratio of the Outstanding Principal Balance of Series B(T) or of Series C(T) to the Outstanding Principal Balance of the “T” Bond Issue is respectively kept at 11.862% or 4.828%, or higher percentages closest thereto.

### **0.6.3 “P” Liquidation Priority of Payments.**

The Management Company shall proceed to liquidate the Fund upon the Fund being liquidated on the Final Maturity Date or on the Payment Date on which there is an Early Liquidation in accordance with the provisions of section III.7 of the Offering Circular, by applying the available funds to the following items (the “**P” Liquidation Available Funds**”): (i) the “P” Available Funds, (ii) the amounts obtained by the Fund from time to time upon disposing of the remaining assets in connection with the Mortgage Certificates and, as the case may be, (iii) the amount drawn under a credit facility to be arranged and fully assigned to the final amortisation of the “P” Bond Issue, in accordance with the provisions of section III.7.1, in the following priority of payments (the “**P” Liquidation Priority of Payments**”):

1. Reserve to meet the final tax, administrative or advertising expenses deriving from termination and liquidation of the Fund.
2. Payment of the Fund’s properly supported taxes and ordinary and extraordinary expenses, whether or not they were disbursed by the Management Company, including the management fee due to the latter, and all other expenses and service fees, including those derived from the Paying Agent Agreement. Only expenses prepaid or disbursed on the Fund’s behalf by and amounts reimbursable to the Servicer in relation to the Mortgage Loans underlying the Mortgage Certificates, provided they are all properly supported, and the servicing fee if BANKINTER shall have been replaced as Servicer and to the extent deriving from the Outstanding Balance of the Mortgage Certificates shall be made to the Servicer under the Servicing Agreement in this priority.
3. Where receivables for different items exist in a same priority of payments on the Final Maturity Date or on the Payment Date on which there is an Early Liquidation and the remaining "P" Available Funds are not sufficient to settle the amounts due under all of them, the application of the remaining "P" Available Funds shall be prorated among the amounts payable under each such item, and the amount applied to each item shall be distributed in the priority in which the accounts payable fall due.

#### **0.6.4 "T" Liquidation Priority of Payments.**

The Management Company shall proceed to liquidate the Fund upon the Fund being liquidated on the Final Maturity Date or on the Payment Date on which there is an Early Liquidation in accordance with the provisions of section III.7 of the Offering Circular, by applying the available funds to the following items (the **"T" Liquidation Available Funds**): (i) the "T" Available Funds, (ii) the amounts obtained by the Fund from time to time upon disposing of the remaining assets in connection with the Pass-Through Certificates and, as the case may be, (iii) the amount drawn under a credit facility to be arranged and fully assigned to the final amortisation of the "T" Bond Issue, in accordance with the provisions of section III.7.1, in the following priority of payments (the **"T" Liquidation Priority of Payments**):

**0.6.5** In the event of any of the Liquidation Available Funds not being sufficient for settling the amounts payable in respect of the various applicable items and there being a remainder in the other one, there shall be no offsetting between both. Should there be any remainder in either of the "P" or "T" Liquidation Available Funds, the same shall be for the Originator on the terms established by the Management Company.

## **0.7 Liquidation and termination of the Fund.**

### **Termination of the Fund.**

The Fund shall terminate in the following events:

- (i) Upon the Mortgage Certificates and the Pass-Through Certificates pooled therein being fully amortised.
- (ii) Upon the Bonds issued being fully amortised.
- (iii) Upon the Early Liquidation procedure ending, subject to the requirements and procedures contained in section III.7.1 of the Offering Circular, when, in addition to the other Early Liquidation Events contained in said section, the Outstanding Balance of the Mortgage Loans pending repayment is less than 10 percent of the initial Outstanding Balance and provided that the payment obligations derived from the Bonds issued by the Fund may be honoured and settled in full in the "P" Liquidation Priority of Payments and the "T" Liquidation Priority of Payments.

## 0.8

### **Risks inherent in the Bonds.**

#### **a) Risk of default on the Mortgage Loans.**

The holders of the Bonds issued by the Fund shall bear the risk of default on the Mortgage Loans pooled therein by means of the issue of the Mortgage Certificates and the Pass-Through Certificates.

#### **b) Mortgage Loan prepayment risk.**

There will be an early amortisation of the Mortgage Certificates and the Pass-Through Certificates pooled in the Fund when the Mortgage Loan Obligors prepay the portion of principal pending repayment or in the event that BANKINTER should be substituted in the relevant Mortgage Loans by any other financial institution licensed to do so or in any other event having the same effect.

That prepayment risk shall pass quarterly on each Payment Date to the Bondholders by the partial amortisation of the Bonds.

#### **c) Limited Hedging.**

A high level of delinquency of the Mortgage Certificates or the Pass-Through Certificates might reduce or indeed eliminate the limited hedging against Mortgage Certificate and Pass-Through Certificate portfolio losses that the Bonds in the "P" Bond Issue and "T" Bond Issue Series distinctly have as a result of the existence of the credit enhancement transactions described in section V.3 of the Offering Circular. Moreover, the degree of subordination in payment of interest and repayment of principal of the Series C(P) and Series C(T) Bonds respectively with respect to the Class A(P) and the Class A(T) Bonds and respectively with respect to the Series B(P) and the Series B(T) Bonds, and of the latter respectively with respect to the Class A(P) and the Class A(T) Bonds, derived from the "P" Priority of Payments and the "T" Priority of Payments, is a mechanism for distinctly hedging the different Series.

Interest payment and principal repayment in each of the "P" or "T" Bond Issue Series shall be made exclusively using their respective "P" or "T" Available Funds and Liquidation Available Funds, and there shall be no transfer between the "P" Available Funds and the "T" Available Funds and between the "P" Liquidation Available Funds and the "T" Liquidation Available Funds to meet servicing of the "P" Bond Issue and of the "T" Bond Issue.

#### **d) Liquidity.**

There is no assurance that the Bonds will be traded on the market with a minimum frequency or volume.

There is no undertaking that any institution will be involved in secondary trading, giving the Bonds liquidity by offering consideration.

The Fund may in no event repurchase the Bonds from Bondholders. Nevertheless, the Bonds may be fully subject to early amortisation in the event of Early Liquidation of the Fund.

#### **e) Yield.**

Mortgage Loan repayment performance is influenced by a number of economic and social factors such as market interest rates, the Obligors' employment and economic status and the general level of economic activity, preventing their predictability.

Calculation of the internal rate of return, average life and duration of the Bonds is subject, inter alia, to assumed Mortgage Loan prepayment and delinquency rates that may not be fulfilled, and to future market interest rates, given the floating nature of the nominal interest rate of each Series.

#### **f) Late-payment interest.**

Late payment of interest or repayment of principal to the Bondholders shall under no circumstances result in late-payment interest accruing to their favour.

**0.9 No right of action.**

The Bondholders and the remaining creditors of the Fund shall have no recourse whatsoever against Obligors who may have defaulted on their Mortgage Loan payment obligations. Any such rights shall lie with the Management Company, representing the Fund holding the Mortgage Certificates and the Pass-Through Certificates.

The Bondholders and the remaining creditors of the Fund shall have no recourse whatsoever against the Fund or against the Management Company in the event of non-payment of amounts due by the Fund resulting from the existence of default or early amortisation or prepayment of the Mortgage Certificates or the Pass-Through Certificates, a breach by the counterparties to the transactions entered into for and on behalf of the Fund, or shortfall of the financial hedging transactions for servicing the Bonds in each Series.

The Bondholders and the remaining creditors of the Fund shall have no recourse against the Management Company other than as derived from a breach of its duties.

Mr Mario Masiá Vicente is acting as General Manager of the Management Company using the authorities conferred by the Board of Directors at its meetings held on January 19, 1993 and January 28, 2000, and expressly for constituting the Fund pursuant to authorities conferred by the Board of Director's Executive Committee at its meeting held on October 29, 2004.

#### I.2 Supervisory Bodies.

The constitution of the Fund and issue of the Asset-Backed Bonds (hereinafter also the "**Bonds**") are subject to the condition precedent of the registration in the Official Registers of the Comisión Nacional del Mercado de Valores (the "**CNMV**") of the Offering Circular and other supporting documents, in accordance with the provisions of article 5.1.e) of Royal Decree 926/1998.

This full Offering Circular regarding the constitution of the Fund and issue of the Bonds has been entered in the Official Registers of the CNMV on February 10, 2005.

Registration of the Offering Circular by the CNMV does not imply recommending subscription for or purchase of the securities referred to therein, nor indeed any statement whatsoever as to the solvency of the Fund or yield or quality of the issued or offered securities.

#### I.3 Audit report on the assets securitised through the Fund.

Appendix V to this Offering Circular contains the audit report on a selection of portfolio mortgage loans of BANKINTER, which shall mostly be assigned to the Fund, making up the Mortgage Loans assigned to the Fund by means of the issue of the Mortgage Certificates and the Pass-Through Certificates. That Report was drawn up by the firm PricewaterhouseCoopers Auditores, S.L. ("**PRICEWATERHOUSECOOPERS**"), entered in the Official Register of Auditors (ROAC) under number S0242 and having its registered office in Madrid, Paseo de la Castellana number 43.

That audit was made using sampling techniques consisting of analysing a number of loans fewer (sample) than the full selection of loans (population), allowing a conclusion to be arrived at regarding that population. The verification deals with a number of both quantitative and qualitative features regarding the sample mortgage loans and specifically regarding: purpose of the loan, identification of the borrower, date of origination, date of maturity, initial amount, current balance, reference rate, interest rate spread, arrears in payments, appraisal value, current loan-to-value ratio, address of the mortgaged property, mortgage security and damage insurance. Loans in respect of which errors are detected in verifying the sample shall not be included by BANKINTER among those backing the issue of the Mortgage Certificates and the Pass-Through Certificates.

This Offering Circular regarding the constitution of the Fund and issue of the Bonds has been entered by the CNMV in its Official Registers on February 10, 2005.

###### c) Execution of the Fund public deed of constitution.

Upon the CNMV verifying and registering this Offering Circular, the Management Company and BANKINTER, issuer of the Mortgage Certificates and the Pass-Through Certificates to be subscribed for by the Fund, shall proceed to execute on February 14, 2005 a public deed whereby BANKINTER 9 FONDO DE TITULIZACIÓN DE ACTIVOS will be constituted, BANKINTER will issue and the Fund will subscribe for Mortgage Certificates and Pass-Through Certificates, and the Fund will issue the Bonds (the “**Deed of Constitution**”), on the terms provided in article 6 of Royal Decree 926/1998. The Management Company undertakes that there will be no differences between the contents of the Deed of Constitution and the contents of this Offering Circular contradicting, changing, altering or invalidating the contents of this Offering Circular.

The Deed of Constitution shall be submitted to the CNMV to be entered in the public registers before the Bond Subscription Period begins.

**II.1.2 Information on prerequisites and resolutions for the Bonds to be listed on an organised secondary market.**

The Bonds issued by the Fund shall be exclusively represented by means of book entries and the Fund Deed of Constitution shall have the effects provided in article 6 of the Securities Market Act. The Management Company shall, for and on behalf of the Fund, forthwith upon the execution of the Deed of Constitution, apply for the issue to be included in Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A. (either “**Systems Company**” or “**Iberclear**”) or any other institution hereafter taking its stead, and, once the Bonds have been paid up, for this Bond issue to be included on AIAF Fixed-Income Market (“**AIAF**”), which is a recognised official secondary securities market pursuant to Transitional Provision six of Securities Market Act Reform Act 37/1998, November 16, in order for the Bonds to be traded, cleared and settled in accordance with the operating rules which may be established now or henceforth by Iberclear and AIAF, or any other replacement institution.

**II.2 Prior administrative authorisation of the Bond Issue.**

No prior administrative authorisation other than prior verification and registration of the Offering Circular by the CNMV is required.

**II.3 Assessment of the risk inherent in the Bonds.**

The Management Company has entrusted the assessment of the credit risk of the Bonds to Moody’s Investors Service España, S.A. and Fitch Ratings España, S.A., which rating agencies (jointly the “**Rating Agencies**”) are recognised by the CNMV, for the purposes of the provisions of article 5.8 of Act 19/1992.

Fitch Ratings España, S.A. is an affiliated Spanish company operating in accordance with the methodology, standards and quality control of Fitch Ratings Limited (each of them “**Fitch**” without distinction).

On February 8, 2005, Fitch Ratings España, S.A. assigned the following provisional ratings to each of the Bond Series, and expects to assign the same final ratings by the start of the Bond Subscription Period.

“P” Bond Issue	Fitch Ratings	“T” Bond Issue	Fitch Ratings
Series A1(P)	AAA	Series A1(T)	AAA
Series A2(P)	AAA	Series A2(T)	AAA
Series B(P)	A+	Series B(T)	A
Series C(P)	BBB	Series C(T)	BBB-

Moody’s Investors Service España, S.A. is an affiliated Spanish company operating in accordance with the methodology, standards and quality control of Moody’s Investors Service Limited (each of them “**Moody’s**” without distinction).

On February 8, 2005, Moody’s Investors Service España, S.A. assigned the following provisional ratings to each of the Bond Series, and expects to assign the same final ratings by the start of the Bond Subscription Period.

“P” Bond Issue	Moody’s Ratings	“T” Bond Issue	Moody’s Ratings
Series A1(P)	Aaa	Series A1(T)	Aaa
Series A2(P)	Aaa	Series A2(T)	Aaa
Series B(P)	A2	Series B(T)	A1
Series C(P)	Baa3	Series C(T)	Baa1

If the Rating Agencies should not confirm the assigned provisional ratings as final by the start of the Subscription Period, this circumstance would forthwith be notified to the CNMV and be publicised in the manner for which provision is made in section III.4.2.c). Furthermore, this circumstance would result in the Fund constitution, the issue of and subscription for the Mortgage Certificates and the Pass-Through Certificates and the Bond Issue being terminated.

Appendix IV to this Offering Circular contains a copy of the letters notifying the provisional ratings assigned by Moody's and Fitch.

**Rating considerations.**

The ratings assigned to each of the Bond Series by Fitch measure the Fund's capacity for timely payment of interest and payment of Bond principal throughout the life of the transaction and at all events before the Final Maturity Date, in accordance with the terms stipulated in the Offering Circular and in the Deed of Constitution.

The ratings assigned to each of the Bond Series by Moody's measure the expected loss before the Final Maturity Date. In Moody's opinion, the structure allows prompt payment of interest and payment of principal during the life of the transaction and, in any event, before the Final Maturity Date.

The rating takes into account the structure of the Bond Issue, the legal aspects thereof and of the issuing Fund, the characteristics of the mortgage loans selected to be assigned to the Fund by means of the issue of the Mortgage Certificates and the Pass-Through Certificates and the regularity and continuity of the operating flows.

The Rating Agencies' ratings are not an assessment of the likelihood of Obligors prepaying principal, nor indeed of the extent to which such prepayments differ from what was originally forecast. The ratings are not by any means a rating of the level of actuarial performance.

The ratings assigned, and any revision or suspension of the ratings:

- (i) are assigned by the Rating Agencies based on manifold information received with respect to which they give no assurance, nor even as to their accuracy or wholeness, wherefore the Rating Agencies may in no event be deemed to be responsible therefor; and
- (ii) are not and cannot therefore be howsoever construed as an invitation, recommendation or encouragement for investors to proceed to carry out any transaction whatsoever on the Bonds and, in particular, acquire, keep, charge or sell those Bonds.

The Rating Agencies may revise, suspend or withdraw the final ratings assigned at any time, based on any information that may come to their notice. Those events, which shall not constitute early liquidation events of the Fund, shall forthwith be notified to both the CNMV and the Bondholders, in accordance with the provisions of section III.4.2.

In carrying on the rating process, the Rating Agencies rely on the accuracy and wholeness of the information provided by BANKINTER, the Management Company, auditors, lawyers and other experts.

**Undertakings by the Management Company.**

The Management Company, on behalf of the Fund, agrees to report regularly to the Rating Agencies as to the status of the Fund and the performance of the Mortgage Loans in order that they can monitor the rating of the Bonds. It shall also report when reasonably required to do so and in any event whenever there is a change in the conditions of the Fund, in the agreements entered into by the Fund through its Management Company or in the parties concerned.

#### **II.4 Nature and denomination of the Bonds offered.**

The issue of asset-backed bonds (the “**Bond Issue**” and the “**Bonds**”) is for a face value of EUR one billion and thirty-five million (1,035,000,000.00) and consists of ten thousand three hundred and fifty (10,350) Bonds comprising two Bond Issues (“**P**” Bond Issue and “**T**” Bond Issue) pooled in eight Bond Series (Series A1(P), Series A2(P), Series B(P), Series C(P), Series A1(T), Series A2(T), Series B(T) and Series C(T)), as detailed in section II.6 below.

##### **II.4.1 Legal system of the Bonds, specifying the procedures guaranteeing the certainty and effectiveness of the rights of their first and subsequent holders.**

The constitution of and the Bond Issue by the Fund are carried out pursuant to Royal Decree 926/1998 and Act 19/1992 failing a provision in Royal Decree 926/1998 and to the extent applicable, and pursuant to Act 3/1994, as worded by article 18 of Act 44/2002.

The Bonds shall legally qualify as marketable fixed-income securities with an explicit yield and be subject to the system prescribed in the Securities Market Act and implementing regulations.

As provided in section II.5 of this Chapter, the Bonds shall be represented by means of book entries. The Bondholders will be identified as such when entered in the accounting record kept by Iberclear or any other replacement organisation, and the relevant member may issue certificates of title when so requested by the Bondholder and at the Bondholder’s expense; the provisions of Title I, Chapter I, section four of the Book Entries and Stock Exchange Transaction Clearing and Settlement Royal Decree 116/1992, February 14, (“**Royal Decree 116/1992**”) will apply in this connection.

The Bonds may be freely transferred by any means admissible at Law and in accordance with the rules of the market on which they are traded. A transfer in the accounts will convey the ownership of each Bond. The effects of entering the conveyance to the transferee in the accounting record shall be the same as handing over the certificates and the transfer shall thereupon be enforceable on third parties. In this sense, no claim may be lodged against a third party acquiring the Bonds represented by book entries for valuable consideration from whoever has capacity to transfer the same, according to the book entries, unless he acted in bad faith or with gross negligence at the time of the acquisition.

The Bondholders are bound in respect of interest payment and principal repayment of the Bonds in each Series by the “**P**” Priority of Payments and the “**T**” Priority of Payments and the “**P**” Liquidation Priority of Payments and the “**T**” Liquidation Priority of Payments.

##### **II.4.2 Servicing implications in each of the Bond Series of the compulsory connection between the schedule of principal and interest payments on those Bonds and the cash flows of the assets securitised through the Fund.**

In order to cover timing differences between the scheduled flows of repayment of principal and interest on the Mortgage Loans and on the Bonds in each Series, the Management Company, on behalf of the Fund, shall enter with BANKINTER into a Guaranteed Interest Rate Account (Treasury Account) Agreement whereby the amounts received by the Fund from the Mortgage Loans, as both repayment of principal and interest, as well as the amounts referred to in section V.3.1 of the Offering Circular, will be invested until the following Bond Payment Date, and two Guaranteed Interest Rate Account (“**P**” Amortisation Account and “**T**” Amortisation Account) Agreements, under which the amount of the “**P**” and “**T**” Available Funds for Amortisation shall be invested and accumulate from the first Payment Date until the Payment Date falling on July 17, 2006, exclusive. Furthermore, the Fund has other financial hedging transactions covering up to a limit the risk of shortfall of the Fund’s resources to service the Bonds and which have been deemed sufficient by the Rating Agencies to assign each Bond Series the rating referred to in section II.3 of this Offering Circular.

### **II.4.3 Other implications and risks that might, due to the legal and economic nature of the assets pooled in the Fund, affect servicing of the Bonds.**

#### **a) Risk of default on the Mortgage Loans.**

The holders of the Bonds issued by the Fund shall bear the risk of default on the Mortgage Loans pooled therein by means of the issue of the Mortgage Certificates and the Pass-Through Certificates.

BANKINTER shall have no liability whatsoever for the Obligors' default of principal, interest or any other amount they may owe under the Mortgage Loans. BANKINTER will have no liability whatsoever to directly or indirectly guarantee that the transaction will be properly performed nor give any guarantees or security, nor indeed agree to repurchase the Mortgage Certificates and the Pass-Through Certificates, other than where any of these or of the underlying Mortgage Loans fail to conform upon the Fund being constituted to the representations contained in section IV.1.1 of this Offering Circular.

The Bonds issued by the Fund neither represent nor constitute an obligation of BANKINTER or the Management Company. No other guarantees have been granted by any public or private organisation whatsoever, including BANKINTER, the Management Company and any of their affiliated or associated companies.

#### **b) Mortgage Loan prepayment risk.**

There will be an early amortisation of the Mortgage Certificates and the Pass-Through Certificates pooled in the Fund when the Mortgage Loan Obligors prepay the portion of principal pending repayment, on the terms set in each of the Mortgage Loan documents. Similarly, there will be a full amortisation of the Mortgage Certificates and the Pass-Through Certificates in the event that BANKINTER should be substituted in the relevant Mortgage Loans by any other financial institution licensed to do so, subject to Mortgage Loan Subrogation and Amendment Act 2/1994, March 30 ("**Act 2/1994**") or in any other event having the same effect.

That prepayment risk shall pass quarterly on each Payment Date to the Bondholders by the partial amortisation of the Bonds, in accordance with the provisions of section II.11.3. of this Offering Circular.

#### **c) Limited Hedging.**

An investment in the Bonds may be affected, among other circumstances, by a downturn in general economic conditions adversely affecting payments of the Mortgage Loans backing the Bond Issue of the Fund. A high level of delinquency of the Mortgage Certificates or the Pass-Through Certificates might reduce or indeed eliminate the limited hedging against Mortgage Certificate and Pass-Through Certificate portfolio losses that the Bonds in the "P" Bond Issue and "T" Bond Issue Series distinctly have as a result of the existence of the credit enhancement transactions described in section V.3 of this Offering Circular. Moreover, the degree of subordination in payment of interest and repayment of principal of the Series C(P) and Series C(T) Bonds respectively with respect to the Class A(P) and the Class A(T) Bonds and respectively with respect to the Series B(P) and the Series B(T) Bonds, and of the latter respectively with respect to the Class A(P) and the Class A(T) Bonds, derived from their position in the application of the Available Funds and from the rules for Distribution of Available Funds for Amortisation between each Series in the "P" Priority of Payments and the "T" Priority of Payments, is a mechanism for distinctly hedging the different Series.

Interest payment and principal repayment in each of the "P" or "T" Bond Issue Series shall be made exclusively using their respective "P" or "T" Available Funds and Liquidation Available Funds, and there shall be no transfer between the "P" Available Funds and the "T" Available Funds and between the "P" Liquidation Available Funds and the "T" Liquidation Available Funds to meet servicing of the "P" Bond Issue and of the "T" Bond Issue.

#### **d) Liquidity.**

There is no assurance that the Bonds will be traded on the market with a minimum frequency or volume.

There is no undertaking that any institution will be involved in secondary trading, giving the Bonds liquidity by offering consideration.

The Fund may in no event repurchase the Bonds from Bondholders. Nevertheless, the Bonds may be fully subject to early amortisation in the event of Early Liquidation of the Fund, on the terms established in section III.7.1 of this Offering Circular.

**e) Yield.**

Mortgage Loan repayment performance is influenced by a number of economic and social factors such as market interest rates, the Obligors' employment and economic status and the general level of economic activity, preventing their predictability.

Calculation of the internal rate of return, average life and duration of the Bonds contained in the Offering Circular is subject, inter alia, to assumed Mortgage Loan prepayment and delinquency rates that may not be fulfilled, and to future market interest rates, given the floating nature of the nominal interest rate of each Series.

**f) Late-payment interest.**

Late payment of interest or repayment of principal to the Bondholders shall under no circumstances result in late-payment interest accruing to their favour.

**II.5 Form of representation and name and place of business of the institution in charge of the accounting record.**

The Bonds issued by the Fund will be exclusively represented by means of book entries, and will become such Bonds when entered at Iberclear, the institution in charge of the accounting record. In this connection, and for the record, the Deed of Constitution shall have the effects prescribed by article 6 of the Securities Market Act.

Iberclear shall be the institution designated in the Deed of Constitution to account for the Bonds in order for the Bonds to be cleared and settled in accordance with the operating rules regarding securities listed on the AIAF, and represented by book entries, established now or henceforth by Iberclear or AIAF or any other replacement institution. Such designation shall be entered in the Official Registers of the CNMV.

Bondholders shall be identified as such when entered in the accounting record kept by the members of Iberclear or any other replacement institution.

Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A., has its place of business at Calle Pedro Teixeira, no. 8, Madrid.

**II.10 Interest rate clause.**

**II.10.1 Bond nominal interest rate.**

The Bonds in each Series shall accrue a yearly nominal interest, from the Closing Date until they mature fully, variable and payable quarterly, which shall be the result of applying the policies established hereinafter for each of the Series.

The resultant yearly nominal interest rate (the "**Nominal Interest Rate**") for each of the Series shall be payable by Interest Accrual Periods in arrears on each Payment Date on the Outstanding Principal Balance of the Bonds in each Series, provided that the Fund has sufficient liquidity in the "P" Priority of Payments and the "T" Priority of Payments or in the "P" Liquidation Priority of Payments and the "T" Liquidation Priority of Payments, as the case may be.

The withholdings, contributions and taxes established or to be established in the future on the principal, interest or return of the Bonds, shall be borne exclusively by the Bondholders, and their amount shall be deducted, as the case may be, by the Management Company, for and on behalf of the Fund, as provided by law.

**II.10.1.1 Interest Accrual.**

For interest accrual purposes, the duration of each Bond Series shall be divided into successive interest accrual periods ("**Interest Accrual Periods**") comprising the exact number of days elapsed between every two consecutive Payment Dates, each Interest Accrual Period including the beginning Payment Date but not including the ending Payment Date. Exceptionally, the duration of the first Interest Accrual Period shall be equivalent to the days elapsed between the Closing Date, inclusive, and the first Payment Date, to wit April 18, 2005, because neither April 16 nor April 17, 2005 are Business Days, exclusive.

The nominal interest rate shall accrue on the exact number of days in each Interest Accrual Period for which it was determined, calculated based upon a 360-day year.

### **II.10.1.2 Nominal Interest Rate.**

The Nominal Interest Rate applicable to each of the Series determined for each Interest Accrual Period shall be the result of adding:

- (i) the Reference Rate as established in the following paragraph, and
- (ii) a margin for each Series as follows:
  - **Series A1(P):** margin ranging between 0.05% and 0.15%, both inclusive.
  - **Series A2(P):** margin ranging between 0.08% and 0.22%, both inclusive.
  - **Series B(P):** margin ranging between 0.35% and 0.55%, both inclusive.
  - **Series C(P):** margin ranging between 0.70% and 1.20%, both inclusive.
  
