Material Event concerning**BBVA RMBS 9 FONDO DE TITULIZACIÓN DE ACTIVOS**

Pursuant to section 4.1.4 of the Securities Note Building Block of the Prospectus for **BBVA RMBS 9 Fondo de Titulización de Activos** (the “Fund”) notice is given to the COMISIÓN NACIONAL DEL MERCADO DE VALORES of the following material event:

- On October 27, 2015, once the CNMV had checked compliance with the provisions of article 7 of Act 19/1992, as worded before the entry into force of Business Financing Act 5/2015, April 27 (“Act 5/2015”, which does not apply to the Fund in accordance with Transitional Provision Seven concerning the transitional system for securitisation funds, section 1 of which provides that securitisation funds established before the entry into force of Act 5/2015 will continue to be governed until terminated by the provisions applicable thereto upon being established), the Management Company amended the Fund’s Deed of Constitution, observing the procedure provided for in subparagraph 3.a) of that article, namely that the consent of all holders of the securities issued by the Fund, and of lenders and other creditors, be secured.
- The Deed of Constitution has been amended with the consent of BBVA as the only holder of all the Bonds issued by the Fund and the only counterparty to the agreements signed by the Management Company, for and on behalf of the Fund, for the following purposes: i) reducing the Cash Reserve and carrying out an extraordinary amortisation of the Bonds, and ii) setting a floor for the Nominal Interest Rate applicable to the Bonds, and thereby respectively complying with the provisions of (i) article 142.2 of Guideline (EU) 2015/510 of the European Central Bank of December 19, 2014, paragraph b) of which provides that the current amount of the cash reserve must not be greater than 5% of the initial amount of all senior and subordinated tranches of the transaction (Bonds issued by the Fund), and (ii) article 63 of Guideline (EU) 2015/510, as amended by Guideline 2015/732 of the European Central Bank of April 16, 2015, in order for the Bonds to continue to be eligible as collateral in Eurosystem credit operations from November 1, 2015.
- On October 28, 2015, this Management Company submitted to the CNMV a certified copy of the deed amending the deed of constitution of the Fund in order for it to be filed in the official records.
- The Cash Reserve reduction has resulted in the Subordinated Loan Agreement being amended in order to refer to an extraordinary partial repayment of that Subordinated Loan principal in an amount equivalent to the aforementioned reduction. In addition, the extraordinary partial amortisation of the Bonds has resulted in a new agreement being entered into between BBVA and the Fund, represented by the Management Company (“**Loan B Agreement**”) whereby BBVA grants the Fund a Loan B solely for the purposes of paying the extraordinary partial amortisation of Bond principal.
- Following the Cash Reserve reduction, the amendment to the Subordinated Loan Agreement, the extraordinary amortisation of the Bonds, the conclusion of the Loan B Agreement and the inclusion of the floor for the Nominal Interest Rate applicable to the Bonds, the following sections of the Fund Prospectus shall henceforth read as follows:

Section	Description

Repayment of Bond principal is fourth (4 th) in the application of Liquidation Available Funds in the Liquidation Priority of Payments established in section 3.4.6.3 of the Building Block.
4.8.1.1 Securities Note, New Paragraph (Interest Accrual)	For Bond interest accrual purposes, the Interest Accrual Period including October 27, 2015 is divided into two interest accrual subperiods: First subperiod: comprising the exact number of days elapsed between the Payment Date falling on September 21, 2015, inclusive, and October 29, exclusive. Second subperiod: comprising the exact number of days elapsed between October 29, 2015, inclusive, and the Payment Date falling on December 21, 2015, exclusive.
4.8.1.2 Securities Note (Nominal Interest Rate)	The Nominal Interest Rate applicable to the Bonds in each Series and determined for each Interest Accrual Period shall be the higher of: a) zero per cent (0.00%); and b) the interest rate resulting from adding: (i) the Reference Rate, as established in the following section, and (ii) a 0.30% margin. 4.8.1.5 Securities Note, New Paragraph (Formula for calculating interest)	Settlement of Bond interest, payable on the Payment Date falling on December 21, 2015, shall be calculated in accordance with the following formula $I = P_1 \times \frac{R}{100} \times \frac{d_1}{360} + P_2 \times \frac{R}{100} \times \frac{d_2}{360}$ Wherein: I = Interest payable on the Payment Date falling on December 21, 2015. R = Nominal Interest Rate expressed as a yearly percentage applicable to the Interest Accrual Period.

Section	Description
	P_1 = Outstanding Principal Balance of the Bonds on the Payment Date falling on September 21, 2015. d_1 = Exact number of days in the first subperiod (as provided for in Securities Note 4.8.1.1 above) of the Interest Accrual Period. P_2 = Outstanding Principal Balance of the Bonds on October 29, 2015 after the extraordinary partial amortisation of the Bonds. d_2 = Exact number of days in the second subperiod (as provided for in Securities Note 4.8.1.1 above) of the Interest Accrual Period.
4.9.2 Securities Note (Amortisation of the Bonds)	Bond principal shall be amortised by partial amortisation on each Payment Date after Bond amortisation begins, in an amount equal to the Principal Amortisation Due applied on each Payment Date, prorated between the Bonds by reducing the face amount of each Bond, as provided for in section 4.9.3.4 of the Prospectus Securities Note concerning the Principal Amortisation Due. Exceptionally, there was an extraordinary partial amortisation of the Bonds on October 29, 2015 totalling EUR one hundred and forty million one hundred and nineteen (140,000,119.00), which was not subject to the Priority of Payments. Final amortisation of the Bonds shall occur on the Final Maturity Date (September 20, 2053 or the following Business Day if that is not a Business Day), notwithstanding possible full amortisation before that date due to the partial amortisation for which provision is made or because the Management Company may, for and on behalf of the Fund, and in accordance with the provisions of section 4.9.4 of the Prospectus Securities Note, proceed to Early Amortisation of the Bond Issue before the Final Maturity Date.
4.9.3.2 Securities Note (Outstanding Principal Balance of the Bonds)	4.9.3.2 Outstanding Principal Balance of the Bonds and Loan B. The outstanding principal balance (the “Outstanding Principal Balance of the Bonds” or the “Outstanding Principal Balance of the Bond Issue”) shall be the sum of the principal pending repayment (outstanding balance) at a date of all the Bonds. The outstanding principal balance of Loan B (the “Outstanding Principal Balance of Loan B”) shall be the principal pending repayment (outstanding balance) of Loan B at a date.
4.9.3.4 Securities Note (Bond Amortisation on each Payment Date)	On each Payment Date, the Available Funds shall be used in fourth (4th) place in the Priority of Payments for withholding the amount altogether designed for amortising the Bonds and Loan B (the “Principal Amortisation Withholding”), in an amount equal to the positive difference, if any, at the Determination Date preceding the relevant Payment Date, between (i) the sum of the Outstanding Principal Balance of the Bond Issue and the Outstanding Principal Balance of Loan B, and (ii) the Outstanding Balance of Non-Doubtful Loans. Depending on the liquidity existing on each Payment Date, the amount actually applied to Amortisation Withholding shall be sequentially applied, firstly to amortising the Bonds until fully amortised and, secondly, to repaying Loan B until fully repaid.

Section	Description
4.9.3.5 Securities Note (New section)	4.9.3.5 Extraordinary partial amortisation of the Bonds. Although the Outstanding Principal Balance of the Bonds at October 27, 2015 amounted to EUR one billion ten million one hundred and eighty-six thousand two hundred and forty-seven (1,010,186,247.00), the Management Company carried out an extraordinary partial amortisation of the Bond principal on October 29, 2015, totalling EUR one hundred and forty million one hundred and nineteen (140,000,119.00), without being subject to the Priority of Payments, and the Outstanding Principal Balance of the Bonds was therefore reduced on that date down to a sum of EUR eight hundred and seventy million one hundred and eighty-six thousand one hundred and twenty-eight (870,186,128.00). Each and every one of the 12,950 Bonds will be amortised in an identical amount by reducing the face value of each Bond by a sum of ten thousand eight hundred and ten Euros and eighty-two Eurocents (€10,810.82). The extraordinary partial amortisation has been funded by drawing down Loan B described in section 3.4.2.3 of the Building Block.
3.4.2.2 Building Block (Cash Reserve) Up to point 2, including the section Cash Reserve Amount	The Management Company set up a cash reserve (the “Cash Reserve”) on the Closing Date by drawing fully the Subordinated Loan principal at that date amounting to EUR two hundred and sixty-five million four hundred and seventy-five thousand (265,475,000.00) (the “Initial Cash Reserve”) which shall subsequently, on each Payment Date, be provisioned up to the Required Cash Reserve amount in the Priority of Payments. The characteristics of the Cash Reserve will be as follows: Cash Reserve Amount 1. Although the Cash Reserve was still provisioned at its initial amount on October 27, 2015, the Management Company reduced its balance on October 28, 2015 by a sum of EUR two hundred million seven hundred and twenty-five thousand (200,725,000.00), the Cash Reserve balance thereafter to amount to EUR sixty-four million seven hundred and fifty thousand (64,750,000.00). 2. Thereafter, on each Payment Date, the Cash Reserve shall be provisioned up to the Required Cash Reserve amount established hereinafter out of the Available Funds in the Priority of Payments. The Required Cash Reserve amount on each Payment Date (the “Required Cash Reserve”) shall be the lower of: (i) EUR sixty-four million seven hundred and fifty thousand (64,750,000.00). (ii) The higher of: a) 10.00% of the sum of (i) the Outstanding Principal Balance of the Bonds and (ii) the Outstanding Principal Balance of Loan B. b) EUR thirty-two million three hundred and seventy-five thousand (32,375,000.00).
3.4.3.1 Building Block, Paragraph 2 (Subordinated Loan)	Subordinated Loan principal shall be repaid on each Payment Date in an amount equal to the positive difference existing between the outstanding Subordinated Loan principal on the Determination Date preceding the relevant Payment Date and the Required Cash Reserve amount at the relevant Payment Date, and in the application priority established for that event in the application of Available Funds in the Priority of Payments. Exceptionally, on October 28, 2015, the Fund has repaid EUR two hundred million seven hundred and twenty-five thousand (200,725,000.00) of the Subordinated Loan principal to BBVA, without being subject to the Priority of Payments, given the reduction of the Required Cash Reserve in that same amount as explained in section 3.4.2.2 of the Building Block.

Section	Description
3.4.2.3 Building Block (New section)	3.4.2.3 Loan B The Management Company has, on October 27, 2015, for and on behalf of the Fund, entered with BBVA (lender) into an agreement whereby it has granted to the Fund a commercial loan ("Loan B") totalling EUR one hundred and forty million one hundred and nineteen (140,000,119.00) (the "Loan B Agreement"). The Loan B amount was delivered on October 28, 2015 by payment into the Treasury Account. The Management Company allocated the Loan B amount exclusively to paying the extraordinary partial amortisation of the Bond principal on October 29, 2015 as set out in section 4.9.3.5 of the Securities Note. Outstanding Loan B principal earns floating annual nominal interest, determined quarterly for each Interest Accrual Period, which shall be the higher of (i) zero percent (0.00%); and (ii) the result of adding (a) the Reference Rate determined for the Bonds plus (b) a 0.15% margin. This interest will only be paid if the Fund has sufficient liquidity on each Payment Date in the Priority of Payments or, in the event of liquidation of the Fund, in the Liquidation Priority of Payments. Interest shall be settled and be payable on each Interest Accrual Period ending date on each Payment Date, and shall be calculated based on: (i) the exact number of days in each Interest Accrual Period and (ii) a three-hundred-and-sixty- (360-) day year. Exceptionally, there is a first interest accrual period which shall comprise the exact number of days elapsed between October 28, 2015, inclusive, and the next Payment Date, December 21, 2015, exclusive. The first interest settlement date shall be the Payment Date falling on December 21, 2015. Sections 4.9.3.4 of the Securities Note and 3.4.6.1 of the Building Block include the rules for repayment of Loan B principal. All earned Loan B interest and principal repayment amounts due to the lender shall only be paid if the Fund should have sufficient liquidity and shall be subject to the Priority of Payments or to the Liquidation Priority of Payments, as appropriate. All amounts provided for in the above paragraphs not delivered to the lender on a Payment Date shall be settled on the following Payment Dates on which the Available Funds allow such payment in the Priority of Payments. Amounts not delivered on preceding Payment Dates shall be paid with priority over Loan B on that Payment Date, in accordance with the Priority of Payments or, in the event of liquidation of the Fund, in accordance with the Liquidation Priority of Payments. Amounts due by the Fund and not delivered as provided for in the above paragraphs shall not earn late-payment interest. Interest accrued and not paid on a Payment Date shall not be accumulated to Loan B principal.

Section	Description
3.4.6.2.1.2 Building Block (Available Funds: Application) The wording of the last paragraph and the definitions of expenses remain unchanged	The Available Funds shall be applied on each Payment Date to meeting payment or withholding obligations falling due on each Payment Date in the following order of priority, irrespective of the time of accrual, other than the application established in the 1st place, which may be made at any time as and when due: 1. - On October 11, 2012, once the CNMV had checked compliance with the provisions of article 7 of Act 19/1992, as worded by Act 5/2009, June 29, the Management Company amended the Fund’s Deed of Constitution, observing the procedure provided for in subparagraph 3.a) of that article, namely that the consent of all holders of the securities issued by the Fund, and of lenders and other creditors, be secured. The Deed of Constitution has been amended in order for the Bonds to be rated by DBRS Ratings Limited (“**DBRS**”).
- On that same date, the Management Company, for and on behalf of the Fund, and BBVA as counterparty amended the Mortgage Loan and Pass-Through Certificate Custody, Guaranteed Interest Rate Account (Treasury Account), Financial Swap and Paying Agent Agreements (collectively the “**Agreements**”), to include DBRS’ criteria in credit rating downgrade events for the counterparties to the Agreements and the actions to be taken in those events.
- On October 11, 2012, DBRS assigned an A (sf) rating to the Bonds.

Attached hereto is a letter received from DBRS notifying assignment of the aforementioned rating.

- On October 23, 2012, the CNMV entered the deed amending the deed of constitution of the Fund in its official records.
- The amendments to the Deed of Constitution and the Agreements have resulted in DBRS’ criteria being included, and therefore the following sections of the Fund Prospectus shall henceforth read as follows:

Section	Description
Miscellany	Generally, all references throughout the Prospectus to the “Rating Agency”, defined as Moody’s and S&P, shall be construed as references to “the Rating Agencies”, collectively defined as Moody’s, S&P and DBRS. In addition, all references to the terms Bond “ratings” or “rating” shall in any event be construed as references to the ratings issued by the three Rating Agencies, i.e. both the Bond ratings given by Moody’s and S&P and the Bond rating given by DBRS.

(iii) Registration Document (Early Liquidation)	(iii) Be entitled to arrange a credit facility with an institution with unsecured and unsubordinated debt obligations rated at least as high as BBB- in the long-term by S&P, P-1 in the short-term by Moody’s and with a public rating assigned by DBRS or, where there is no such rating, the internal assessments and/or ratings made by DBRS (the “DBRS Rating”) of BBB in the long-term, or a loan, which shall be fully allocated to early amortisation of the Bonds. Financial costs due shall be paid and credit facility or loan principal shall be repaid in accordance with the Liquidation Priority of Payments of the Fund.