  - **Series A1(T):** margin ranging between 0.05% and 0.15%, both inclusive.
  - **Series A2(T):** margin ranging between 0.08% and 0.22%, both inclusive.
  - **Series B(T):** margin ranging between 0.35% and 0.55%, both inclusive.
  - **Series C(T):** margin ranging between 0.70% and 1.20%, both inclusive.

The margin applicable to each of the Series, expressed as a percentage, shall be determined with one accord among the Lead Managers by 10am (CET time) on the day of the Subscription Period (February 15, 2005). Failing an agreement, the Management Company shall fix the specific margin for the Series in respect of which no margin was agreed, as follows:

- **Series A1(P):** 0.10% margin.
- **Series A2(P):** 0.15% margin.
- **Series B(P):** 0.45% margin.
- **Series C(P):** 0.95% margin.
  
- **Series A1(T):** 0.10% margin.
- **Series A2(T):** 0.15% margin.
- **Series B(T):** 0.45% margin.
- **Series C(T):** 0.95% margin.

The final margins applicable to each of the Series fixed shall be notified by the Management Company by the start of the Subscription Period to the Lead Managers and to the Underwriters and Placement Agents, to be reported to investors interested in subscribing for the Bonds. The Management Company will also notify this to the CNMV as information in addition to this Offering Circular. The final margin applicable to each of the Series shall be set down on the notarial certificate recording payment of the Bond Issue.

The resultant Nominal Interest Rate shall be expressed as a percentage rounded to the nearest thousandth of a percentage point or rounded up to the nearest point where the differences of rounding up or down to the nearest thousandths are identical.

### **II.10.1.3 Reference Rate and determining the same.**

The reference rate (the "**Reference Rate**") for determining the nominal interest rate applicable to each of the Bond Series is as follows:

- i) Other than for the first Interest Accrual Period, Euribor, "Euro Interbank Offered Rate", calculated and distributed by the BRIDGE financial information system under an FBE ("Federation Bancaire de l'Union Europeene") mandate, with a three- (3-) month maturity, fixed at 11am (CET time "Central European Time") on the Interest Rate Fixing Date described below, which is currently published on electronic pages EURIBOR01 supplied by Reuters, and 248 supplied by Dow Jones Markets (Bridge Telerate), or any other page taking their stead in providing these services.

Exceptionally, the Reference Rate for the first Interest Accrual Period shall be the result of a straight-line interpolation between the one- (1-) month Euribor rate and the three- (3-) month Euribor rate, fixed at 11am (CET time) on the second Business Day preceding the Closing Date, bearing in mind the number of

days in the first Interest Accrual Period. The Reference Rate for the first Interest Accrual Period shall be calculated in accordance with the following formula:

$$IR = [(D-30)/60] \times E3 + [1 - ((D-30)/60)] \times E1$$

Where:

- IR = Reference Rate for the first Interest Accrual Period.
- D = Number of days in the first Interest Accrual Period.
- E1 = One- (1-) month Euribor rate.
- E3 = Three- (3-) month Euribor rate.

The Euribor rate is currently the term interbank deposit offered rate in euros calculated as the daily average of the quotations supplied for fifteen maturity periods by a panel consisting of 57 Banks, from among the most active banks in the Euro zone. The rate is quoted based on a count of the actual days to maturity and a 360-day year, and is fixed at 11am (CET time), accurate to three decimal places.

The Euribor rate definitions approved by the FBE and the Financial Markets Association (ACI) supplementing the current Euribor rate definition shall be considered introduced for the purpose of the Euribor Reference Rate without having to amend the present terms of the Reference Rate or have the Management Company notify the Bondholders.

- ii) In the event that the Euribor rate established in paragraph (i) above should not be available or be impossible to obtain, the substitute Reference Rate shall be the interest rate resulting from finding the simple arithmetic mean of the interbank offered interest rates for non-transferable deposit transactions in euros with a three- (3-) month maturity in an amount equivalent to the Outstanding Principal Balance of the Bond Issue, declared by four (4) prime banks in the Euro zone, following a simultaneous request to the headquarters of each of them made by the Paying Agent after and around 11am (CET time) on the Interest Rate Fixing Date.

Exceptionally, the substitute Reference Rate for the first Interest Accrual Period shall be the rate resulting from the straight-line interpolation between the interest rate resulting from finding the simple arithmetic mean of the interbank offered interest rates for non-transferable deposit transactions in euros with a one- (1-) month maturity and the interest rate resulting from finding the simple arithmetic mean of the interbank offered interest rates for non-transferable deposit transactions in euros with a three- (3-) month maturity, both in an amount equivalent to the face amount of the Bond Issue, declared by the banks in accordance with the provisions of paragraph one above, following a simultaneous request to the headquarters of each of them made by the Paying Agent after and around 11am (CET time) on the second Business Day preceding the Closing Date.

The substitute Reference Rate shall be expressed as a percentage rounded to the nearest thousandth of a percentage point or rounded up to the nearest point where the differences of rounding up or down to the nearest thousandths are identical.

In the event that it should be impossible to apply the above substitute Reference Rate, due to the failure by any or several of the banks to provide written quotations as provided for in paragraph one of this section, the interest rate resulting from applying the simple arithmetic mean of the interest rates declared by at least two of the other banks shall be applicable.

- iii) If the rates established in paragraphs i) and ii) above should not be available or be impossible to obtain, the last Reference Rate or substitute Reference Rate applied to the last Interest Accrual Period shall apply, and so on for successive Interest Accrual Periods whilst matters remain the same.

On each of the Interest Rate Fixing Dates, the Paying Agent shall notify the Management Company of the Reference Rate determined in accordance with paragraphs i) and ii) above.

#### **II.10.1.4 Interest Rate Fixing Date.**

The Nominal Interest Rate applicable to each of the Bond Series for every Interest Accrual Period shall be determined by the Management Company, for and on behalf of the Fund, as provided in sections II.10.1.2 and II.10.1.3 above, on the second Business Day before each Payment Date (the “**Interest Rate Fixing Date**”) and will apply for the following Interest Accrual Period.

Exceptionally, the Management Company shall determine the Nominal Interest Rate of the Bonds in each of the Series for the first Interest Accrual Period as provided in sections II.10.1.2 and II.10.1.3 above, on the second Business Day preceding the Closing Date, and shall notify the same in writing by the start of the Subscription Period to the Lead Managers and to the Underwriters and Placement Agents in order to be reported to investors interested in subscribing for the Bonds. The Management Company will also notify this to the CNMV, the Paying Agent, the AIAF and Iberclear.

The Nominal Interest Rates determined for each of the Bond Series for successive Interest Accrual Periods shall be communicated to the Bondholders within the time period and in the manner for which provision is made in sections III.4.2.a) and c).

#### II.10.1.5 Formula for calculating the interest.

Interest settlement for the Bonds in each of the Series, payable on each Payment Date for each Interest Accrual Period, shall be calculated in accordance with the following formula:

$$I = P \times \frac{R}{100} \times \frac{d}{360}$$

Where:

*I* = Interest payable on a given Payment Date.

*P* = Outstanding Principal Balance of the Bonds in the Series at the beginning of the Interest Accrual Period for that Payment Date.

*R* = Nominal interest rate of the Series expressed as a yearly percentage.

*d* = Number of days actually corresponding to each Interest Accrual Period.

##### a) Example for fixing the Nominal Interest Rate.

As established in this section and for a better understanding by the subscriber of the system for fixing the Nominal Interest Rate and the amount of the interest to be received for each Bond in each Series on the first Payment Date, the manner of calculating the same for the following event is shown below:

(Amounts in EUR)	Series A1(P) Bonds	Series A2(P) Bonds	Series B(P) Bonds	Series C(P) Bonds

**b) Informative table on the evolution of the reference rate to be used.**

For merely illustrative purposes, below are details of the three- (3-) month Euribor rates published on certain dates over the last two years, which, other than the first date, would match the Interest Rate Fixing Dates on the EURIBOR01 electronic page supplied by Reuters, and the Nominal Interest Rate that would have resulted if applied to each of the Bond Series, in the event that the applicable margins should be the average margins in the range established for each Series, in accordance with section II.10.1.2 (0.100% for Series A1(P), 0.150% for Series A2(P), 0.450% for Series B(P), 0.950% for Series C(P), 0.100% for Series A1(T), 0.150% for Series A2(T), 0.450% for Series B(T), and 0.950% for Series C(T)):

## **II.10.2 Dates, place, institutions and procedure for paying interest.**

Interest on the Bonds in each of the Series will be paid until they are finally amortised by Interest Accrual Periods in arrears on January 16, April 16, July 16 and October 16, or the following Business Day if any of those is not a Business Day (each of those dates, a “**Payment Date**”), on the terms established in section II.10.1. of this Offering Circular.

In the event that any of January 16, April 16, July 16 and October 16 should not be a Business Day, the Payment Date shall be the following Business Day, and interest for the then-current Interest Accrual Period will accrue until said first Business Day, not inclusive.

The first interest Payment Date for the Bonds in each of the Series shall be April 18, 2005, because neither April 16 nor April 17, 2005 are Business Days, and interest will accrue at the applicable Nominal Interest Rate between the Closing Date, inclusive, and April 18, 2005, exclusive.

For the purposes of the Bond Issue, business days (“**Business Days**”) shall be deemed to be all days other than a:

- Saturday,
- Sunday,
- public holiday in the capital city of Madrid, or
- non-business day in the TARGET calendar (Trans European Automated Real-Time Gross Settlement Express Transfer System).

Both interest resulting for the Bondholders in each of the Series and the amount, if any, of interest accrued and not paid, shall be notified to the Bondholders as described in section III.4.2 of this Offering Circular, at least one (1) calendar day in advance of each Payment Date.

Interest accrued on the Bonds in each of the Series shall be paid on each Payment Date provided that the Fund has sufficient liquidity to do so in the “P” Priority of Payments or the “T” Priority of Payments, as the case may be.

In the event that on a Payment Date the Fund should be unable to make full or partial payment of the interest accrued by the Bonds in any of the Series, in the “P” Priority of Payments or the “T” Priority of Payments, as the case may be, the amounts that the Bondholders should not have received shall be accumulated on the following Payment Date to the interest on the Series proper that, as the case may be, should be paid on that same Payment Date, and will be paid in “P” Priority of Payments or the “T” Priority of Payments, as the case may be, and applied by order of maturity if it should be impossible once again not to pay the same fully due to a shortage of Available Funds.

Deferred interest amounts shall accrue for the holders an interest equivalent to that applied to the Bonds in their respective Series during the Interest Accrual Period(s) until the Payment Date on which they are paid, without late-payment interest and without this entailing a capitalisation of the debt.

Furthermore, interest accrued on the Bonds in each of the Series shall be paid on the Final Maturity Date or on the date of Early Liquidation of the Fund provided that the Fund has sufficient liquidity to do so in the “P” Priority of Payments or the “T” Priority of Payments, as the case may be.

The Fund, through its Management Company, may not defer Bond interest payment beyond the Final Maturity Date, July 16, 2042, or the following Business Day if that is not a Business Day.

The Bond Issue shall be serviced through the Paying Agent, to which end the Management Company shall, for and on behalf of the Fund, enter into a Paying Agent Agreement with BANKINTER.

Payment of interest accrued by the Series C(P) Bonds is fifth (5<sup>th</sup>) in the application of “P” Available Funds in the “P” Priority of Payments established in said section V.4.2.1.1 of this Offering Circular, other than in the event provided for in that same section for the same to be deferred, in which case it shall be eighth (8<sup>th</sup>), and eighth (8<sup>th</sup>) in the application of “P” Liquidation Available Funds in the “P” Liquidation Priority of Payments established in section V.4.3.1.

### **II.10.3.2 “T” Bond Issue.**

Payment of interest accrued by the Series A1(T) and A2(T) Bonds is third (3<sup>rd</sup>) in the application of “T” Available Funds in the “T” Priority of Payments established in section V.4.2.2.1 of this Offering Circular and fourth (4<sup>th</sup>) in the application of “T” Liquidation Available Funds in the “T” Liquidation Priority of Payments established in section V.4.3.2.

## **II.11 Amortisation of the Bonds.**

### **II.11.1 Bond redemption price.**

The redemption price of the Bonds in each of the Series shall be EUR one hundred thousand (100,000) per Bond, equivalent to 100 percent of their face value, payable as established in section II.11.2 of this Chapter.

Each and every one of the Bonds in a same Series shall be amortised in an equal amount by reducing the face amount of each of the Bonds.

### **II.11.2 Specific characteristics of the amortisation of each of the Bond Series.**

#### **II.11.2.1 Amortisation of Series A1(P) Bonds.**

Amortisation of Series A1(P) Bond principal shall consist of a single payment for the aggregate face value of the Bonds on July 17, 2006, because July 16, 2006 is not a Business Day (“**Series A1(P) Maturity Date**”), using the “P” Available Funds for Amortisation on that Payment Date.

However, in the event of the “P” Available Funds for Amortisation on the Series A1(P) Maturity Date not being sufficient to amortise the aggregate face value of the Series A1(P) Bonds, the Series A1(P) Bonds shall be

amortised on the Series A1(P) Maturity Date and on the subsequent Payment Dates by partial amortisation until their total face amount has been fully amortised, in an amount equal to the “P” Available Funds for Amortisation applied on each Payment Date to amortising Series A1(P), in accordance with the rules for Distribution of “P” Available Funds for Amortisation between each Series, pro rated between the Bonds in Series A1(P) proper by reducing the face amount of each Series A1(P) Bond.

The final amortisation of the Series A1(P) Bonds shall occur on the Final Maturity Date (July 16, 2042 or the following Business Day if that is not a Business Day), notwithstanding the amortisation for which provision is made on the Series A1(P) Maturity Date or, as the case may be, on subsequent Payment Dates, and the fact that the Management Company may, for and on behalf of the Fund, proceed to the Early Amortisation of the Bond Issue before the Final Maturity Date.

#### **II.11.2.2 Amortisation of Series A2(P) Bonds.**

Series A2(P) Bond principal shall be amortised by partial amortisation on each of the Payment Dates after their amortisation begins until their total face amount has been fully amortised, in an amount equal to the “P” Available Funds for Amortisation applied on each Payment Date to amortising Series A2(P), in accordance with the rules for Distribution of “P” Available Funds for Amortisation between each Series, pro rated between the Bonds in Series A2(P) proper by reducing the face amount of each Series A2(P) Bond.

The first partial amortisation of the Series A2(P) Bonds shall take place on the Payment Date on which the Series A1(P) Bonds are fully amortised, unless the circumstances for Pro Rata Amortisation of Class A(P) occur, in which case the first amortisation of Series A2(P) Bonds shall occur before that date and pro rata to the Series A1(P) Bonds, in accordance with the rules for Distribution of “P” Available Funds for Amortisation between each Series.

The final amortisation of the Series A2(P) Bonds shall occur on the Final Maturity Date (July 16, 2042 or the following Business Day if that is not a Business Day), notwithstanding the partial amortisations for which provision is made and the fact that the Management Company may, for and on behalf of the Fund, proceed to the Early Amortisation of the Bond Issue before the Final Maturity Date.

#### **II.11.2.3 Amortisation of Series B(P) Bonds.**

Series B(P) Bond principal shall be amortised by partial amortisation on each of the Payment Dates after their amortisation begins until their total face amount has been fully amortised, in an amount equal to the “P” Available Funds for Amortisation applied on each Payment Date to amortising Series B(P), in accordance with the rules for Distribution of “P” Available Funds for Amortisation between each Series, pro rated between the Bonds in Series B(P) proper by reducing the face amount of each Series B(P) Bond.

If the requirements of section II.11.3.1.4 below, under paragraph 4 relating to “Conditions for “P” Pro Rata Amortisation”, are all satisfied, the first partial amortisation of Series B(P) Bonds shall occur on the Payment Date immediately after the Payment Date on which the Outstanding Principal Balance of Series B(P) and of Series C(P) is respectively equal to or greater than 4.107% and 1.906% of the Outstanding Principal Balance of the “P” Bond Issue. After that Payment Date, the “P” Available Funds for Amortisation shall also be applied to the amortisation of Series B(P), in accordance with the rules for Distribution of “P” Available Funds for Amortisation between each Series, such that the ratio of the Outstanding Principal Balance of Series B(P) to the Outstanding Principal Balance of the “P” Bond Issue is kept at 4.107%, or a higher percentage closest thereto. The partial amortisation of Series B(P) Bonds may however be stopped in certain circumstances for which provision is made in the rules for Distribution of “P” Available Funds for Amortisation between each Series.

The final amortisation of the Series B(P) Bonds shall occur on the Final Maturity Date (July 16, 2042 or the following Business Day if that is not a Business Day), notwithstanding the partial amortisations for which provision is made and the fact that the Management Company may, for and on behalf of the Fund, proceed to the Early Amortisation of the Bond Issue before the Final Maturity Date.

#### **II.11.2.4 Amortisation of Series C(P) Bonds.**

Series C(P) Bond principal shall be amortised by partial amortisation on each of the Payment Dates after their amortisation begins until their total face amount has been fully amortised, in an amount equal to the "P" Available Funds for Amortisation applied on each Payment Date to amortising Series C(P), in accordance with the rules for Distribution of "P" Available Funds for Amortisation between each Series, pro rated between the Bonds in Series C(P) proper by reducing the face amount of each Series C(P) Bond.

If the requirements of section II.11.3.1.4 below, under paragraph 4 relating to "Conditions for "P" Pro Rata Amortisation", are all satisfied, the first partial amortisation of Series C(P) Bonds shall occur on the Payment Date immediately after the Payment Date on which the Outstanding Principal Balance of Series B(P) and of Series C(P) is respectively equal to or greater than 4.107% and 1.906% of the Outstanding Principal Balance of the "P" Bond Issue. After that Payment Date, the "P" Available Funds for Amortisation shall also be applied to the amortisation of Series C(P), in accordance with the rules for Distribution of "P" Available Funds for Amortisation between each Series, such that the ratio of the Outstanding Principal Balance of Series C(P) to the Outstanding Principal Balance of the "P" Bond Issue is kept at 1.906%, or a higher percentage closest thereto. The partial amortisation of Series C(P) Bonds may however be stopped in certain circumstances for which provision is made in the rules for Distribution of "P" Available Funds for Amortisation between each Series.

The final amortisation of the Series C(P) Bonds shall occur on the Final Maturity Date (July 16, 2042 or the following Business Day if that is not a Business Day), notwithstanding the partial amortisations for which provision is made and the fact that the Management Company may, for and on behalf of the Fund, proceed to the Early Amortisation of the Bond Issue before the Final Maturity Date.

#### **II.11.2.5 Amortisation of Series A1(T) Bonds.**

Amortisation of Series A1(T) Bond principal shall consist of a single payment for the aggregate face value of the Bonds on July 17, 2006, because July 16, 2006 is not a Business Day ("**Series A1(T) Maturity Date**"), using the "T" Available Funds for Amortisation on that Payment Date.

However, in the event of the "T" Available Funds for Amortisation on the Series A1(T) Maturity Date not being sufficient to amortise the aggregate face value of the Series A1(T) Bonds, the Series A1(T) Bonds shall be amortised on the Series A1(T) Maturity Date and on the subsequent Payment Dates by partial amortisation until their total face amount has been fully amortised, in an amount equal to the "T" Available Funds for Amortisation applied on each Payment Date to amortising Series A1(T), in accordance with the rules for Distribution of "T" Available Funds for Amortisation between each Series, pro rated between the Bonds in Series A1(T) proper by reducing the face value of each Series A1(T) Bond.

The final amortisation of the Series A1(T) Bonds shall occur on the Final Maturity Date (July 16, 2042 or the following Business Day if that is not a Business Day), notwithstanding the amortisation for which provision is made on the Series A1(T) Maturity Date or, as the case may be, on subsequent Payment Dates, and the fact that the Management Company may, for and on behalf of the Fund, proceed to the Early Amortisation of the Bond Issue before the Final Maturity Date.

#### **II.11.2.6 Amortisation of Series A2(T) Bonds.**

Series A2(T) Bond principal shall be amortised by partial amortisation on each of the Payment Dates after their amortisation begins until their total face amount has been fully amortised, in an amount equal to the "T" Available Funds for Amortisation applied on each Payment Date to amortising Series A2(T), in accordance with the rules for Distribution of "T" Available Funds for Amortisation between each Series, pro rated between the Bonds in Series A2(T) proper by reducing the face amount of each Series A2(T) Bond.

The first partial amortisation of the Series A2(T) Bonds shall take place on the Payment Date on which the Series A1(T) Bonds are fully amortised, unless the circumstances for Pro Rata Amortisation of Class A(T) occur, in which case the first amortisation of Series A2(T) Bonds shall occur before that date and pro rata to the Series A1(T) Bonds, in accordance with the rules for Distribution of "T" Available Funds for Amortisation between each Series.

The final amortisation of the Series A2(T) Bonds shall occur on the Final Maturity Date (July 16, 2042 or the following Business Day if that is not a Business Day), notwithstanding the partial amortisations for which provision is made and the fact that the Management Company may, for and on behalf of the Fund, proceed to the Early Amortisation of the Bond Issue before the Final Maturity Date.

#### **II.11.2.7 Amortisation of Series B(T) Bonds.**

Series B(T) Bond principal shall be amortised by partial amortisation on each of the Payment Dates after their amortisation begins until their total face amount has been fully amortised, in an amount equal to the "T" Available Funds for Amortisation applied on each Payment Date to amortising Series B(T), in accordance with the rules for Distribution of "T" Available Funds for Amortisation between each Series, pro rated between the Bonds in Series B(T) proper by reducing the face amount of each Series B(T) Bond.

If the requirements of section II.11.3.1.5 below, under paragraph 4 relating to "Conditions for "T" Pro Rata Amortisation", are all satisfied, the first partial amortisation of Series B(T) Bonds shall occur on the Payment Date immediately after the Payment Date on which the Outstanding Principal Balance of Series B(T) and of Series C(T) is respectively equal to or greater than 11.862% and 4.828% of the Outstanding Principal Balance of the "T" Bond Issue. After that Payment Date, the "T" Available Funds for Amortisation shall also be applied to the amortisation of Series B(T), in accordance with the rules for Distribution of "T" Available Funds for Amortisation between each Series, such that the ratio of the Outstanding Principal Balance of Series B(T) to the Outstanding Principal Balance of the "T" Bond Issue is kept at 11.862%, or a higher percentage closest thereto. The partial amortisation of Series B(T) Bonds may however be stopped in certain circumstances for which provision is made in the rules for Distribution of "T" Available Funds for Amortisation between each Series.

The final amortisation of the Series B(T) Bonds shall occur on the Final Maturity Date (July 16, 2042 or the following Business Day if that is not a Business Day), notwithstanding the partial amortisations for which provision is made and the fact that the Management Company may, for and on behalf of the Fund, proceed to the Early Amortisation of the Bond Issue before the Final Maturity Date.

#### **II.11.2.8 Amortisation of Series C(T) Bonds.**

Series C(T) Bond principal shall be amortised by partial amortisation on each of the Payment Dates after their amortisation begins until their total face amount has been fully amortised, in an amount equal to the "T" Available Funds for Amortisation applied on each Payment Date to amortising Series C(T), in accordance with the rules for Distribution of "T" Available Funds for Amortisation between each Series, pro rated between the Bonds in Series C(T) proper by reducing the face amount of each Series C(T) Bond.

If the requirements of section II.11.3.1.5 below, under paragraph 4 relating to "Conditions for "T" Pro Rata Amortisation", are all satisfied, the first partial amortisation of Series C(T) Bonds shall occur on the Payment Date immediately after the Payment Date on which the Outstanding Principal Balance of Series B(T) and of Series C(T) is respectively equal to or greater than 11.862% and 4.828% of the Outstanding Principal Balance of the "T" Bond Issue. After that Payment Date, the "T" Available Funds for Amortisation shall also be applied to the amortisation of Series C(T), in accordance with the rules for Distribution of "T" Available Funds for Amortisation between each Series, such that the ratio of the Outstanding Principal Balance of Series C(T) to the Outstanding Principal Balance of the "T" Bond Issue is kept at 4.828%, or a higher percentage closest thereto. The partial amortisation of Series C(T) Bonds may however be stopped in certain circumstances for which provision is made in the rules for Distribution of "T" Available Funds for Amortisation between each Series.

The final amortisation of the Series C(T) Bonds shall occur on the Final Maturity Date (July 16, 2042 or the following Business Day if that is not a Business Day), notwithstanding the partial amortisations for which provision is made and the fact that the Management Company may, for and on behalf of the Fund, proceed to the Early Amortisation of the Bond Issue before the Final Maturity Date.

### **II.11.3 Common characteristics applicable for amortising the Bonds in each of the Bond Series.**

#### **II.11.3.1 Partial amortisation.**

Irrespective of the Final Maturity Date and without prejudice to the Early Amortisation of the Bond Issue in the event of Early Liquidation of the Fund, the Fund shall, through its Management Company, proceed to make partial amortisations of the Bonds in each Series on the Payment Dates in accordance with the specific amortisation terms for each of the Series as established in section II.11.2 and on the terms described hereinafter in this section common to the eight Bond Series.

##### **II.11.3.1.1 Determination Dates.**

These will be the dates falling on the third Business Day preceding each of the Payment Dates on which the Management Company on behalf of the Fund will make all necessary calculations to distribute or withhold the "P" and "T" Available Funds and the "P" and "T" Available Funds for Amortisation which the Fund shall dispose of on the relevant Payment Date, respectively in the "P" and "T" Priority of Payments.

##### **II.11.3.1.2 Outstanding Principal Balance of the Bonds.**

The Outstanding Principal Balance of a Series shall be the sum of the principal pending repayment (outstanding balance) on a given date of all the Bonds in that Series.

By addition, the Outstanding Principal Balance of the "P" Bond Issue or the "T" Bond Issue shall respectively be the sum of the Outstanding Principal Balance of the four "P" or "T" Series making up the "P" Bond Issue or the "T" Bond Issue.

##### **II.11.3.1.3 Outstanding Balance of the Mortgage Certificates and of the Pass-Through Certificates.**

The Outstanding Balance of the Mortgage Certificates and of the Pass-Through Certificates on a given date shall respectively be the sum of the capital or principal not yet due and the capital or principal due and not paid into the Fund respectively on each and every one of the Mortgage Certificates and each and every one of the Pass-Through Certificates on that date.

Moreover, this definition can also be applied to a Mortgage Certificate or a Pass-Through Certificate, the Outstanding Balance being the sum of the capital or principal not yet due and the capital or principal due and not paid into the Fund on the specific Mortgage Certificate or Pass-Through Certificate on a given date.

Delinquent Mortgage Certificates shall be deemed to be Mortgage Certificates that are delinquent on a given date with an arrears in excess of three (3) months in payment of overdue amounts, excluding Doubtful Mortgage Certificates.

Doubtful Mortgage Certificates shall be deemed to be Mortgage Certificates that are delinquent on a given date with a period of arrears equal to or greater than eighteen (18) months in payment of overdue amounts or classified as bad debts by the Management Company because there are reasonable doubts as to their full repayment. Non-Doubtful Mortgage Certificates shall be deemed to be Mortgage Certificates that are not deemed to be Doubtful Mortgage Certificates on a given date.

Delinquent Pass-Through Certificates shall be deemed to be Pass-Through Certificates that are delinquent on a given date with an arrears in excess of three (3) months in payment of overdue amounts, excluding Doubtful Pass-Through Certificates.

Doubtful Pass-Through Certificates shall be deemed to be Pass-Through Certificates that are delinquent on a given date with a period of arrears equal to or greater than eighteen (18) months in payment of overdue amounts or classified as bad debts by the Management Company because there are reasonable doubts as to their full repayment. Non-Doubtful Pass-Through Certificates shall be deemed to be Pass-Through Certificates that are not deemed to be Doubtful Pass-Through Certificates on a given date.

#### **II.11.3.1.4 Withholding for Amortisation of “P” Bond Issue principal and “P” Amortisation Deficiency.**

On each Payment Date, the “P” Available Funds shall be applied in 6<sup>th</sup> place in the “P” Priority of Payments to withholding the amount designed to amortising “P” Bond Issue principal (“**P” Amortisation Withholding**”) in an amount equal to the positive difference, if any, between (i) the Outstanding Principal Balance of the “P” Bond Issue minus, until the Payment Date falling on July 17, 2006 because July 16, 2006 is not a Business Day, the “P” Amortisation Account balance, both as of the Determination Date preceding the relevant Payment Date, and (ii) the Outstanding Balance of Non-Doubtful Mortgage Certificates on the relevant Payment Date.

Depending on the liquidity existing on each Payment Date, the amount actually applied to the “P” Amortisation Withholding shall be added to the “P” Available Funds for Amortisation which shall be applied in accordance with the rules for Distribution of “P” Available Funds for Amortisation between each Series.

The “P” amortisation deficiency (the “**P” Amortisation Deficiency**”) on a Payment Date shall be the positive difference, if any, between (i) the “P” Amortisation Withholding amount, and (ii) the amount of the “P” Available Funds actually applied to the “P” Amortisation Withholding.

#### **“P” Available Funds for Amortisation on each Payment Date**

The “P” Available Funds for Amortisation on each Payment Date (the “**P” Available Funds for Amortisation**”) shall be the following:

- a) The “P” Amortisation Withholding amount applied in 6<sup>th</sup> place of the “P” Available Funds on the relevant Payment Date.
- b) Exclusively on the Payment Date falling on July 17, 2006, because July 16, 2006 is not a Business Day, the “P” Amortisation Account balance on the preceding Determination Date.

#### **Distribution of “P” Available Funds for Amortisation between each Series.**

The “P” Available Funds for Amortisation shall be applied on each Payment Date to amortising each of the “P” Bond Issue Series in accordance with the following rules (“**Distribution of “P” Available Funds for Amortisation between each Series**”):

1. Until the Payment Date falling on July 17, 2006, because July 16, 2006 is not a Business Day, exclusive, the “P” Available Funds for Amortisation shall be credited to the “P” Amortisation Account.
2. From the Payment Date falling on July 17, 2006, because July 16, 2006 is not a Business Day, inclusive, the “P” Available Funds for Amortisation shall be sequentially applied firstly to amortising Class A(P) until fully amortised, secondly to amortising Series B(P) until fully amortised and thirdly to amortising Series C(P) until fully amortised, notwithstanding the provisions of rules 4 and 5 below for pro rata amortisation of the different “P” Bond Issue Series.
3. The “P” Available Funds for Amortisation applied to amortising Class A(P), both under rule 2 above and under rules 4 and 5 below, shall be applied as follows:
  - 3.1. Ordinary application in the following order:
    1. Repayment of Series A1(P) Bond principal.
    2. Repayment of Series A2(P) Bond principal once the Series A1(P) Bonds have been fully amortised.
  - 3.2. Exceptional pro rata application of Class A(P) (“**Pro Rata Amortisation of Class A(P)**”): The application priority of paragraph 3.1 above shall be stopped if on the Determination Date immediately preceding the relevant Payment Date the amount of the Outstanding Balance of Delinquent Mortgage Certificates is in excess of 2.00% of the Outstanding Balance of Non-Doubtful Mortgage Certificates.

In that event, on the relevant Payment Date, the “P” Available Funds for Amortisation applied to amortising Class A(P) shall be applied to amortising Series A1(P) and to amortising Series A2(P), and shall be prorated among the same directly in proportion to (i) the Outstanding Principal Balance of Series A1(P) and (ii) the Outstanding Principal Balance of Series A2(P) on the Determination Date preceding the relevant Payment Date.

4. However, even if Class A(P) has not been fully amortised, the “P” Available Funds for Amortisation shall also be applied to amortising Series B(P) and/or Series C(P) on the Payment Date on which the following circumstances are satisfied (“**Conditions for “P” Pro Rata Amortisation**”):
- a) In order to amortise Series B(P), that on the Determination Date preceding the relevant Payment Date:
    - i) the Outstanding Principal Balance of Series B(P) is equal to or greater than 4.107% of the Outstanding Principal Balance of the “P” Bond Issue; and
    - ii) the Outstanding Balance of Delinquent Mortgage Certificates does not exceed 1.50% of the Outstanding Balance of Non-Doubtful Mortgage Certificates.
  - b) In order to amortise Series C(P), that on the Determination Date preceding the relevant Payment Date:

    - ii) that on the Determination Date preceding the relevant Payment Date, the amount of the Outstanding Balance of Mortgage Certificates is equal to or greater than 10 percent of the face amount of the “P” Bond Issue.
5. In the event that the amortisation of Series B(P) and/or Series C(P) should apply on a Payment Date as provided for in rule 4 above, the “P” Available Funds for Amortisation shall also be applied to amortising Series B(P) and/or Series C(P) in such a way that the ratio of the Outstanding Principal Balance of Series B(P) or of Series C(P) to the Outstanding Principal Balance of the “P” Bond Issue is respectively kept at 4.107% or 1.906%, or higher percentages closest thereto.

#### **II.11.3.1.5 Withholding for Amortisation of “T” Bond Issue principal and “T” Amortisation Deficiency.**

On each Payment Date, the “T” Available Funds shall be applied in 6<sup>th</sup> place in the “T” Priority of Payments to withholding the amount designed to amortising “T” Bond Issue principal (“**“T” Amortisation Withholding**”) in an amount equal to the positive difference, if any, between (i) the Outstanding Principal Balance of the “T” Bond Issue minus, until the Payment Date falling on July 17, 2006 because July 16, 2006 is not a Business Day, the “T” Amortisation Account balance, both as of the Determination Date preceding the relevant Payment Date, and (ii) the Outstanding Balance of Non-Doubtful Pass-Through Certificates on the relevant Payment Date.

Depending on the liquidity existing on each Payment Date, the amount actually applied to the “T” Amortisation Withholding shall be added to the “T” Available Funds for Amortisation which shall be applied in accordance with the rules for Distribution of “T” Available Funds for Amortisation between each Series.

The “T” amortisation deficiency (the “**“T” Amortisation Deficiency**”) on a Payment Date shall be the positive difference, if any, between (i) the “T” Amortisation Withholding amount, and (ii) the amount of the “T” Available Funds actually applied to the “T” Amortisation Withholding.

#### **“T” Available Funds for Amortisation on each Payment Date**

The “T” Available Funds for Amortisation on each Payment Date (the “**“T” Available Funds for Amortisation**”) shall be the following:

- a) The “T” Amortisation Withholding amount applied in 6<sup>th</sup> place of the “T” Available Funds on the relevant Payment Date.
- b) Exclusively on the Payment Date falling on July 17, 2006, because July 16, 2006 is not a Business Day, the “T” Amortisation Account balance on the preceding Determination Date.

### **Distribution of “T” Available Funds for Amortisation between each Series.**

The “T” Available Funds for Amortisation shall be applied on each Payment Date to amortising each of the “T” Bond Issue Series in accordance with the following rules (“**Distribution of “T” Available Funds for Amortisation between each Series**”):

1. Until the Payment Date falling on July 17, 2006, because July 16, 2006 is not a Business Day, exclusive, the “T” Available Funds for Amortisation shall be credited to the “T” Amortisation Account.
2. From the Payment Date falling on July 17, 2006, because July 16, 2006 is not a Business Day, inclusive, the “T” Available Funds for Amortisation shall be sequentially applied firstly to amortising Class A(T) until fully amortised, secondly to amortising Series B(T) until fully amortised and thirdly to amortising Series C(T) until fully amortised, notwithstanding the provisions of rules 4 and 5 below for pro rata amortisation of the different “T” Bond Issue Series.
3. The “T” Available Funds for Amortisation applied to amortising Class A(T), both under rule 2 above and under rules 4 and 5 below, shall be applied as follows:

3.1 Ordinary application in the following order:

1. Repayment of Series A1(T) Bond principal.
2. Repayment of Series A2(T) Bond principal once the Series A1(T) Bonds have been fully amortised.

3.2 Exceptional pro rata application of Class A(T) (“**Pro Rata Amortisation of Class A(T)**”): The application priority of paragraph 3.1 above shall be stopped if on the Determination Date immediately preceding the relevant Payment Date the amount of the Outstanding Balance of Delinquent Pass-Through Certificates is in excess of 2.00% of the Outstanding Balance of Non-Doubtful Pass-Through Certificates.

In that event, on the relevant Payment Date, the “T” Available Funds for Amortisation applied to amortising Class A(T) shall be applied to amortising Series A1(T) and to amortising Series A2(T), and shall be prorated among the same directly in proportion to (i) the Outstanding Principal Balance of Series A1(T) and (ii) the Outstanding Principal Balance of Series A2(T) on the Determination Date preceding the relevant Payment Date.

  - a) In order to amortise Series B(T), that on the Determination Date preceding the relevant Payment Date:
    - i) the Outstanding Principal Balance of Series B(T) is equal to or greater than 11.862% of the Outstanding Principal Balance of the “T” Bond Issue; and
    - ii) the Outstanding Balance of Delinquent Pass-Through Certificates does not exceed 1.50% of the Outstanding Balance of Non-Doubtful Pass-Through Certificates.
  - b) In order to amortise Series C(T), that on the Determination Date preceding the relevant Payment Date:
    - i) the Outstanding Principal Balance of Series C(T) is equal to or greater than 4.828% of the Outstanding Principal Balance of the “T” Bond Issue; and
    - ii) the Outstanding Balance of Delinquent Pass-Through Certificates does not exceed 1.00% of the Outstanding Balance of Non-Doubtful Pass-Through Certificates.
  - c) In order to amortise Series B(T) and Series C(T):

    - ii) that on the Determination Date preceding the relevant Payment Date, the amount of the Outstanding Balance of Pass-Through Certificates is equal to or greater than 10 percent of the face amount of the “T” Bond Issue.

5. In the event that the amortisation of Series B(T) and/or Series C(T) should apply on a Payment Date as provided for in rule 4 above, the “T” Available Funds for Amortisation shall also be applied to amortising Series B(T) and/or Series C(T) in such a way that the ratio of the Outstanding Principal Balance of Series B(T) and of Series C(T) to the Outstanding Principal Balance of the “T” Bond Issue is respectively kept at 11.862% or 4.828%, or higher percentages closest thereto.

#### **II.11.3.2 Early Amortisation of the Bond Issue.**

Without prejudice to the Fund’s obligation, through its Management Company, to amortise the Bonds in each Series on the Final Maturity Date or the partial amortisations on each Payment Date, as established in the preceding paragraphs, the Management Company shall be authorised to proceed to an Early Liquidation of the Fund and hence an early amortisation (“**Early Amortisation**”), on a Payment Date, of the entire Bond Issue in the Early Liquidation Events and subject to the requirements established in section III.7.1 of this Offering Circular.

#### **II.11.3.3 Final Maturity Date.**

The Final Maturity Date and consequently the final amortisation of the Bonds is July 16, 2042 or the following Business Day if that is not a Business Day, without prejudice to the Management Company, for and on behalf of the Fund, and in accordance with the provisions of sections II.11.3.1 and II.11.3.2, proceeding to amortise all or some of the Series in the Bond Issue before the Final Maturity Date.

#### **II.11.4 Simple confirmation of the priority of Bond principal payments in the Fund priority of payments.**

##### **II.11.4.1 “P” Bond Issue.**

The “P” Amortisation Withholding amount allocated to repaying “P” Bond Issue principal as a whole and without distinguishing between Series A1(P), A2(P), B(P) and C(P) is sixth (6<sup>th</sup>) in the application of “P” Available Funds in the “P” Priority of Payments established in section V.4.2.1.1 of this Offering Circular.

Repayment of Series A1(P), A2(P), B(P) and C(P) Bond principal shall take place in accordance with the rules for Distribution of “P” Available Funds for Amortisation between each Series established in section II.11.3.1.4 and in section V.4.2.2.1 of this Offering Circular.

In liquidating the Fund, repayment of Series A1(P) and Series A2(P), Series B(P) and Series C(P) principal is respectively fifth (5<sup>th</sup>), seventh (7<sup>th</sup>) and ninth (9<sup>th</sup>) in the application of “P” Liquidation Available Funds in the “P” Liquidation Priority of Payments established in section V.4.3.1.

##### **II.11.4.2 “T” Bond Issue.**

The “T” Amortisation Withholding amount allocated to repaying “T” Bond Issue principal as a whole and without distinguishing between Series A1(T), A2(T), B(T) and C(T) is sixth (6<sup>th</sup>) in the application of “T” Available Funds in the “T” Priority of Payments established in section V.4.2.2.1 of this Offering Circular.

Repayment of Series A1(T), A2(T), B(T) and C(T) Bond principal shall take place in accordance with the rules for Distribution of “T” Available Funds for Amortisation between each Series established in section II.11.3.1.5 and in section V.4.2.2.2 of this Offering Circular.

In liquidating the Fund, repayment of Series A1(T) and Series A2(T), Series B(T) and Series C(T) principal is respectively fifth (5<sup>th</sup>), seventh (7<sup>th</sup>) and ninth (9<sup>th</sup>) in the application of “T” Available Funds in the “T” Liquidation Priority of Payments established in section V.4.3.2.

#### **II.12 Debt securities servicing table, including both interest payments and principal repayments, for each of the Bonds Series to be issued by the Fund.**

The Bond Issue will be serviced through BANKINTER as the Paying Agent. Payment of interest and amortisations shall be notified to the Bondholders in the events and in such advance as may be provided for each case in section III.4.2. Interest and amortisations shall be paid to the Bondholders by the relevant members of Iberclear and to the latter in turn by Iberclear, the institution responsible for the accounting record, or any other replacement institution.

**a) Bond Issue servicing tables.**

The main characteristic of the Bonds in this Issue is that their periodic amortisation depends on the aggregate performance of the Mortgage Loans.

The average life, yield, term and final maturity of the Bonds in each Series depend on several factors, most significant among which are the following:

- i) The repayment schedule and system of each of the Mortgage Loans established in the relevant contracts.
- ii) Obligors' capacity to prepay the Mortgage Loans in whole or in part and the aggregate repayment pace throughout the life of the Fund.
- iii) The floating interest rates which shall apply to each of the Mortgage Loans, which shall result in the amount repaid on every instalment differing.
- iv) The Obligors' delinquency in payment of Mortgage Loan instalments.

In this sense, Mortgage Loan prepayments by Obligors, subject to continual changes, and estimated in this Offering Circular using several performance assumptions of the future effective constant annual early amortisation or prepayment rate (hereinafter also "CPR"), are very significant and shall directly affect the pace at which the Bonds are amortised, and therefore their average life and duration.

The following assumptions have been made for the above-mentioned factors in calculating the details in the tables contained in this section:

- Mortgage Certificate interest rate: 2.899% weighted average interest rate as of January 3, 2005 of the mortgage loan portfolio selected for the issue of the Mortgage Certificates which has been used for calculating the repayment instalments and interest of each of the selected mortgage loans for issuing the Mortgage Certificates;
- Pass-Through Certificate interest rate: 2.879% weighted average interest rate as of January 3, 2005 of the mortgage loan portfolio selected for the issue of the Pass-Through Certificates which has been used for calculating the repayment instalments and interest of each of the selected mortgage loans for issuing the Pass-Through Certificates;
- Mortgage Loan delinquency: 0.10% of the Outstanding Balance of the Mortgage Loans, with 100% recoveries within 15 months of becoming delinquent;
- Mortgage Loan defaults rated as bad debts: 0%;
- that the Mortgage Loan prepayment rate remains constant throughout the life of the Bonds;
- that the Bond Closing Date is February 17, 2005;
- that there is no Amortisation Deficiency, and
- that there is no extension of the term of any of the selected mortgage loans as provided for in section IV.2.1.10.b) of this Offering Circular.

Finally, the actual adjusted life of the Bonds will also depend on their floating interest rate. The following nominal interest rates are assumed for each Series for the first Interest Accrual Period:

	<b>Series A1(P) Bonds</b>	<b>Series A2(P) Bonds</b>	<b>Series B(P) Bonds</b>	<b>Series C(P) Bonds</b>	<b>Series A1(T) Bonds</b>	<b>Series A2(T) Bonds</b>	<b>Series B(T) Bonds</b>	<b>Series C(T) Bonds</b>
<b>Nominal interest rate</b>	2.225%	2.275%	2.575%	3.075%	2.225%	2.275%	2.575%	3.075%

For successive Interest Accrual Periods, the floating interest rate of the Bonds is assumed to be constant as follows for each Series:

	<b>Series A1(P) Bonds</b>	<b>Series A2(P) Bonds</b>	<b>Series B(P) Bonds</b>	<b>Series C(P) Bonds</b>	<b>Series A1(T) Bonds</b>	<b>Series A2(T) Bonds</b>	<b>Series B(T) Bonds</b>	<b>Series C(T) Bonds</b>
<b>Nominal interest rate</b>	2.244%	2.294%	2.594%	3.094%	2.244%	2.294%	2.594%	3.094%

Assuming that the Management Company shall exercise the Early Liquidation of the Fund and Early Amortisation of the Bond Issue option provided in section III.7.1 of this Offering Circular when the Outstanding Balance of the Mortgage Loans is less than 10% of their initial amount upon the Fund being constituted, the average life, return (IRR), duration and final maturity of the Bonds for different CPRs shall be as follows:

These figures have been calculated using the following formula:

**Average life of the Bonds:** for each of the Series, average of the time periods between the Closing Date and each of the Payment Dates, using for weighting purposes the weights the principal to be repaid on each Payment Date has on the total face amount of the Series, in accordance with the following expression:

$$V = \frac{\sum (P \times d)}{T} \times \frac{1}{365}$$

Where:

- V = Average life in each Bond Series issued expressed in years.
- P = Principal to be repaid in each Bond Series on each Payment Date, in accordance with the amount to be amortised in each Bond Series, as described in sections II.11.3.1 and II.11.3.2 of this Offering Circular.
- d = Number of days elapsed between the Closing Date and the Payment Date at issue.
- T = Total face amount in EUR in each Bond Series.

**Internal rate of return (IRR):** for each of the Series, interest rate equalling the restatement at present value of the total amortisation and interest amounts received on each Payment Date with the face value of the Bond.

$$N = \sum_{i=1}^n A_i (1+r)^{-(nd/365)}$$

Where:

- N = face value of the Bond in each Series.
- r = IRR expressed as an annual rate, per unit.
- A<sub>i</sub> = (A<sub>1</sub> ..... A<sub>n</sub>). Total principal repayment and interest amounts on each Bond.
- nd = Number of days comprised between the Closing Date of the issue and each of the n Payment Dates, not inclusive, during the life of the Bond.

**Duration of the Bonds (adjusted Macaulay formula):** for each of the Series, measure of Bond price sensitivity with respect to changes in yield.

$$D = \frac{\sum_{j=1}^n (a_j \times VA_j)}{PE} \times \frac{1}{(1+i)}$$

Where:

- D* = Duration in each Bond Series expressed in years.  
*a<sub>j</sub>* = Time elapsed (in years) between the Closing Date and each of the *n* Payment Dates at issue.  
*VA<sub>j</sub>* = Present value of each of the amounts comprising principal and gross interest, payable on each of the *n* Payment Dates discounted at the actual interest rate (IRR) in every Series.  
*PE* = Issue price in every Bond Series.  
*i* = Actual interest rate (IRR) in every Series, per unit.

**Final Maturity:** for each of the Series, date on which the Bonds are expected to be finally amortised, assuming that the Early Liquidation of the Fund and Early Amortisation of the Bond Issue option will be exercised when the Outstanding Balance of the Mortgage Loans is less than 10% of the initial Outstanding Balance.

The Management Company expressly states that the debt securities servicing tables described hereinafter are merely theoretical and given for illustrative purposes, and represent no payment obligation whatsoever, on the basis that:

- The CPRs are assumed to be constant respectively at 8% and 10% throughout the life of the Bond Issue and, as noted, actual prepayment rates change continually.
- The Outstanding Principal Balance of the Bonds in each Series on each Payment Date and hence the interest payable on each of those Series shall depend on the actual prepayment and delinquency and default rate of the Mortgage Loans.
- The Bond nominal interest rates are assumed to be constant for each Series, from the second Interest Accrual Period, whereas the interest rate of all the Series is known to be variable.
- The assumed values referred to at the beginning of this section are at all events taken for granted.
- It is assumed that the Management Company will exercise the Early Liquidation of the Fund and thereby the Early Amortisation of the Bond Issue option when the Outstanding Balance of the Mortgage Loans is less than 10% of their initial Outstanding Balance upon the Fund being constituted, as provided in section III.7.1 of this Offering Circular.

**II.13 Actual interest forecast for the holder, bearing in mind the characteristics of the Bond Issue, specifying the calculation method used and the expenses expected by items having regard to its true nature.**

In the event that the nominal interest rates applicable to each of the Series, variable quarterly, should remain constant throughout the life of the Bond Issue, as established on the tables contained in section II.12.a) of the Offering Circular, these rates would result in Internal Rates of Return (“IRR”) for the holder in each of the Series as shown on the following table, given the effect of quarterly interest payment, calculated without considering the tax effect, and assuming at all events the values and assumptions contained in said section for constant prepayment rates (CPR) of 8% and 10%.

	<b>Series A1(P) Bonds</b>	<b>Series A2(P) Bonds</b>	<b>Series B(P) Bonds</b>	<b>Series C(P) Bonds</b>	<b>Series A1(T) Bonds</b>	<b>Series A2(T) Bonds</b>	<b>Series B(T) Bonds</b>	<b>Series C(T) Bonds</b>
<b>Actual interest forecast (IRR)</b>	2.293%	2.346%	2.656%	3.174%	2.293%	2.346%	2.656%	3.174%

**II.14 Actual interest forecast for the Fund at the time of Bond Issue, considering all the structuring and placement expenses incurred by the Fund, specifying the calculation method.**

The actual interest for the Fund has been calculated using the internal rate of return (IRR) formula described in section II.12.a) above, making the following assumptions:

- that the floating nominal interest rate of the Bonds should remain constant throughout the life of the Bond Issue at the rates of the tables contained in section II.12.a);
- that the assumptions mentioned in section II.12.a) are made; and
- that the expected Fund constitution and Bond issue expenses are deducted from the face value of the Bond Issue.

The actual interest forecast for the Fund would be 2.377% or 2.407% for CPRs respectively of 8% and 10%, making the assumptions contained in the preceding paragraph.

The following are the expected expenses:

<b>Fund constitution and Bond issue expenses.</b>	<b>EUR</b>
• Initial Management Company Fee	90,000.00
• Notary’s, audit, rating and legal advice fees	262,866.13
• CNMV fees (issue and listing)	68,319.29
• AIAF and Iberclear fees	56,840.00
• Bond Issue underwriting and placement fees	1,170,500.00

The effects of entering the conveyance to the transferee in the accounting record shall be the same as handing over the certificates and the transfer shall thereupon be enforceable on third parties.

**II.17 Organised secondary markets for which there is an undertaking to apply for listing of the Bonds and specific deadline by which that application shall be filed and all other documents required for listing to be achieved.**

The Management Company shall, upon the Bonds having been paid up, apply for this Bond Issue to be listed on the AIAF, which is a qualified official secondary securities market pursuant to Transitional Provision six of Act 37/1998, November 16, amending the Securities Market Act. In the event that, upon the expiration of the period until the first Payment Date the Bonds should not be so listed on the AIAF, the Management Company shall forthwith proceed to notify Bondholders thereof, moreover advising of the reasons for such delay, all of which shall be done using the extraordinary notice procedure in accordance with the provisions of section III.4.2 of the Offering Circular. This shall be without prejudice to the Management Company being held to be contractually liable, as the case may be.

### **II.18.5 Placement and allocation of the Bonds.**

Each of the Series consists of one tranche only.

The Underwriters and Placement Agents and the Placement Agent shall freely proceed to accept or turn down the subscription proposals received, making sure in any event that there is no discriminatory treatment between similarly characterised proposals. The Underwriters and Placement Agents and the Placement Agent may nevertheless give priority to proposals of those of their customers as they shall deem fit and indeed subscribe on their own account for all or part of each Bond Series.

Each Underwriter and Placement Agent agrees to subscribe in its own name, at the close of the Subscription Period, for such amount of Bonds as may be necessary to complete the figure of their underwriting commitment as determined in section II.19.1 of this Chapter.

**II.18.6 Pro rata placement, method and date, manner of publicising the results and, as the case may be, returning to the requestors the amounts settled in excess of the securities allocated, along with such interest payments as may be appropriate.**

Not applicable.

**II.18.7 Payment method and dates.**

The investors to whom the Bonds are allocated shall pay the relevant Underwriter and Placement Agent or the Placement Agent by 1pm (CET time) on February 17, 2005 (the “Closing Date”), for same day value, the relevant issue price for each Bond allocated for subscription.

**II.18.8 Method and deadline for delivery to the subscribers of copies of the subscription certificates or provisional slips, specifying the chances of their being traded and their maximum term of validity.**

Unless the Bonds are previously entered in the accounting record of Iberclear in the actual subscriber’s name, the Underwriters and Placement Agents and the Placement Agent shall provide the Bond subscribers, within not more than fifteen (15) days after the Closing Date, with a document proving their subscription for the Bonds allocated and the actual amount paid for such subscription, though title to the Bonds taken shall be established by means of the appropriate entry in the accounting record.

This document shall not be marketable and will only be valid to justify subscription for the relevant Bonds, until and unless an entry is made in the accounting record as determined in section II.5 of this Offering Circular.

**II.19 Institutions involved in the placement or marketing, giving their respective roles, describing the same specifically. Overall amount of the fees agreed between the various placement agents and the Management Company.**

The Lead Managers shall not be remunerated for managing the Bond Issue.

**II.19.3 Institutions underwriting the Bond Issue, describing the characteristics of the relationship or Management, Underwriting and Placement Agreement, guarantees required of the issuer or offeror, types of risks taken, type of consideration agreed by the underwriter in the event of breach, and other relevant elements.**

The Management Company shall, for and on behalf of the Fund, enter into a Bond Issue Management, Underwriting and Placement Agreement with CREDIT SUISSE FIRST BOSTON (EUROPE) LIMITED (“**CSFB**”) and SOCIÉTÉ GÉNÉRALE, SUCURSAL EN ESPAÑA (“**SOCIÉTÉ GÉNÉRALE**”) as Lead Managers and Underwriters and Placement Agents, and with BANKINTER, S.A. (“**BANKINTER**”) as Lead Manager and Placement Agent.