Section	Description
7.5 Securities Note New Paragraph	The rating assigned by DBRS to the Bonds is an opinion as to timely interest payment and principal payment by or on the Final Maturity Date, in accordance with the transaction documents. The Bond rating is not an opinion as to the likelihood or frequency of repayments of the underlying obligations or the possibility that the Bondholder will obtain a yield below what was expected. The aforementioned credit rating is only an opinion and need not prevent potential investors from having to make their own analysis of the securities to be purchased
3.4.4.1 Building Block Paragraphs 3 et seq. (Treasury Account)	In the event that the rating of the unsecured and unsubordinated debt obligations of BBVA or the institution in which the Treasury Account is opened (the "Treasury Account Provider") should be downgraded at any time during the life of the Bond Issue below BBB- in the long-term by S&P, or P-1 in the short-term by Moody's or below a DBRS rating in the long-term of BBB, the Management Company shall, within not more than thirty (30) calendar days from the downgrade below BBB- or P-1 or BBB, do one of the following to allow a suitable level of security to be maintained with respect to the commitments made in the Guaranteed Interest Rate Account (Treasury Account) Agreement in order for the rating given to the Bonds by the Rating Agencies not to be adversely affected: a) Obtain from an institution with unsecured and unsubordinated debt obligations rated at least as high as BBB- in the long-term by S&P and/or P-1 in the short-term by Moody's and/or with a DBRS rating in the long-term of BBB (such rating not to be "Under Review (Negative)"), an unconditional, irrevocable, first demand guarantee securing for the Fund, merely upon the Management Company so requesting, prompt payment by BBVA of its obligation to repay amounts credited to the Treasury Account, for such time as the Treasury Account Provider's debt obligations remain downgraded below BBB- and/or P-1 and/or BBB. b) Transfer the Treasury Account to an institution with long-term unsecured and unsubordinated debt obligations rated at least as high as BBB- in the long-term by S&P, P-1 in the short-term by Moody's and with a DBRS rating in the long-term of BBB (such rating not to be "Under Review (Negative)"), and arrange the highest possible yield for its balances, which may differ from that arranged with the Treasury Account Provider under the Guaranteed Interest Rate Account (Treasury Account) Agreement. If, upon the occurrence of b) above, BBVA's unsecured and unsubordinated debt obligations should subsequently be upgraded back to being at least as high as BBB- in the long-term by S&P, P-1 in the short-term by Moody's and with a DBRS rating in the long-term of BBB, the Management Company shall subsequently transfer the balances back to BBVA under the Guaranteed Interest Rate Account (Treasury Account) Agreement. All costs, expenses and taxes incurred in connection with doing and arranging the above shall be borne by BBVA or, as the case may be, the secured Treasury Account Provider. The Treasury Account Provider shall agree, forthwith upon its credit ratings being downgraded as aforesaid, to use commercially reasonable efforts in order that the Management Company may do either of a) or b) above.

3.4.7.1 Building Block Section 8 (Financial Swap Agreement) Section 8.3 added	3. DBRS Criteria. (A) In the event that the DBRS Rating for Party B should be less than a long-term credit rating of A, i.e. a default occurs of the “First Rating Threshold”, then Party B shall, at its cost, within not more than thirty (30) Business Days: (a) post cash or securities collateral to the Fund as security for performance of Party B’s contractual obligations, at an amount calculated based on the transaction mark-to-market value and in accordance with DBRS’ published criteria then in force, allowing the ratings assigned to the Bonds to be maintained as required by the DBRS Swap Criteria (“Cash or Securities Collateral”); or (b) have a third party with a DBRS Rating at least as high as A for its long-term debt obligations (“Credit Support Provider”) secure performance of its contractual obligations (“Eligible Guarantee”); or (c) have a third party with a DBRS Rating at least as high as A for its long-term debt obligations replace it under the Financial Swap Agreement by subrogating to the same or under a new agreement on terms substantially identical with the Financial Swap Agreement, provided that the ratings assigned to the Bonds by DBRS are not thereby affected. (B) In the event that the DBRS Rating for Party B should be less than a long-term credit rating of BBB, i.e., a default occurs of the “Second Rating Threshold”, then Party B shall, at its cost, and within not more than thirty (30) Business Days: (a) have a third party with a DBRS Rating at least as high as A for its long-term debt obligations replace it under the Financial Swap Agreement by subrogating to the same or under a new agreement on terms substantially identical with the Financial Swap Agreement, provided that the ratings assigned to the Bonds by DBRS are not thereby affected; or (b) if the Cash or Securities Collateral posted in the event of a First Rating Default should be maintained, have a third party with a DBRS Rating at least as high as BBB for its long-term debt obligations replace it under the Financial Swap Agreement by subrogating to the same or under a new agreement on terms substantially identical with the Financial Swap Agreement, provided that the ratings assigned to the Bonds by DBRS are not thereby affected; or (c) post additional cash or securities collateral to the Fund as security for performance of Party B’s contractual obligations, at an amount calculated based on the transaction mark-to-market value and in accordance with DBRS’ published criteria then in force, allowing the ratings assigned to the Bonds to be maintained as required by the DBRS Swap Criteria (“Additional Cash or Securities Collateral”); or (d) have a third party with a DBRS Rating at least as high as A for its long-term debt obligations (“Credit Support Provider”) secure performance of its contractual obligations (“Eligible Guarantee”). In the event that Party B should fail to put in place one of the actions set out in (A) or (B) above, the Management Company may consider that an early termination event of the Financial Swap Agreement has occurred. All costs, expenses and taxes incurred in connection with fulfilment of the preceding obligations shall be payable by Party B. An entity shall have the “First Rating Threshold” where that entity has a DBRS Rating for its long-term debt obligations at least as high as A.

Should BBVA be replaced as Paying Agent, the Management Company shall be entitled to change the fee payable to the substitute institution, which may be higher than that established with BBVA in the Paying Agent Agreement. All costs, expenses and taxes incurred in connection with doing and arranging the above shall be borne by the substituted institution.

If, upon the occurrence of b) above, BBVA’s unsecured and unsubordinated debt obligations should subsequently be upgraded back to being at least as high as BBB- in the long-term by S&P, and P-1 in the short-term by Moody’s, the Management Company shall subsequently transfer the balances back to BBVA under the Guaranteed Interest Rate Account (Treasury Account) Agreement.

Based on S&P's updated counterparty criteria dated 31st May 2012 "Counterparty Risk Framework Methodology And Assumptions", and, specifically, replacement option 1 which shall apply to the Financial Swap Agreement: In the event that the long-term unsecured and unsubordinated debt obligations of Party B (or its successor) should, at any time during the life of the Bonds, be downgraded below BBB (or its equivalent) by S&P, then Party B (or its successor) shall post security to Party A, within not more than 10 Business Days, in an amount calculated having regard to the mark-to-market value of the Financial Swap and in accordance with the requirements of S&P's criteria dated 31st May 2012. Any guarantee shall be subject to confirmation and maintenance of the Bond rating given by S&P. All costs deriving from any of the actions defined above shall be borne by the ineligible counterparty.
3.4.7.2 Building Block Paragraph 3 (Paying Agent Agreement)	In the event that the rating of the Paying Agent's long-term unsecured and unsubordinated debt obligations should, at any time during the life of the Bond Issue, be downgraded below BB+ in the long-term by S&P, or P-1 in the short-term by Moody's, the Management Company shall, within not more than thirty (30) calendar days, from the occurrence of the downgrade below BB+ or P-1, after notifying the Rating Agencies, do any of the following in order for the rating given to the Bonds by the Rating Agencies not to be adversely affected: (i) obtain from an institution with long-term unsecured and unsubordinated debt obligations rated at least as high as BB+ in the long-term by S&P, and P-1 in the short-term by Moody's, an unconditional, irrevocable, first demand guarantee securing for the Fund, merely upon the Management Company so requesting, the commitments taken on by the Paying Agent for such time as the Paying Agent's debt obligations remain downgraded below BB+ or P-1; or (ii) revoke the Paying Agent's designation as Paying Agent and thereupon designate another institution with long-term unsecured and unsubordinated debt obligations rated at least as high as BB+ in the long-term by S&P, and P-1 in the short-term by Moody's, to take its place before terminating the Paying Agent Agreement. Should BBVA be replaced as Paying Agent, the Management Company shall be entitled to change the fee payable to the substitute institution, which may be higher than that established with BBVA in the Paying Agent Agreement. All costs, expenses and taxes incurred in connection with

	doing and arranging (i) above shall be borne by the substituted institution.
3.7.2.1.2 Building Block Paragraphs 2 et seq. (Collection Management under the Servicing Agreement) and 3.4.5 Building Block Paragraphs 2 et seq. (Collection by the Fund of payments in respect of the assets)	Mortgage Loan amounts received by the Servicer owing to the Fund shall be paid by the Servicer into the Fund's Treasury Account on the second (2nd) day after the date on which they are received by the Servicer, or the following business day if that is not a business day (the "Collection Dates"). In this connection, business days shall be taken to be all those that are business days in the banking sector in the capital city of Madrid. <i>(Paragraphs five to seven setting out Moody's criteria remain unchanged)</i> In the event that BBVA's downgrade below BBB- by S&P could trigger a downgrade of the Bond ratings given by S&P, then BBVA shall do one of the following: (i) obtain from an institution with long-term unsecured and unsubordinated debt obligations rated at least as high as BBB- by S&P, within not more than thirty (30) days from the occurrence of that circumstance, a first demand guarantee, meeting S&P's criteria in force from time to time, in an amount allowing the Bond ratings given by S&P to be maintained; or (ii) post cash collateral to the Fund in order for the Bond rating given by S&P not to be adversely affected, within not more than ten (10) calendar days from the occurrence of the aforementioned circumstance, at an institution with long-term debt obligations rated at least as high as BBB- by S&P. The amount of the guarantee or collateral shall be equivalent to the estimated aggregate amount of the repayment and interest instalments which the Mortgage Loans would generate during one month from the date of downgrade below BBB- by S&P, calculated with a CPR based on the historical CPR of Mortgage Loans assigned to the Fund. The Fund may only call the guarantee or draw on the amount of the cash collateral to the extent of the Mortgage Loan amounts, if any, not received from the Servicer owing to the Fund and received by the Servicer and not paid to the Fund. All costs, expenses and taxes incurred in connection with doing and arranging the above shall be borne by the Servicer. The Servicer shall at no event pay any Mortgage Loan payment amount whatsoever to the Fund not previously received.

RISK FACTORS

1

RISKS DERIVED FROM THE ISSUER'S LEGAL NATURE AND OPERATIONS

a) Nature of the Fund and obligations of the Management Company.

BBVA RMBS 9 Fondo de Titulización de Activos (the "**Fund**" and/or the "**Issuer**") is a separate closed-end fund devoid of legal personality and, in accordance with Royal Decree 926/1998, May 14, regulating asset securitisation funds and securitisation fund management companies ("**Royal Decree 926/1998**"), is managed by a management company, EUROPEA DE TITULIZACIÓN S.A. SOCIEDAD GESTORA DE FONDOS DE TITULIZACIÓN (the "**Management Company**" or "**EUROPEA DE TITULIZACIÓN**"). The Fund shall be liable only for its obligations to its creditors with its assets.

The Management Company shall discharge for the Fund the functions attributed to it in Royal Decree 926/1998, which include enforcing Bondholders' interests as the manager of third-party portfolios. There shall be no syndicate of bondholders. Therefore, the capacity to enforce Bondholders' interests shall depend on the Management Company's means.

b) Forced substitution of the Management Company.

In accordance with article 19 of Royal Decree 926/1998, where the Management Company is adjudged insolvent or has its licence to operate as a securitisation fund management company revoked by the Comisión Nacional del Mercado de Valores (*National Securities Market Commission*) (the "CNMV"), it shall find a substitute management company. In any such event, if four (4) months should have elapsed from the occurrence determining the substitution and no new management company should have been found willing to take over management, the Fund shall be liquidated early and the Bonds issued by the same shall be amortised early, as provided for in the Deed of Constitution and in this Prospectus.

c) Limitation of actions.

Bondholders and all other creditors of the Fund shall have no recourse whatsoever against Mortgage Loan Obligors who may have defaulted on their payment obligations or against the Originator. Any such rights shall lie with the Management Company, representing the Fund.

Bondholders and all other creditors of the Fund shall have no recourse whatsoever against the Fund or against the Management Company in the event of non-payment of amounts due by the Fund resulting from the existence of Mortgage Loan default or, as the case may be, prepayment, a breach by the Originator of its obligations or by the counterparties to the transactions entered into for and on behalf of the Fund, or shortfall of the financial hedging transactions for servicing the Bonds.

Bondholders and all other creditors of the Fund shall have no recourse whatsoever against the Fund Management Company other than as derived from breaches of its duties or inobservance of the provisions of the Deed of Constitution and of this Prospectus. Those actions shall be resolved in the relevant ordinary declaratory proceedings depending on the amount claimed.

d) Applicability of the Bankruptcy Act.

Both the Originator of the Mortgage Loan receivables, BANCO BILBAO VIZCAYA ARGENTARIA S.A. (the "**Originator**" or "**BBVA**"), and the Fund Management Company may be declared insolvent.

Pursuant to Additional Provision 5, paragraphs 2 (subparagraph 3) and 4, of Act 3/1994, April 14, as currently worded, adapting Spanish laws in the matter of Credit Institutions to the Second Banking Coordination Directive ("**Act 3/1994**") and article 15 of Mortgage Market Regulation Act 2/1981, March 25 ("**Act 2/1981**"), the assignment to the Fund of the Mortgage Loan receivables by issuing Pass-Through Certificates can only be rescinded or contested as provided for in article 71 of Bankruptcy Act 22/2003, July 9 (the "**Bankruptcy Act**") by the receivers, who shall have to prove the existence of fraud.

In addition, in the event of the Originator being decreed insolvent, in accordance with the Bankruptcy Act, the Fund, acting through the Management Company, shall have a right of separation with respect to the Pass-Through Certificates, on the terms provided for in articles 80 and 81 of the Bankruptcy Act. In addition, the Fund, acting through its Management Company, shall be entitled to obtain from the insolvent Originator the resulting Mortgage Loan amounts from the date on which insolvency is decreed, for those amounts will be considered to be the Fund's property, through its Management Company, and must therefore be transferred to the Management Company, representing the Fund. This right of separation would not necessarily extend to the monies received and kept by the insolvent Originator on behalf of the Fund before that date, for they might be earmarked as a result of the insolvency, given the essential fungible nature of money.

In the event of insolvency of the Management Company, it must be replaced by another management company in accordance with the provisions of article 19 of Royal Decree 926/1998.

Notwithstanding all of the above, the insolvency of any party involved (be that BBVA, the Management Company or any other Fund counterparty institution) may in any event affect its contractual relations with the Fund.

2 RISKS DERIVED FROM THE SECURITIES

a) Issue Price.

The Bond Issue is made with the intention of being fully subscribed for by the Originator in order to have liquid assets available which may be used as security for Eurosystem transactions or be subsequently sold in the market, and, consequently, the terms of the Bond Issue are not an estimate of the prices at which those instruments could be sold in the secondary market or of the Eurosystem's valuations in due course for the purpose of using them as security instruments in its lending transactions to the banking system.

b) Liquidity.

As set out in the preceding paragraph, the Originator intends to fully subscribe for the Bond Issue, but this shall not howsoever preclude a potential subsequent sale thereof. Therefore, until the Bonds are fully or partially disposed of, or even when that occurs, there is no assurance that the Bonds will be traded on the market with a minimum frequency or volume.

In addition, there is no undertaking that any institution will be involved in secondary trading, giving the Bonds liquidity by offering consideration.

Moreover, the Fund may in no event repurchase the Bonds from Bondholders. Nevertheless, the Bonds may be fully subject to early amortisation in the event of Early Liquidation of the Fund, on the terms laid down in section 4.4.3 of the Registration Document.

c) Yield.

Calculation of the yield (internal rate of return) of the Bonds contained in section 4.10 of the Securities Note is subject, inter alia, to assumed Mortgage Loan prepayment and delinquency rates that may not be fulfilled, and to future market interest rates, given the floating nature of the Nominal Interest Rate of the Bond Issue.

d) Duration.

Calculation of the average life and duration of the Bonds issued contained in section 4.10 of the Securities Note is subject to fulfilment of Mortgage Loan repayment and, inter alia, to assumed Mortgage Loan prepayment rates that may not be fulfilled. Mortgage Loan repayment performance is influenced by a number of economic and social factors such as market interest rates, the Obligors' financial circumstances and the general level of economic activity, preventing their predictability.

e) Late-payment interest.

Late interest payment or principal repayment to Bondholders shall under no circumstances result in late-payment interest accruing to their favour.

f) Bond Rating.

The credit risk of the Bonds issued by the Fund has been assessed by the rating agencies Moody's Investors Service España S.A. and Standard & Poor's España S.A. (the "**Rating Agencies**").

The Rating Agencies may revise, suspend or withdraw the final ratings assigned at any time, based on any information that may come to their notice.

These ratings are not and cannot therefore be howsoever construed as an invitation, recommendation or encouragement for investors to proceed to carry out any transaction whatsoever on the Bonds and, in particular, acquire, keep, charge or sell those Bonds.

g) Ratings not confirmed.

The Rating Agencies' failure to confirm the provisional ratings given to the Bonds by April 21, 2010 shall be an event of termination of the establishment of the Fund and the Bond Issue.

3 RISKS DERIVED FROM THE ASSETS BACKING THE ISSUE

a) Mortgage Loan default risk.

Holders of the Bonds issued by the Fund shall bear the risk of default on the Mortgage Loans pooled therein by issuing the Pass-Through Certificates.

BBVA, as Originator, shall have no liability whatsoever for the Obligors' default of principal, interest or any other amount they may owe under the Mortgage Loans. As provided for under article 348 of the Commercial Code, BBVA will be liable to the Fund exclusively for the existence and lawfulness of the Mortgage Loans and for the personality with which the Pass-Through Certificates will be issued, on the terms and conditions declared and set out in the Deed of Constitution and in this Prospectus. BBVA will have no liability whatsoever to directly or indirectly guarantee that the transaction will be properly performed nor give any guarantees or security, nor indeed agree to repurchase the Mortgage Loan Pass-Through Certificates, other than the undertakings contained in section 2.2.9 of the Building Block regarding substitution or redemption of Mortgage Loan Pass-Through Certificates failing to conform, upon the Fund being established, to the representations given in section 2.2.8 of the Building Block.

b) Limited Liability.

The Bonds issued by the Fund neither represent nor constitute an obligation of BBVA or the Management Company. No guarantees have been granted by any public or private organisation whatsoever, including BBVA, the Management Company and any of their affiliated or associated companies.

c) Limited Hedging.

A high level of delinquency of the Mortgage Loans might reduce or indeed exhaust the limited hedging against Mortgage Loan losses that the Bonds distinctly have as a result of the existence of the credit enhancement transactions described in section 3.4.2 of the Building Block.

d) Mortgage Loan prepayment risk.

There will be an early amortisation of the Pass-Through Certificates pooled in the Fund when Obligors prepay the portion of Mortgage Loan capital not yet due, or in the event that BBVA should be substituted in the relevant Mortgage Loans by any other financial institution licensed to do so, or in any other event having the same effect.

That early amortisation risk shall pass quarterly on each Payment Date to Bondholders by the partial amortisation of the Bonds, in accordance with the terms for amortisation of the Bond Issue.

e) Delinquency.

BBVA's mortgage loan delinquency rate at December 31, 2009 (2.68%) and, in any event, the other assumed values referred to at the beginning of that section have been taken into account in calculating the amounts and details tabled in section 4.10 of the Securities Note. This delinquency rate would not trigger a reduction of the Required Cash Reserve, as set down in section 3.4.2.2 of the Building Block.

f) Selected mortgage loan origination date concentration.

The selected portfolio selected mortgage loans originated in the years 2008 and 2009 account for 91.90%, in terms of outstanding principal, of the total selected portfolio. The weighted average age of the portfolio is 14.13 months at March 24, 2010, the selected portfolio selection date.

g) Selected mortgage loan outstanding loan-to-value ratio.

The ratio of the outstanding principal at March 24, 2010 to the appraisal value of the selected portfolio selected mortgage loan mortgaged properties ranged at that date between 80.01% and 100.00%, the average ratio weighted by the outstanding principal of each mortgage loan being 87.41%.

h) Selected loans secured with officially protected housing.

Some selected loans may be secured with officially protected housing. In these cases, as BBVA has represented in section 2.2.8 (18) of the Building Block, the appraisal value considered and reported for all calculation purposes was the maximum legal value under the official protection system. Identifying the same within the selected mortgage loan portfolio has not been possible because BBVA does not distinguish them from mortgage loans with free-market housing mortgage security. In any event, the selected mortgage loans with mortgage security consisting of protected housing do not benefit from any state or autonomous community aid whatsoever.

i) Mortgage loan portfolio assumptions.

The assumptions made in this Prospectus regarding Mortgage Loan performance (prepayment, delinquency, default and other rates) are merely theoretical and for the sake of illustration only, which means that those assumptions may in any event differ from the actual rates in the future.

Companies Register

For the record, neither the establishment of the Fund nor the Bonds issued backed by its assets shall be entered in the Companies Register, in pursuance of the facultative authority for which provision is made in article 5.4 of Royal Decree 926/1998.

4.4 Date of establishment and existence of the Issuer.

4.4.1 Date of establishment of the Fund.

The Management Company and BBVA, as Originator of the Mortgage Loan receivables, shall proceed to execute on April 19, 2010 a public deed whereby BBVA RMBS 9 FONDO DE TITULIZACIÓN DE ACTIVOS will be established, BBVA will assign Mortgage Loan receivables to the Fund by issuing Pass-Through Certificates subscribed for by the Fund, and the Fund will issue the Asset-Backed Bonds (the "**Deed of Constitution**"), on the terms provided in article 6 of Royal Decree 926/1998.

The Management Company represents that the contents of the Deed of Constitution shall match the draft Deed of Constitution it has submitted to the CNMV and the terms of the Deed of Constitution shall at no event contradict, change, alter or invalidate the contents of this Prospectus, notwithstanding the need to complete the relevant details and amounts of the Mortgage Loan Pass-Through Certificates which are to be issued and subscribed for under the Deed of Constitution.

As provided for in article seven of Investment Trusts and Companies System and Mortgage Securitisation Funds Act 19/1992, July 7 ("**Act 19/1992**"), as currently worded, the Deed of Constitution may be amended, upon request by the Management Company, provided that the amendment (i) does not alter the nature of the assets assigned to the Fund; (ii) does not result in the Fund becoming a mortgage securitisation fund, and (c) does not de facto result in a new fund being set up.

In addition, in order to amend the Deed of Constitution, the Management Company shall have to prove:

- a) that the consent of all the holders of the securities issued by the Fund was obtained, and also of the lenders and other creditors, if any, existing, provided that they are affected by the amendment; or
- b) that the amendment is scarcely relevant, in the CNMV's opinion. In this connection, the Management Company shall have to prove that the amendment is not detrimental to the assurances and rights of the holders of the securities issued, lays down no new obligations therefor and that the ratings given to the Bonds by the Rating Agencies are upheld or improve after the amendment.

In any event, before the public deed of amendment is executed, the Management Company shall (i) inform the Rating Agencies, and (ii) prove to the CNMV the satisfaction of such requirements.

Upon the CNMV checking that they are satisfied, the Management Company shall execute the deed of amendment and submit a certified copy thereof to the CNMV to be included in the relevant public record. In addition, the amendment of the Deed of Constitution shall be disclosed by the Management Company through the Fund's periodic public information and be posted at the Management Company's website. Where required, a supplement to the Prospectus shall be prepared and disclosed as material information in accordance with the provisions of article 92 of the Securities Market Act.

4.4.2 Existence of the Fund.

The Fund shall commence its operations on the date of execution of the Deed of Constitution.

The Fund shall be in existence until September 20, 2053 or the following Business Day if that is not a Business Day ("**Final Maturity Date**"), other than in the event of Early Liquidation before then as set forth in section 4.4.3 of this Registration Document or if any of the events laid down in section 4.4.4 of this Registration Document should occur.

4.4.3 Early Liquidation of the Fund.

4.4.3.1 Following notice served on the CNMV, the Management Company shall be entitled to proceed to early liquidation ("**Early Liquidation**") of the Fund and thereby early amortisation of the entire Bond Issue ("**Early Amortisation**"), in any of the following events (the "**Early Liquidation Events**"):

- (i) When the amount of the Outstanding Balance of the Mortgage Loans yet to be repaid is less than ten (10) percent of the initial Outstanding Balance of the Mortgage Loans upon the Fund being established, and provided that the payment obligations derived from the Bonds then outstanding may be honoured and settled in full in the Liquidation Priority of Payments.

Payment obligations derived from the Bonds on the Early Liquidation date of the Fund shall at all events be deemed to be the Outstanding Principal Balance of the Bonds on that date plus interest accrued and not paid until that date, which amounts shall be deemed to be due and payable on that date to all statutory intents and purposes.

- (ii) Where, in any event or circumstance whatsoever unrelated to the Fund's operations, a substantial alteration occurs or the financial balance of the Fund, as provided for in article 11.b) of Royal Decree 926/1998 is permanently damaged. This event includes such circumstances as the existence of any change in the law or supplementary implementing regulations, the establishment of withholding obligations or other situations which might permanently affect the financial balance of the Fund.
- (iii) Mandatorily, in the event that the Management Company should be adjudged insolvent and/or have its licence to operate as a securitisation fund management company revoked by the CNMV, or the statutory term to do so or otherwise four (4) months should elapse without a new management company being designated in accordance with the provisions of section 3.7.1.3 of the Prospectus Building Block.
- (iv) If the Management Company should have the express consent and acceptance of all the Bondholders and all the counterparties under the agreements in force with the Fund, as regards both payment of amounts resulting from, and the procedure for, such Early Liquidation.
- (v) When a default occurs indicating a major permanent imbalance in relation to the Bonds issued or that it is about to occur.
- (vi) Upon the lapse of thirty-six (36) months from the date of the last maturity of the Mortgage Loans, even if they still have overdue amounts.

4.4.3.2 The following requirements shall have to be satisfied to proceed to that Early Liquidation of the Fund:

- (i) That Bondholders be given not less than fifteen (15) Business Days' notice, as prescribed in section 4.1.3.2 of the Building Block, of the Management Company's resolution to proceed to Early Liquidation of the Fund.
- (ii) That the Management Company previously advise the CNMV and the Rating Agencies of that notice.
- (iii) The notice of the Management Company's resolution to proceed to Early Liquidation of the Fund shall contain a description (i) of the event or events triggering Early Liquidation of the Fund, (ii) of the liquidation procedure, and (iii) of the manner in which the Bond payment obligations are to be honoured and settled in the Liquidation Priority of Payments.

4.4.3.3 In order for the Fund, through its Management Company, to proceed to Early Liquidation of the Fund and Early Amortisation of the Bond Issue, the Management Company shall, for and on behalf of the Fund:

- (i) Proceed to sell the Pass-Through Certificates remaining in the Fund at a reasonable market value price, initially not less than the sum of the principal still outstanding plus interest accrued and not paid on the relevant Mortgage Loans, subject to the provisions of paragraph (iv) below.
- (ii) Proceed to terminate such agreements as are not necessary for the Fund liquidation procedure.
- (iii) Be entitled to arrange for a credit facility, with an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 and A-1, respectively by Moody's and S&P, or a loan, which shall be fully allocated to early amortisation of the Bonds. Financial expenses due shall be paid and credit facility or loan principal shall be repaid in accordance with the Liquidation Priority of Payments.
- (iv) Finally, both due to the preceding actions falling short and the existence of Pass-Through Certificates or other remaining assets of the Fund, the Management Company shall proceed to sell them and shall therefore invite a bid from at least five (5) entities who may, in its view, give a reasonable market value. The Management Company shall be bound to accept the best bid received for the Pass-Through Certificates and for the assets on offer. In order to set the reasonable market value, the Management Company may secure such valuation reports as it shall deem necessary.

In (i) and (iv) above, the Originator shall have a pre-emptive right and will therefore have priority over third parties to voluntarily acquire the Pass-Through Certificates or other of their assets still on the assets of the Fund, and in (iii) above the Originator shall have priority to grant to the Fund, as the case may be, the credit facility or loan designed for early amortisation of the Bonds then outstanding. In relation to (iv) above, the Management Company shall send the Originator a list of the assets and of third-party bids received, if any, and the latter may use that right for all of the Pass-Through Certificates or other assets offered by the Management Company, or the credit facility or the loan, within ten (10) Business Days of receiving said notice, and provided that its bid is at least equal to the best of the third-party bids, if any. The Originator shall notify the Management Company that the exercise of the pre-emptive right was subject to its usual credit revision and approval procedures and that the exercise of the right is not designed to implicitly support securitisation.

4.4.3.4 The Management Company shall forthwith apply all proceeds from time to time from the sale of the Fund's assets to paying the various items, in such manner, amount and order as shall be requisite in the Liquidation Priority of Payments, other than the amounts, if any, drawn under the credit facility or the loan arranged for early amortisation of the Bonds, which shall be applied to honouring their payment obligations.

4.4.4 Termination of the Fund.

The Fund shall terminate in any case, after the relevant legal procedure is carried out and concluded, in the following events:

- (i) Upon the Pass-Through Certificates pooled therein being fully amortised.
- (ii) Upon the Bonds issued being fully amortised.
- (iii) When the Early Liquidation procedure established in section 4.4.3 above is over.
- (iv) At all events, upon final liquidation of the Fund on the Final Maturity Date (on September 20, 2053 or the following Business Day if that is not a Business Day).
- (v) Upon the establishment of the Fund terminating in the event that the Rating Agencies should not confirm any of the assigned provisional ratings as final ratings by April 21, 2010. In this event, the Management Company shall terminate the establishment of the Fund, subscription for the Pass-Through Certificates by the Fund and the Bond Issue.

In this case, termination of the establishment of the Fund shall be notified to the CNMV as soon as such is confirmed, and shall be publicised by means of the procedure specified in section 4.1.3.2 of the Building Block. Within not more than one month after the occurrence of the event of termination, the Management Company shall execute a statutory declaration before a notary public declaring that the Fund's obligations have been settled and terminated and that the Fund has terminated. However, the Management Company shall defray the Fund set-up and Bond issue expenses payable with the Start-Up Loan, and the Start-Up Loan agreement shall not be terminated but shall rather be cancelled after those amounts are settled, principal repayment being subordinated to fulfilment of all other obligations undertaken by the Management Company, acting for and on behalf of the Fund.

In the event that there should be any remainder upon the Fund being liquidated and after making all payments to the various creditors by distributing the Liquidation Available Funds in the Liquidation Priority of Payments, that remainder shall be for the Originator on the liquidation terms established by the Management Company. If that remainder is not a liquid amount, since relating to Mortgage Loan receivables that are pending the outcome of court or out-of-court proceedings instituted as a result of default by the Mortgage Loan Obligor, both their continuation and the proceeds of their termination shall be for the Originator.

In any event, the Management Company, acting for and on behalf of the Fund, shall not proceed to terminate the Fund and strike it off the relevant administrative registers until the Pass-Through Certificates and the remaining assets of the Fund have been liquidated and the Liquidation Available Funds have been distributed, in the Liquidation Priority of Payments.

Upon a period of six (6) months elapsing from liquidation of the Fund's remaining assets and distribution of the Liquidation Available Funds, the Management Company shall execute a statutory declaration before a notary public declaring (i) that the Fund has terminated, and the events prompting its termination, (ii) how Bondholders and the CNMV were notified, and (iii) how the Liquidation Available Funds were distributed in the Liquidation Priority of Payments; notice of this shall be given in a nation-wide newspaper and all other appropriate administrative procedures will be observed. The Management Company will submit that statutory declaration to the CNMV.

Bondholders and all other creditors of the Fund shall have no recourse against the Management Company other than as derived from breaches of its duties or inobservance of the provisions of this Prospectus and of the Deed of Constitution. Those actions shall be resolved in the relevant ordinary declaratory proceedings depending on the amount claimed.

All matters, disagreements, actions and claims arising out of the Management Company establishing, managing and being the authorised representative of the Fund and the Bond Issue by the same shall be heard and ruled upon by the competent Spanish Courts and Tribunals of the city of Madrid.

4.8 Nominal interest rate and provisions relating to interest payable.

4.8.1 Bond nominal interest rate.

The Bonds shall, from the Closing Date until they mature fully, accrue yearly nominal interest, floating and payable quarterly, which shall be the result of applying the policies established hereinafter.

The resultant yearly nominal interest rate (hereinafter the “**Nominal Interest Rate**”) shall be payable quarterly in arrears on each Payment Date on the Outstanding Principal Balance of the Bonds at the preceding Determination Date, provided that the Fund has sufficient liquidity in the Priority of Payments or in the Liquidation Priority of Payments, as the case may be.

Withholdings, interim payments, contributions and taxes established or to be established in the future on Bond capital, interest or returns shall be borne exclusively by Bondholders, and their amount, if any, shall be deducted by the Management Company, for and on behalf of the Fund, or through the Paying Agent, as provided by law.

4.8.1.1 Interest accrual.

For interest accrual purposes, the duration of the Bonds shall be divided into successive interest accrual periods (the “**Interest Accrual Periods**”) comprising the exact number of days elapsed between every two consecutive Payment Dates, each Interest Accrual Period including the beginning Payment Date but not including the ending Payment Date. Exceptionally, the duration of the first Interest Accrual Period shall be equivalent to the exact number of days elapsed between the Closing Date, April 22, 2010, inclusive, and the first Payment Date, September 20, 2010, exclusive.