The Underwriters and Placement Agents and the Placement Agent of the Bond Issue shall take on the obligations contained in the Management, Underwriting and Placement Agreement, which are basically the following: 1) as for the Underwriters and Placement Agents, an undertaking to subscribe on their own account for the Bonds not subscribed for by third parties during the Subscription Period, up to the amounts of their respective underwriting commitments, notwithstanding the fact that the Placement Agent may be bound to underwrite the entire Bond Issue; 2) payment by the Underwriters and Placement Agents to the Paying Agent, by 2pm (CET time) on the Closing Date, for same day value, of the face amount of the Bonds placed by each of them and, as the case may be, subscribed for on their own account up to their respective underwriting commitments, deducting the amount of the underwriting and placement fee accrued in their favour, whereupon the Paying Agent shall proceed to pay to the Fund, by 3pm (CET time), for same day value, the amount received from the remaining Underwriters and Placement Agents, plus the face amount of the Bonds it shall have placed as Placement Agent and, as the case may be, subscribed for on its own account up to the face amount of the Bond Issue underwritten, deducting the amount of the placement and, as the case may be, underwriting fee accrued in its favour; 3) undertaking to pay late-payment interest covenanted in the agreement in the event of late payment of the amounts due; 4) providing subscribers with a document proving subscription; 5) providing the Paying Agent with Bond Issue placement dissemination control information and 6) all other aspects governing the underwriting and placement.

The underwriting commitments of each Underwriting and Placement Agent and, as the case may of, of the Placement Agent, and the underwriting and placement fee are specified in section II.19.1 of this Offering Circular.

BANKINTER, CSFB and SOCIÉTÉ GÉNÉRALE shall be involved as Lead Managers in the Bond Issue. They shall not be remunerated for managing the Bond Issue.

The Management, Underwriting and Placement Agreement shall be fully terminated in the event that the Rating Agencies should not confirm the provisional ratings assigned to each of the Series as final by the start of the Subscription Period.

**II.20 Entry and registration of subscription for the Bonds.**

The Bonds, represented by means of book entries, shall become such bonds upon being entered in the relevant accounting record, as provided in Royal Decree 116/1992, with the usual timing and procedures of the institution in charge of so doing, to wit Iberclear.

**II.21 National laws governing the Bonds and jurisdiction in the event of litigation.**

The constitution of the Fund and Bond issue are subject to Spanish Law, and specifically to the provisions of (i) the Deed of Constitution; (ii) Royal Decree 926/1998 and implementing regulations; (iii) Act 19/1992, failing a provision in Royal Decree 926/1998, and to the extent applicable; (iv) Act 3/1994; (v) Act 44/2002 (in particular article 18 thereof); (vi) the Securities Market Act, and (vii) all other legal and statutory provisions in force and applicable from time to time.

The constitution of the Fund, the issue of the Bonds and the agreements for transactions covering financial risks and the rendering of services to be entered into by the Management Company on behalf of the Fund shall be subject to Spanish Law. The Deed of Constitution and the transaction agreements to be entered into by the Management Company on behalf of the Fund shall at all events be subject to Spanish Laws.

All matters, disagreements, actions and claims deriving from the Management Company's constitution, administration and legal representation of BANKINTER 9 FONDO DE TITULIZACIÓN DE ACTIVOS and the Bond Issue by the same, shall be submitted to the competent Spanish Courts and Tribunals.

The Bondholders and the remaining creditors of the Fund shall have no recourse whatsoever against Obligors who may have defaulted on their payment obligations under the Mortgage Loans. Any such rights shall lie with the Management Company, representing the Fund holding the Mortgage Certificates and the Pass-Through Certificates issued backed by the Mortgage Loans.

The Bondholders and the remaining creditors of the Fund shall have no recourse whatsoever against the Fund or against the Management Company in the event of non-payment of amounts due by the Fund resulting from the existence of default or early amortisation or prepayment of the Mortgage Certificates and of the Pass-Through Certificates, a breach by the counterparties to the transactions entered into for and on behalf of the Fund, or shortfall of the financial hedging transactions for servicing the Bonds in each Series.

The Bondholders and the remaining creditors of the Fund shall have no recourse against the Management Company other than as derived from a breach of its duties. Those actions shall be resolved in the relevant ordinary declaratory proceedings depending on the amount claimed.

## **II.22 Tax system derived from the securities offered.**

A brief account is given hereinafter of the tax system applicable to the investments derived from this offering, in which connection only State laws in force for the time being and general aspects that might affect investors are taken into account; investors must bear in mind both their possible special tax circumstances and the rules applied territorially and contained in the laws in force at the time when the relevant income is obtained and returned.

Because the Bonds will be represented by book entries and an application will be made for the securities to be listed and traded on an official Spanish secondary securities market, which circumstances are relevant to determining their taxation, the assumption made is that these requirements shall be met. It has moreover been considered that, upon being issued, the Bonds will be considered financial assets with an explicit yield, when this qualification is relevant for tax purposes.

The withholdings, contributions and taxes established now or in the future on the Bond principal, interest or income shall be payable by the Bondholders, and their amount shall be deducted, as the case may be, in the manner statutorily prescribed.

During the life of the Bonds, their tax system shall be as derived from the laws in force from time to time.

It should finally be noted that the tax treatment described herein is general and has not therefore included the taxation applicable to income obtained through entities under an imputed income system, or the system applicable to all categories of investors, some of which (such as, for instance, financial institutions, Undertakings for Collective Investment, Co-operatives, etc.) may be subject to special rules.

### **II.22.1 Natural or legal persons resident in Spain.**

#### ***Personal Income Tax.***

Income obtained by Bondholders who are Personal Income Tax (IRPF) payers, both as interest and in connection with the transfer, repayment or amortisation of the Bonds, shall be considered income on investments obtained from the assignment of own capital to third parties, as defined in article 23.2 of Legislative Royal Decree 3/2004, March 5, approving the Consolidation of the Personal Income Tax Act ("**IRPF Act**").

In this sense, in the event of revenues derived from receipt of Bond coupons, the aggregate income shall be determined by the amount of interest received, including the IRPF withholding made, as the case may be.

Furthermore, in the event of transfer, redemption or amortisation of the Bonds, the income on investments shall be deemed to be the difference between the transfer, redemption or amortisation value (less ancillary disposal expenses) and the acquisition or subscription value (plus ancillary acquisition expenses). When the taxpayer has acquired other homogeneous financial assets within two months before or after transfer,

redemption or amortisation, negative income from the Bonds shall nevertheless be integrated in the taxable income as the Bonds remaining on the taxpayer's assets are transferred.

The net income on investments shall be found deducting the Bond servicing and custody expenses from the aggregate income, provided that those expenses do not derive from a discretionary and individualised management of the portfolio of investments. The net income from the transfer, redemption or amortisation of Bonds being part of the investor's assets for a time-period in excess of two years shall be reduced by 40%.

Interest income received shall be subject to a 15% withholding tax on account of the beneficiary's IRPF.

However, there is no withholding tax obligation on income derived from the transfer or repayment of the Bonds, because these are represented by means of book entries and are traded on an official Spanish securities market, other than for the part of the price equivalent to the matured coupon in transfers made within thirty days immediately preceding coupon maturity where (i) the transferee is a person or undertaking not resident in Spanish territory or a Corporation Tax obligor, and (ii) this income is exempt from the obligation to withhold from the transferee.

### **Corporation Tax.**

Both interest income and income derived from the transfer, repayment or amortisation of the Bonds obtained by undertakings considered to be Corporation Tax payers, shall be added to the tax base as prescribed under Title IV of Legislative Royal Decree 4/2004, March 5, approving the Consolidation of the Corporation Tax Act (the "**Corporation Tax Act**").

The aforesaid income shall be excluded from withholding tax as provided by article 59.q) of Royal Decree 1777/2004, July 30, approving the Corporation Tax Regulations. Nevertheless, in accordance with the Ministerial Order of December 22, 1999, the procedure for the exclusion of withholding tax or prepayment on the Bond interest to be effective shall be subject to the following requirements:

1. The Management Company, for and on behalf of the Fund as the issuer, shall pay the custodians, through the Paying Agent, the liquid amount resulting from applying the general withholding rate in force on that date (currently 15%) to all the interest.
2. By the 10<sup>th</sup> of the month after the month of maturity of each coupon, the custodians shall provide the Management Company or the Paying Agent with an itemised list of the holders who must pay Corporation Tax, along with their identification particulars, ISIN code for the securities, the number of securities they held at the date of maturity of each coupon, the respective gross income and the amount withheld.
3. Bondholders who are Corporation Tax obligors shall certify that circumstance with the custodians of the securities by the 10<sup>th</sup> of the month after coupon maturity in order that the custodians may draw up the list specified in the preceding paragraph.
4. Forthwith upon receiving that list, the Management Company shall promptly pay the custodians through the Paying Agent the excess amount withheld from those obligors.
5. The custodians shall forthwith pay the amount withheld to the obligor holders.

For the purpose of establishing that they are Corporation Tax obligors, Bondholders may use any means of proof admissible at Law and must produce appropriate supporting documents which shall remain with the Bond custodian, at the disposal of the issuer (the Management Company on the Fund's behalf) to be checked and of the State Agency for Taxation Administration. In this connection, supporting documents shall be taken to mean a photocopy of the card establishing the Tax Identification Number.

## **II.22.2 Natural or legal persons not resident in Spain.**

Income obtained by Bondholders who are Non-Resident Income Tax payers, both on interest and in connection with the transfer, repayment or amortisation of the Bonds, shall be considered to be income obtained in Spain, with or without a permanent establishment, on the terms of articles 12 and 13 of Legislative Royal Decree 5/2004, March 5, approving the Consolidation of the Non-Resident Income Tax Act (the “**IRNR Act**”).

### *Income obtained through a permanent establishment.*

Bond income obtained by a permanent establishment in Spain shall pay tax in accordance with the rules of Chapter III of the above-mentioned IRNR Act, notwithstanding the provisions of double-taxation Agreements of which Spain is a signatory, which might determine that the relevant income pays no tax or, as the case may be, that reduced tax rates apply. The aforesaid income shall be excluded from Non-Resident Income Tax withholding as described for Corporation Tax obligors (legal persons resident in Spain). The procedure for exclusion of withholding or prepayment on the interest prescribed for Corporation Tax payers shall also apply to non-residents operating in Spain through a permanent establishment.

### *Income obtained other than through a permanent establishment.*

Bond income obtained by persons or undertakings not resident in Spain acting for these purposes without a permanent establishment within Spanish territory shall pay tax in accordance with the rules of Chapter IV of the aforesaid IRNR Act, the following elements of the system of that Act being noteworthy, without prejudice to the provisions of double-taxation Agreements signed by Spain determining that the relevant income need pay no tax or, as the case may be, that reduced rates apply:

- The tax base shall be quantified as the full amount of the income obtained, calculated with reference to the rules of IRPF Act, whereas the reductions of that Act will not apply.
- In the event of transfer, repayment or amortisation, expenses attaching to acquisition and disposition shall be taken into account for calculating the income, provided that they are properly supported. Taxation shall be separately effected for each total or partial taxable accrual of income, which may under no circumstances be set off against one another.
- Bond income obtained both as interest and in connection with transfer, repayment or amortisation of the Bonds shall be exempt when obtained without a permanent establishment by residents of another European Union Member State or by permanent establishments of those residents located in another European Union Member State.
- Income derived from the transfer of such securities made on any of the official Spanish secondary securities markets obtained by non-resident natural persons or undertakings other than through a permanent establishment in Spanish territory, resident in a State having signed a double-taxation Agreement with Spain with an information-exchange clause, will also be exempt.
- The two exemptions referred to shall by no means apply where the income is obtained through countries or territories statutorily qualified as tax havens.
- The Tax will be calculated applying a 15 percent rate to the tax base comprising Bond interest and other income unless an exemption or a lower rate applies in pursuance of the provisions of the internal law or in an Agreement signed by Spain. Where on account of the investor's residence a Double Taxation Agreement signed by Spain is applicable, the reduced tax rate or the exemption provided for in said Agreement for income of this kind shall be applied, as the case may be.
- The application of any exemption or reduced rate for which provision is made in the internal laws or in an Agreement signed by Spain shall require satisfactory proof of the investor's tax residence by producing a tax residence certificate issued by the tax authorities of the country in which that investor is resident in the manners for which provision is made in Spanish laws.
- On the other hand, Bond coupons are in principle liable to a withholding, unless evidence is produced of Tax exemption or payment. The amount withheld is equivalent to the final Tax.

- In accordance with the Ministerial Order of April 13, 2000, where financial institutions domiciled, resident or represented in Spain that are custodians or manage collection of the income on those securities are involved in the Bond interest payment procedure, the exclusion from withholding tax or withholding at a reduced rate by applying the taxation limits established in Double-Taxation Agreements shall be put in place as described hereinafter:
  1. The Management Company shall, for and on behalf of the Fund as the issuer, through the Paying Agent, pay to the custodians the net amount resulting from applying the general withholding rate in force on that date to all the interest.
  2. By the 10<sup>th</sup> of the month after the month of maturity of each coupon, the custodians shall provide the Management Company or the Paying Agent with an itemised list of the holders who must pay Non-Resident Income Tax for obtaining income in Spanish territory without a permanent establishment, along with their identification particulars, the number of securities they held at the date of maturity of each coupon, the respective gross income and the excess percentage withheld from each holder .
  3. Bondholders who are Non-Resident Income Tax payers without a permanent establishment in Spain shall have established to the custodians that they are entitled to have the taxation limits of an Agreement applied or to be excused from withholding. The custodians shall draw up the list referred to in the preceding paragraph including the holders of the securities who have established that right upon the list being issued to the Management Company.
  4. Forthwith upon receiving the list referred to in paragraph 2 above, the Management Company shall promptly pay all the custodians through the Paying Agent the amount withheld from those taxpayers.
  5. The custodians shall forthwith pay the excess amount withheld from holders who are Non-Resident Income Tax payers.
  6. For the purpose of establishing the right to have the withholding made applying the taxation limits of an Agreement or to be excused therefrom, taxpayers shall prove their tax residence by means of the following documents:
    - When the withholding exclusion results from the application of internal Spanish regulations, by means of a residence certificate issued by the tax authorities of the country of residence.
    - When the withholding exclusion or the withholding is made at a reduced rate, under an Agreement with a certificate issued by the respective tax authority, expressly recording that the taxpayer is a resident within the meaning of the Agreement. Nevertheless, when a withholding is made applying a taxation limit laid down in an Agreement implemented by means of an Order establishing the use of a specific form, this shall be established therewith in lieu of the certificate.

The residence certificates referred to in the preceding paragraphs shall be valid for one year after the date of issue.

- In the event that tax residence may not be established for these purposes, Bond income obtained both as interest and in connection with the transfer, repayment or amortisation of the Bonds, by non-resident holders shall be subject to taxation under the general system aforesaid, although a refund of the excess withholding or taxation may be applied for by means of the procedure for which provision is made in the laws in force for the time being.
- Furthermore, and whether or not they pay the Tax, Bond transfer or repayment income shall not be liable to withholding because the Bonds have an explicit yield, are represented by book entries and are traded on an official Spanish secondary securities market, on the terms and conditions for which provision is made in article 73.3.f) of the Personal Income Tax Regulations, under an express renvoi made in article 10.3.b) of the Non-Resident Personal Income Tax Regulations, other than for the part of the price equivalent to the matured coupon in transfers made within thirty days immediately preceding coupon maturity where (i) the transferee is a person or undertaking not resident in Spanish territory or a Corporation Tax obligor, and (ii) this income is exempt from the obligation to withhold from the transferee. The foregoing shall be without prejudice to the joint and several liability of the Bond custodian or manager, and the actual non-resident holder's duties to return and pay the Tax in due course.

**II.22.3 Indirect taxation on the transfer of the Bonds.**

The subscription for and acquisition and conveyance of Bonds is exempt from paying Capital Transfer and Documents Under Seal Tax and Value Added Tax.

**II.22.4 Wealth Tax.**

Natural persons whose personal obligation it is to pay this Tax and have to submit a return on this Tax and who are Bondholders at December 31 of each year, shall include the Bonds in that Tax base at their average trading value in the fourth quarter of each year.

Non-resident natural persons who are Bondholders at December 31 of each year shall be payers of the Tax by real obligation and will also have to pay Wealth Tax, other than as provided in the double-taxation Agreements. Nevertheless, Bonds whose income is exempt in regard to Non-Resident Income Tax, on the terms set forth above, shall be exempt.

**II.22.5 Inheritance and Gift Tax.**

The transfer of the Bonds to natural persons by inheritance or donation shall be subject to the general rules of Inheritance and Gift Tax without prejudice to the provisions of double-taxation Agreements signed by Spain. In the event that the beneficiary should be a Company, the income obtained would be taxed in accordance with the Corporation Tax or Non-Resident Personal Income Tax rules, in the event that the beneficiary is a non-resident entity for tax purposes in Spain, and without prejudice in the latter event to the provisions of double-taxation Agreements that may apply.

**II.23 Purpose of the transaction.**

The net amount of the Bond Issue will be fully allocated to paying the price for the acquisition of the Mortgage Certificates and the Pass-Through Certificates issued by BANKINTER pooled in the Fund assets.

**II.24 Institutions that have agreed, as the case may be, to be involved in secondary trading, providing liquidity by offering consideration, specifying the extent and manner of their involvement.**

There are no commitments for any institution to be involved in the secondary market of the Bonds, providing liquidity by offering consideration.

**II.25 Natural or legal persons with a relevant involvement in structuring or providing advice for the constitution of the Fund or in connection with any item of the significant information contained in the offering circular, including, as the case may be, underwriting the placement.**

**II.25.1 Specification of natural and legal persons.**

- c) RAMÓN & CAJAL ABOGADOS, who are independent legal advisers, have provided legal advice for the transaction.

The constitution of the Fund and Bond issue by the same are carried out in accordance with the provisions of Royal Decree 926/1998 and shall be subject to (i) the Deed of Constitution; (ii) Royal Decree 926/1998 and implementing regulations; (iii) Act 19/1992, failing a provision in Royal Decree 926/1998 and to the extent applicable; (iv) Act 3/1994; (v) Act 44/2002 (in particular article 18 thereof); (vi) the Securities Market Act, and (vii) all other legal and statutory provisions in force and applicable from time to time.

The name of the Fund is "BANKINTER 9 FONDO DE TITULIZACIÓN DE ACTIVOS" and the following short names may also be used without distinction to identify the Fund:

- BANKINTER 9 FTA
- BANKINTER 9 F.T.A.

The Fund is set up to serve as a vehicle for pooling the Mortgage Certificates and Pass-Through Certificates on the Mortgage Loans, to be issued by BANKINTER and subscribed for by the Fund upon being constituted, and to make the Bond Issue, by means of a financial transformation and credit enhancement process derived from the various lending and borrowing and hedging transactions arranged for on the Fund's behalf.

#### Companies Register.

For the record, neither the constitution of the Fund nor the Bonds issued backed by its assets shall be entered in the Companies Register, in pursuance of the facultative authority for which provision is made in article 5.4 of Royal Decree 926/1998.

#### III.2 Legal nature of the Fund.

The Fund shall be a closed-end fund and shall comprise the following:

- Its assets shall, in addition to the start-up (constitution and issue) expenses, which shall be distinctly assigned to each of the items described below, as appropriate, comprise:

The above-mentioned rights will all accrue for the Fund from the date of issue of the Mortgage Certificates and the Pass-Through Certificates. 2. Extraordinary notices.

Extraordinary notices shall be given by publication in an extensively circulated business and financial or general newspaper in Spain, and those notices shall be deemed to be given on the date of that publication, any Business or other calendar day (as established in this Offering Circular) being valid for such notices.

Exceptionally, the final margins applicable for determining the Nominal Interest Rate for each Series and the Nominal Interest Rate determined for the Bonds in each Series for the first Interest Accrual Period shall be notified by the Management Company by the start of the Subscription Period to the Lead Managers, the Underwriters and Placement Agents and to the Placement Agent in order to be reported to investors interested in subscribing for the Bonds. The Management Company will also notify this to the CNMV, the Paying Agent, the AIAF, Iberclear and the Rating Agencies.

3. Notices and other information.

The Management Company may provide Bondholders with notices and other information of interest to them through its own Internet pages or other similarly characterised online means.

**d) Information to the CNMV and the Rating Agencies.**

The Management Company shall proceed to advise the CNMV and the Rating Agencies of both ordinary periodic and extraordinary publications made in accordance with the provisions of the preceding sections, and of such other information as may be required of it, irrespective of the above.

**III.5 Tax system of the Fund.**

In accordance with the provisions of article 5.10 of Act 19/1992; article 7.1.h) of the Corporation Tax Act; article 20.One.18 of Value Added Tax Act 37/1992, December 28, and article 59.k of Royal Decree 1777/2004, July 30, approving the Corporation Tax Regulations, and article 45.I.B).15 of Royal Decree 1/1993, September 24, approving the Consolidation of the Capital Transfer and Documents Under Seal Tax, the following are the characteristics peculiar to the tax system of the Fund:

- (i) The constitution of the Fund is exempt from the item "corporate transactions" of the Capital Transfer and Documents Under Seal Tax.
- (ii) The Bond issue is exempt from payment of Value Added Tax and Capital Transfer and Documents Under Seal Tax.
- (iii) The Fund is liable to pay Corporation Tax, determining the taxable income in accordance with the provisions of Title IV of the Corporation Tax Act, applying the general rate in force from time to time, which currently stands at 35%.
- (iv) As for returns on the Mortgage Certificates and Pass-Through Certificates, loans or other credit rights constituting Fund income, there is no Corporation Tax withholding or advance payment obligation.
- (v) The management and custody of the Fund shall be exempt from Value Added Tax.

### **III.6 Amendment of the Fund Deed of Constitution.**

The Fund Deed of Constitution may not be altered other than in exceptional events, and whenever that is permitted under the laws in force and subject to such statutory requirements as may be established. In any event, those actions shall require that the Management Company first notify or secure the prior authorisation, if necessary, of the CNMV, or competent administrative body and notify the Rating Agencies, and provided that such changes are not detrimental to the rating assigned to the Bonds by the Rating Agencies. The amendment of the Deed of Constitution shall be notified by the Management Company to the CNMV as a relevant event or as a supplement to the Offering Circular, as the case may be. The Deed of Constitution can also be corrected as requested by the CNMV.

### **III.7 Liquidation and termination of the Fund.**

#### **III.7.1 Early Liquidation of the Fund.**

Following notice served on the CNMV, the Management Company shall be entitled to proceed to an early liquidation (“**Early Liquidation**”) of the Fund and thereby an early amortisation (“**Early Amortisation**”), on a Payment Date, of all the Bonds, in the following early liquidation events (“**Early Liquidation Events**”):

- (i) When the amount of the Outstanding Balance of the Mortgage Loans yet to be amortised is less than 10 percent of the initial Outstanding Balance upon the constitution of the Fund, in accordance with the authorisation established in article 5.3 of Act 19/1992 and provided that the payment obligations derived from the Bonds in each Series may be honoured and settled in full in the “P” and “T” Liquidation Priority of Payments.

Payment obligations derived from the Bonds on the date of Early Liquidation of the Fund shall at all events be deemed to be the Outstanding Principal Balance on that date plus interest accrued and not paid until that date, which amounts shall be deemed to be due and payable on that date to all statutory intents and purposes.

- (ii) Where any event or circumstance whatsoever unrelated or not to the actual operation of the Fund occurs which results in the financial balance of the Fund required by article 11.b of Royal Decree 926/1998 being substantially changed or permanently invalidated. This event includes such circumstances as the occurrence of a change in or supplementary enactments of laws, or the establishment of withholding obligations or other events that might permanently affect the financial balance of the Fund.
- (iii) Mandatorily, in the event that the Management Company should be adjudged insolvent, or the statutory term to do so, or failing that term four months, should elapse without a new management company being designated in accordance with the provisions of section III.8.2 of this Offering Circular.
- (iv) When a default occurs indicating a major permanent imbalance in relation to any of the Bonds issued.
- (v) Upon the lapse of eighteen (18) months from the date of the last maturity of the Mortgage Loans, even if amounts are still due and payable thereon.

The following requirements shall be necessary to proceed to that Early Liquidation of the Fund:

- (a) That all the authorisations required to do so, as the case may be, have been obtained from the CNMV or competent administrative authorities or bodies.
- (b) That Bondholders be given at least fifteen (15) Business Days’ notice, as prescribed in section III.4.2 of this Offering Circular, of the Management Company’s resolution to proceed to an Early Liquidation of the Fund.
- (c) That notice, previously made available to the CNMV and the Rating Agencies, shall contain a description (i) of the event or events for which an Early Liquidation of the Fund is effected, (ii) of the liquidation procedure, and (iii) of the manner in which the payment obligations derived from the Bonds are to be met and settled in the “P” Liquidation Priority of Payments and in the “T” Liquidation Priority of Payments.

In order for the Fund, through its Management Company, to proceed to an Early Liquidation of the Fund and an Early Amortisation of the Bond Issue in the events and subject to the requirements defined in this section, the Management Company, for and on behalf of the Fund:

- (i) Notwithstanding the provisions of paragraph (iv) below, shall proceed to sell the Mortgage Certificates and Pass-Through Certificates remaining in the Fund for a price not below the sum of the value of the principal plus interest accrued and not paid on the relevant Mortgage Loans.
- (ii) Shall proceed to terminate such agreements as are not necessary for the Fund liquidation procedure.
- (iii) Shall be entitled to arrange for two credit facilities which shall be fully and forthwith allocated to the Early Amortisation of the “P” Bond Issue and of the “T” Bond Issue. Repayment of both credit facilities shall be guaranteed solely respectively with the interest and principal flows derived from the Mortgage Certificates and the Pass-Through Certificates pending amortisation and the proceeds from the sale of the other properties remaining on the assets of the Fund originating thereunder.
- (iv) Finally, both due to an insufficiency of the preceding actions and the existence of Mortgage Certificates and Pass-Through Certificates or other remaining assets of the Fund, the Management Company shall proceed to sell them and shall therefore invite a bid from at least five (5) entities from among the most active in the purchase and sale of those assets who may, in its view, give a market value. The Management Company shall be bound to accept the best bid received for the assets on offer which, in its view, covers the market value of the asset at issue. In order for the market value to be fixed, the Management Company may commission such valuation reports as it shall see fit.

In events (i), (iii) and (iv) above, BANKINTER shall have a pre-emptive right on the terms established by the Management Company and will therefore have priority over third parties to acquire the Mortgage Certificates and Pass-Through Certificates or other properties derived therefrom remaining on the assets of the Fund, or to grant to the Fund, as the case may be, two credit facilities designed for the Early Amortisation of the “P” Bond Issue and of the “T” Bond Issue. The Management Company shall therefore send BANKINTER a list of the assets and of third-party bids received, and the latter may use that right for all the assets offered by the Management Company or the credit facility within ten (10) Business Days of receiving said notice, and provided that its bid is at least equal to the best of the third-party bids.

The Management Company shall immediately include all the proceeds from the sale of the Fund’s assets in the “P” Liquidation Available Funds and in the “T” Liquidation Available Funds, as the case may be, and shall apply them to paying the various items and to the reserves referred to in section III.7.2 below, in such manner, amount and order as shall be requisite in the “P” and “T” Liquidation Priority of Payments, and other than the amounts, if any, drawn under the credit facility arranged, which shall be fully allocated to the Early Amortisation of the “P” Bond Issue and of the “T” Bond Issue.

### **III.7.2 Termination of the Fund.**

The Fund shall terminate in the following events:

- (i) Upon the Mortgage Certificates and the Pass-Through Certificates pooled therein being fully amortised.
- (ii) Upon the Bonds issued being fully amortised.
- (iii) Upon the conclusion of the Early Liquidation procedure established in section III.7.1 above.
- (iv) At all events, upon the final liquidation of the Fund on the Final Maturity Date (July 16, 2042, or the following Business Day if that is not a Business Day).
- (v) Upon the Fund constitution terminating in the event that Moody’s and Fitch should not confirm the assigned provisional ratings as final ratings by the start of the Subscription Period. In this event, the Management Company shall terminate the constitution of the Fund, the issue of and subscription for the Mortgage Certificates and the Pass-Through Certificates and the Bond Issue.

Termination of the constitution of the Fund shall be notified to the CNMV as soon as such termination is confirmed, and shall be publicised by means of the procedure specified in section III.4.2.b) and c) of this Offering Circular. Within not more than one month after the occurrence of the event of termination, the Management Company shall execute a statutory declaration before a Notary Public declaring that the Fund’s obligations have been settled and terminated and that the Fund has terminated. Notwithstanding

the above, the Fund Management Company shall defray the Fund constitution expenses payable and specified in section II.14 with the "P" and "T" Start-Up Loans, the agreements for which shall not be terminated but shall rather be cancelled after those amounts are settled, the repayment of principal being subordinated to fulfilment of all other obligations undertaken by the Management Company, acting for and on the Fund's behalf.

In the event that there should be any remainder in either of the "P" or "T" Liquidation Available Funds upon the Fund being liquidated and after the "P" and "T" Liquidation Available Funds have been distributed and amounts payable in respect of the various items have been settled respectively in the "P" and "T" Liquidation Priority of Payments, the same shall be for the Originator on the terms established by the Management Company. In the event of any of the Liquidation Available Funds not being sufficient for settling the amounts payable in respect of the various applicable items and there being a remainder in the other one, there shall be no offsetting between both. In the event of the remainder not being liquid because it originates under Mortgage Certificates and/or Pass-Through Certificates yet to be repaid or assets originating thereunder, the same shall also be for the Originator on the terms established by the Management Company.

In any event, the Management Company, acting for and on behalf of the Fund, shall not proceed to terminate the Fund and strike it off the relevant administrative registers until the Fund's remaining assets have been liquidated and the "P" and "T" Liquidation Available Funds have been distributed, respectively in the "P" and "T" Liquidation Priority of Payments, with the exception of the appropriate reserves to meet final tax, administrative or advertising expenses related to termination and liquidation.

Upon a period of six (6) months elapsing from the liquidation of the Fund's remaining assets and the distribution of the Available Funds, the Management Company shall execute a Statutory Declaration before a Notary Public declaring (i) that the Fund has terminated, and the events prompting its termination, (ii) how the Bondholders and the CNMV were given notice, and (iii) how the Fund's available funds were distributed, in the relevant "P" and "T" Liquidation Priority of Payments; notice of this shall be given in a nation-wide newspaper and all other appropriate administrative procedures will be observed. The Management Company will submit that statutory declaration to the CNMV.

Consequently, the Management Company shall make its actions conditional on their protection and observe the provisions established for that purpose from time to time. The Bondholders and all other ordinary creditors of the Fund shall have no recourse against the Fund Management Company, other than for a breach of its duties or failure to observe the provisions of the Deed of Constitution and the Offering Circular.

The Management Company shall notify the Bondholders and all other ordinary creditors of the Fund of all and any circumstances that may be relevant to them, by publishing appropriate notices on the terms established in section III.4.2 of this Chapter.

In any event, those actions shall require that the Management Company first notify or secure the prior authorisation, if necessary, of the CNMV or competent administrative body and notify the Rating Agencies, and provided that such changes are not detrimental to the rating assigned to the Bonds by the Rating Agencies. Notice of amendment of the Deed of Constitution or the agreements or of the execution of new agreements shall be given by the Management Company to the CNMV as a relevant event or as a supplement to the Offering Circular, as the case may be. The Deed of Constitution or the agreements may also be corrected upon a request by the CNMV.

- (xvi) Instructing transfers of funds between the various borrowing and lending accounts, and issuing all relevant payment instructions, including those designed for servicing the Bonds.

The Management Company shall be substituted in managing and representing the Fund, in accordance with articles 18 and 19 of Royal Decree 926/1998 set forth hereinafter and with subsequent rules statutorily established in that connection.

#### *Resignation.*

- (i) The Management Company may resign its management and legal representation function with respect to all or part of the funds managed whenever it deems this fit, applying to be substituted in a letter addressed to the CNMV, including a designation of the substitute management company. That letter shall enclose a letter from the new management company, declaring its willingness to take over that function and applying for the appropriate authorisation.
- (ii) The CNMV's substitution authorisation shall be subject to meeting of the following requirements:
  - (a) The substituted Management Company's delivery of the accounting records and data files to the new management company. That delivery will only be taken to have been made when the new management company is able to fully take over its function and that circumstance is notified to the CNMV.
  - (b) In the event that the securities issued by the funds managed by the substituted Management Company have been rated by a rating agency, the rating accorded to the securities should not fall as a result of the proposed substitution.
- (iii) The Management Company may in no event resign its duties until and unless all the requirements and formalities have been complied with in order for its substitute to take over its duties.
- (iv) The substitution expenses originated shall be borne by the resigning Management Company and may in no event be passed on to the Fund.
- (v) The substitution shall be published within fifteen days by means of a notice inserted in two nationwide newspapers and in the bulletin of the organised secondary market on which the Bonds issued by the Fund are listed. Furthermore, the Management Company shall notify the Rating Agencies of that substitution.

#### *Forced substitution.*

- (i) In the event that the Management Company should be adjudged insolvent, it shall find a substitute management company, in accordance with the provisions of the foregoing section.
- (ii) In the event for which provision is made in the preceding section, if four months should have elapsed from the occurrence determining the substitution and no new management company should have been

found willing to take over management, there shall be an Early Liquidation of the Fund and an amortisation of the Bonds issued by the same, and of the loans, in accordance with the provisions of the Deed of Constitution.

The Management Company agrees to execute such public and private documents as may be necessary for it to be substituted by another management company, in accordance with the system for which provision is made in the preceding paragraphs of this section. The substitute management company shall be substituted in the Management Company's rights and duties under the Deed of Constitution and this Offering Circular. Furthermore, the Management Company shall hand to the substitute management company such accounting records and data files as it may have to hand in connection with the Fund.

### **III.8.3 Subcontracting.**

The Management Company shall be entitled to subcontract or delegate to solvent and reputable third parties the provision of any of the services it has to provide as the manager and authorised representative of the Fund, as established in the Deed of Constitution, provided that the subcontractor or delegated party waives the right to take any action holding the Fund liable. In any event, subcontracting or delegating any service (i) may not result in an additional cost or expense for the Fund, (ii) shall have to be legally possible, (iii) shall not result in the rating accorded to each of the Bond Series being adversely revised, and (iv) shall be notified to the CNMV and, where statutorily required, will first be authorised by the CNMV. Notwithstanding any subcontracting or delegation, the Management Company shall not be exonerated or released, under that subcontract or delegation, from any of the liabilities undertaken in the Deed of Constitution which may legally be attributed or ascribed to it.

### **III.8.4 The Management Company's remuneration for discharging its functions.**

In consideration of the functions to be discharged by the Management Company, the Fund will pay it a management fee consisting of:

- (ii) A periodic fee: equal to 0.0195% per annum, accruing on the exact number of days elapsed in each Interest Accrual Period, from the date of constitution of the Fund until it terminates, and payable quarterly in arrears on each of the Payment Dates, calculated on the sum of the Outstanding Principal Balance of the "P" Bond Issue and the Outstanding Principal Balance of the "T" Bond Issue on the Payment Date preceding the relevant Payment Date. The periodic fee for the first Payment Date shall accrue from the date of constitution of the Fund until the first Payment Date and shall be calculated on the face amount of the Bond Issue.

The fee payable on a given Payment Date shall be calculated in accordance with the following formula:

where:

*B = Sum of the Outstanding Principal Balances of the "P" Bond Issue and the "T" Bond Issue, on the preceding Payment Date.*

*d = Number of days elapsed during the relevant Interest Accrual Period.*

## CHAPTER IV

### INFORMATION ON THE CHARACTERISTICS OF THE ASSETS SECURITISED THROUGH THE FUND

#### IV.1 Assets pooled in the Fund.

The credit rights making up the Fund assets shall only be credit rights owned by BANKINTER derived from loans granted by BANKINTER to individuals with real estate mortgage security on finished homes located within Spanish territory, both directly and through subrogations of financing granted to developers for building homes (the "**Mortgage Loans**"). The Mortgage Loans shall be transferred by BANKINTER to the Fund by means of the issue of mortgage participation certificates (the "**Mortgage Certificates**") and pass-through certificates (the "**Pass-Through Certificates**") in accordance with the respective individual characteristics of each of the Mortgage Loans.

The Deed of Constitution shall perfect the issue by BANKINTER of the Mortgage Certificates and the Pass-Through Certificates and their subscription by the Fund, represented by the Management Company, the most significant terms of which are set forth hereinafter in this section.

The issue by BANKINTER of the Mortgage Certificates and the Pass-Through Certificates and their subscription by the Fund will make up an as yet indeterminate number whose total principal or capital shall be respectively equal to or slightly in excess of EUR seven hundred and forty-five million (745,000,000.00) and EUR two hundred and ninety million (290,000,000.00).

The Mortgage Certificates will be issued on selected mortgage loans meeting the requirements established in Section 2 of Act 2/1981.

The Pass-Through Certificates will be issued on selected mortgage loans failing to meet those requirements because the outstanding principal balance as of January 3, 2005 is in excess of 80 percent of the appraisal value of the mortgaged property, as established in additional provision five of Act 3/1994, as worded by article 18 of Act 44/2002.

The Mortgage Loans shall be taken from a selection of 9,781 mortgage loans the most significant characteristics of which are described in section IV.4 of this Offering Circular. The following are the details of the 9,781 mortgage loans selected as of January 3, 2005 for issuing the Mortgage Certificates and the Pass-Through Certificates depending on whether the ratio of the outstanding principal as of January 3, 2005 to the appraisal value of the mortgaged property is respectively below or equal to and above 80 percent:

<sup>1</sup> Average weighted by the outstanding principal

In this Chapter and elsewhere in the Offering Circular, the term "Mortgage Loans" shall be used in some definitions to generically refer both to the Mortgage Loans and to the Mortgage Certificates and the Pass-Through Certificates together, other than where reference is specifically made to the Mortgage Certificates and Pass-Through Certificates as such.

- (4) That it has audited accounts for the years 2001, 2002 and 2003 with at least a favourable opinion and without any negative notes from the Auditors in the last year, and which have been filed with the CNMV and with the Companies Register. - (8) That the Mortgage Loans are all secured with a real estate mortgage ranking first on the fee absolute of each and every one of the mortgaged properties, which are not encumbered with any prohibitions on their disposal, conditions subsequent or any other limitation as to title.
- (9) That the Mortgage Loans are all originated in a public deed, and the mortgages are all duly granted and entered in the relevant Land Registries. The registration of the mortgaged properties is in force

and has not been howsoever opposed and is subject to no limitation whatsoever taking precedence over the mortgage, in accordance with the applicable regulations.

- (40) That nobody has a preferred right over the Fund in and to the Mortgage Loans, as holder of the Mortgage Certificates and the Pass-Through Certificates.

**IV.1.2 General terms of the issue of and subscription for the Mortgage Certificates and the Pass-Through Certificates.**

- i) The Mortgage Loans will be fully and unconditionally assigned, perfected by means of the issue of the Mortgage Certificates and the Pass-Through Certificates, for the entire term remaining until maturity.

- ii) The issue of the Mortgage Certificates and of the Pass-Through Certificates shall be made in respect of 100 percent of the outstanding principal, interest not due and overdue interest and all and any other amounts, assets or rights attaching to each of the relevant Mortgage Loans, excluding the fees established in each of the Mortgage Loans, which shall remain for the benefit of BANKINTER, as detailed in section IV.1.3 below.
- iii) The Mortgage Certificates and the Pass-Through Certificates shall be issued for the same term remaining until maturity of each of the underlying Mortgage Loans.
- iv) BANKINTER shall be liable to the Fund for the existence and lawfulness of the Mortgage Loans to the same extent laid down in articles 348 of the Commercial Code and 1529 of the Civil Code.
- v) BANKINTER shall not bear the risk of default on the Mortgage Loans and shall therefore have no liability whatsoever for default by the mortgagors of principal, interest or any other amount owing to them by the Obligors under the Mortgage Loans. It will moreover have no liability whatsoever to directly or indirectly guarantee that the transaction will be properly performed, nor give any guarantees or security, nor indeed agree to replace or repurchase the Mortgage Certificates and the Pass-Through Certificates, other than as provided in section IV.1.6 below.
- vi) The Mortgage Certificates and Pass-Through Certificates shall be represented by registered certificates as established in section IV.1.5 below.
- vii) Until the execution of the Deed of Constitution, BANKINTER shall be the beneficiary of the damage insurance contracts taken out by the Obligors in relation to the mortgaged properties as security for the Mortgage Loans, up to the insured amount, and each of the Mortgage Loan documents shall, in the event of default on the relevant premium by the Obligor (holder) of the insurance, authorise BANKINTER, the mortgagee, to pay the premium amount for the Obligor.  

BANKINTER shall thereupon perfect the assignment attached to the issue of the Mortgage Certificates and the Pass-Through Certificates of the rights BANKINTER has as the beneficiary of those damage insurance contracts taken out by the Obligors or any other insurance policy providing equivalent cover. As the holder of the Mortgage Certificates and the Pass-Through Certificates, the Fund shall be entitled to all the amounts BANKINTER would have received in this connection.
- viii) The transfer and holding of the Mortgage Certificates and of the Pass-Through Certificates shall be limited to institutional investors, and they may not be acquired by the unspecialised public.
- ix) Given the above and that the Fund is an institutional investor, the issue of the Mortgage Certificates and the Pass-Through Certificates shall not be subject to a marginal note on each entry of the mortgages in the Land Registry.

#### **IV.1.3 Description of rights conferred on the Fund upon subscribing for the Mortgage Certificates and the Pass-Through Certificates on the Mortgage Loans.**

Specifically, the Mortgage Certificates and the Pass-Through Certificates shall confer on the Fund as the holder thereof the following rights in relation to each of the Mortgage Loans:

- a) To receive all amounts accruing as repayment of Mortgage Loan capital or principal.
- b) To receive all amounts accruing as ordinary interest on the Mortgage Loans.
- c) To receive all amounts accruing as late-payment interest on the Mortgage Loans.
- d) To receive any other amounts, assets or rights received as payment of the Mortgage Loan principal, interest or expenses, either in the form of the auction sale price or amount determined by a court decision or notarial procedure in foreclosing the mortgage securities, on the sale or utilisation of properties awarded or, upon foreclosing, in the administration or interim possession of the properties in foreclosure proceedings.
- e) To receive all possible rights or compensations accruing for BANKINTER, including not only those derived from the insurance contracts attached to the Mortgage Loans which are also assigned to the Fund, but also those derived from any ancillary right attached to the Mortgage Loan, excluding the fees established for each of the Mortgage Loans, which shall remain to the benefit of BANKINTER.

The above-mentioned rights will all accrue for the Fund from the date of issue of the Mortgage Certificates and the Pass-Through Certificates. Interest shall moreover include interest accrued and not due since the last

interest settlement date on each of the Mortgage Loans, on or before the date of issue of the Mortgage Certificates and the Pass-Through Certificates, and interest due and not paid on that same date.

The rights of the Fund resulting from the Mortgage Certificates and the Pass-Through Certificates are linked to the payments made by the Mortgage Loan Obligors, and are hence directly affected by the evolution, delays, prepayments or any other incident relating thereto.

Returns on the Mortgage Certificates and Pass-Through Certificates constituting Fund income shall not be subject to a Corporation Tax withholding as established in Royal Decree 1777/2004, July 30, approving the Corporation Tax Regulations.

The Fund shall bear all and any expenses or costs arising for BANKINTER derived from the recovery actions in the event of a breach of obligations by the Mortgage Loan Obligors, including foreclosing against the same.

#### **IV.1.4 Issue price of the Mortgage Certificates and of the Pass-Through Certificates.**

The issue price of the Mortgage Certificates and the Pass-Through Certificates will be at par. The total amount payable by the Fund for subscribing for the Mortgage Certificates and the Pass-Through Certificates shall be the amount equivalent to the sum of (i) the face value of the capital or principal pending repayment of each of the Mortgage Loans, and (ii) the ordinary interest accrued and not due and the interest not paid on each of the Mortgage Loans on the date of issue of the Mortgage Certificates and the Pass-Through Certificates (the “**accrued interest**”).

The Management Company shall pay the total amount for subscribing for the Mortgage Certificates and the Pass-Through Certificates on behalf of the Fund as follows:

- (i) The part consisting of the face value of the capital of all the Mortgage Loans, subparagraph (i) of paragraph one of this section, shall be paid by the Fund on the Bond Closing Date, for same day value, upon the subscription for the Bond Issue being paid up. BANKINTER shall not receive interest on deferment of payment until the Closing Date.
- (ii) The part of the price consisting of the interest accrued on each of the Mortgage Loans, subparagraph (ii) of paragraph one of this section, shall be paid by the Fund on the earlier of the collection date falling on the first interest settlement date of each of the Mortgage Loans or the date on which they are paid by the Obligor, after the issue date of the Mortgage Certificates and the Pass-Through Certificates, and will not be subject to the “P” Priority of Payments or to the “T” Priority of Payments, as the case may be.

If the Fund constitution and hence the Mortgage Certificate and the Pass-Through Certificate issue and subscription should terminate, (i) the Fund’s obligation to pay the Mortgage Certificates and the Pass-Through Certificates shall terminate, (ii) the Management Company shall be obliged to restore to BANKINTER any rights whatsoever accrued for the Fund upon subscribing for the Mortgage Certificates and the Pass-Through Certificates, and (iii) BANKINTER shall once again enter the Mortgage Loans among its balance-sheet assets.

#### **IV.1.5 Mortgage Certificate and Pass-Through Certificate representation and custody.**

The Mortgage Certificates and the Pass-Through Certificates shall be represented distinctly by multiple or individual registered certificates, which shall contain at least the particulars prescribed for mortgage certificates in article 64 of Royal Decree 685/1982, March 17, amended by Royal Decree 1289/1991, August 2, along with the registration particulars of the properties securing the Mortgage Loans. The Mortgage Certificates and the Pass-Through Certificates which shall be issued to be pooled in the Fund upon being constituted shall at first be distinctly represented in two multiple registered certificates.

Both in the event that the Management Company should, for and on behalf of the Fund, proceed to foreclose a Mortgage Loan, as provided for in section IV.2.11, and because of an Early Liquidation of the Fund, in the events and on the terms of section III.7.1, there is to be a sale of Mortgage Certificates or Pass-Through Certificates, and in any other event so requiring, BANKINTER agrees to split any multiple certificate issued representing Mortgage Certificates or Pass-Through Certificates into such unit or multiple certificates as may be necessary, replacing or exchanging the same for the attainment of the above purposes.

The two multiple documents representing the Mortgage Certificates and the Pass-Through Certificates and, as the case may be, the multiple and individual certificates into which the same is split, shall be deposited at BANKINTER, and the relations between the Fund and BANKINTER shall be governed by the Mortgage Loan Servicing and Mortgage Certificate and Pass-Through Certificate Custody Agreement to be entered into between BANKINTER and the Management Company for and on behalf of the Fund. That deposit shall be established for the benefit of the Fund and BANKINTER shall therefore safe-keep the documents representing the Mortgage Certificates and the Pass-Through Certificates deposited following the Management Company's instructions.

#### **IV.1.6 Set rules for substituting the Mortgage Certificates and the Pass-Through Certificates.**

1. In the event of early amortisation of Mortgage Certificates or Pass-Through Certificates due to a prepayment of the Mortgage Loan capital, there will be no substitution of the Mortgage Certificates or the Pass-Through Certificates affected thereby.
2. In the event that it should be observed throughout the life of the Mortgage Certificates and the Pass-Through Certificates that any of them or of the underlying Mortgage Loans fails to meet, upon the Fund being constituted, the representations contained in section IV.1.1 of this Offering Circular, BANKINTER agrees, subject to the Management Company's consent, to proceed forthwith to remedy and, if that is not possible, a substitution or, as the case may be, an early amortisation of the Mortgage Certificate or the Pass-Through Certificate in that situation, subject to the following rules:
  - a) The party becoming aware of the existence of a non-conforming Mortgage Certificate or Pass-Through Certificate, whether BANKINTER or the Management Company, shall notify the other party of this circumstance. BANKINTER shall have five (5) Business Days from said notice to proceed to remedy that circumstance.
  - b) The substitution shall be made for the outstanding principal plus interest accrued and not paid and any amount owing to the Fund until that date on the relevant Mortgage Loan underlying the substituted Mortgage Certificate or Pass-Through Certificate.

In order to proceed to the substitution, BANKINTER shall notify the Management Company of the characteristics of the mortgage loans proposed to be assigned under new mortgage certificates or pass-through certificates satisfying the representations made in section IV.1.1 and similarly characterised as to residual term, interest rate, outstanding principal value, and credit quality construed as the existing ratio of the outstanding loan principal to the appraisal value of the property mortgaged as security, in order for the financial balance of the Fund, and indeed the Bond rating in accordance with the provisions of section II.3 of this Offering Circular, to be unaffected by the substitution. Once the Management Company has checked that the substitute loan is appropriate, because it may be included in the Fund, and expressly agreed to it, BANKINTER shall proceed to issue the new replacement mortgage certificate(s) or pass-through certificate(s).

- c) The substitution shall be recorded in a notarial certificate setting forth all the particulars both of the mortgage certificate or the pass-through certificate to be replaced and the Mortgage Loan attached thereto, and the new mortgage certificate(s) or pass-through certificate(s) issued, along with details of the Mortgage Loans, and the reason for substituting and characteristics determining their homogenous nature as described in the paragraph immediately preceding, a copy of which shall be filed by the Management Company with the CNMV, the organisation in charge of the accounting record for the Bonds and the AIAF Governing Body, notifying the Rating Agencies.
- d) In the event that any Mortgage Certificate or any Pass-Through Certificate should not be substituted by issuing new ones on the terms set in rule b) of this section, BANKINTER shall proceed to an early amortisation of the Mortgage Certificate or of the Pass-Through Certificate. That early amortisation shall take place by a repayment in cash to the Fund of the outstanding principal, interest accrued and not settled, and any other amount owing to the Fund until that date on the Mortgage Loan underlying the relevant Mortgage Certificate or Pass-Through Certificate.
- e) In the event of early amortisation of Mortgage Certificates or of Pass-Through Certificates by BANKINTER due to both substitution and repayment, BANKINTER shall be vested in all the rights attaching to those Mortgage Loans accruing from the amortisation date or accrued and not due, and overdue amounts on that same date.

#### **IV.1.7 Other terms derived from the legal system of the Mortgage Certificates and the Pass-Through Certificates.**

As prescribed by Mortgage Market Regulation Royal Decree 685/1982, amended by Royal Decree 1289/1991, the Mortgage Certificates and the Pass-Through Certificates may be transferred by a written statement on the very certificate and, in general, by any of the means admitted by Law, their acquisition or holding being limited to institutional or professional investors for they may not be acquired by the unspecialised public, in accordance with the provisions of article 64.6 of Royal Decree 685/1982. Both the transfer and the new holder's address shall be notified by the transferee to the issuer.

The transferor shall not be liable for the solvency of the issuer or of the Obligor, nor indeed of the sufficiency of the mortgage securing it.

BANKINTER, as the issuer, shall keep a special book in which it shall enter the Mortgage Certificates and the Pass-Through Certificates issued and such transfers thereof as may be notified to it, the Mortgage Certificates and the Pass-Through Certificates being applied the provisions of article 53 of Royal Decree 685/1982 for registered certificates. The same book shall include the changes of address notified to it by the holders of the Mortgage Certificates and the Pass-Through Certificates.

The book shall moreover include the following particulars:

- a) Mortgage Loan origination and maturity date, initial amount and settlement method.
- b) Mortgage registration particulars.

#### **IV.2 Servicing and custody of the Mortgage Loans and custody of the Mortgage Certificates and the Pass-Through Certificates.**

BANKINTER, issuer of the Mortgage Certificates and the Pass-Through Certificates to be subscribed for by the Fund, in accordance with the provisions of article 61.3 of Royal Decree 685/1982, agrees to be the custodian and servicer of the Mortgage Loans, and the Mortgage Loan Servicing and Mortgage Certificate and Pass-Through Certificate Custody Agreement (the "**Servicing Agreement**") shall govern the relations between BANKINTER (hereinafter in regard to this Agreement the "**Servicer**") and the Fund, represented by the Management Company, in regard to the custody and servicing of the Mortgage Loans and the custody of the documents representing the Mortgage Certificates and the Pass-Through Certificates. In consideration of the custody, servicing and management of the Mortgage Loans and custody of the documents representing the Mortgage Certificates and the Pass-Through Certificates, the Servicer shall be entitled to receive in arrears on each of the Payment Dates and during the term of the Servicing Agreement, a subordinated servicing fee equal to 0.01% per annum, inclusive of VAT if there is no exemption, which shall accrue on the exact number of days elapsed and on the sum of the average daily Outstanding Balance of the Mortgage Certificates and of the Pass-Through Certificates serviced during each Interest Accrual Period. If the Servicer should be substituted in that servicing task, because that is legally possible and appropriate in view of circumstances of the Servicer, the Management Company will be entitled to change the above percentage fee in favour of the substitute institution, which fee may be higher than that agreed with BANKINTER under the Servicing Agreement. The servicing fee will be paid on the relevant Payment Date provided that the Fund has sufficient liquidity in the "P" and "T" Priorities of Payments and in the "P" and "T" Liquidation Priorities of Payments, as the case may be.

If due to a shortage of liquidity in the "P" Priority of Payments and in the "T" Priority of Payments, the Fund should, through its Management Company, fail on a Payment Date to pay the full fee due, the amounts overdue shall accumulate without any penalty whatsoever on the fee payable on the following Payment Dates, until paid in full.