The Nominal Interest Rate shall accrue on the exact number of days elapsed in each Interest Accrual Period for which it was determined, and be calculated based on a 360-day year.

4.8.1.2 Nominal Interest Rate.

The Nominal Interest Rate applicable to the Bonds and determined for each Interest Accrual Period shall be the result of adding:

- (i) the Reference Rate, as established in the following section, and
- (ii) a 0.30% margin.

The resultant Nominal Interest Rate shall be expressed as a percentage rounding the relevant figure to the nearest thousandth, rounding up when equidistant.

4.8.1.3 Reference Rate and determining the same.

The reference rate (the “**Reference Rate**”) for determining the Nominal Interest Rate applicable to the Bonds is as follows:

- i) Other than for the first Interest Accrual Period, three- (3-) month Euribor, “Euro Interbank Offered Rate”, calculated and distributed by the BRIDGE financial information system under an FBE (“Fédération Bancaire de l’Union Européenne”) mandate, set at 11am (CET or “Central European Time”) on the Interest Rate Fixing Date described below, which is currently published on electronic page EURIBOR01 supplied by Reuters, or any other page taking its stead in providing these services.

Exceptionally, the Reference Rate for the first Interest Accrual Period shall be five- (5-) month Euribor, set at 11am (CET) on the second Business Day preceding the Closing Date.

Euribor definitions approved by the FBE and the Financial Markets Association (ACI) supplementing the current definition of Euribor shall be considered included for the purpose of the Euribor Reference Rate without having to amend these Reference Rate terms or have the Management Company notify Bondholders.

- ii) In the event that the Euribor rate established in paragraph i) above should not be available or be impossible to obtain, the substitute Reference Rate shall be the interest rate resulting from finding the simple arithmetic mean of the interbank offered interest rates for non-transferable three- (3-) month deposit transactions in Euros in an amount equivalent to the Outstanding Principal Balance of the Bond Issue, declared by four (4) prime banks in the Euro zone, following a simultaneous request to each of their headquarters by the Paying Agent as soon as possible after 11am (CET) on the Interest Rate Fixing Date.

Exceptionally, the substitute Reference Rate for the first Interest Accrual Period shall be the interest rate resulting from finding the simple arithmetic mean of the interbank offered interest rates for non-transferable five- (5-) month deposit transactions in Euros in an amount equivalent to the face amount of the Bond Issue, declared by the banks as provided for in paragraph one above, following a simultaneous request to each of their headquarters by the Paying Agent as soon as possible after 11am (CET) on the second Business Day preceding the Closing Date.

The substitute Reference Rate shall be expressed as a percentage to three decimal spaces rounding the relevant figure to the nearest thousandth, rounding up when equidistant.

Should it be impossible to apply the above substitute Reference Rate, upon the failure by any or several of the banks to provide written quotations as provided for in paragraphs one and two of this section, the interest rate resulting from applying the simple arithmetic mean of the interest rates declared by at least two of the other banks shall be applicable.

- iii) If the rates established in i) and ii) above should not be available or be impossible to obtain, the last Reference Rate or substitute Reference Rate applied to the next preceding Interest Accrual Period shall apply, and so on for subsequent Interest Accrual Periods whilst matters remain the same. For the first Interest Accrual Period, five- (5-) month Euribor available immediately before 11am (CET) on the second Business Day preceding the Closing Date shall be applied, calculated and distributed as described in the first paragraph of i) above.

On each Interest Rate Fixing Date, the Paying Agent shall notify the Management Company of the Reference Rate determined in accordance with paragraphs i), ii) and iii) above. The Management Company shall keep the listings and supporting documents on which the Paying Agent shall notify it the Reference Rate determined.

4.8.1.4 Interest Rate Fixing Date.

The Management Company shall, for and on behalf of the Fund, determine the Nominal Interest Rate applicable to the Bonds for every Interest Accrual Period as provided for in sections 4.8.1.2 and 4.8.1.3 above, on the second Business Day preceding each Payment Date (the “**Interest Rate Fixing Date**”), and it will apply for the following Interest Accrual Period.

Exceptionally, the Management Company shall determine the Nominal Interest Rate of the Bonds for the first Interest Accrual Period as provided for in sections 4.8.1.2 and 4.8.1.3 above, on the second Business Day preceding the Closing Date, and shall notify the same in writing by April 21, 2010 to the Subscriber. The Management Company will also notify this to the CNMV, the Paying Agent, AIAF and Iberclear.

The Nominal Interest Rates determined for the Bonds for subsequent Interest Accrual Periods shall be communicated to Bondholders within the deadline and in the manner for which provision is made in section 4.1.1.a) of the Building Block.

4.8.1.5 Formula for calculating interest.

Interest settlement for the Bonds, payable on each Payment Date for each Interest Accrual Period, shall be calculated in accordance with the following formula:

$$I = P \times \frac{R}{100} \times \frac{d}{360}$$

Where:

I = Interest payable on a given Payment Date.

P = Outstanding Principal Balance of the Bonds at the Determination Date preceding that Payment Date.

R = Nominal Interest Rate expressed as a yearly percentage.

d = Exact number of days in each Interest Accrual Period.

4.8.2 Dates, place, institutions and procedure for paying interest.

Interest on the Bonds will be paid until finally amortised by Interest Accrual Periods in arrears on March 20, June 20, September 20 and December 20 in each year, or the following Business Day if any of those is not a Business Day (each of those dates, a "**Payment Date**"), and interest for the then-current Interest Accrual Period will accrue until said first Business Day, not inclusive, on the terms established in section 4.8.1.2 of this Securities Note.

The first interest Payment Date for the Bonds shall be September 20, 2010, and interest will accrue at the applicable Nominal Interest Rate between the Closing Date, April 22, 2010, inclusive, and September 20, 2010, exclusive.

In this Bond Issue, business days ("**Business Days**") shall be deemed to be all days other than a:

- public holiday in the city of Madrid, or
- non-business day in the TARGET 2 calendar (or future replacement calendar).

Both interest resulting for Bondholders and the amount, if any, of interest accrued and not paid, shall be notified to Bondholders as described in section 4.1.1.a) of the Building Block, at least one (1) calendar day in advance of each Payment Date.

Bond interest accrued shall be paid on each Payment Date provided that the Fund has sufficient liquidity to do so in the Priority of Payments or Liquidation Priority of Payments, as the case may be.

In the event that on a Payment Date the Fund should be unable to make full or partial payment of interest accrued on the Bonds, in the Priority of Payments, unpaid amounts shall accumulate on the following Payment Date to interest payable on that same Payment Date, and will be paid in the Priority of Payments and applied by order of maturity if it should be impossible once again not to pay the same fully due to a shortfall of Available Funds.

Overdue interest amounts shall not earn additional or late-payment interest and shall not be accumulated to the Outstanding Principal Balance of the Bonds.

The Fund, through its Management Company, may not defer Bond interest payment beyond September 20, 2053, the Final Maturity Date, or the following Business Day if that is not a Business Day.

The Bond Issue shall be serviced through the Paying Agent, and therefore the Management Company shall, for and on behalf of the Fund, enter into the Paying Agent Agreement with BBVA as set out in section 5.2.1 of this Securities Note.

4.9 Maturity date and amortisation of the securities.

4.9.1 Bond redemption price.

The redemption price of the Bonds shall be EUR one hundred thousand (100,000) per Bond, equivalent to 100 percent of their face value, payable as established in section 4.9.2 below.

Each and every one of the Bonds shall be amortised in an equal amount by reducing the face amount of each of the Bonds.

4.9.2 **Amortisation of the Bonds.**

Bond principal shall be amortised by partial amortisation on each Payment Date after Bond amortisation begins, in an amount equal to the Principal Amortisation Due applied on each Payment Date, prorated between the Bonds by reducing the face amount of each Bond, as provided for in section 4.9.3.4 below concerning the Principal Amortisation Due.

The first partial amortisation of the Bonds shall occur on the first Payment Date (September 20, 2010).

Final amortisation of the Bonds shall occur on the Final Maturity Date (September 20, 2053 or the following Business Day if that is not a Business Day), notwithstanding possible full amortisation before that date due to the partial amortisation for which provision is made or because the Management Company may, for and on behalf of the Fund, and in accordance with the provisions of section 4.9.4 below, proceed to Early Amortisation of the Bond Issue before the Final Maturity Date.

4.9.3 **Partial amortisation of the Bonds.**

Irrespective of the Final Maturity Date and subject to Early Amortisation of the Bond Issue in the event of Early Liquidation of the Fund, the Fund shall, through its Management Company, proceed to partial amortisation of the Bonds on each Payment Date other than the Final Maturity Date or upon Early Liquidation of the Fund on the terms described hereinafter in this section.

4.9.3.1 **Determination Dates and Determination Periods.**

Determination dates (the "**Determination Dates**") will be the dates falling on the fifth (5th) Business Day preceding each Payment Date on which the Management Company on behalf of the Fund will make all necessary calculations to distribute or withhold the Available Funds which the Fund shall dispose of on the relevant Payment Date, in the Priority of Payments. The first Determination Date shall be September 13, 2010.

Determination periods (the "**Determination Periods**") shall be periods comprising the exact number of days elapsed between every two consecutive Determination Dates, each Determination Period excluding the beginning Determination Date and including the ending Determination Date. Exceptionally:

- (i) the duration of the first Determination Period shall be equal to the days elapsed between the date of establishment of the Fund, inclusive, and the first Determination Date, September 13, 2010, inclusive, and
- (ii) the duration of the last Determination Period shall be equal to the days elapsed a) until the Final Maturity Date or the date on which Early Liquidation of the Fund concludes, as provided for in section 4.4.4.3 of the Registration Document, on which the Pass-Through Certificates and the assets remaining in the Fund have been liquidated and all the Liquidation Available Funds have been distributed in the Liquidation Priority of Payments of the Fund, b) from the Determination Date preceding the Payment Date preceding the date referred to in a), not including b) but including a).

4.9.3.2 **Outstanding Principal Balance of the Bonds.**

The outstanding principal balance (the "**Outstanding Principal Balance**") shall be the sum of the principal pending repayment (outstanding balance) at a date of all the Bonds.

4.9.3.3 **Outstanding Balance of the Mortgage Loans.**

The outstanding balance (the "**Outstanding Balance**") of a Mortgage Loan at a date shall be the sum of the capital or principal not yet due and the capital or principal due and not paid into the Fund on the specific Mortgage Loan at that date.

The outstanding balance of the Mortgage Loans (the "**Outstanding Balance of the Mortgage Loans**") at a date shall be the sum of the Outstanding Balance of each and every one of the Mortgage Loans at that date.

Delinquent Mortgage Loans (the “**Delinquent Mortgage Loans**”) shall be deemed to be Mortgage Loans that are delinquent at a date with a period of arrears in excess of three (3) months in payment of overdue amounts, excluding Doubtful Mortgage Loans. Non-delinquent Mortgage Loans (the “**Non-Delinquent Mortgage Loans**”) shall be deemed to be Mortgage Loans that at a date are not deemed to be either Delinquent Mortgage Loans or Doubtful Mortgage Loans. The potential deferment of payment of instalments referred to in section 2.2 (ii) of the Building Block, shall not be considered a delay in payment of overdue Mortgage Loan amounts.

Doubtful Mortgage Loans (the “**Doubtful Mortgage Loans**”) shall be deemed to be Mortgage Loans that are delinquent at a date with a period of arrears equal to or greater than eighteen (18) months in payment of overdue amounts or classified as bad debts by the Management Company because there are reasonable doubts as to their full repayment based on indications or information received from the Servicer. Non-doubtful Mortgage Loans (the “**Non-Doubtful Mortgage Loans**”) shall be deemed to be Mortgage Loans that are not deemed to be Doubtful Loans at a date. The potential deferment of payment of instalments referred to in section 2.2 (ii) of the Building Block, shall not be considered a delay in payment of overdue Mortgage Loan amounts.

4.9.3.4 **Bond Amortisation on each Payment Date.**

On each Payment Date, the Available Funds shall be used in fifth (5th) place in the Priority of Payments to amortise Bond principal (“**Principal Amortisation Due**”), in an amount equal to the positive difference, if any, on the Determination Date preceding the relevant Payment Date, between (i) the Outstanding Principal Balance of the Bond Issue, and (ii) the Outstanding Balance of Non-Doubtful Mortgage Loans.

4.9.4 **Early Amortisation of the Bond Issue.**

Subject to the Fund’s obligation, through its Management Company, to proceed to final amortisation of the Bonds on the Final Maturity Date or partial amortisation before the Final Maturity Date, the Management Company shall, after first notifying the CNMV, be authorised to proceed, as the case may be, to Early Liquidation of the Fund and hence Early Amortisation of the entire Bond Issue in the Early Liquidation Events, and with the requirements established in section 4.4.3 of the Registration Document, and subject to the Liquidation Priority of Payments.

4.9.5 **Final Maturity Date.**

The final maturity date (the “**Final Maturity Date**”) and consequently final amortisation of the Bonds shall be on September 20, 2053 or the following Business Day if that is not a Business Day, without prejudice to the Management Company, for and on behalf of the Fund, and in accordance with the provisions of sections 4.9.2 to 4.9.4 of this Securities Note, proceeding to amortise the Bond Issue before the Final Maturity Date. Final amortisation of the Bonds on the Final Maturity Date shall be made subject to the Liquidation Priority of Payments.

4.10 **Indication of yield.**

The average life, yield, term and final maturity of the Bonds depend on several factors, most significant among which are the following:

- i) Each Mortgage Loan repayment schedule and system as established in the relevant contracts.
- ii) The Obligors’ capacity to prepay the Mortgage Loans in whole or in part and the aggregate prepayment pace throughout the life of the Fund. In this sense, Mortgage Loan prepayments by Obligors, subject to continual changes, and estimated in this Prospectus using several performance assumptions of the future effective constant annual early amortisation or prepayment rate (hereinafter also “**CPR**”), are very significant and shall directly affect the pace at which the Bonds are amortised, and therefore their average life and duration.
- iii) The floating interest rates which shall apply to the Mortgage Loans resulting in the repayment amount on every instalment differing.

iv) The Obligors' delinquency in payment of Mortgage Loan instalments.

The following assumed values have been used for the above-mentioned factors in calculating the amounts contained in the tables of this section:

- Mortgage Loan interest rate: 3.04% weighted average interest rate as at March 24, 2010 of the selected mortgage loan portfolio which has been used for calculating the repayment and interest instalments of each of the selected mortgage loans;
- maintenance of the selected loan repayment systems at March 24, 2010, including, as the case may be, the selected principal repayment exclusion, and the due date of the instalments;
- Mortgage Loan portfolio delinquency: 2.68% of the Outstanding Balance of the Mortgage Loans - BBVA's mortgage delinquency rate at December 31, 2009-, with 63% recoveries within 18 months of becoming delinquent, the remaining loans not recovered becoming doubtful;
- Mortgage Loan portfolio doubtful rate: 1.00%, with 80% recovery within 36 months of becoming doubtful;
- cumulative Mortgage Loan portfolio doubtful rates from the establishment of the Fund with respect to the initial Outstanding Balance of the Mortgage Loans upon the Fund being established: 0.63% for a 5% CPR; 0.53% for a 7% CPR; and 0.45% for a 9% CPR;
- that the Mortgage Loan prepayment rate remains constant throughout the life of the Bonds;
- that the Bond Closing Date is April 22, 2010; and
- that there is no extension of the term or deferment of payment of instalments of any of the selected mortgage loans.

The actual adjusted life and the yield or return on the Bonds will also depend on their floating rate. The nominal interest rate assumed for the first Interest Accrual Period is 1.142%, resulting from 5-month Euribor (0.842%) at April 12, 2010, and the margin set in section 4.8.1.2 of this Securities Note.

For subsequent Interest Accrual Periods, the floating interest rate of the Bonds is assumed to be constant at 0.942%, resulting from 3-month Euribor (0.642%) at April 12, 2010, and the margin set in section 4.8.1.2 of this Securities Note.

The weighted average interest rate of the mortgage loans selected as at March 24, 2010, as detailed in section 2.2.2.k) of this Building Block, is 3.04%, which is above the 1.142% nominal interest rate of the Bonds that has been presumed for hypothetical purposes for the first Interest Accrual Period.

4.10.1 Estimated average life, yield or return, duration and final maturity of the Bonds.

Assuming that the Management Company shall exercise the Early Liquidation of the Fund and Early Amortisation of the Bond Issue option provided in section 4.4.3 of the Registration Document when the Outstanding Balance of the Mortgage Loans is less than 10% of their initial Outstanding Balance upon the Fund being established, the average life, return (IRR) for the Bond subscriber, duration and final maturity of the Bonds for different CPRs, based on the performance in recent months of similarly characterised loans previously securitised by BBVA, would be as follows:

% CPR:	5.00%	7.00%	9.00%
Average life (years)	11.34	9.29	7.79
IRR	0.967%	0.968%	0.970%
Duration (years)	10.37	8.60	7.29
Final maturity	20 12 2035	22 03 2032	20 03 2029
(in years)	25.68	21.93	18.92

The Management Company expressly states that the servicing tables described hereinafter for the Bonds are merely theoretical and given for illustrative purposes, and represent no payment obligation whatsoever, on the basis that:

- Whereas Mortgage Loan CPRs are assumed to be constant respectively at 5.00%, 7.00% and 9.00% throughout the life of the Bond Issue, as explained above actual prepayment changes continually.
- The Outstanding Principal Balance of the Bonds on each Payment Date and hence interest payable on each such dates shall depend on the actual Mortgage Loan prepayment, delinquency and default rates.
- Whereas Bond nominal interest rates are assumed to be constant for from the second Interest Accrual Period, the nominal interest rate of the Bonds is known to float.
- It is assumed that the Management Company will exercise the Early Liquidation option of the Fund and thereby Early Amortisation of the Bond Issue when the Outstanding Balance of the Mortgage Loans is less than 10% of the Initial Outstanding Balance upon the Fund being set up, as provided in section 4.4.3 of the Registration Document.
- The assumptions mentioned at the beginning of this section 4.10 are reasonable and are based on the historical performance of similarly characterised mortgage loans granted to individuals, excepting the delinquency rate figure which is BBVA's mortgage delinquency rate at December 31, 2009.

No syndicate of bondholders will be set up for the securities included in this Bond Issue.

On the terms provided for in article 12.1 of Royal Decree 926/1998, it is the Management Company's duty, as the manager of third-party portfolios, to represent and enforce the interests of the holders of the Bonds issued by the Fund and of all its other ordinary creditors. Consequently, the Management Company shall make its actions conditional on their protection and observe the provisions established for that purpose from time to time.

4.12 Resolutions, authorisations and approvals for issuing the securities.

Resolution to issue the Pass-Through Certificates on the Mortgage Loans:

At a meeting held on February 23, 2010, the Board of Directors of BBVA resolved that the issue of pass-through certificates and/or mortgage participation certificates on mortgage loans granted by BBVA totalling in all not more than EUR 1.5 billion to be subscribed for by one or several securitisation funds be authorised.

b) Registration by the CNMV.

There is a condition precedent for the Fund to be established and the Bonds to be issued that this Prospectus and all other supporting documents be entered in the Official Registers of the CNMV, in accordance with the provisions of article 5.1.e) of Royal Decree 926/1998.

This Prospectus regarding the establishment of the Fund and issue of the Bonds has been entered in the CNMV's Official Registers.

c) Execution of the Fund public deed of constitution.

Upon the CNMV registering this Prospectus, the Management Company shall in the presence of BBVA, as Originator, proceed to execute on April 19, 2010 a public deed whereby BBVA RMBS 9 FONDO DE TITULIZACIÓN DE ACTIVOS will be established, BBVA will assign the Mortgage Loan receivables to the Fund upon the Pass-Through Certificates being issued and subscribed for by the Fund, and the Fund will issue the Asset-Backed Bonds, on the terms provided in article 6 of Royal Decree 926/1998.

The Management Company represents that the contents of the Deed of Constitution shall match the draft Deed of Constitution it has submitted to the CNMV and the terms of the Deed of Constitution shall at no event contradict, change, alter or invalidate the contents of this Prospectus.

The Management Company shall submit a copy of the Deed of Constitution to the CNMV to be entered in the Official Registers by April 21, 2010.

4.13 Issue date of the securities.

The Bond issue date shall be April 19, 2010.

4.13.1 Bond subscription.

The Bond Issue shall be fully subscribed for by BBVA.

4.13.2 Bond Issue subscription payment method and dates.

The Subscriber shall subscribe for the Bond Issue on April 21, 2010 and pay to the Fund by 2pm (CET) on April 22, 2010 (the **"Closing Date"**), for same day value, the issue price comprising the face value of all the Bonds subscribed for.

4.14 Restrictions on the free transferability of the securities.

There are no restrictions on the free transferability of the Bonds. They may be freely transferred by any means admissible at Law and in accordance with the rules of the AIAF market where they will be traded. A transfer in the accounts (book entry) will convey the ownership of each Bond. The effects of entering the conveyance to the transferee in the accounting record shall be the same as handing over the securities and the transfer shall thereupon be enforceable on third parties.

5. ADMISSION TO TRADING AND DEALING ARRANGEMENTS

5.1 Market where the securities will be traded.

In fulfilment of the provisions of article 2.3 of Royal Decree 926/1998, the Management Company shall, upon the Bonds having been paid up, apply for this Bond Issue to be listed on AIAF Mercado de Renta Fija (**"AIAF"**), which is a qualified official secondary securities market pursuant to transitional provision six of Act 37/1998, November 16, amending the Securities Market Act, and a regulated market, as contained in the annotated presentation of regulated markets and national laws as required by Investment Services Directive ISD 93/22 (Directive 2004/39/EC of the European Parliament and of the Council) published in the Official Journal of the European Union on July 11, 2009. The Management Company undertakes to do all such things as may be necessary in order that definitive admission to trading is achieved not later than one month after the Closing Date.

The Management Company expressly represents that it is aware of the requirements and terms that must be observed for the securities to be eligible to be listed, remain listed and be excluded from listing on the AIAF, in accordance with the laws in force and the requirements of its governing bodies, and the Fund agrees through its Management Company to observe the same.

In the event that, by the end of the one-month period referred to in the first paragraph of this section, the Bonds should not be admitted to trading on the AIAF, the Management Company shall forthwith proceed to notify Bondholders thereof, moreover advising of the reasons resulting in such breach, using the extraordinary notice procedure provided for in section 4.1.2 of the Building Block. This shall be without prejudice to the Management Company being held to be contractually liable, as the case may be, if the delay is due to events attributable to the same.

5.2 Paying agents and depository agents.

5.2.1 Bond Issue Paying Agent.

The Bond Issue will be serviced through BBVA as Paying Agent. Payment of interest and repayments shall be notified to Bondholders in the events and in such advance as may be provided for each case in section 4.1.1 of the Building Block. Interest and amortisation shall be paid to Bondholders by the relevant members and to the latter in turn by Iberclear, the institution responsible for the accounting record.

The Management Company shall, for and on behalf of the Fund, enter with BBVA into a paying agent agreement to service the Bond Issue, the most significant terms of which are given in section 3.4.7.2 of the Building Block.

6. EXPENSE OF THE OFFERING AND OF ADMISSION TO TRADING

These expenses include, inter alia, the initial Management Company fee, notary's fees, rating and legal advice fees, CNMV fees, AIAF and Iberclear fees for including the Bonds in the register of book entries, and Prospectus translation expenses.

Furthermore, this circumstance would result in the establishment of the Fund, the Bond Issue and the issue of and subscription for the Pass-Through Certificates terminating, as provided for in section 4.4.4.(v) of the Registration Document.

Rating considerations.

The ratings assigned to the Bonds by Moody's measure the expected loss before the Final Maturity Date. In Moody's opinion, the structure allows timely interest and principal payment during the life of the transaction and, in any event, before the Final Maturity Date. Moody's ratings only measure credit risks inherent in the transaction; other risk types which may materially impact investors' return are not measured.

The ratings assigned to the Bonds by S&P are an opinion as to the Fund's ability to pay interest on a timely basis and pay principal throughout the life of the transaction and, in any event, before the Final Maturity Date.

The Rating Agencies' ratings are not an assessment of the likelihood of obligors prepaying principal, nor indeed of the extent to which such prepayments differ from what was originally forecast. The ratings are not by any means a rating of the level of actuarial performance.

The ratings assigned, and any revision or suspension of the ratings:

- (i) are assigned by the Rating Agencies based on manifold information received with respect to which they can give no assurance, nor even as to their accuracy or wholeness, wherefore the Rating Agencies may in no event be deemed to be responsible therefor; and
- (ii) are not and cannot therefore be howsoever construed as an invitation, recommendation or encouragement for investors to proceed to carry out any transaction whatsoever on the Bonds and, in particular, acquire, keep, charge or sell those Bonds.

In carrying on the rating and monitoring process, the Rating Agencies relies on the accuracy and wholeness of the information provided by BBVA, the Management Company, Deloitte as auditors of certain features and attributes of a sample of the selected mortgage loans, and URÍA MENÉNDEZ, as independent legal advisers.

The ratings take into account the structure of the Bond Issue, the legal aspects thereof and of the issuing Fund, the characteristics of the selected mortgage loans to be assigned to the Fund and the regularity and continuity of the operating flows.

The Rating Agencies may revise, suspend or withdraw the final ratings assigned at any time, based on any information that may come to their notice. Those events, which shall not constitute early liquidation events of the Fund, shall forthwith be notified to both the CNMV and the Bondholders, in accordance with the provisions of section 4.1 of the Building Block.

ASSET-BACKED SECURITIES NOTE BUILDING BLOCK

(Annex VIII to Commission Regulation (EC) No. 809/2004 of April 29, 2004)

1. SECURITIES

1.1 Minimum denomination of the issue.

The Fund shall be set up with the Mortgage Loan Pass-Through Certificates, which shall be issued by BBVA and subscribed for by the Fund upon being established, and their Outstanding Balance shall be equal to or slightly above EUR one billion two hundred and ninety-five million (1,295,000,000.00), the face value amount of the Bond Issue.

1.2 Confirmation that the information relating to an undertaking or obligor not involved in the issue has been reproduced.

Not applicable.

2. UNDERLYING ASSETS

2.1 Confirmation that the securitised assets have capacity to produce funds to service any payments due and payable on the securities.

In accordance with the information supplied by the Originator, the Management Company confirms that, based on their contractual characteristics, the flows of principal, interest and any other amounts generated by the securitised Mortgage Loan receivables allow the payments due and payable on the Bonds issued to be distinctly satisfied.

Nevertheless, in order to cover for potential payment defaults by securitised Mortgage Loan Obligors, a number of credit enhancement transactions have been arranged allowing the amounts payable on the Bonds to be covered to a different extent and mitigating interest risk due to the different terms of the interest clauses of the Mortgage Loans and of the Bonds. In exceptional circumstances, the enhancement transactions could actually fall short for meeting payments on the Bonds or other creditors of the Fund. The credit enhancement transactions are described in sections 3.4.2, 3.4.3, 3.4.4 and 3.4.7 of this Building Block.

Upon the occurrence of a (i) substantial alteration or permanent financial imbalance of the Fund due to any event or circumstance whatsoever unrelated to the Fund's operations or (ii) default indicating a serious permanent imbalance in relation to any of the Bonds issued or suggesting that it will occur, the Management Company may proceed to Early Liquidation of the Fund and thereby Early Amortisation of the Bond Issue on the terms laid down in section 4.4.3 of the Registration Document.

2.2 Assets backing the issue.

The portfolio of selected mortgage loans from which the Mortgage Loans will be taken in order for their receivables to be mostly assigned to the Fund upon being established by having BBVA issue and the Fund subscribe for the Pass-Through Certificates comprises mortgage loans owned by BBVA granted to individuals residing in Spain with real estate mortgage security ranking senior or, as the case may be, ranking junior, although BBVA has the documents relating to economic cancellation of the debts originated by previous mortgages which are yet to be struck off the registers, on homes (and, as the case may be, their annexes -parking spaces and/or lumber rooms-) located in Spain, and comprising 8,668 mortgage loans, their outstanding principal as at March 24, 2010 being EUR 1,490,294,653.67 and the overdue principal being EUR 39,968.04.

The contract terms of some of the selected mortgage loans provide that an agreement may be arrived at with the obligor or borrower in order to:

- (i) Change the maturity date on the terms given in section 2.2.4.1 of this Building Block. Out of the selected mortgage loans, 99.34% (99.37% in terms of outstanding principal) provide for this possibility.
- (ii) Defer payment of up to two instalments in each calendar year, not more than ten instalments to be deferred throughout the mortgage loan term, subject to the following limitations:
 - a) That not less than twelve months have elapsed since the due date of the last instalment in respect of which payment was deferred in a previous calendar year.
 - b) That there were no overdue loan payments on the due dates during the year next preceding the date of the monthly instalment in respect of which payment is to be deferred.
 - c) That the ratio of the mortgage loan outstanding principal to the appraisal value of the mortgage loan mortgaged properties is less than 80 percent.

The amount of the deferred instalments shall be accumulated to the outstanding capital on the day after the instalments fall due and shall as a capital increase earn interest from that date at the current loan interest rate.

Out of the selected mortgage loans, 99.34% (99.37% in terms of outstanding principal) provide for this possibility.

- (iii) Change the nature of the interest rate, after the first twelve months of the loan term have elapsed, to one of the following interest rate modes:
 - a) To the "constant interest" mode: Whenever the loan is a "constant interest" loan, the constant interest period shall comprise 36 months and the benchmark index used shall be the rate of mortgage loans for more than three years granted by credit institutions as a whole.
 - b) To the "floating interest" mode: Whenever the loan is a "floating interest" loan, there shall be subsequent floating interest periods, each of which shall comprise six months and the benchmark index used shall be one-year EURIBOR published in the Official State Gazette.

The obligor may choose to change the mode during the mortgage loan term, provided that the obligor is in good standing in respect of the obligor's mortgage loan obligations, and with the following frequency: (i) once every year if "floating interest" is the applicable mode or (ii) within 36 months of electing the "constant interest" mode.

Out of the selected mortgage loans, 60.41% (61.59% in terms of outstanding principal) provide for this possibility.

- (iv) Additionally, and provided that the obligor is in good standing in respect of the obligor's mortgage loan obligations and has no payments overdue with BBVA under other transactions, the mortgage loan interest rate may have rebates, of up to not more than 0.30% of the annual nominal ordinary interest rate, where the obligor has arranged with BBVA or BBVA group any or some of the following product or service groups:

Group A: Direct salary payment, credit card and household comprehensive insurance.

Group B: Life insurance or current loan repayment insurance.

Group C: Individual social insurance or pension plan.

Out of the selected mortgage loans, 97.55% (97.44% in terms of outstanding principal) provide for this possibility.

Audit of the assets securitised through the Fund.

Deloitte has audited the most significant features of the selected mortgage loans.

That audit was made using sampling techniques consisting of analysing a number of transactions fewer (sample) than the full selection of mortgage loans (population), allowing a conclusion to be arrived at regarding that population. The verification deals with a number of both quantitative and qualitative attributes regarding the sample transactions and specifically regarding: loan and mortgage origination, loan purpose, identification of the borrower, loan origination date, loan maturity date, initial loan amount, current loan balance, reference rate or benchmark index, interest rate spread, interest rate applied, mortgaged property, address of the mortgaged property, appraisal value, current loan-to-value ratio, mortgage security, arrears in payment, damage insurance and loan transfer. Selected mortgage loans in respect of which errors are detected in verifying the sample shall not be assigned to the Fund by BBVA.

The audit results shall be set out in a report prepared by Deloitte, which is one of the documents on display as determined in section 10 of the Registration Document.

2.2.1 Legal jurisdiction by which the pool of assets is governed.

The securitised assets are governed by Spanish Law.

2.2.2 Description of the general characteristics of the obligors and the economic environment, as well as global statistical data referred to the securitised assets.

In accordance with BBVA's representation in section 2.2.8.2.(20) of the Building Block, none of the Mortgage Loans that will finally have their receivables mostly assigned to the Fund upon being established shall have any payments more than one (1) month overdue on their assignment date.

p) Loan to value ratio or level of collateralisation.