Furthermore, on each Payment Date, the Servicer shall be entitled to a reimbursement of all expenses of an exceptional nature incurred in relation to the servicing of the Mortgage Loans, such as expenses or court costs arising in connection with foreclosure, or administering or managing the sale of properties and assets awarded, and after first justifying the same. Those expenses will be paid whenever the Fund has sufficient liquidity and in the "P" Priority of Payments and the "T" Priority of Payments, or, as the case may be, in the "P" and "T" Liquidation Priorities of Payments.

The Servicing Agreement shall be fully terminated in the event that the Rating Agencies should not confirm the provisional ratings assigned to each of the Series as final by the start of the Subscription Period.

BANKINTER shall continue servicing the Mortgage Loans, devoting as Servicer the same time and effort to them and the same degree of skill, care and diligence in servicing the same as it would devote and use to service its own mortgage loans, and will in any event exercise a suitable degree of skill, care and diligence in providing the services for which provision is made in said Servicing Agreement.

In any event, the Servicer waives the privileges and authorities conferred on it by law as the manager of collections for the Fund and as servicer of the Mortgage Loans, and in particular those for which provision is made in articles 1730 and 1780 of the Civil Code and 276 of the Commercial Code.

The most outstanding terms of the Servicing Agreement are set out hereinafter in the following subparagraphs of this section.

#### **IV.2.1 Ordinary system and procedures for servicing and managing the Mortgage Loans.**

The following is the succinct and short description of the ordinary system and procedures (hereinafter the “**services**”) for service and custody of the Mortgage Loans governed by said Servicing Agreement:

##### **1. Term.**

The services shall be provided by the Servicer until all the obligations undertaken by the Servicer as issuer of the Mortgage Certificates and the Pass-Through Certificates terminate in relation to all the Mortgage Loans, once they have been repaid, or when the liquidation of the Fund concludes after it terminates, without prejudice to a potential early termination of the Servicing Agreement, if that is legally possible in accordance with its terms.

##### **2. Custody of deeds, documents and files.**

The Servicer shall keep all deeds, documents and data files relating to the Mortgage Loans and the damage insurance policies of the mortgage properties under safe custody and shall not give up their possession, custody or control other than with the Management Company’s prior written consent for it to do so, unless a document should be required to institute proceedings to foreclose a Mortgage Loan, or any competent authority should so require, and shall inform the Management Company thereof.

The Servicer shall allow the Management Company or the auditors of the Fund duly authorised thereby reasonable access at all times to said deeds, documents and records. Furthermore, whenever it is required to do so by the Management Company, it shall provide within two (2) Business Days of that request and clear of expenses, a copy or photocopy of any of such deeds and documents.

##### **3. Collection management.**

The Servicer shall continue managing collection of all amounts payable by the Obligors under the Mortgage Loans, and any other item including under the insurance contracts of the mortgaged properties securing the Mortgage Loans. The Servicer shall act due diligently for payments to be made by the Obligors to be collected in accordance with the contractual terms and conditions of the Mortgage Loans.

Provided that those payments are received by the Servicer, the latter shall proceed to pay them fully to the Fund on the seventh business day, for same day value, after the date on which they were received by the Servicer, in accordance with the set terms and conditions. In this connection, Saturdays, Sundays and holidays in the capital city of Madrid shall not be considered business days.

In the event that a fall in the Servicer’s debt rating or credit quality resulting in the ratings given by the Rating Agencies to each of the Bond Series falling, the Management Company may, in a written notice addressed to the Servicer, change the collection dates and payment method at any time during the term of the Servicing Agreement, thereby for the amounts received by the Servicer derived from the Mortgage Loans to be previously paid to the Fund, which may indeed occur on the same day of being received by the Servicer.

The Servicer may in no event pay any amount whatsoever to the Fund not previously received from the Obligors as payment for the Mortgage Loans.

#### **4. Fixing the interest rate.**

In connection with Mortgage Loans having a floating interest rate, the Servicer will continue fixing those interest rates in accordance with the provisions of the relevant Mortgage Loans, submitting such relevant communications and notices as may be established in the respective agreements.

#### **5. Extended mortgage.**

If the Servicer should become aware at any time that for any reason the value of a mortgaged property securing a Mortgage Loan has fallen in excess of the percentages permitted by law, it shall, in accordance with the provisions of article 29 of Royal Decree 685/1982, request the Obligor at issue to:

- i) extend the mortgage to other assets sufficient to cover the required ratio of the value of the asset to the Mortgage Loan secured thereby, or
- ii) repay all or such portion of the Mortgage Loan as may be in excess of the amount resulting from applying to the current appraisal the percentage used to initially determine its amount.

If within two months of being requested to extend the Obligor should fail to do so or repay the portion of the Mortgage Loan referred to in the preceding paragraph, the Obligor shall be deemed to have chosen to repay the Mortgage Loan fully, which the Servicer shall forthwith require the Obligor to do.

#### **6. Mortgaged property damage insurance.**

The Servicer shall not take or fail to take any action resulting in the cancellation of any property damage insurance policy covering the mortgaged properties or reducing the amount payable in any claim thereunder. The Servicer shall act due diligently and in any event use the rights conferred under the insurance policies or the Mortgage Loans in order to keep those policies (or any other policy granting equivalent cover) in full force and effect in relation to each Mortgage Loan and the respective property subject of the Mortgage Loan.

The Servicer shall be bound to advance payment of policy premiums not paid by the Obligors whenever it is fully acquainted with this circumstance, without prejudice to its right to be reimbursed by the Fund for amounts so paid.

In the event of a claim, each Servicer shall coordinate actions for collecting compensations derived from the property damage insurance policies on the terms and conditions of the Mortgage Loans and the actual policies, paying the amounts received to the Fund.

#### **7. Information.**

The Servicer shall regularly communicate to the Management Company the information concerning the individual characteristics of each of the Mortgage Loans, fulfilment by the Obligors of their obligations under the Mortgage Loans, delinquency status, changes in the characteristics of the Mortgage Loans, actions in the event of late payment, legal actions and auction of properties, the foregoing subject to the procedures and within the time-periods established in the Servicing Agreement.

Furthermore, the Servicer shall prepare and hand to the Management Company such additional information concerning the Mortgage Loans or the rights attaching thereto as the Management Company may reasonably request, and in particular the documents required for the Management Company, as the case may be, to bring legal actions.

#### **8. Liability of the Servicer.**

The Servicer shall at no time have any liability whatsoever in relation to the obligations of the Management Company as manager of the Fund and manager of Bondholders' interests, nor in relation to the obligations of the Obligors derived from the Mortgage Loans, without prejudice to the liabilities undertaken thereby in the Deed of Constitution as issuer of the Mortgage Certificates and the Pass-Through Certificates subscribed for by the Fund.

The Servicer shall be liable to indemnify the Fund or its Management Company against any damage, loss or expense incurred by the latter due to a breach by the Servicer of its duties to safe-keep, service and report on the Mortgage Loans and to custody the documents representing the Mortgage Certificates and Pass-Through Certificates.

#### **9. Mortgage Loan subrogation.**

The Servicer shall be authorised to permit substitutions in the position of the Obligor under the Mortgage Loan agreements, exclusively where the characteristics of the new mortgagor are similar to those of the former mortgagor and those characteristics observe the policies for granting mortgage loans described in the "Bankinter memorandum on policies for granting mortgage loans" attached to the Fund Deed of Constitution, and moreover provided that the expenses derived from that change are fully borne by the Obligors. The Management Company may fully or partially limit this authority of the Servicer or lay down conditions therefor, in the event that there might be consequences being howsoever detrimental to the rating accorded to the Bonds by the Rating Agencies.

The Obligor may apply to the Servicer for subrogation in connection with the Mortgage Loans pursuant to Mortgage Loan Subrogation and Amendment Act 2/1994. Subrogation of a new creditor under the Mortgage Loan and the ensuing payment of the amount due shall result in a prepayment of a Mortgage Loan and of the relevant Mortgage Certificate or Pass-Through Certificate.

#### **10. Authorities and actions in relation to Mortgage Loan renegotiation procedures.**

The Servicer may not voluntarily cancel the mortgages securing the Mortgage Loans for any reason other than payment of the Mortgage Loan, relinquish or settle in regard thereto, forgive the Mortgage Loans in full or in part or extend the same, or in general do anything that may diminish the status, enforceability at law or economic value of the mortgage or of the Mortgage Loans, without prejudice to its proceeding to heed requests by the Obligors with the same diligence and procedure as if the loans should not have been assigned.

Notwithstanding the above, the Management Company may, as manager of third-party funds and bearing in mind the Obligors' requests to the Servicer directly or under Act 2/1994, previously issue instructions to or authorise the Servicer to agree with the Obligor, subject to the terms and conditions of this section, for a novation changing the relevant Mortgage Loans, either by an interest rate renegotiation or by an extension of the maturity period, provided that those novations are not detrimental to the ranking of the Mortgage Loans.

##### **a) Renegotiating the interest rate.**

1. The Servicer may under no circumstance entertain on its own account and without being so requested by the Obligor, interest rate renegotiations which may result in a decrease in the interest rate applicable to a Mortgage Loan. In any event, whether or not it was generically authorised, any Mortgage Loan interest rate renegotiation shall be taken on and settled bearing in mind the interests of the Fund.

Without prejudice to the provisions hereinafter, any renegotiation subscribed by the Servicer shall be made exclusively with the prior written consent of the Management Company, on behalf of the Fund, and the Servicer agrees to seek such consent from the Management Company as soon as it is aware that a Obligor has requested a renegotiation. The Management Company may nevertheless authorise the Servicer to entertain and accept renegotiations of the interest rate applicable to the Mortgage Loans, requested by the Obligors, without requiring the prior consent of the Management Company, subject to a number of general requirements established in paragraphs 2 and 3 below.

The Management Company may at any time during the term of the Agreement, on behalf of the Fund, cancel, suspend or change the requirements for the Servicer's authorisation to renegotiate which it may previously have determined for the Servicer.

The Servicer shall in renegotiating the Mortgage Loan interest rate clause observe that the new interest rate terms are at arm's length and no different from those applied by the Servicer proper in renegotiating or granting its floating- and fixed-rate mortgage loans. In this connection, arm's

length interest rate shall be deemed to be the interest rate offered by the Servicer on the Spanish market for loans granted to individuals with real estate mortgage security in finished homes in Spanish territory in an amount and on terms substantially similar to the renegotiated Mortgage Loan.

2. The margin applicable to a Mortgage Loan (including the margin if any resulting from a fixed-rate renegotiation as provided for in section 3 below) shall under no circumstances be decreased in being renegotiated where the average margin weighted by the outstanding Mortgage Loan principal, under both the Mortgage Certificates and the Pass-Through Certificates, is less than 0.35%. For the purposes prescribed in this section, the provisions of section 3 below shall govern in the case of renegotiated fixed-rate Mortgage Loans in regard to homogenisation in regard to margin over a benchmark index.

Without prejudice to the provisions of the preceding paragraph, if on the effective date of the renegotiation of the interest rate applicable to a Mortgage Loan, the average margin weighted by the principal not yet due of the Mortgage Loans, under both the Mortgage Certificates and the Pass-Through Certificates, is equal to or less than 0.45% (including the margin if any resulting from a fixed-rate renegotiation as provided for in section 3 below in connection with the fixed-rate renegotiation of Mortgage Loans), the Management Company may accept the renegotiation provided that the Servicer agrees to pay the Fund, for the Mortgage Loan, on each collection date after the effective date of the renegotiation, for as long as the average margin weighted by the outstanding principal of the Mortgage Loans is equal to or below 0.45%, the amount on each Mortgage Loan interest settlement date of the difference in the interest accrued by the Mortgage Loan during each interest settlement period, calculated, as the case may be, on the margin over the benchmark index or fixed interest rate before being modified and the interest actually accrued calculated at the new applicable interest rate set.

3. For the purposes of paragraph 2 above:
  - (i) The margin or spread of a floating-rate Mortgage Loan with a benchmark index other than Euribor or Mibor rates or indices shall be considered to be the result of increasing or reducing the margin applicable to the Mortgage Loan by the difference between the simple averages of the values of the last three (3) months, published by the Bank of Spain, of (a) the Loan benchmark index and (b) the one-year EURIBOR index (one-year Interbank reference).
  - (ii) The novated fixed-rate Mortgage Loan margin shall be deemed to be the difference between the fixed rate applicable to the Mortgage Loan and the EURIBOR BASIS fixed rate on Reuters' ISDAFIX2 screen, or any other replacement screen, at 11:00AM CET on the effective date of the new fixed rate for the term of the average life of the Mortgage Loan based on its new repayment schedule. In the absence of a EURIBOR BASIS, the latter shall be calculated by a straight-line interpolation between the EURIBOR BASIS fixed rates for the lower and higher terms closest to the average life of the Mortgage Loan.

**Calculation of the average life of a novated fixed-rate Mortgage Loan:** average of the time periods from the effective date of the novation until each of the Mortgage Loan settlement dates, using for weighting purposes the weights the principal to be repaid on each settlement date has, in accordance with the applicable repayment system, on the outstanding principal amount, in accordance with the following expression:

$$V = \frac{\sum (P \times d)}{T} \times \frac{1}{365}$$

Where:

*V = Average life of the novated fixed-rate Mortgage Loan expressed in years.*

*P = Principal to be repaid on each settlement date in accordance with the applicable repayment system.*

*d = Number of days elapsed between the effective date of the novation and the relevant settlement date.*

*T = Outstanding principal on the effective date of the novation.*

**b) Extending the period of maturity.**

The final maturity or final amortisation date of the Mortgage Loans may be extended (hereinafter “**extending the term**”) subject to the following rules and limitations:

- (i) The Servicer may in no case entertain on its own account, i.e. without it being so requested by the Obligor, a change in the final maturity date of the Mortgage Loan which may result in an extension of that date. The Servicer, without encouraging an extension of the term, shall act in relation to such extension bearing in mind at all times the Fund’s interests.
- (ii) The aggregate of the initial capital or principal of the Mortgage Loans assigned to the Fund with respect to which the maturity date is extended may not exceed 10.00% of the initial capital or principal assigned to the Fund of the Mortgage Loans, under both the Mortgage Certificates and the Pass-Through Certificates,.
- (iii) The term of a specific Mortgage Loan may be extended provided that the following requirements are met:
  - a) That the periodicity of repayment instalments of the capital or principal of the Mortgage Loan is at all events maintained or increased, albeit keeping the same repayment system in place.
  - b) That the new final maturity or final amortisation date does not extend beyond March 15, 2039.
- (iv) The Management Company may at any time during the term of the Servicing Agreement, on the Fund’s behalf, cancel or suspend the Servicer’s authorisation to extend the term.

If there should be any renegotiation of the interest rate of a Mortgage Loan or its due dates, the Servicer shall forthwith notify the Management Company of the terms resulting from each renegotiation. Such notice shall be made through the software or data file provided for the terms of the Mortgage Loans to be updated. Both the public deeds and the private agreements pertaining to a novation of the terms of the Mortgage Loans will be kept by the Servicer, in accordance with the provisions of paragraph 2 of this section.

In the event of a renegotiation of the interest rate of the Mortgage Loans, or their due dates, consented to by the Management Company, for and on behalf of the Fund, the change in the terms shall affect the Fund.

**11. Action against the Obligors in the event of default on the Mortgage Loans and powers of the holder of the Mortgage Certificates and the Pass-Through Certificates.**

***Actions in the event of late payment.***

The Servicer shall apply an identical diligence and procedure for claiming overdue amounts not paid on the Mortgage Loans as with the rest of its portfolio loans.

In the event of default by the Obligor of the payment obligations, the Servicer shall take the actions described in the Servicing Agreement, taking for that purpose the steps it would ordinarily take if they were its portfolio loans and in accordance with standard banking usage and practice for collecting overdue amounts, and shall be bound to advance such expenses as may be necessary for those actions to be taken, without prejudice to its right to be reimbursed by the Fund. Needless to say, these actions include all such legal actions as the Servicer may deem necessary to claim and collect the amounts due by the Obligors.

***Legal actions.***

The Servicer, using its fiduciary title to the Mortgage Loans or using the power referred to in the following paragraph, shall take all relevant actions against Obligors failing to meet their payment obligations derived

from the Mortgage Loans. Such an action shall be brought using the appropriate court enforcement procedures prescribed in articles 517 et seq. of the Civil Procedure Act.

For the above purposes, and if this should be necessary, the Management Company grants in the Deed of Constitution as full and extensive a power of attorney as may be required at Law to BANKINTER in order that the latter may, acting through any of its attorneys properly empowered for those purposes, for and on behalf of the Management Company, as the authorised representative of the Fund, demand by any judicial or other means the obligor of any of the Mortgage Loans to pay his debt and take legal action against the same, in addition to other authorities required to discharge its duties as Servicer. These authorities may be extended or amended in another deed where appropriate.

The Servicer shall as a general rule apply for foreclosure, advancing all necessary expenses to do so, if, for a period of six (6) months, the Obligor under a Mortgage Loan in default of payment obligations should fail to resume payments or the Servicer, with the Management Company's consent, should fail to obtain a payment undertaking satisfactory to the interests of the Fund, and shall in any event forthwith proceed to apply for such foreclosure if the Management Company, on behalf of the Fund, should deem this fit after analysing the specific circumstances of the case.

In the event of default by any Obligor, the Management Company, acting for and on behalf of the Fund, shall have the following remedies provided for Mortgage Certificates in article 66 of Royal Decree 685/1982, amended by Royal Decree 1289/1991, which will also apply to Pass-Through Certificates in accordance with the provisions of article 18 of Act 44/2002:

- (i) To demand the Servicer to apply for foreclosure.
- (ii) To take part on an equal standing with BANKINTER, as issuer of the Mortgage Certificates and the Pass-Through Certificates, in the foreclosure the latter shall have instituted against the Obligor, intervening to that end in any foreclosure proceedings commenced by the former.
- (iii) If the Servicer should fail to take that action within sixty (60) calendar days of a notice served through a Notary demanding payment of the debt, the Management Company, for and on behalf of the Fund, shall be secondarily entitled to bring the foreclosure action on the Mortgage Loan for both principal and interest.
- (iv) In the event that the proceedings instituted by the Servicer should come to a standstill, the Fund, duly represented by the Management Company, may be subrogated in the position of the former and continue the foreclosure proceedings, without the above period having to elapse.

In the cases provided in paragraphs (iii) and (iv), the Management Company, for and on behalf of the Fund, may apply to the Judge or Notary with jurisdiction to commence or continue with the respective foreclosure proceedings, attaching to the application the original Mortgage Certificate or Pass-Through Certificate, the notice served through a Notary Public provided in section (iii) above and an office certificate as to the registration and subsistence of the mortgage. The Servicer shall be bound to issue a certification of the balance outstanding on the Mortgage Loan.

If this should be required by law, and for the purposes of the provisions of the Civil Procedure Act, BANKINTER shall confer in the Deed of Constitution an irrevocable and as extensive and sufficient a power of attorney as may be required by Law in order for the Management Company, acting for and on behalf of BANKINTER, to demand through a Notary Public payment of the debt by the obligor under any of the Mortgage Loans.

The Management Company, for and on behalf of the Fund as holder of the Mortgage Certificates and the Pass-Through Certificates, may also take part with equal rights with BANKINTER in the foreclosure proceedings and may in this sense, on the terms for which provision is made in the Civil Procedure Act, request the award of the mortgaged property as payment of the Mortgage Loan. The Management Company shall proceed to sell the property awarded within the shortest possible space of time and at arm's length.

Additionally, the Servicer will provide the Management Company with all such documents as the latter may request in relation to the Mortgage Loans and in particular the documents required for the Management Company to take legal actions, as the case may be.

#### **12. Recovery action against the Servicer.**

The Management Company shall, for and on behalf of the Fund, be entitled to file a recovery action against the Servicer claiming the principal and interest falling due under the Mortgage Certificates and the Pass-Through Certificates, where the breach of the obligation to pay those amounts does not result from a default by the Mortgage Loan Obligors.

Upon the Mortgage Loans terminating, the Fund shall, through its Management Company, retain a right of action against the Servicer until fulfilment of its obligations.

#### **13. Set-off.**

In the event that any of the Obligors under the Mortgage Loans should have a liquid credit right, due and payable vis-à-vis the Servicer, and any of the Mortgage Loans should therefore be fully or partially set-off against that credit, the Servicer shall remedy such circumstance or, if it cannot be remedied, the Servicer shall proceed to pay to the Fund the amount set off plus the accrued interest which would have been payable to the Fund until the date on which the payment is made, calculated on the terms applicable to the relevant Mortgage Loan.

#### **14. Subcontracting.**

The Servicer may subcontract any of the services it may have agreed to provide under the Servicing Agreement other than those that may not be so delegated in accordance with the laws in force for the time being. That subcontracting may in no event result in an additional cost or expense for the Fund or the Management Company, and may not result in the rating assigned to each of the Bond Series being adversely revised. Notwithstanding any subcontracting or delegation, the Servicer shall not be exonerated or released under that subcontract or delegation from any of the liabilities undertaken in the Servicing Agreement which may legally be attributed or ascribed to it.

#### **15. Substitution.**

In the event of a breach by the Servicer of the obligations imposed on the Servicer under the Servicing Agreement or in the event of the Servicer's credit rating falling or changing to an extent that may be detrimental to or place the financial structure of the Fund or the Bondholders' rights and interests at risk, the Management Company shall, in addition to demanding the Servicer to fulfil the obligations laid down in the Servicing Agreement, proceed to put in place, where this is legally possible, inter alia and after notifying the Rating Agencies, any of the following actions: (i) demanding the Servicer to subcontract or delegate to another undertaking the performance of the obligations and undertakings made in the Servicing Agreement; (ii) having another undertaking with such credit rating and quality that there shall be no detriment to the rating assigned to the Bonds by the Rating Agencies secure all or part of the Servicer's obligations; (iii) terminating the Servicing Agreement, where this is legally possible, in which case the Management Company shall previously designate a new Servicer, provided that its credit quality is acceptable and not detrimental to the rating given to the Bonds by the Rating Agencies and that the Servicer accepts the obligations contained in the Servicing Agreement or, as the case may be, in a new servicing agreement.

Furthermore, in the event of bankruptcy or insolvency, or indications of both, administration by the Bank of Spain, liquidation or substitution of the Servicer, the Management Company may demand the Servicer to notify Obligors of the transfer to the Fund of the outstanding Mortgage Loans, and that the payments derived therefrom will only be effective as a discharge if made into the Treasury Account opened in the name of the Fund. However, both in the event of the Servicer failing to notify Obligors within five (5) Business Days of receiving the request and in the event of the Servicer going bankrupt or into liquidation, the Management Company itself shall directly or, as the case may be, through a new Servicer it shall have designated, notify Obligors, observing, as the case may be, insolvency rules.

Upon the early termination of the Servicing Agreement, the Servicer shall provide the new Servicer, on demand by the Management Company and as determined thereby, with the necessary documents and data files for it to carry on the relevant activities.

**Final maturity date and residual life.**

The final maturity of the seven thousand seven hundred and thirty-five (7,735) provisional portfolio mortgage loans falls on dates comprised between June 25, 2006 and March 15, 2039.

Loans are repaid throughout the life remaining until full repayment, during which period mortgagors must pay monthly instalments comprising capital repayment and interest.

At any time during the life of the loans, mortgagors may prepay all or part of the outstanding capital, in which case the accrual of interest on the part prepaid will cease as of the date on which the repayment occurs.

The following table shows the distribution of the mortgage loans according to final maturity date in yearly intervals.

- (i) Outstanding principal of the portfolio as of January 3, 2005 from which the Mortgage Loans assigned to the Fund will be taken: EUR 1,110,440,460.91.
- (ii) Mortgage Certificate interest rate: 2.899% weighted average interest rate as of January 3, 2005 of the portfolio of seven thousand seven hundred and thirty-five (7,735) mortgage loans selected for the issue of the Mortgage Certificates which has been used for calculating the repayment instalments and interest of each of the selected mortgage loans.
- (iii) Pass-Through Certificate interest rate: 2.879% weighted average interest rate as of January 3, 2005 of the portfolio of two thousand and forty-six (2,046) mortgage loans selected for the issue of the Pass-Through Certificates which has been used for calculating the repayment instalments and interest of each of the selected mortgage loans.
- (iv) CPR: 8% and 10% per annum.
- (v) Delinquency rate: 0.10% per annum of the outstanding balance of the mortgage loans, with 100% recoveries within 15 months of becoming delinquent.
- (vi) Defaults considered bad debts: 0%.

**b) Mortgage Certificates and Pass-Through Certificates.**

- (i) Principal: 100% participation in the Mortgage Loan outstanding principal.
- (ii) Interest: 100% participation in the interest rate applicable to the Mortgage Loans.

**V.1.2 Analysis of and comments on the impact that potential changes in the assumptions described in the preceding point would have on the financial balance of the Fund.**

In order to hedge the contingent credit risk due to delinquency and default on the Mortgage Loans, it has been resolved to set up “P” and “T” Cash Reserves, initially provisioned by respectively drawing under the “P” and “T” Subordinated Loans in order to fulfil on each Payment Date, upon a shortage of Available Funds, certain of the Fund’s payment or withholding obligations, which include payment of interest and principal on the Bonds. Moreover, the deferred interest payment and principal repayment of the Series C(P) and C(T) Bonds respectively with respect to the Class A(P) and Class A(T) and the Series B(P) and Series B(T) Bonds, and of the latter respectively with respect to the Class A(P) and Class A(T) Bonds, derived from their position in the application of the “P” and “T” Available Funds and from the rules for Distribution of “P” and “T” Available Funds for Amortisation between each Series respectively in the “P” and “T” Priority of Payments, is a mechanism for distinctly hedging the different Series.

The base interest risk resulting in the Fund between Mortgage Loan interest, floating with different benchmark indices (mortgage market 1-year Mibor/Euribor), or fixed, as the case may be, as a result of subsequent renegotiations, and different revision periods and instalment settlement date, and the floating interest on the Bonds based on 3-month Euribor and with quarterly accrual and settlement periods, is neutralised by means of the Interest Swap, which does not neutralise the credit risk remaining in the Fund, since calculation of amounts payable and receivable by the Fund is based on a single notional which includes the Outstanding Balance of Mortgage Loans in good standing in payment of amounts due and with a default over a term not in excess of eighteen (18) months.

As for the incidence the prepayment of the Mortgage Loans might have on the Bonds, section II.12.a) of this Offering Circular contains a table showing the performance as to average life and duration of the Bonds for different effective constant annual early amortisation or prepayment rates (CPRs).

In general, the quality of the Mortgage Loans and the mechanisms and financial hedge transactions in place for maintaining the financial balance of the Fund are such that they have been considered sufficient by the Rating Agencies to assign the ratings to each of the Bond Series contained in section II.3 of this Offering Circular. These ratings express the Rating Agencies’ opinion about the Fund’s capacity to meet interest payments as they fall due on each set Payment Date and principal repayment during the life of the Fund and, in any event, by the Final Maturity Date.