The selected mortgage loans all have real estate mortgage security and the mortgages are all registered as senior mortgages, or as junior mortgages, as the case may be, although BBVA has the documents relating to economic cancellation of the debts originated by previous mortgages, which are however yet to be struck off the register, and therefore for calculation purposes the mortgages are all considered to rank senior.

The ratio, expressed as a percentage, of the initial outstanding principal as at March 24, 2010 to the appraisal value of the selected mortgage loan mortgaged properties ranged between 80.01% and 100.00%, and the average ratio weighted by the outstanding principal of each mortgage loan is 87.41%.

The following table gives the mortgage loan distribution by 5.00% intervals of that ratio. Intervals with no contents are not detailed.

*Loan to Value Ratio are averages weighted by the outstanding principal.

There is no overcollateralisation in the Fund since the Outstanding Balance of Mortgage Loans that BBVA shall assign to the Fund upon being set up shall be equal to or slightly above EUR one billion two hundred and ninety-five million (1,295,000,000.00), the face value amount of the Bond Issue.

2.2.3 Legal nature of the pool of assets to be securitised.

The Mortgage Loans are all loans originated in a public deed granted by BBVA to individuals with real estate mortgage security on homes (and, as the case may be, their annexes -parking spaces and/or lumber rooms) located in Spain.

The Mortgage Loans were originated in a public deed subject to the Mortgage Act, February 8, 1946, Mortgage Market Regulation Act 2/1981, March 25, and ancillary laws. The real estate mortgage securities are entered in the relevant Land Registries in respect of the mortgaged real estate ranking senior or, ranking junior, as the case may be, although BBVA has the documents relating to economic cancellation of the debts originated by previous mortgages which are yet to be struck off the registers.

The Mortgage Loan receivables shall be assigned to the Fund upon BBVA issuing and the Fund subscribing for Pass-Through Certificates subject to the provisions of Act 2/1981, Royal Decree 716/2009 and Additional Provision Five of Act 3/1994, on the terms provided for in section 3.3 of this Building Block.

2.2.4 Expiry or maturity date(s) of the assets.

The selected mortgage loans each have a final maturity date without prejudice to periodic partial repayment instalments, on the specific terms applicable to each of them.

Obligors may at any time during the life of the mortgage loans prepay all or part of the outstanding capital, in which case interest accrual on the part prepaid will cease as of the date on which repayment occurs.

The final maturity date of the selected mortgage loans at March 24, 2010 lies between May 31, 2018 and January 15, 2050.

2.2.4.1 Changing the asset maturity date.

The public deeds originating a significant portion of the mortgage loans provide that the obligor or borrower and BBVA may agree to change the loan maturity date -as often as the obligor shall deem appropriate- if the obligor or borrower is in good standing in respect of all payments due and is not in breach of any of the obligations established in the public deed, subject to the following limitations:

- a) That the requested extension or reduction is for not more than sixty and not less than twelve monthly payments.
- b) That the due date of the last instalment after the requested extension of the term is at no event more than 10 years after the initially agreed maturity date and does not reduce the initially agreed term by more than 10 years.
- c) That the ratio of the outstanding mortgage loan principal to the appraisal value of the mortgage loan mortgaged properties is less than 80 percent.

Based on those terms for changing the maturity date, the last maximum final maturity date of the mortgage loans selected as at March 24, 2010 if changed could actually be January 15, 2050.

2.2.5 Amount of the assets.

The Fund shall be set up with the Pass-Through Certificates, representing Mortgage Loan receivables, which BBVA shall issue and the Fund shall subscribe for upon being established, and their Outstanding Balance shall be equal to or slightly above EUR one billion two hundred and ninety-five million (1,295,000,000.00), the face value amount of the Bond Issue.

The portfolio of selected mortgage loans from which the Mortgage Loans will be taken in order for BBVA to issue the Pass-Through Certificates comprises 8,668 mortgage loans, their outstanding principal as at March 24, 2010 being EUR 1,490,294,653.67 and the overdue principal being EUR 39,968.04.

2.2.6 Loan to value ratio or level of collateralisation.

The loan to value ratio or level of collateralisation is given in section 2.2.2 p) of this Building Block.

2.2.7 Method of creation of the assets.

The mortgage loans selected to back the issue of Pass-Through Certificates to be subscribed for by the Fund have been granted by BBVA following its usual credit risk analysis and assessment procedures for granting mortgage loans to individuals. The following is a summary description of the procedures currently in place at BBVA:

1. Introduction.

BBVA's retail banking is BBVA Group's division managing private customer, retail and small and medium-sized enterprise business. Retail banking includes commercial banking, which manages private customer, retail and small enterprise segment business.

Commercial banking has more than 3,000 branches nation-wide, assigned to 7 territorial management offices.

2. Evaluation processes.

2.1 Economic risk evaluation system: Reactive scoring

Based on social and demographic, employment and financial information provided by the customer and the parties to the transaction (guarantors, if any), the risk profile of the proposed transaction is assessed.

- Positive: favourable profile for the applicants / transaction.
- Doubtful: weak points in the borrowers and/or the transaction.

- Negative: the risk profiles are more unstable.

In addition, the system relates the scoring opinion to risk policies and both internal and external filters in order to issue a final opinion. The main variables are therefore analysed as follows:

- The family unit's payment capacity.
- The cash balance is the difference between monthly income and expenditure.
- Declared and estimated income and expenditure.
- The economic cover provided by the property in the event of foreclosure.

After analysing the transaction, a final automatic opinion is issued supporting decision-making according to the powers conferred on the account manager/analyst and which may be:

- Positive: satisfies risk acceptance requirements (authorise the transaction)
- Doubtful: mild default filters (refuse the transaction as the branch shall see fit)
- Negative: worrying filters (send to the territorial management office)

2.2 Reactive scoring variables used.

Detail of the most significant variables used in the reactive scoring evaluation process:

TRANSACTION	PERSONAL	SOCIAL & DEMOGRAPHIC	PROFESSIONAL
Use	Age	Country of residence	Salaried workers
Percentage funding	Marital status	Usual residence	Self-employed workers
Term	Dependent persons	Post code	Finance and equity

3. Risk monitoring processes

A three-step analysis is made of how the risk of default is monitored as described below.

Customer

The branch holding the investment is contacted in order for the branch to notify the customer of the arrears. The internal audit is also used to inform both of transaction marking deficiencies and of the high risk posed by certain customers and branches, which are monitored by the monitoring officers at each territorial management office.

In addition, debt recovery letters are sent centrally and overdue instalments are claimed by telephone calls made by a services company.

Transactions referred by estate agents (APIS)

Referrers with high delinquency rates are revised monthly. Estate agents are cross-checked every six months using BBVA's various quality files in order to see how they are each progressing.

Branches – statistical and other monitoring

Monthly, a pattern is established for branch/area/territorial office delinquency ratios, LTV ratios and delinquent group typologies, and scoring dependability is reviewed.

The conclusions, results and action plans are discussed monthly on the risk monitoring committees.

Samplings are made to check that upon completion mortgaged properties are valued at market, and in addition appraisers have to be recognised by the Bank of Spain, etc.

4. Delinquency management processes

Recovery actions at BBVA are managed, on a case-by-case basis, through IT applications and centres designed for that purpose.

The process comprises the following stages:

Recovery outline

The recovery process relies on the following tools:

- **Booking delinquency: delinquency/bad debts application**
Manages booking of all matters defined as doubtful assets, within the meaning of Bank of Spain Circular 4/2004, December 22, 2004.
- **Recovery management agenda**
Tool designed to expedite and drive recovery management, monitoring and controlling matters classified as doubtful assets/bad debts.

Allows:

- The status of a matter/procedure to be known
- The steps taken for each matter/procedure to be updated
- Personalised management portfolios to be prepared
- An alerts system to be triggered
- Access to accounting movements

It receives information from the delinquency/bad debts application and transfers information to the information centre.

The agenda consists of different modules, the following being noteworthy:

- **Payment agreements:** both out-of-court and in-court payment agreements.
- **Telegrams:** claim telegrams automatically sent and recorded.
- **Credit sale/transfer.**
- **Maintaining assets:** assets taken as security for the transactions.
- **Advance payments to court attorney:** court attorney procedural expenses.
- **Alerts menu for cases managed.**
- **Extranet:** external agent access to look up and update case files. Includes an automatic alerts system.
- **Information centre**
Collects information originating in the recovery management agency (delinquency and legal proceedings). Issues statistical summaries and account inventories, provides alerts and reports both daily and monthly.

Recovery before taking legal action

This is a highly personalised procedure in which the recovery manager is in touch with the obligor.

Steps in managing mortgage loans becoming fully delinquent before taking legal action:

- **DELINQUENCY:**
 - Upon becoming delinquent (four overdue monthly instalments) the application sends all borrowers and reported guarantors the delinquency letter and a written ultimatum.
 - Next action date: 1 month.
- **WITHIN ONE MONTH OF BECOMING DELINQUENT (five monthly instalments overdue):**
 - If at least one full instalment has been paid, the customer is proposed a payments scheme.
 - Otherwise, the event is notified to all the borrowers and guarantors.
 - Next action date: 1 month.
- **WITHIN TWO MONTHS OF BECOMING DELINQUENT (six monthly instalments overdue):**
 - If at least one full instalment has been paid, the customer is proposed a payments scheme.
 - Otherwise, the process begins for legal action to be taken.
 - Next action date: 1 month.
- **WITHIN THREE MONTHS OF BECOMING DELINQUENT (seven monthly instalments overdue):**
 - If at least one full instalment has been paid, the customer is proposed a payments scheme.
 - Otherwise, the process begins for the loan to be settled, legal proceedings to be commenced and all other tasks and procedures for the action to be brought.

Pre-judicial stage, filing the legal claim

If the above actions are not to no avail, then all documents are immediately prepared in order for legal proceedings to be commenced.

5. Bad debts management processes

Bad debts management is specifically aimed at managing/recovering all matters classified as definitive bad debts in BBVA Group.

Foreclosure procedural stages:

A) Repossession of mortgaged property:

- Satisfactory payment request
- Filing an application for foreclosure
- Court writ giving leave for the application and clearing foreclosure
- Court letter to the Land Registry ordering the issue of a certificate of title and liens
- Request to schedule an auction
- Notice of the auction served on the obligor
- The auction is held
- The knock-down price is approved
- Tendering the knock-down price.
- Payment of the mortgage credit
- Court writ approving the knock-down price and awarding the foreclosed asset
- Delivery of court possession of the property awarded at the auction.

- B) Monetary enforcement proceedings: once the knock-down price of the repossessed mortgaged asset has been approved and the amount has been received by the creditor, if the same does not cover the entire debt, the court is asked to assess the interest accrued after filing of the application for foreclosure of mortgaged assets and the costs and, upon being approved, the obligor shall be requested to pay the relevant amount and, failing payment, assets will be attached.

2.2.8 Indication of representations and collaterals given to the Issuer relating to the assets.

Representations of the Originator.

BBVA shall, as holder of the Mortgage Loan receivables until assigned to the Fund and as issuer of the Pass-Through Certificates, declare and represent as follows to the Fund and the Management Company in the Deed of Constitution.

1. In relation to BBVA.

- (1) That BBVA is a credit institution duly incorporated in accordance with the laws in force for the time being, entered in the Companies Register and the Bank of Spain's Register of Credit Institutions, and is authorised to operate in the mortgage market.
- (2) That neither at today's date nor at any time since it was incorporated has BBVA been decreed to be insolvent or in receivership, in bankruptcy or in suspension of payments, nor in any circumstance generating a liability which might result in the credit institution authorisation being revoked.
- (3) That BBVA has obtained all necessary authorisations, including those required of its corporate bodies and, as the case may be, third parties affected by the assignment of the Mortgage Loan receivables, to issue the Pass-Through Certificates, to validly execute the Fund Deed of Constitution, the agreements relating to the establishment of the Fund and to fulfil the undertakings made.
- (4) That it has audited annual accounts for the years ended as at December 31, 2009, 2008 and 2007 which have been filed with the CNMV and with the Companies Register. The audit report on the year 2009 annual accounts has no provisos.

2. In relation to the Mortgage Loans and the Pass-Through Certificates.

- (1) That the Mortgage Loan receivables are assigned to the Fund by issuing the Pass-Through Certificates in the ordinary course of business of BBVA and the issue is made at arm's length in accordance with Act 2/1981, Royal Decree 716/2009, and the provisions of Additional Provision Five of Act 3/1994, as worded by Act 41/2007, and other applicable laws. The Mortgage Loan receivables are assigned to the Fund by issuing the Pass-Through Certificates because the Mortgage Loans do not satisfy all the requirements established in Chapter II of Royal Decree 716/2009. This information is consistent with the contents laid down in schedule I to Royal Decree 716/2009 on the special accounting register of mortgage loans and credits.
- (2) That the Pass-Through Certificates are issued for the same term remaining until maturity and for the same interest rate of each of the underlying Mortgage Loans.
- (3) That all the Mortgage Loans exist and are valid and enforceable in accordance with the applicable laws.
- (4) That it is the legal and beneficial owner of each of the Mortgage Loans and there is no obstacle whatsoever for the Pass-Through Certificates to be issued.
- (5) That the details of the Pass-Through Certificates and the Mortgage Loans included in the schedules to the Deed of Constitution accurately reflect the current status of those Mortgage Loans and Pass-Through Certificates and are full and accurate, and match the data files sent to the Management Company on those Mortgage Loans and Pass-Through Certificates.

- (6) That the Mortgage Loans are secured with a real estate mortgage on the legal and beneficial ownership of each and every one of the mortgaged properties ranking senior, or ranking junior, as the case may be, although BBVA has the documents relating to economic cancellation of debts originated by previous mortgages, even though their registration cancellation procedure is pending.
- (7) That the Mortgage Loans are all originated in a public deed, and the mortgages are all duly granted and entered in the relevant Land Registries. The registration of the mortgaged properties is in force and has not been howsoever opposed and is subject to no limitation whatsoever taking precedence over the mortgage, in accordance with the applicable regulations, other than debts originated by previous mortgages, although BBVA has the documents relating to economic cancellation.
- (8) That the Mortgage Loans all stand as a valid and binding payment obligation for the relevant Obligor and are enforceable on their own terms.
- (9) That the Mortgage Loans are all denominated and payable exclusively in Euros, and the capital or principal has been fully drawn down.
- (10) That all the Mortgage Loan payment obligations are satisfied by directly debiting an account at BBVA.
- (11) That the Mortgage Loans have been granted to individuals residing in Spain (who are not employees, officers or directors of BBVA) for the purpose of financing the purchase, construction or renovation of homes and their annexes (parking spaces and/or lumber rooms), if any, or are subrogations by resident individuals to developer financing in respect of homes designed to be sold.
- (12) That the mortgages are granted on real properties already built wholly legally and beneficially owned by the respective mortgagor and to the best of BBVA's knowledge there is no litigation over the ownership of those properties which might detract from the mortgages.
- (13) That the properties mortgaged under the Mortgage Loans are not, and are not ineligible as, assets excluded for standing as security under article 11.1.d) of Royal Decree 716/2009, nor do the Mortgage Loans have any of the credit features excluded or restricted under articles 12.1 a), c), d) and f) and 12.2 of Royal Decree 716/2009.
- (14) That the mortgaged properties are all finished homes (and their annexes -parking spaces and/or lumber rooms-, if any) located in Spain and have been appraised by duly qualified institutions approved by BBVA and entered in the Bank of Spain's relevant Official Register, evidence of which appraisal has been duly provided in the form of a certificate. The appraisals done satisfy all the requirements established in the mortgage market laws.
- (15) That the outstanding principal balance of each Mortgage Loan exceeds 80% but does not exceed 100% of the appraisal value of the properties mortgaged as security for the relevant Mortgage Loan.
- (16) That, to the best of its knowledge, there has been no fall in the value of any of the properties mortgaged as security for the Mortgage Loans in excess of 20% of the appraisal value.
- (17) That the public deeds originating the Mortgage Loans provide that until the latter are fully repaid the Obligor is bound to have the mortgaged properties insured against the risk of fire and other damages during the contract term, at least satisfying the minimum requirements laid down by the mortgage market laws in force for the time being.
- (18) That in the case of Mortgage Loans secured with officially protected homes, the appraisal value considered and reported for all calculation purposes was the highest legal value of the official protection system, although those Mortgage Loans cannot be identified.

- (19) That the Mortgage Loans are not perfected in registered, negotiable or bearer securities, other than the Pass-Through Certificates issued to be pooled in the Fund.
- (20) That on the date of issue of the Pass-Through Certificates none of the Mortgage Loans have any payments that are more than one (1) month overdue.
- (21) That, to the best of its knowledge, no Mortgage Loan Obligor holds any receivable against BBVA whereby that Obligor might be entitled to a set-off which might adversely affect the rights conferred by the Pass-Through Certificates.
- (22) That in granting all the Mortgage Loans and in accepting, as the case may be, the subrogation of subsequent borrowers to the initial borrower's position, the lending policies in force set out in section 2.2.7 of the Prospectus Building Block have been strictly adhered to.
- (23) That the deeds for the mortgages granted on the properties to which the Mortgage Loans relate have all been duly filed in the records of BBVA suitable therefor, and are at the Management Company's disposal, for and on behalf of the Fund, and the Mortgage Loans are all clearly identified both in data files and by means of their deeds.
- (24) That the outstanding capital balance of each Mortgage Loan on the date of issue is equivalent to the principal figure of the relevant Pass-Through Certificate and that, in turn, the total capital of the Pass-Through Certificates shall be at least equivalent to EUR one billion two hundred and ninety-five million (1,295,000,000.00).
- (25) That the final maturity date of the Mortgage Loans is at no event after January 15, 2050, even bearing in mind that such final maturity date may be changed in respect of Mortgage Loans whose public origination deeds make provision for that possibility.
- (26) That, after being granted, the Mortgage Loans have been serviced and are still being serviced by BBVA in accordance with its set customary procedures for that purpose.
- (27) That, to the best of its knowledge, there is no litigation whatsoever in relation to the Mortgage Loans which may detract from their validity or which may result in the application of Civil Code article 1535, nor do any circumstances exist which may result in the purchase agreement of the home mortgaged as security for the Mortgage Loans being ineffective.
- (28) That, to the best of its knowledge, there has been no failure to pay in full the premiums accrued heretofore by the insurance taken out referred to in paragraph (17) above.
- (29) That, to the best of its knowledge, no Obligor is able to make any objection whatsoever to paying any Mortgage Loan amount.
- (30) That on the date of issue it has received no notice of full prepayment of the Mortgage Loans.
- (31) That on the date of the issue at least two interest instalments have fallen due on each Mortgage Loan.
- (32) That the Pass-Through Certificate and Mortgage Loan information contained in the Prospectus is accurate and strictly true.
- (33) That, to the best of its knowledge, no circumstance whatsoever exists which might prevent the mortgage security from being enforced.
- (34) That the Mortgage Loans are not earmarked for any issue whatsoever of mortgage debentures, mortgage bonds, mortgage participation certificates or pass-through certificates, other than the issue of the Pass-Through Certificates, and during their term the Mortgage Loans shall not be earmarked for any issue whatsoever of mortgage debentures, mortgage bonds, mortgage participation certificates or other pass-through certificates.

(35) That to the best of its knowledge nobody has a preferred right over the Fund in and to the Mortgage Loans, as holder of the Pass-Through Certificates.

(36) That none of the Mortgage Loans are an extension or reinstatement of earlier loans in arrears.

2.2.9 Substitution of the securitised assets.

Set rules for substituting Pass-Through Certificates or otherwise repayment to the Fund.

1. In the event of early amortisation of the Pass-Through Certificates upon the relevant Mortgage Loan capital being prepaid, there will be no substitution of the redeemed Pass-Through Certificates.
2. In the event that during the full term of the Pass-Through Certificates it should be found that any of them or the relevant Mortgage Loan fail to conform to the representations given in section 2.2.8 above upon the Fund being established, BBVA agrees, subject to the Management Company's consent, to proceed forthwith to remedy and, if that is not possible, substitute or, as the case may be, redeem the affected Pass-Through Certificates not substituted, by early amortisation of the affected Pass-Through Certificates, subject to the following rules:
 - (i) The party becoming acquainted with the existence of a Pass-Through Certificate in that circumstance, be it the Originator or the Management Company, shall advise the other party. The Originator shall have a period of not more than fifteen (15) Business Days from said notice to remedy that circumstance if it may be so remedied or proceed to substitution of the affected Pass-Through Certificates, notifying the Management Company of the characteristics of the mortgage loans intended to be assigned to take their stead, which shall fulfil the representations given in section 2.2.8 of this Building Block and be homogeneous as to residual term, interest rate, outstanding principal value as the affected Pass-Through Certificates and also credit quality in terms of mortgage ranking and loan to value ratio of the mortgaged property or properties of the Pass-Through Certificates to be replaced, in order for the financial balance of the Fund not to be affected by such substitution, nor indeed the rating of the Bonds in connection with the provisions of section 7.5 of the Securities Note. Once the Management Company has checked the eligibility of the substitute mortgage loan or loans, and after advising the Originator expressly of mortgage loans eligible to be so substituted, such substitution shall be made by early amortisation of the affected Pass-Through Certificates and, as the case may be, issuing the new substitute Pass-Through Certificates.

 Substitution shall be recorded in a public deed subject to the same formalities established for the issue of and subscription for the Pass-Through Certificates upon the Fund being established, in accordance with the specific characteristics of the new mortgage loans assigned. The Management Company shall provide the CNMV, the undertaking in charge of the Bond accounting record and the Rating Agencies with a copy of the public deed.
 - (ii) In the event that there should be no substitution of the affected Pass-Through Certificates in accordance with rule (i) above, the affected Pass-Through Certificates not substituted shall be amortised early. That early amortisation shall take place by a repayment in cash to the Fund by the Originator of the outstanding principal of the affected Pass-Through Certificates not substituted, interest accrued and not paid, calculated until the repayment date, and any other amount owing to the Fund under those Pass-Through Certificates.
 - (iii) In the event of (i) or (ii) above occurring, BBVA shall be vested in all the rights attaching to those Pass-Through Certificates accruing from the date of substitution or repayment to the Fund or accrued and not due, and overdue amounts on that same date.
3. In particular, the amendment by the Originator during the life of the Mortgage Loans of their terms without regard to the limits established in the special laws applicable and, in particular, to the terms agreed between the Fund, represented by the Management Company, and the Originator in this Prospectus, in the Deed of Constitution and in the Servicing Agreement, which would therefore be an absolutely exceptional amendment, would constitute a unilateral breach by the Servicer of its duties which should not be borne by the Fund or by the Management Company.

Upon any such breach occurring, the Fund may, through the Management Company: (i) demand payment of the relevant damages and losses and (ii) request replacement or repayment of the affected Pass-Through Certificates, in accordance with the procedure provided for in paragraph 2 above of this section, which shall not result in the Originators guaranteeing that the transaction will be successfully completed, but only the requisite redress of the effects resulting from the breach of its duties, in accordance with article 1124 of the Civil Code.

The expenses originated by the actions to remedy the Originator's breach shall be borne by the Originator and cannot be charged to the Fund or the Management Company. The Management Company shall notify the CNMV of Pass-Through Certificate replacements in terms of the procedure provided for in paragraph 2 above.

2.2.10 Relevant insurance policies relating to the securitised assets.

In accordance with BBVA's representation (17) given in section 2.2.8.2 of this Building Block, the public deeds originating the Mortgage Loans provide that until the latter are fully repaid the Obligor is bound to have the mortgaged properties insured against the risk of fire and other damages during the contract term, at least satisfying the minimum requirements laid down by the mortgage market laws in force for the time being, assigning to BBVA the insured capital or other indemnities payable by the insurer.

Most fire and other damage insurance has been taken out by the Obligors with BBVA SEGUROS, S.A. de Seguros y Reaseguros.

2.2.11 Information relating to the obligors where the securitised assets comprise obligations of 5 or fewer obligors which are legal persons or where an obligor accounts for 20% or more of the assets, or where an obligor accounts for a material portion of the assets.

Not applicable.

2.2.12 Details of the relationship, if it is material to the issue, between the Issuer, guarantor and obligor.

There are no relationships between the Fund, the Originator, the Management Company and other parties involved in the transaction other than as set forth in sections 5.2 and 6.7 of the Registration Document and in section 3.2 of this Building Block.

2.2.13 Where the assets comprise fixed income securities, a description of the principal terms.

Not applicable.

2.2.14 Where the assets comprise equity securities, a description of the principal terms.

2.2.16 Valuation reports relating to the property and cash flow/income streams where a material portion of the assets are secured on real property.

The appraisal values of the properties securing the selected mortgage loans are mostly appraisals made by appraisers for the purpose of granting and arranging the same, other than in some cases where the appraisals are newly done in order for the mortgage loan capitals granted to obligors to be extended.

2.3 Actively managed assets backing the issue.

Not applicable.

2.4 Where the Issuer proposes to issue further securities backed by the same assets, statement to that effect and description of how the holders of that class will be informed.

Not applicable.

3.2 Description of the entities participating in the issue and of the functions to be performed by them.

- (i) EUROPEA DE TITULIZACIÓN is the Management Company that will establish, manage and legally represent the Fund and has, jointly with BBVA, structured the financial terms of the Fund and the Bond Issue.
- (ii) BBVA is the originator of the Mortgage Loan receivables to be assigned to the Fund upon being established by issuing the Pass-Through Certificates, shall be the Lead Manager and the Subscriber of the Bond Issue and has, jointly with the Management Company, structured the financial terms of the Fund and the Bond Issue.

In addition, BBVA shall be the Fund's counterparty under the Guaranteed Interest Rate Account (Treasury Account), Subordinated Loan, Start-Up Loan, Financial Swap, Mortgage Loan Servicing and Pass-Through Certificate Custody, Bond Paying Agent and Financial Intermediation Agreements.

- (iii) URÍA MENÉNDEZ, an independent adviser, has provided legal advice for establishing the Fund and the Bond Issue and has been involved in reviewing this Prospectus, the transaction and financial service agreements referred to herein and the Deed of Constitution.
- (iv) Deloitte has audited the most significant features of a sample of BBVA's selected mortgage loans.
- (v) Moody's and S&P are the Rating Agencies that have assigned the rating to the Bond Issue.

The description of the institutions referred to in the preceding paragraphs is given in section 5.2 of the Registration Document.

The Management Company represents that the summary descriptions of those agreements, given in the relevant sections of this Prospectus, which it shall enter into for and on behalf of the Fund, include the most substantial and relevant information on each agreement, duly reflect their contents, and that no information has been omitted which might affect the contents of the Prospectus.

3.3 Description of the method and date of the sale, transfer, novation or assignment of the assets or of any rights and/or obligations in the assets to the Issuer.

3.3.1 Perfecting the assignment of the Mortgage Loan receivables to the Fund.

The Deed of Constitution shall perfect the issue by BBVA of the Pass-Through Certificates which shall be the instruments for assigning the Mortgage Loan receivables effective upon the very date on which the Fund is established, and their subscription by the Fund, represented by the Management Company.

The Pass-Through Certificates will be issued in accordance with the provisions of Act 2/1981, additional provision one of Royal Decree 716/2009 and additional provision five of Act 3/1994, as currently worded, and other applicable laws.

The Pass-Through Certificates shall be represented by means of a registered multiple certificate which shall contain the minimum data currently provided in article 29 of Royal Decree 716/2009, and specifically the registration particulars of the mortgaged properties securing the Mortgage Loans.

The Pass-Through Certificates may be transferred by a written statement on the very certificate and, in general, by any of the means admitted by Law. Transfer of the Pass-Through Certificate and the new holder's address shall be notified by the transferee to the issuer. They may only be acquired or held by professional investors, and may not be acquired by the unspecialised public.

Both in the event that any Pass-Through Certificate should be substituted, as prescribed in section 2.2.9.2 of this Building Block, and in the event that the Management Company, acting for and on behalf of the Fund, should proceed to foreclose a Mortgage Loan, as prescribed in section 3.7.2.1.7 of this Building Block, and moreover if upon Early Liquidation of the Fund, in the events and on the terms of section 4.4.3 of the Registration Document, said Pass-Through Certificates have to be sold, BBVA agrees to split, as

the case may be, any multiple certificate into such individual or multiple certificates as may be required, or to substitute or exchange the same for the above purposes.

The multiple certificate representing the Pass-Through Certificates and the multiple or individual certificates, if any, into which the same is split shall be deposited at BBVA, and relations between the Fund and BBVA shall be governed by the Mortgage Loan Servicing and Pass-Through Certificate Custody Agreement to be entered into between BBVA and the Management Company for and on behalf of the Fund. That deposit shall be made for the benefit of the Fund and BBVA shall therefore custody the documents supporting the Pass-Through Certificates deposited, observing the Management Company's instructions.

BBVA, as the issuer, shall keep a special book in which it shall enter the Pass-Through Certificates issued and the changes of address notified by Pass-Through Certificate holders, moreover including therein (i) Mortgage Loan origination and maturity dates, initial amount and settlement method; and (ii) the registration particulars of the mortgages securing the Mortgage Loans.

Given that subscription for and holding of the Pass-Through Certificates is restricted to professional investors and that the Fund is a professional investor and that the Fund has subscribed for the Pass-Through Certificates, for the purposes of article 32.1 paragraph two of Royal Decree 716/2009, the issue of the Pass-Through Certificates shall not be subject to a marginal note on each entry of the mortgage underlying each Mortgage Loan in the Land Registry.

The assignment by BBVA to the Fund of the Mortgage Loan receivables, made by issuing and subscribing for the Pass-Through Certificates, shall not be notified to the respective Obligors, which notice is not compulsory in order for the assignment to be effective. However, in the event of insolvency, administration by the Bank of Spain, liquidation or substitution of the Servicer, or because the Management Company deems it reasonably justified, the Management Company may demand the Servicer to notify Obligors (and, as the case may be, third-party guarantors and mortgaged property insurers) of the transfer to the Fund of the outstanding Mortgage Loan receivables, and that payments thereunder will only be effective as a discharge if made into the Treasury Account opened in the name of the Fund. However, both in the event of the Servicer failing to notify Obligors and, as the case may be, third-party guarantors and mortgaged property insurers, within five (5) Business Days of receiving the request and in the event of the Servicer becoming insolvent, the Management Company itself shall directly or, as the case may be, through a new Servicer it shall have designated, notify Obligors (and, as the case may be, third-party guarantors and mortgaged property insurers).

3.3.2 Pass-Through Certificate issue and subscription terms.

1. The Mortgage Loan receivables will be fully and unconditionally assigned, perfected upon BBVA issuing and the Fund subscribing for the Pass-Through Certificates, from the date of establishment of the Fund and for the entire term remaining until maturity of each Mortgage Loan.

In accordance with article 348 of the Commercial Code and 1529 of the Civil Code, the Originator will be liable to the Fund for the existence and lawfulness of the Mortgage Loans, and for the personality with which the assignment and issued are made, but shall not be liable for the Obligors' solvency.

The Originator shall not bear the risk of default on the Mortgage Loans and shall therefore have no liability whatsoever for the Obligors' default of principal, interest or any other Mortgage Loan amount whatsoever they may owe. It will not be howsoever liable either to directly or indirectly guarantee that the transaction will be properly performed, nor give any guarantees or security, nor indeed agree to repurchase or substitute the Mortgage Loans, saving as provided for in section 2.2.9 of this Building Block.

2. The issue of each Pass-Through Certificate shall be made for all the outstanding principal pending repayment on the assignment date, which shall be the date of establishment of the Fund, and for all ordinary interest on each Mortgage Loan.