**V.1.3 Number outline of the cash flows of funds.**

The number outline set forth hereinafter relates to collections and payments derived from the application of a cash policy, for ease of understanding of the investor, though in accordance with the provisions of section V.2 of this Offering Circular, the Fund will apportion income and expenditure in time in accordance with the accruals principle.

This outline is based not only on the assumptions referred to in section V.1.1 above but also on those assumptions remaining constant throughout the life of the Fund, whereas it is well-known that the relevant variables, particularly interest rates of the Bonds in all Series, and actual interest rates and delinquency, default and prepayment rates of the Mortgage Loans are subject to continual changes.

Now, therefore, the value of that number outline is merely illustrative.

This is a Certified Translation into English of the Spanish Offering Circular. No document other than the Spanish Offering Circular approved by the Comisión Nacional del Mercado de Valores may have any legal effect whatsoever or be taken into account with respect to the Bond Issue.

## **V.2 Accounting policies used by the Fund.**

The income and expenditure will be accounted for by the Fund in accordance with the accruals principle, i.e. according to the actual flow of such income and expenditure, irrespective of the time when they are collected and paid.

The expenses of setting up the Fund and issuing the Bonds detailed in section II.14 will be subject to a straight-line depreciation during the months elapsing since the constitution of the Fund until December 31, 2009, inclusive.

The Fund's fiscal year shall match a calendar year. However, the first fiscal year will exceptionally begin on the date of constitution of the Fund and the last fiscal year will end on the date on which the Fund terminates.

## **V.3 Description of the purpose or object of the financial transactions arranged by the Management Company on behalf of the Fund, in order to enhance the risk, increase payment regularity, neutralise interest rate differences on the Mortgage Loans, or, in general, transform the financial characteristics of all or part of said securities.**

In order to consolidate the financial structure of the Fund, enhance the safety or regularity in payment of the Bonds, cover the timing differences between the scheduled principal and interest flows on the Mortgage Loans and the Bonds, or, generally, transform the financial characteristics of the Mortgage Loans, and supplement management of the Fund, the Management Company shall, on behalf of the Fund, upon executing the Deed of Constitution, proceed to formally enter into the agreements established hereinafter in this section, in accordance with the provisions of article 6.1 of Royal Decree 926/1998.

- (i) Guaranteed Interest Rate Account (Treasury Account) Agreement.
- (ii) "P" Guaranteed Interest Rate Account ("P" Amortisation Account) Agreement.
- (iii) "T" Guaranteed Interest Rate Account ("T" Amortisation Account) Agreement.
- (iv) "P" Subordinated Loan Agreement.
- (v) "T" Subordinated Loan Agreement.
- (vi) "P" Start-Up Loan Agreement.
- (vii) "T" Start-Up Loan Agreement.
- (viii) "P" Interest Swap Agreement.
- (ix) "T" Interest Swap Agreement.
- (x) Mortgage Loan Servicing and Mortgage Certificate and Pass-Through Certificate Custody Agreement.
- (xi) Bond Issue Management, Underwriting and Placement Agreement.
- (xii) Bond Paying Agent Agreement.

The description of the most relevant terms of the Bond Issue Management, Underwriting and Placement Agreement and of the Mortgage Loan Servicing and Mortgage Certificate and Pass-Through Certificate

Custody Agreement may be respectively found in sections II.19.3 and IV.2. The description of the rest of the above agreements may be found in this section V.3.

The Management Company, acting for and on behalf of the Fund, may extend or amend the agreements entered into on the Fund's behalf, substitute, as the case may be, each of the service providers to the Fund on the terms laid down in each of the agreements and indeed, if necessary, enter into additional agreements, including new credit facility agreements, in accordance with the laws and regulations in force from time to time. In any event, those actions shall require that the Management Company first notify or secure the prior authorisation, if necessary, of the CNMV or competent administrative body and notify the Rating Agencies, and provided that such changes are not detrimental to the rating assigned to the Bonds by the Rating Agencies. The amendment of the Deed of Constitution or of the agreements or the entry into additional agreements shall be notified by the Management Company to the CNMV as a relevant event or as a supplement to the Offering Circular, as the case may be. The Deed of Constitution or the agreements may also be corrected upon a request by the CNMV.

### **V.3.1 Guaranteed Interest Rate Account (Treasury Account) Agreement.**

The Management Company, acting for and on behalf of the Fund, and BANKINTER shall enter into a Guaranteed Interest Rate Account (Treasury Account) Agreement whereby BANKINTER will guarantee a variable yield on the amounts paid by the Fund through its Management Company into a financial account. The Guaranteed Interest Rate Account (Treasury Account) Agreement shall specifically determine that all amounts received by the Fund will be paid into a financial account in euros (the "Treasury Account") opened at BANKINTER, in the name of the Fund by the Management Company, which amounts shall mostly consist of the following items:

- (v) "P" and "T" Start-Up Loan principal drawn down;
- (vi) amounts paid to the Fund under the "P" and "T" Interest Swap Agreements;
- (vii) the amounts of the returns obtained on the balances existing in the actual Treasury Account; and
- (viii) the amounts of withholdings on account of the return on investments to be effected on each relevant Payment Date on the Bond interest paid by the Fund, until due for payment to the Tax Administration.

BANKINTER guarantees an annual nominal interest rate, variable quarterly and settled quarterly, other than for the first interest accrual period, applicable for each Interest Accrual Period to the positive balances if any on the Treasury Account, equivalent to the Bond Reference Rate determined for each Interest Accrual Period, transformed to an interest rate based on 365-day calendar years (i.e., multiplied by 365 and divided by 360). The accrued interest to be settled on January 16, April 16, July 16 and October 16 in each year or the following Business Day if any of those is not a Business Day, shall be calculated based on: (i) the exact number of days in each Interest Accrual Period, and (ii) a three hundred-and-sixty-five (365-) day year. The first interest settlement date shall be April 18, 2005, because neither April 16 nor April 17, 2005 are Business Days.

In the event that the rating of the non-subordinated and unsecured short-term debt of BANKINTER should, at any time during the life of the Bonds, fall below P-1 or F1 respectively in Moody's and Fitch's rating scales, the Management Company shall within not more than thirty (30) calendar days from the time of the occurrence of any such circumstances put in place, after notifying the Rating Agencies, any of the options described hereinafter allowing a suitable level of guarantee to be maintained with respect to the commitments

derived from this Agreement in order for the rating given to the Bonds by the Rating Agencies not to be adversely affected:

- a) Obtaining from an institution having a credit rating for its non-subordinated and unsecured short-term debt of at least P-1 and F1 respectively in Moody's and Fitch's rating scales, a first demand guarantee securing for the Fund, merely upon the Management Company so requesting, prompt payment by BANKINTER of its obligation to repay the amounts deposited in the Treasury Account, during the time over which the loss of the P-1 or F1 ratings is maintained by BANKINTER.
- b) Transferring the Fund's Treasury Account to an institution whose non-subordinated and unsecured short-term debt has a rating of at least P-1 and F1 respectively in Moody's and Fitch's rating scales, arranging the highest possible yield for its balances, which may differ from that arranged with BANKINTER under this Agreement.
- c) If options a) and b) above are not possible, obtaining from BANKINTER or a third party collateral security in favour of the Fund on financial assets with a credit quality of not less than that of Spanish State Government Debt (*Deuda Pública del Estado Español*), in an amount sufficient to guarantee the commitments established in this Agreement.
- d) Moreover, if the above options should not be feasible on the set terms, the Management Company may invest the balances for periods not extending beyond the following Payment Date, in short-term fixed-income assets in euros issued by institutions having ratings of at least P-1 and F1 for non-subordinated and unsecured short-term debt respectively in Moody's and Fitch's rating scales, including short-term securities issued by the Spanish State, in which case the yield obtained could also differ from that obtained initially with BANKINTER under this Agreement.
- e) In both events b) and d), the Management Company shall subsequently transfer the balances back to BANKINTER under the Guaranteed Interest Rate Account (Treasury Account) Agreement, in the event that BANKINTER's non-subordinated and unsecured short-term debt should again attain the P-1 and/or F1 ratings respectively in Moody's and Fitch's above-mentioned rating scales.

The Guaranteed Interest Rate Account (Treasury Account) Agreement partly mitigates the risk relating to the timing difference between the Fund's receipts of principal and interest on the Mortgage Certificates and the Pass-Through Certificates, the periodicity of which differs from the quarterly amortisation and interest payment on the Bonds.

### **V.3.2 "P" Guaranteed Interest Rate Account ("P" Amortisation Account) Agreement.**

The Management Company, acting for and on behalf of the Fund, and BANKINTER shall enter into a "P" Guaranteed Interest Rate Account ("P" Amortisation Account) Agreement whereby BANKINTER will guarantee a variable yield on the amounts paid by the Fund through its Management Company into a financial account. The "P" Guaranteed Interest Rate Account ("P" Amortisation Account) Agreement shall specifically determine that the amounts of the "P" Available Funds for Amortisation not applied to Bond amortisation from the first Payment Date (April 18, 2005) until the Payment Date falling on April 16, 2006, inclusive, will be paid into a financial account in euros (the "P" Amortisation Account") opened at BANKINTER in the name of the Fund by the Management Company.

BANKINTER guarantees an annual nominal interest rate, variable quarterly and settled quarterly, other than for the first interest accrual period, applicable for each Interest Accrual Period to the positive balances if any on the "P" Amortisation Account, equivalent to the Bond Reference Rate determined for each Interest Accrual Period, transformed to an interest rate based on 365-day calendar years (i.e., multiplied by 365 and divided by 360). The accrued interest to be settled on January 16, April 16, July 16 and October 16 in each year or the following Business Day if any of those is not a Business Day, shall be calculated based on: (i) the exact number of days in each Interest Accrual Period, and (ii) a three hundred-and-sixty-five (365-) day year. The first interest settlement date shall be April 18, 2005, because neither April 16 nor April 17, 2005 are Business Days.

In the event that the rating of the non-subordinated and unsecured short-term debt of BANKINTER should, at any time during the life of the Bonds, fall below P-1 or F1 respectively in Moody's and Fitch's rating scales, the Management Company shall within not more than thirty (30) calendar days from the time of the

occurrence of any such circumstances put in place, after notifying the Rating Agencies, any of the options described hereinafter allowing a suitable level of guarantee to be maintained with respect to the commitments derived from this Agreement in order for the rating given to the Bonds by the Rating Agencies not to be adversely affected:

- a) Obtaining from an institution having a credit rating for its non-subordinated and unsecured short-term debt of at least P-1 and F1 respectively in Moody's and Fitch's rating scales, a first demand guarantee securing for the Fund, merely upon the Management Company so requesting, prompt payment by BANKINTER of its obligation to repay the amounts deposited in the "P" Amortisation Account, during the time over which the loss of the P-1 or F1 ratings is maintained by BANKINTER.
- b) Transferring the Fund's "P" Amortisation Account to an institution whose non-subordinated and unsecured short-term debt has a rating of at least P-1 and F1 respectively in Moody's and Fitch's rating scales, arranging the highest possible yield for its balances, which may differ from that arranged with BANKINTER under this Agreement.
- c) If options a) and b) above are not possible, obtaining from BANKINTER or a third party collateral security in favour of the Fund on financial assets with a credit quality of not less than that of Spanish State Government Debt (*Deuda Pública del Estado Español*), in an amount sufficient to guarantee the commitments established in this Agreement.
- d) Moreover, if the above options should not be feasible on the set terms, the Management Company may invest the balances for periods not extending beyond the following Payment Date, in short-term fixed-income assets in euros issued by institutions having ratings of at least P-1 and F1 for non-subordinated and unsecured short-term debt respectively in Moody's and Fitch's rating scales, including short-term securities issued by the Spanish State, in which case the yield obtained could also differ from that obtained initially with BANKINTER under this Agreement.
- e) In both events b) and d), the Management Company shall subsequently transfer the balances back to BANKINTER under the "P" Guaranteed Interest Rate Account ("P" Amortisation Account) Agreement, in the event that BANKINTER's non-subordinated and unsecured short-term debt should again attain the P-1 and/or F1 ratings respectively in Moody's and Fitch's above-mentioned rating scales.

The "P" Guaranteed Interest Rate Account ("P" Amortisation Account) Agreement shall be fully terminated in the event that the Rating Agencies should not confirm the provisional ratings assigned to each of the Series as final by the start of the Subscription Period. Moreover, the "P" Amortisation Account shall be closed from the Payment Date falling on July 17, 2006, because July 16, 2006 is not a Business Day, once it is settled by the Management Company.

### **V.3.3 "T" Guaranteed Interest Rate Account ("T" Amortisation Account) Agreement.**

The Management Company, acting for and on behalf of the Fund, and BANKINTER shall enter into a "T" Guaranteed Interest Rate Account ("T" Amortisation Account) Agreement whereby BANKINTER will guarantee a variable yield on the amounts paid by the Fund through its Management Company into a financial account. The "T" Guaranteed Interest Rate Account ("T" Amortisation Account) Agreement shall specifically determine that the amounts of the "T" Available Funds for Amortisation not applied to Bond amortisation from the first Payment Date (April 18, 2005) until the Payment Date falling on April 16, 2006, inclusive, will be paid into a financial account in euros (the "T" Amortisation Account") opened at BANKINTER in the name of the Fund by the Management Company.

BANKINTER guarantees an annual nominal interest rate, variable quarterly and settled quarterly, other than for the first interest accrual period, applicable for each Interest Accrual Period to the positive balances if any on the "T" Amortisation Account, equivalent to the Bond Reference Rate determined for each Interest Accrual Period, transformed to an interest rate based on 365-day calendar years (i.e., multiplied by 365 and divided by 360). The accrued interest to be settled on January 16, April 16, July 16 and October 16 in each year or the following Business Day if any of those is not a Business Day, shall be calculated based on: (i) the exact number of days in each Interest Accrual Period, and (ii) a three hundred-and-sixty-five (365-) day year. The first interest settlement date shall be April 18, 2005, because neither April 16 nor April 17, 2005 are Business Days.

In the event that the rating of the non-subordinated and unsecured short-term debt of BANKINTER should, at any time during the life of the Bonds, fall below P-1 or F1 respectively in Moody's and Fitch's rating scales, the Management Company shall within not more than thirty (30) calendar days from the time of the occurrence of any such circumstances put in place, after notifying the Rating Agencies, any of the options described hereinafter allowing a suitable level of guarantee to be maintained with respect to the commitments derived from this Agreement in order for the rating given to the Bonds by the Rating Agencies not to be adversely affected:

- a) Obtaining from an institution having a credit rating for its non-subordinated and unsecured short-term debt of at least P-1 and F1 respectively in Moody's and Fitch's rating scales, a first demand guarantee securing for the Fund, merely upon the Management Company so requesting, prompt payment by BANKINTER of its obligation to repay the amounts deposited in the "T" Amortisation Account, during the time over which the loss of the P-1 or F1 ratings is maintained by BANKINTER.
- b) Transferring the Fund's "T" Amortisation Account to an institution whose non-subordinated and unsecured short-term debt has a rating of at least P-1 and F1 respectively in Moody's and Fitch's rating scales, arranging the highest possible yield for its balances, which may differ from that arranged with BANKINTER under this Agreement.
- c) If options a) and b) above are not possible, obtaining from BANKINTER or a third party collateral security in favour of the Fund on financial assets with a credit quality of not less than that of Spanish State Government Debt (*Deuda Pública del Estado Español*), in an amount sufficient to guarantee the commitments established in this Agreement.
- d) Moreover, if the above options should not be feasible on the set terms, the Management Company may invest the balances for periods not extending beyond the following Payment Date, in short-term fixed-income assets in euros issued by institutions having ratings of at least P-1 and F1 for non-subordinated and unsecured short-term debt respectively in Moody's and Fitch's rating scales, including short-term securities issued by the Spanish State, in which case the yield obtained could also differ from that obtained initially with BANKINTER under this Agreement.
- e) In both events b) and d), the Management Company shall subsequently transfer the balances back to BANKINTER under the "T" Guaranteed Interest Rate Account ("T" Amortisation Account) Agreement, in the event that BANKINTER's non-subordinated and unsecured short-term debt should again attain the P-1 and/or F1 ratings respectively in Moody's and Fitch's above-mentioned scales.

The "T" Guaranteed Interest Rate Account ("T" Amortisation Account) Agreement shall be fully terminated in the event that the Rating Agencies should not confirm the provisional ratings assigned to each of the Series as final by the start of the Subscription Period. Moreover, the "T" Amortisation Account shall be closed from the Payment Date falling on July 17, 2006 because July 16, 2006 is not a Business Day, once it is settled by the Management Company.

#### **V.3.4 "P" Subordinated Loan Agreement.**

The Management Company shall, for and on behalf of the Fund, enter with BANKINTER into a commercial subordinated loan agreement (the "P" Subordinated Loan Agreement") amounting to EUR seven million four hundred and fifty thousand (7,450,000.00) which shall be drawn down and used on the Closing Date for initially provisioning and setting up the "P" Cash Reserve on the terms for which provision is made in section III.2.3 of this Offering Circular, although the granting of the Loan by no means secures a guarantees performance of the Mortgage Certificates.

##### *Repayment.*

"P" Subordinated Loan principal shall be repaid on each of the Payment Dates in an amount equal to the positive difference existing between the Required "P" Cash Reserve on the preceding Payment Date and the Required "P" Cash Reserve on the relevant Payment Date, and in the application priority established for that event in the "P" Priority of Payments.

In the event that the Fund should not have sufficient liquidity to proceed to the relevant repayment of the "P" Subordinated Loan on a Payment Date, in the "P" Priority of Payments, the portion of the principal not repaid

shall be repaid on the following Payment Date along with the amount that should be repaid, as the case may be, on that same Payment Date, until it is fully repaid.

*Financial yield.*

The "P" Subordinated Loan shall have a twofold remuneration:

1. Ordinary interest rate: the "P" Subordinated Loan outstanding principal shall accrue an annual nominal interest, determined quarterly in each interest accrual period (differing from the Interest Accrual Periods established for the Bonds), which shall be the result of adding: (i) the Reference Rate determined for the Bonds, and (ii) an initial 6.00% margin for the first Interest Accrual Period, to be reduced in each of the following interest accrual periods by 0.10% over the margin applied for the preceding interest accrual period, down to a minimum margin of 1.50%. Interest accrued shall be settled on the date of expiration of each interest accrual period (on January 16, April 16, July 16 and October 16 until final amortisation) and be payable when due on each of the Payment Dates, and shall be calculated based on: (i) the exact number of days in each interest accrual period and (ii) a three hundred-and-sixty- (360-) day year. The first interest settlement date shall fall on April 16, 2005, and shall be payable on the Payment Date falling on April 18, 2005, because neither April 16 nor April 17, 2005 are Business Days. Interest shall be paid on the relevant Payment Date provided that the Fund has sufficient liquidity in the "P" Priority of Payments or, as the case may be, in the "P" Liquidation Priority of Payments.

Ordinary interest accrued and not paid on a Payment Date shall be accumulated to the "P" Subordinated Loan principal, earning late-payment interest at the same ordinary interest rate applicable for the interest accrual period at issue, and shall be paid, provided that the Fund has sufficient liquidity, on the following Payment Date and in the same number provided for payment of ordinary "P" Subordinated Loan interest in the "P" Priority of Payments.

2. A variable subordinated remuneration which shall be determined and accrue upon the expiration of each quarterly period, which shall comprise the three calendar months preceding the month of each Payment Date, as an amount equal to the positive difference, if any, between the income and expenditure detailed below, including losses brought forward, if any, accrued by the Fund with reference to its accounts and before the close of the months of March, June, September and December, being the last month of each calendar quarter. In order to determine the variable subordinated remuneration attributable to the "P" Subordinated Loan, the Fund's income and expenditure relating to the following shall be considered:

- (i) Mortgage Certificates or the relevant Mortgage Loans.
- (ii) "P" Bond Issue.
- (iii) "P" Interest Swap.
- (iv) "P" Start-Up Loan.
- (v) "P" Subordinated Loan.
- (vi) "P" Amortisation Account.
- (vii) "P" Cash Reserve.
- (viii) Any income or expense originating in or directly or indirectly attributable to the above items, such as Treasury Account returns, Servicing Agreement fee and expenses, Management Company fee, Paying Agent Agreement fee and deferred Fund constitution and "P" Bond Issue expenses.

The variable remuneration accrued, if any, at the close of the months of March, June, September and December, shall be settled on the Payment Date immediately after the last day of each of said months, provided that the Fund has sufficient liquidity in the "P" Priority of Payments or the "P" Liquidation Priority of Payments, as the case may be.

The variable remuneration amount accrued and not paid on a Payment Date shall not be accumulated to the "P" Subordinated Loan principal nor accrue late-payment interest, and will be paid, provided that the Fund has sufficient liquidity, on the following Payment Date along with the variable remuneration amount, if any, accrued in the following quarterly period, in the "P" Priority of Payments.

The "P" Subordinated Loan Agreement shall be fully terminated in the event that the Rating Agencies should not confirm the provisional ratings assigned to each of the Series as final by the start of the Subscription Period.

### **V.3.5 "T" Subordinated Loan Agreement.**

The Management Company shall, for and on behalf of the Fund, enter with BANKINTER into a commercial subordinated loan agreement (the "'T" Subordinated Loan Agreement") amounting to EUR seven million eight hundred and thirty thousand (7,830,000.00) which shall be drawn down and used on the Closing Date for initially provisioning and setting up the "T" Cash Reserve on the terms for which provision is made in section III.2.3 of this Offering Circular, although the granting of the Loan by no means secures a guarantees performance of the Pass-Through Certificates.

#### *Repayment.*

"T" Subordinated Loan principal shall be repaid on each of the Payment Dates in an amount equal to the positive difference existing between the Required "T" Cash Reserve on the preceding Payment Date and the Required "T" Cash Reserve on the relevant Payment Date, and in the application priority established for that event in the "T" Priority of Payments.

In the event that the Fund should not have sufficient liquidity to proceed to the relevant repayment of the "T" Subordinated Loan on a Payment Date, in the "T" Priority of Payments, the portion of the principal not repaid shall be repaid on the following Payment Date along with the amount that should be repaid, as the case may be, on that same Payment Date, until it is fully repaid.

#### *Financial yield.*

The "T" Subordinated Loan shall have a twofold remuneration:

1. Ordinary interest rate: the "T" Subordinated Loan outstanding principal shall accrue an annual nominal interest, determined quarterly in each interest accrual period (differing from the Interest Accrual Periods established for the Bonds), which shall be the result of adding: (i) the Reference Rate determined for the Bonds, and (ii) an initial 6.00% margin for the first Interest Accrual Period, to be reduced in each of the following interest accrual periods by 0.10% over the margin applied for the preceding interest accrual period, down to a minimum margin of 1.50%. Interest accrued shall be settled on the date of expiration of each interest accrual period (on January 16, April 16, July 16 and October 16 until final amortisation) and be payable when due on each of the Payment Dates, and shall be calculated based on: (i) the exact number of days in each interest accrual period and (ii) a three hundred-and-sixty- (360-) day year. The first interest settlement date shall fall on April 16, 2005, and shall be payable on the Payment Date falling on April 18, 2005, because neither April 16 nor April 17, 2005 are Business Days. Interest shall be paid on the relevant Payment Date provided that the Fund has sufficient liquidity in the "T" Priority of Payments or, as the case may be, in the "T" Liquidation Priority of Payments.

Ordinary interest accrued and not paid on a Payment Date shall be accumulated to the "T" Subordinated Loan principal, earning late-payment interest at the same ordinary interest rate applicable for the interest accrual period at issue, and shall be paid, provided that the Fund has sufficient liquidity, on the following Payment Date and in the same number provided for payment of ordinary "T" Subordinated Loan interest in the "T" Priority of Payments.

2. A variable subordinated remuneration which shall be determined and accrue upon the expiration of each quarterly period, which shall comprise the three calendar months preceding the month of each Payment Date, as an amount equal to the positive difference, if any, between the income and expenditure detailed below, including losses brought forward, if any, attributable to it, accrued by the Fund with reference to its accounts and before the close of the months of March, June, September and December, being the last month of each calendar quarter. In order to determine the variable subordinated remuneration attributable to the "T" Subordinated Loan, the Fund's income and expenditure relating to the following shall be considered:

- (i) Pass-Through Certificates or the relevant Mortgage Loans.
- (ii) "T" Bond Issue.

- (iii) "T" Interest Swap.
- (iv) "T" Start-Up Loan.
- (v) "T" Subordinated Loan.

The variable remuneration accrued, if any, at the close of the months of March, June, September and December, shall be settled on the Payment Date immediately after the last day of each of said months, provided that the Fund has sufficient liquidity in the "T" Priority of Payments or the "T" Liquidation Priority of Payments, as the case may be.

The variable remuneration amount accrued and not paid on a Payment Date shall not be accumulated to the "T" Subordinated Loan principal nor accrue late-payment interest, and will be paid, provided that the Fund has sufficient liquidity, on the following Payment Date along with the variable remuneration amount, if any, accrued in the following quarterly period, in the "T" Priority of Payments.

The "T" Subordinated Loan Agreement shall be fully terminated in the event that the Rating Agencies should not confirm the provisional ratings assigned to each of the Series as final by the start of the Subscription Period.

#### **V.3.6 "P" Start-Up Loan Agreement.**

The Management Company shall, for and on behalf of the Fund, enter with BANKINTER into a commercial loan agreement amounting to EUR one million two hundred and thirty thousand (1,230,000.00) (the "**P**" **Start-Up Loan Agreement**") which shall be drawn down on the Closing Date and be allocated to financing the expenses of setting up the Fund and of the "P" Bond Issue and finance partially the subscription for the Mortgage Certificates.

The "P" Start-Up Loan will accrue an annual nominal interest, determined quarterly for each interest accrual period (differing from the Interest Accrual Periods established for the Bonds), which shall be the result of adding: (i) the Reference Rate determined for the Bonds, and (ii) a 2.00% margin. Interest accrued shall be settled on the date of expiration of each interest accrual period (on January 16, April 16, July 16 and October 16 until final repayment) and be payable when due on each of the Payment Dates, and shall be calculated based on: (i) the exact number of days in each Interest Accrual Period and (ii) a three hundred-and-sixty-(360-) day year. Interest accrued and not paid on a Payment Date will be accumulated and accrue a late-payment interest at the same ordinary interest rate as the "P" Start-Up Loan interest and will be paid, provided that the Fund has sufficient liquidity, and in the "P" Priority of Payments, on the following Payment Date and in the same place provided for payment of ordinary interest on the "P" Start-Up Loan in accordance with the "P" Priority of Payments.

Repayment will be effected quarterly on each of the Payment Dates as follows:

- (i) The portion of "P" Start-Up Loan principal actually used to finance the Fund constitution and "P" Bond issue expenses and finance partially the subscription for the Mortgage Certificates shall be repaid in twenty (20) consecutive quarterly instalments in an equal amount, on each Payment Date, the first of which shall be the first Payment Date, April 18, 2005, because neither April 16 nor April 17, 2005 are Business Days, and the following until the Payment Date falling on January 16, 2010, inclusive.

- (ii) The portion of "P" Start-Up Loan principal not used, as the case may be, shall be repaid on the first Payment Date, April 18, 2005, because neither April 16 nor April 17, 2005 are Business Days.

In the event that the Fund should not have sufficient liquidity, in the "P" Priority of Payments, on a Payment Date to proceed to the partial repayment falling due on the "P" Start-Up Loan, then the portion of principal not repaid shall be repaid on the following Payment Date along with the amount that should be repaid on that same Payment Date, as the case may be, until it is fully repaid.

Payment of amounts not paid on preceding Payment Dates shall take precedence over amounts falling due under the "P" Start-Up Loan on that Payment Date, satisfying in the first place overdue interest and secondly repayment of principal, in the "P" Priority of Payments or the "P" Liquidation Priority of Payments, as the case may be.

#### **V.3.7 "T" Start-Up Loan Agreement.**

The Management Company shall, for and on behalf of the Fund, enter with BANKINTER into a commercial loan agreement amounting to EUR five hundred and fifty thousand (550,000.00) (the "**T**" **Start-Up Loan Agreement**") which shall be drawn down on the Closing Date and be allocated to financing the expenses of setting up the Fund and of the "T" Bond Issue and finance partially the subscription for the Pass-Through Certificates.

Interest accrued and not paid on a Payment Date will be accumulated and accrue a late-payment interest at the same ordinary interest rate as the "T" Start-Up Loan interest and will be paid, provided that the Fund has sufficient liquidity, and in the "T" Priority of Payments, on the following Payment Date and in the same place provided for payment of ordinary interest on the "T" Start-Up Loan in accordance with the "T" Priority of Payments.

Repayment will be effected quarterly on each of the Payment Dates as follows:

- (i) The portion of "T" Start-Up Loan principal actually used to finance the Fund constitution and "T" Bond issue expenses and finance partially the subscription for the Pass-Through Certificates shall be repaid in twenty (20) consecutive quarterly instalments in an equal amount, on each Payment Date, the first of which shall be the first Payment Date, April 18, 2005, because neither April 16 nor April 17, 2005 are Business Days, and the following until the Payment Date falling on January 16, 2010, inclusive.

Payment of amounts not paid on preceding Payment Dates shall take precedence over amounts falling due under the "T" Start-Up Loan on that Payment Date, satisfying in the first place overdue interest and secondly repayment of principal, in the "T" Priority of Payments or in the "T" Liquidation Priority of Payments.

### **V.3.8 “P” Interest Swap Agreement.**

The Management Company shall, for and on behalf of the Fund, enter with BANKINTER, into an interest swap agreement (the **“P” Interest Swap Agreement** or the **“P” Interest Swap**) based on the standard ISDA Master Agreement (1991 Definitions), the most relevant characteristics of which are described below.

Under the “P” Interest Swap Agreement, the Fund will make payments to BANKINTER calculated on the Mortgage Certificate reference rate, and in consideration BANKINTER will make payments to the Fund calculated on the Reference Rate determined for the Bonds, the foregoing as described hereinafter.

#### **2. Settlement periods.**

##### **Party A:**

The settlement periods for Party A shall be the exact number of days elapsed between two consecutive settlement dates, not including the first but including the last date. Exceptionally, the length of the first settlement period for Party A shall be equivalent to the exact number of days elapsed between the day on which the Fund is constituted (inclusive) and April 18, 2005, because neither April 16 nor April 17, 2005 are Business Days (inclusive).

##### **Party B:**

The settlement periods for Party B shall be the exact number of days elapsed between two consecutive settlement dates, including the first but not including the last date. #### **3. Swap Notional.**

This shall be the sum of (i) the daily average during the settlement period falling due of the Outstanding Balance of Non-Doubtful Mortgage Certificates, and (ii) the result of multiplying a) the daily average during the settlement period falling due of the “P” Amortisation Account balance by b) the average margin applicable for determining the Nominal Interest Rate of the “P” Bond Issue Series weighted by the Outstanding Principal Balance of each of these “P” Series during the then-current Interest Accrual Period, and by c) the result of dividing one (1) by the Party B Interest Rate.

#### **4. Party A amounts payable.**

This shall be the result of applying the Party A Interest Rate to the Swap Notional according to the number of days in the Party A settlement period falling due.

##### **4.1 Party A Interest Rate.**

On each settlement date this shall be the annual interest rate resulting from dividing (i) the total interest amount at the reference index of ordinary interest due on Non-Doubtful Mortgage Certificates on the then-current settlement date, whether or not they were paid by the Obligors, during the settlement period, by (ii) the Swap Notional, multiplied by the result of dividing 360 by the number of days in the settlement period.

In this connection:

- (i) Ordinary interest will be reduced in the interest accrued payable by the Fund in connection with the subscription for the Mortgage Certificates.
- (ii) As the case may be, ordinary interest due will also be deemed to comprise the accrued interest received by the Fund both on the sale of Mortgage Certificates and on their early amortisation by BANKINTER in accordance with the rules laid down for substituting the Mortgage Certificates.
- (iii) In the case of renegotiated novated fixed-rate Mortgage Certificates, the Mortgage Loan reference rate shall be deemed to be the EURIBOR BASIS fixed rate on Reuters' ISDAFIX2 screen, or any other replacement page, at 11:00AM CET on the effective date of that novation for the term of the average life of the Mortgage Certificate based on its new repayment schedule. The fixed reference rate shall be adjusted by a straight-line interpolation between the EURIBOR BASIS fixed rates on Reuters' ISDAFIX2 screen for the term above and below the average life of the loan.

**Calculation of the average life of a novated fixed-rate Mortgage Loan:** *average of the time periods from the effective date of the novation until each of the Mortgage Loan settlement dates, using for weighting purposes the weights the principal to be repaid on each settlement date has, in accordance with the applicable repayment system, on the outstanding principal amount, in accordance with the following expression:*

$$V = \frac{\sum (P \times d)}{T} \times \frac{1}{365}$$

Where:

V = Average life of the novated fixed-rate Mortgage Loan expressed in years.

P = Principal to be repaid on each settlement date in accordance with the applicable repayment system.

d = Number of days elapsed between the effective date of the novation and the relevant settlement date.

T = Outstanding principal on the effective date of the novation.

## 5. Party B amounts payable.

This shall be the result of applying the Party B Interest Rate to the Swap Notional according to the number of days in the Party B settlement period falling due.

### 5.1 Party B Interest Rate.

For each Party B settlement period this shall be the Reference Rate determined for the Bonds in the Interest Accrual Period coinciding with each Party B settlement period falling due.

If on a settlement date the Fund (Party A) should not have sufficient liquidity to make payment of the aggregate amount payable to Party B, the portion of this amount not paid shall be settled on the following Payment Date provided that the Fund has sufficient liquidity in the "P" Priority of Payments. Should such event of non-payment occur on two consecutive Payment Dates, the "P" Swap Agreement shall be terminated. In this event, the Fund shall take over the obligation to pay the settlement amount established on the terms of the "P" Swap Agreement, the foregoing in the "P" Priority of Payments. Without prejudice to the foregoing, other than in an extreme event of permanent financial imbalance of the Fund, the Management Company shall endeavour, for and on behalf of the Fund, to enter into a new swap agreement.

Party B shall irrevocably agree that, if at any time throughout the life of the "P" Bond Issue, the rating of the non-subordinated and unsecured debt of Party B should fall below A1 or A for long-term debt respectively in Moody's and Fitch's rating scales, or F1 for short-term debt in Fitch's rating scale, it shall take any of the following options within not more than thirty (30) calendar days from the date of the occurrence of any such circumstances, on such terms and conditions as the Management Company shall see fit, after notifying the Rating Agencies, in order for the ratings assigned to each of the Series by the Rating Agencies to be maintained: (i) that a third-party institution with a rating for its non-subordinated and unsecured long-term debt equal to or in excess of A1 and A respectively in Moody's and Fitch's rating scales, and F1 for non-subordinated and unsecured short-term debt in Fitch's rating scale, will secure fulfilment of its contractual

obligations, (ii) that a third-party institution with the same ratings required for option (i) above will take over its contractual position and substitute it in the “P” Interest Swap Agreement, or, as the case may be, under a new swap agreement; or (iii) that a deposit in cash or securities will be made pledged in favour of the Fund, securing fulfilment of Party B’s contractual obligations and in an amount calculated with reference to the “P” Interest Swap market value and covering at least the “P” Interest Swap replacement value in order for there to be no detriment to the rating assigned to the “P” Series Bonds by the Rating Agencies and, as the case may be and based on the rating assigned to Party B, put in place either of options (i) and (ii) above. All and any costs, expenses and taxes incurred in connection with the compliance with the foregoing obligations shall be borne by Party B.

The occurrence, as the case may be, of an early termination of the “P” Interest Swap Agreement will not in itself be an Early Amortisation event of the Bond Issue and an Early Liquidation event of the Fund referred to in sections II.11.3.2 and III.7.1 of this Offering Circular, unless in conjunction with other events or circumstances related to the net asset value of the Fund, its financial balance should be materially or permanently altered.

All matters, discrepancies, lawsuits and claims deriving from the “P” Interest Swap Agreement shall be referred for arbitration to the Chamber of Commerce of Madrid.

The “P” Interest Swap Agreement shall be fully terminated in the event that the Rating Agencies should not confirm the provisional ratings assigned to each of the Series as final by the start of the Subscription Period.

The execution of the “P” Interest Swap Agreement derives from the need to eliminate or mitigate the interest rate risk (base risk) occurring in the Fund because the Mortgage Certificates are subject to floating interest with different benchmark indices and different review and settlement periods at the floating interest established for the Bonds based on 3-month Euribor and with quarterly accrual and settlement periods, and the risk deriving under Mortgage Loan Subrogation and Amendment Act 2/1994 from potential Mortgage Certificate interest rate renegotiation resulting in the reference rate being changed or novated to a fixed interest.

### **V.3.9 “T” Interest Swap Agreement.**

The Management Company shall, for and on behalf of the Fund, enter with BANKINTER, into an interest swap agreement (the **“T” Interest Swap Agreement** or the **“T” Interest Swap**) based on the standard ISDA Master Agreement (1991 Definitions), the most relevant characteristics of which are described below.

Under the “T” Interest Swap Agreement, the Fund will make payments to BANKINTER calculated on the Pass-Through Certificate reference rate, and in consideration BANKINTER will make payments to the Fund calculated on the Reference Rate determined for the Bonds, the foregoing as described hereinafter.

**Party A :** The Fund, represented by the Management Company.

**Party B :** BANKINTER.

#### **1. Settlement dates.**

The settlement dates shall fall on the Bond Payment Dates, i.e. on January 16, April 16, July 16 and October 16 in every year, or the following Business Day if any of these dates is not a Business Day. The first settlement date shall be April 18, 2005, because neither April 16 nor April 17, 2005 are Business Days.

#### **2. Settlement periods.**

**Party A:**

The settlement periods for Party A shall be the exact number of days elapsed between two consecutive settlement dates, not including the first but including the last date. Exceptionally, the length of the first settlement period for Party A shall be equivalent to the exact number of days elapsed between the day on which the Fund is constituted (inclusive) and April 18, 2005, because neither April 16 nor April 17, 2005 are Business Days (inclusive).

**Party B:**

The settlement periods for Party B shall be the exact number of days elapsed between two consecutive settlement dates, including the first but not including the last date. Exceptionally, the length of the first settlement period for Party B shall be equivalent to the exact number of days elapsed between the Bond Issue Closing Date (inclusive) and April 18, 2005, because neither April 16 nor April 17, 2005 are Business Days (exclusive).

**3. Swap Notional.**

This shall be the sum of (i) the daily average during the settlement period falling due of the Outstanding Balance of Non-Doubtful Pass-Through Certificates, and (ii) the result of multiplying a) the daily average during the settlement period falling due of the "T" Amortisation Account balance by b) the average margin applicable for determining the Nominal Interest Rate of the "T" Bond Issue Series weighted by the Outstanding Principal Balance of each of these "T" Series during the then-current Interest Accrual Period, and by c) the result of dividing one (1) by the Party B Interest Rate.

**4. Party A amounts payable.**

This shall be the result of applying the Party A Interest Rate to the Swap Notional according to the number of days in the Party A settlement period falling due.

**4.1 Party A Interest Rate.**

On each settlement date this shall be the annual interest rate resulting from dividing (i) the total interest amount at the reference index of ordinary interest due on Non-Doubtful Pass-Through Certificates on the then-current settlement date, whether or not they were paid by the Obligors, during the settlement period, by (ii) the Swap Notional, multiplied by the result of dividing 360 by the number of days in the settlement period.

In this connection:

- (i) Ordinary interest will be reduced in the interest accrued payable by the Fund in connection with the subscription for the Pass-Through Certificates.
- (ii) As the case may be, ordinary interest due will also be deemed to comprise the accrued interest received by the Fund both on the sale of Pass-Through Certificates and on their early amortisation by BANKINTER in accordance with the rules laid down for substituting the Pass-Through Certificates.
- (iii) In the case of renegotiated novated fixed-rate Pass-Through Certificates, the Mortgage Loan reference rate shall be deemed to be the EURIBOR BASIS fixed rate on Reuters' ISDAFIX2 screen, or any other replacement page, at 11:00AM CET on the effective date of that novation for the term of the average life of the Pass-Through Certificate based on its new repayment schedule. The fixed reference rate shall be adjusted by a straight-line interpolation between the EURIBOR BASIS fixed rates on Reuters' ISDAFIX2 screen for the term above and below the average life of the loan.

***Calculation of the average life of a novated fixed-rate Mortgage Loan:*** average of the time periods from the effective date of the novation until each of the Mortgage Loan settlement dates, using for weighting purposes the weights the principal to be repaid on each settlement date has, in accordance with the applicable repayment system, on the outstanding principal amount, in accordance with the following expression:

$$V = \frac{\sum (P \times d)}{T} \times \frac{1}{365}$$

Where:

*V = Average life of the novated fixed-rate Mortgage Loan expressed in years.*

*P = Principal to be repaid on each settlement date in accordance with the applicable repayment system.*

*d = Number of days elapsed between the effective date of the novation and the relevant settlement date.*

*T = Outstanding principal on the effective date of the novation.*

## **5. Party B amounts payable.**

This shall be the result of applying the Party B Interest Rate to the Swap Notional according to the number of days in the Party B settlement period falling due.

### **5.1 Party B Interest Rate.**

For each Party B settlement period this shall be the Reference Rate determined for the Bonds in the Interest Accrual Period coinciding with each Party B settlement period falling due.

If on a settlement date the Fund (Party A) should not have sufficient liquidity to make payment of the aggregate amount payable to Party B, the portion of this amount not paid shall be settled on the following Payment Date provided that the Fund has sufficient liquidity in the "T" Priority of Payments. Should such event of non-payment occur on two consecutive Payment Dates, the "T" Swap Agreement shall be terminated. In this event, the Fund shall take over the obligation to pay the settlement amount established on the terms of the "T" Swap Agreement, the foregoing in the "T" Priority of Payments. Without prejudice to the foregoing, other than in an extreme event of permanent financial imbalance of the Fund, the Management Company shall endeavour, for and on behalf of the Fund, to enter into a new swap agreement.

Party B shall irrevocably agree that, if at any time throughout the life of the "T" Bond Issue, the rating of the non-subordinated and unsecured debt of Party B should fall below A1 or A for long-term debt respectively in Moody's and Fitch's rating scales, or F1 for short-term debt in Fitch's rating scale, it shall take any of the following options within not more than thirty (30) calendar days from the date of the occurrence of any such circumstances, on such terms and conditions as the Management Company shall see fit, after notifying the Rating Agencies, in order for the ratings assigned to each of the Series by the Rating Agencies to be maintained: (i) that a third-party institution with a rating for its non-subordinated and unsecured long-term debt equal to or in excess of A1 and A respectively in Moody's and Fitch's rating scales, and F1 for non-subordinated and unsecured short-term debt in Fitch's rating scale, will secure fulfilment of its contractual obligations, (ii) that a third-party institution with the same ratings required for option (i) above will take over its contractual position and substitute it in the "T" Interest Swap Agreement, or, as the case may be, under a new swap agreement; or (iii) that a deposit in cash or securities will be made pledged in favour of the Fund, securing fulfilment of Party B's contractual obligations and in an amount calculated with reference to the "T" Interest Swap market value and covering at least the "T" Interest Swap replacement value in order for there to be no detriment to the rating assigned to the "T" Series Bonds by the Rating Agencies and, as the case may be and based on the rating assigned to Party B, put in place either of options (i) and (ii) above. All and any costs, expenses and taxes incurred in connection with the compliance with the foregoing obligations shall be borne by Party B.

The occurrence, as the case may be, of an early termination of the "T" Interest Swap Agreement will not in itself be an Early Amortisation event of the Bond Issue and an Early Liquidation event of the Fund referred to in sections II.11.3.2 and III.7.1 of this Offering Circular, unless in conjunction with other events or circumstances related to the net asset value of the Fund, its financial balance should be materially or permanently altered.

All matters, discrepancies, lawsuits and claims deriving from the "T" Interest Swap Agreement shall be referred for arbitration to the Chamber of Commerce of Madrid.

The "T" Interest Swap Agreement shall be fully terminated in the event that the Rating Agencies should not confirm the provisional ratings assigned to each of the Series as final by the start of the Subscription Period.

The execution of the "T" Interest Swap Agreement derives from the need to eliminate or mitigate the interest rate risk (base risk) occurring in the Fund because the Pass-Through Certificates are subject to floating interest with different benchmark indices and different review and settlement periods at the floating interest established for the Bonds based on 3-month Euribor and with quarterly accrual and settlement periods, and the risk deriving under Mortgage Loan Subrogation and Amendment Act 2/1994 from potential Pass-Through Certificate interest rate renegotiation resulting in the reference rate being changed or novated to a fixed interest.

### **V.3.10 Bond Paying Agent Agreement.**

The Management Company shall, for and on behalf of the Fund, enter with BANKINTER into a paying agent agreement to service the Bonds issued by the Fund (the "**Paying Agent Agreement**").

The obligations to be taken on by BANKINTER (the "**Paying Agent**") under this Paying Agent Agreement are summarily as follows:

- (i) Paying the Fund by 3pm (CET time) on the Closing Date, by crediting the Treasury Account, for same day value, the aggregate amount of the subscription for the Bond Issue received from the Underwriters and Placement Agents in accordance with the provisions of the Bond Issue Management, Underwriting and Placement Agreement plus the face amount of the Bonds placed as Placement Agent, deducting the amount of the placement fee accrued in its favour.
- (ii) Handing to the Management Company Bond Issue placement dissemination control information based on the information provided in that connection by the Underwriters and Placement Agents.
- (iii) On each of the Bond Payment Dates, paying interest and repaying principal on the Bonds, deducting the total amount of the tax withholding for return on investments that should be made in accordance with applicable tax laws.
- (iv) On each of the Interest Rate Fixing Dates, notifying the Management Company of the Reference Rate determined to be used as the basis for calculating the Nominal Interest Rate applicable to each of the Bond Series.

In the event of BANKINTER's rating in relation to its non-subordinated and unsecured short-term debt falling at any time during the life of the Bond Issue below P-1 or F1 respectively in Moody's and Fitch's rating scales, the Management Company shall, within not more than thirty (30) days as from the occurrence of any such circumstances, revoke the appointment of BANKINTER as Paying Agent, and shall thereupon designate another institution with a credit rating for its non-subordinated and unsecured short-term debt of at least P-1 and F1 respectively in Moody's and Fitch's rating scales, to take its stead before termination of the Paying Agent Agreement or, as the case may be, under a new paying agent agreement, and subject to the prior communication to the Rating Agencies. Should BANKINTER be replaced as Paying Agent, the Management Company shall be entitled to change the fee payable to the substitute institution, which may be higher than that established with BANKINTER under the Paying Agent Agreement.

In consideration of the services provided by the Paying Agent, the Fund shall pay it a fee of EUR 1,502.53, inclusive of taxes as the case may be, on each Bond Payment Date during the term of the agreement, payable on the Payment Date by Interest Accrual Periods in arrears, provided that the Fund has sufficient liquidity and in the "P" and "T" Priority of Payments or in the "P" and "T" Liquidation Priority of Payments, as the case may be.

In the event that the Fund should not have sufficient liquidity to pay said full fee, then the amounts accrued and not paid shall be accumulated without any penalty whatsoever to the fee falling due on the following Payment Date, unless that absence of liquidity should continue, in which case the amounts due shall build up until the Payment Date on which that situation is no longer current.

The Paying Agent Agreement shall be fully terminated in the event that the Rating Agencies should not confirm the provisional ratings assigned to each of the Series as final by the start of the Subscription Period.

    - ii) that on the Determination Date preceding the relevant Payment Date, the amount of the Outstanding Balance of Mortgage Certificates is equal to or greater than 10 percent of the face amount of the "P" Bond Issue.
5. In the event that the amortisation of Series B(P) and/or Series C(P) should apply on a Payment Date as provided for in rule 4 above, the "P" Available Funds for Amortisation shall also be applied to amortising Series B(P) and/or Series C(P) in such a way that the ratio of the Outstanding Principal Balance of Series B(P) or of Series C(P) to the Outstanding Principal Balance of the "P" Bond Issue is respectively kept at 4.107% or 1.906%, or higher percentages closest thereto.

## CHAPTER VII

### RECENT EVOLUTION AND PROSPECTS OF THE MORTGAGE MARKET AND OF THE MORTGAGE LOAN MARKET IN GENERAL WHICH MIGHT AFFECT THE FINANCIAL PROSPECTS OF THE FUND

**VII.1 Most recent significant trends in the Mortgage Market in general and of the mortgage loan market in particular in relation to the legal framework, with the development of interest rates, and prepayment and delinquency rates.**

The Spanish mortgage market has in recent years undergone a major transformation both in regard to its laws and the prevailing interest of credit institutions in developing and increasing their interest in the market, and as a result of factors inherent in the development of the market proper (interest rates, demand for credit and price of housing). The most significant elements in the recent evolution of the Spanish market are described hereinafter in this section.

**Mortgage credit.**

In November 2004, mortgage credit came to have an outstanding balance of EUR 520,642 million, 54.4% in the investment portfolio of Savings Banks and 38.5% in that of banks. From early 1998, mortgage credit has grown at an average pace of around 36.2% per annum.

The increased demand for mortgage credit was supported by the strong development of the housing market, resulting in more than a million transactions per annum since early 1998, and an increase in the average amount per mortgage, which has more than doubled over the last five years, going from an average of EUR 50,000 per mortgage in 1998 to EUR 133,000 on average in 2004.

In the year 2004, using data until the month of November, the mortgage balance amounted to EUR 520,642 million, rising by 23.0% with respect to the same month in 2003.

## Interest rates.

Upon the Spanish economy coming under the European Central Bank's discipline, there was an outstanding drop in interest rates which was rapidly passed to the mortgage market. These enhanced financial terms have made it easier for families to buy a home, boosting the demand for residential homes. From the early nineties, mortgage interest rates in Spain have dropped to one-third and repayment terms have been extended to 25 and 35 years. The reduced interest rates and extended credit terms has resulted in a significant drop in instalments paid by families for buying a home.

## FINANCING TERMS

	% Interest Rates	Average Terms (years)	Rate per EUR 6,000 (EUR/month)	Average home price (EUR/100 m <sup>2</sup> )
<b>2004</b>	3.3%	25	29.68	167,200
<b>2000</b>	5.0%	20	39.70	90,150
<b>1995</b>	10.0%	15	64.60	66,100
<b>1990</b>	14.0%	10	93.30	56,500

Real estate price increases have prevented the enhanced financing terms from being fully passed to the home accessibility ratios due to a significant real estate price increase. Overall, family monthly payments for buying a home have remained relatively consistent in proportion: although improved rates and extended terms result in lower monthly payments for a family buying a home, higher-priced homes have resulted in a greater credit amount being required, thereby increasing the monthly instalment. In terms of financial effort, monthly payments under a loan for buying an average home, using data for the third quarter of 2004, were equivalent to 31% of an average family's total gross income, which were reduced to 25% when tax rebates were considered, for a 25-year medium-term financing.

### **Delinquency.**

The mortgage market has been strongly boosted in these years in the midst of important risk management improvements resulting in mortgage delinquency of financial institutions as a whole being minimised.

Finished home mortgage delinquency is currently at 0.331% of the total mortgage portfolio of credit institutions, very far from the 4% rate there was in 1993. As for the credit portfolio as a whole, mortgage delinquency stands at less than 50% of total delinquency (0.773%).

### **Regulatory changes.**

The object of most recent regulations has been to provide mortgagors with a greater power to negotiate the terms of loans, and reduce certain costs attached to loan renegotiation. In this sense, in addition to Mortgage Loan Subrogation and Amendment Act 2/1994, March 30 (making provision for the possibility of substituting and renegotiating the economic terms of loans, reducing both tax and fee costs, and reducing floating interest rate loan prepayment charges), two measures were taken designed to cheapen transaction costs in mortgage loan subrogation and amendment and novation transactions: on the one hand, the agreement made between the Economy Ministry and banks and savings banks, lowering charges; and on the other the approval of Royal Decree 2616/1996, December 20, modifying both notarial and registration fees in mortgage loan subrogation and novation transactions under that Act 2/1994.

### **Prepayment.**

The substantial cut in interest rates in recent years along with an enhanced competitiveness among credit institutions in this segment of financing given its strategic character with a view to fidelising customers, has fostered a considerable increase in prepayment rates of mortgage loans remaining with interest rates in excess of those prevailing in the mortgage market from time to time, upon the failure by the lenders to renegotiate the financial terms.

In any event, it should therefore be borne in mind that mortgage loan prepayment shall take place irrespective of such Mortgage Loan Subrogation and Amendment Act, for the possibility or advisability of so doing shall be prompted not only by the facilities given in that connection but by such more determinant factors as mainly age and higher interest rate of the loans in relation to those offered from time to time.

**VII.2 Implications that might derive from the trends remarked in the preceding point VII.1 (prepayment rate, default rate, et cetera):**

The Mortgage Loans for the issue of the Mortgage Certificates and the Pass-Through Certificates to be subscribed for by the Fund all have a floating interest rate and are adjusted from time to time to market interest rate variations. Because of this, a high prepayment rate of the Mortgage Loans is not to be expected. The provisions established for the renegotiation for determining the interest rate of Mortgage Loans that might be in upper ranges in relation to the market level from time to time should also be borne in mind.

As for the obligors' creditworthiness, as set forth in sections IV.4.g) and IV.4.2.g), some of the provisional portfolio mortgage loans which shall back the issue of the Mortgage Certificates and the Pass-Through Certificates were liable as of January 3, 2005 for arrears in payment of amounts due, which situation was checked, as explained in the audit report attached as Appendix V to this Offering Circular. The Mortgage Loans that will finally be assigned to the Fund by means of the issue of Mortgage Certificates and Pass-Through Certificates shall have no overdue amounts on the date of issue for a period in excess of one (1) month, pursuant to the representation by BANKINTER contained in section IV.1.1.2 (24).