3. The rights attaching to the Mortgage Loan Pass-Through Certificates shall accrue from the date on which they are issued and the Fund is established. Specifically, without limitation and for illustrative purposes only, the issue of each Pass-Through Certificate shall confer on the Fund the following rights in relation to each Mortgage Loan:
 - a) To receive all Mortgage Loan capital or principal repayment amounts accrued.
 - b) To receive all Mortgage Loan capital ordinary interest amounts accrued. This will also include interest accrued and not due on each Mortgage Loan from the last interest settlement date, on or before the date of issue of each Pass-Through Certificate, and overdue interest, if any, on that same date.
 - c) To receive all Mortgage Loan late-payment interest amounts.
 - d) To receive any other amounts, properties, assets, securities or rights received as payment of Mortgage Loan principal, interest or expenses, either in the form of the auction sale price or amount determined by a court decision or notarial procedure in enforcing the mortgage or non-mortgage securities, on the sale or utilisation of properties, assets or securities awarded or given as payment in kind or, upon foreclosing, in the administration or interim possession of the properties, assets or securities in foreclosure proceedings.
 - e) To receive all possible rights or compensations on the Mortgage Loans accruing for the Originator and derived therefrom, including those derived from damage insurance contracts, if any, attached to the properties mortgaged by the Mortgage Loans which are also assigned to the Fund, and those derived from any right collateral to the Mortgage Loans, excluding the fees established for each Mortgage Loan, which shall remain to the benefit of the Originator.
4. In the event of Mortgage Loan prepayment upon a full or partial repayment of the principal, there will be no direct substitution of the affected Pass-Through Certificates.
5. The Fund's rights under the Pass-Through Certificates shall be linked to the payments made by the Obligors and shall therefore be directly affected by the evolution, late payments, prepayments or any other incident in connection therewith.
6. The Fund shall defray any and all expenses or costs advanced by the Originator derived from recovery actions in the event of a breach by the Obligors of their obligations, including enforcement proceedings against the same.
7. In the event of renegotiation consented to by the Management Company, for and on behalf of the Fund, of the Mortgage Loans, or their due dates, the change in the terms shall affect the Fund.
8. Until the execution of the Deed of Constitution, BBVA shall be the beneficiary of the damage insurance contracts taken out by the Obligors in relation to the properties mortgaged as security for the Mortgage Loans, up to the insured amount.

BBVA shall thereupon perfect the assignment attached to the issue of the Pass-Through Certificates of the rights it has as the beneficiary of those mortgaged property damage insurance contracts taken out by the Obligors. As the holder of the Pass-Through Certificates, the Fund shall therefore be entitled to all the amounts BBVA would have received under such contracts.

3.3.3 Pass-Through Certificate issue price.

The Pass-Through Certificate issue price shall be at par with the face value of the Mortgage Loan capital. The aggregate amount payable by the Fund represented by the Management Company to BBVA for subscribing for the Pass-Through Certificates shall be an amount equivalent to the sum of (i) the face value of the capital or principal outstanding on each Mortgage Loan, and (ii) ordinary interest accrued and not due and overdue interest, if any, on each Pass-Through Certificate on the issue date (the "**accrued interest**").

The Management Company shall pay the total Pass-Through Certificate subscription price on behalf of the Fund as follows:

1. The part of the price consisting of the face value of the capital of all the Mortgage Loans, item (i) of paragraph one of this section, shall be paid by the Fund on the Bond Issue Closing Date, for same day value, upon subscription for the Bond Issue being paid up, by means of instructions given by the Management Company to BBVA to debit the Treasury Account opened in the Fund's name. BBVA shall receive no interest on the deferment of payment until the Closing Date.
2. The part of the price consisting of interest accrued on each Mortgage Loan, item (ii) of paragraph one of this section, shall be paid by the Fund on each collection date falling, as described in section 3.4.1 below, on the earlier of the first interest settlement date of each Mortgage Loan. Payment of accrued interest shall not be made subject to the Priority of Payments.

If the establishment of the Fund and hence the issue of and subscription for the Pass-Through Certificates should terminate, in accordance with the provisions of section 4.4.4.(v) of the Registration Document, (i) the Fund's obligation to pay the total Pass-Through Certificate subscription price shall terminate, and (ii) the Management Company shall be obliged to restore to BBVA any rights whatsoever accrued for the Fund upon subscription for the Pass-Through Certificates.

3.4 Explanation of the flow of funds.

3.4.1 How the cash flow from the assets will meet the Issuer's obligations to holders of the securities.

Mortgage Loan amounts received by the Servicer and owing to the Fund will be paid by the Servicer into the Fund's Treasury Account on the seventh day after the date on which they are received by the Servicer or the following business day if that is not a business day, and for value on the seventh calendar day after the date on which they were received by the Servicer.

The weighted average interest rate of the mortgage loans selected at March 24, 2010, as detailed in section 2.2.2.k) of this Building Block, is 3.04%, which is above the 1.142% nominal interest rate of the Bonds that has been presumed for hypothetical purposes in the table contained in section 4.10 of the Securities Note for the first Interest Accrual Period. Nevertheless, the Financial Swap mitigates the interest rate risk occurring in the Fund because the Mortgage Loans are subject, during the life of the Fund, to constant interest, as the case may be, and floating interest with benchmark indices and reset and settlement periods differing from the floating interest established for the Bonds based on 3-month Euribor and with quarterly accrual and settlement periods and the risk deriving from potential Mortgage Loan interest rate renegotiations which may even result in their novation to a fixed rate.

Quarterly on each Payment Date Bondholders will be paid interest accrued and principal repayment on the Bonds in the Priority of Payments given in section 3.4.6.2 of this Building Block.

3.4.2 Information on any credit enhancement.

3.4.2.1 Description of the credit enhancement.

The following credit enhancement transactions are incorporated to the financial structure of the Fund:

- (i) Cash Reserve set up by drawing down the Subordinated Loan.
Mitigates the credit risk derived from Mortgage Loan delinquency and default.

- (ii) Financial Swap:

Mitigates the interest rate risk occurring in the Fund because the Mortgage Loans are subject to constant interest, as the case may be, and floating interest with benchmark indices and reset and settlement periods differing from the floating interest established for the Bonds based on 3-month Euribor with quarterly accrual and settlement periods, and the risk deriving from potential Mortgage

Loan interest rate renegotiations which may even result in their novation to a fixed rate. In addition, a 0.40% margin excess is included and the securitised Mortgage Loan servicing fee amount is covered.

(iii) **Treasury Account.**

Partly mitigates the loss of return on the liquidity of the Fund due to the timing difference between Mortgage Loan income received and until interest payment and principal repayment on the Bonds occurs on the next succeeding Payment Date.

3.4.2.2 Cash Reserve.

The Management Company shall set up a cash reserve (the **"Cash Reserve"**) on the Closing Date by drawing fully the Subordinated Loan principal and shall subsequently, on each Payment Date, keep the required Cash Reserve amount provisioned in the Priority of Payments.

The characteristics of the Cash Reserve shall be as follows:

Cash Reserve amount.

1. The Cash Reserve shall be set up on the Closing Date in an amount equal to EUR two hundred and sixty-five million four hundred and seventy-five thousand (265,475,000.00) (the **"Initial Cash Reserve"**).
2. Subsequently to being set up, on each Payment Date, the Cash Reserve shall be provisioned up to the Required Cash Reserve amount established hereinafter out of the Available Funds in the Fund Priority of Payments.

The required Cash Reserve amount on each Payment Date (the **"Required Cash Reserve"**) shall be the lower of:

- (i) EUR two hundred and sixty-five million four hundred and seventy-five thousand (265,475,000.00).
- (ii) The higher of:
 - a) 41.00% of the Outstanding Principal Balance of the Bond Issue.
 - b) EUR one hundred and thirty-two million seven hundred and thirty-seven thousand five hundred (132,737,500.00).
3. Notwithstanding the above, the Required Cash Reserve shall not be reduced on the relevant Payment Date and shall remain at the Required Cash Reserve amount on the preceding Payment Date whenever any of the following circumstances concur on the Payment Date:
 - i) That on the Determination Date preceding the relevant Payment Date the amount of the Outstanding Balance of Delinquent Mortgage Loans is higher than 1.00% of the Outstanding Balance of Non-Doubtful Mortgage Loans.
 - ii) That the Cash Reserve was not provisioned up to the Required Cash Reserve amount on the relevant Payment Date.
 - iii) That three (3) years have not elapsed since the date of establishment of the Fund.

Yield.

The Cash Reserve amount shall remain credited to the Treasury Account, and will be remunerated on the terms of the Guaranteed Interest Rate Account (Treasury Account) Agreement.

Application.

The Cash Reserve shall be applied on each Payment Date to satisfying Fund payment obligations in the Priority of Payments and in the Liquidation Priority of Payments.

3.4.3 Details of any subordinated finance.

3.4.3.1 Subordinated Loan.

The Management Company shall on the date of establishment of the Fund, for and on behalf of the Fund, enter with BBVA into an agreement whereby BBVA shall grant to the Fund a commercial subordinated loan (the **"Subordinated Loan"**) amounting to EUR two hundred and sixty-five million four hundred and seventy-five thousand (265,475,000.00) (the **"Subordinated Loan Agreement"**). The Subordinated Loan amount shall be delivered on the Closing Date and be applied to setting up the Initial Cash Reserve on the terms for which provision is made in section 3.4.2.2 above of this Building Block, although granting of the Loan by no means guarantees performance of the securitised Mortgage Loans.

Subordinated Loan principal shall be repaid on each Payment Date in an amount equal to the positive difference existing between the outstanding Subordinated Loan principal on the Determination Date preceding the relevant Payment Date and the Required Cash Reserve amount at the relevant Payment Date, and in the application priority established for that event in the application of Available Funds in the Priority of Payments.

In the event that the Fund should not have sufficient liquidity to proceed to the relevant Subordinated Loan repayment on a Payment Date, in the Priority of Payments, the portion of principal not repaid shall be repaid on the next succeeding Payment Date along with the amount, if any, that should be repaid on that same Payment Date, until it is fully repaid.

The Subordinated Loan shall at all events be finally due on the Final Maturity Date or, as the case may be, on the date on which the Management Company proceeds to Early Liquidation subject to the Liquidation Priority of Payments.

Outstanding Subordinated Loan principal shall earn floating annual nominal interest, determined quarterly for each Interest Accrual Period, which shall be the result of adding: (i) the Bond Reference Rate determined for each Interest Accrual Period, and (ii) a 0.10% margin. This interest will be payable only if the Fund should have sufficient liquidity in the Priority of Payments or, as the case may be, the Liquidation Priority of Payments, as appropriate. Interest shall be settled and be payable on the expiry date of each Interest Accrual Period on each Payment Date, and shall be calculated based on: (i) the exact number of days in each Interest Accrual Period and (ii) a three-hundred-and-sixty- (360-) day year. The first interest settlement date shall be September 20, 2010.

Interest accrued and not paid on a Payment Date shall not be accumulated to Subordinated Loan principal and shall not earn late-payment interest.

All Subordinated Loan amounts due and not paid by the Fund because of a shortfall of Available Funds shall be paid on the following Payment Dates on which the Available Funds allow payment in the Priority of Payments. Payment of amounts not paid on preceding Payment Dates shall take precedence over Subordinated Loan amounts falling due on that Payment Date, in the Priority of Payments or the Liquidation Priority of Payments, as the case may be.

The Subordinated Loan Agreement shall be fully terminated in the event that the Rating Agencies should not confirm the provisional ratings assigned to the Bonds as final ratings by April 21, 2010.

3.4.3.2 Start-Up Loan.

The Management Company shall on the date of establishment of the Fund, for and on behalf of the Fund, enter with BBVA into a commercial loan agreement (the **"Start-Up Loan"**) amounting to EUR seven hundred thousand (700,000.00) (the **"Start-Up Loan Agreement"**). The Start-Up Loan amount shall be delivered on the Closing Date and be allocated to financing the Fund set-up and Bond issue and admission expenses and to partly financing subscription for the Pass-Through Certificates, at the difference between their total face capital and the face amount of the Bond Issue.

Outstanding Start-Up Loan principal will earn annual nominal floating interest, determined quarterly for each Interest Accrual Period, which shall be the result of adding: (i) the Bond Reference Rate determined for each Interest Accrual Period, and (ii) a 0.10% margin. This interest will be payable only if the Fund should have sufficient liquidity in the Priority of Payments or, as the case may be, in the Liquidation Priority

of Payments, as appropriate. Interest shall be settled and be payable on the expiry date of each Interest Accrual Period on each Payment Date, and shall be calculated based on: (i) the exact number of days in each Interest Accrual Period and (ii) a three-hundred-and-sixty- (360-) day year. The first interest settlement date shall be September 20, 2010.

Interest accrued and not paid on a Payment Date will not be accumulated to Start-Up Loan principal and will not accrue late-payment interest.

Start-Up Loan principal will be repaid quarterly on each Payment Date as follows:

- (i) The portion of Start-Up Loan principal actually used to finance the Fund set-up and Bond issue and admission expenses shall be repaid in twelve (12) consecutive quarterly instalments in an equal amount, on each Payment Date, the first of which shall be the first Payment Date, September 20, 2010, and the following until the Payment Date falling on June 20, 2013, inclusive.
- (ii) The portion of Start-Up Loan principal used to partly finance Pass-Through Certificate subscription and not used, as the case may be, shall be repaid on the first Payment Date, September 20, 2010.

All Start-Up Loan amounts due and not paid by the Fund because of a shortfall of Available Funds shall be paid on the following Payment Dates on which the Available Funds allow payment in the Priority of Payments. Payment of amounts not paid on preceding Payment Dates shall take precedence over Start-Up Loan amounts falling due on that Payment Date, in the Priority of Payments or Liquidation Priority of Payments, as the case may be.

The Start-Up Loan Agreement shall not be terminated in the event of the Fund being terminated, in accordance with the provisions of section 4.4.4.(v) of the Prospectus Registration Document. In that event, the Start-Up Loan shall be used to pay the Fund set-up and Bond issue expenses and all other obligations undertaken by the Management Company, for and on behalf of the Fund, originated upon the Fund being established and which are due and payable, and principal repayment shall be deferred and subordinated to satisfaction of those obligations, out of the Fund's remaining resources.

3.4.4 Investment parameters for the investment of temporary liquidity surpluses and parties responsible for such investment.

3.4.4.1 Treasury Account.

The Management Company, for and on behalf of the Fund, and BBVA shall enter into a guaranteed interest rate account agreement (the "**Guaranteed Interest Rate Account (Treasury Account) Agreement**") whereby BBVA will guarantee a certain variable yield on the amounts paid for the benefit of the Fund through its Management Company into a financial account. The Guaranteed Interest Rate Account (Treasury Account) Agreement shall specifically determine that all amounts received by the Fund will be paid into a financial account in Euros (the "**Treasury Account**") opened at BBVA, in the name of the Fund by the Management Company, which amounts shall mostly consist of the following items:

- (i) cash amount received upon subscription for the Bond Issue being paid up;
- (ii) Mortgage Loan principal repaid and interest collected;
- (iii) any other Mortgage Loan amounts received owing to the Fund, and on the sale or utilisation of properties or assets awarded, given as payment in kind or in administration and interim possession in foreclosure proceedings;
- (iv) Subordinated Loan principal drawn down and the Cash Reserve amount from time to time;
- (v) Start-Up Loan principal drawn down;
- (vi) Financial Swap Agreement amounts paid to the Fund;
- (vii) the amounts of the returns obtained on actual Treasury Account balances; and

- (viii) the amounts, if any, of interim withholdings on the return on investments to be effected on each relevant Payment Date on the Bond interest paid by the Fund, until due for payment to the Tax Administration.

BBVA shall pay an annual nominal interest rate, variable quarterly and settled quarterly, other than for the first interest accrual period, the duration of and the interest settlement for which shall be based on the duration of that period, applicable for each interest accrual period (differing from the Interest Accrual Period established for the Bonds) to the positive daily balances if any on the Treasury Account, equal to the interest rate resulting from decreasing (i) the Reference Rate determined for each Bond Interest Accrual Period substantially matching each Treasury Account interest accrual period (ii) by a 0.10% margin, translated to an interest rate based on calendar years (i.e. multiplied by 365, or 366 in leap years, and divided by 360). Interest shall be settled on the expiry date of each interest accrual period on each of the Fund Determination Dates (the fifth (5th) Business Day preceding each Payment Date), and shall be calculated based on: (i) the exact number of days in each interest accrual period, and (ii) a three-hundred-and-sixty-five (365-) day year or a three-hundred-and-sixty-six (366-) day year if it is a leap year. Interest accrual periods shall comprise the exact number of days elapsed between every two consecutive settlement dates, each interest accrual period including the beginning settlement date but not including the ending settlement date. The first interest accrual period shall comprise the days elapsed between the date of establishment of the Fund, inclusive, and the first Determination Date, September 13, 2010, exclusive.

In the event that the rating of short-term unsecured and unsubordinated debt obligations of BBVA or of the institution in which the Treasury Account is opened (the **"Treasury Account Provider"**) should, at any time during the life of the Bond Issue, be downgraded below P-1 or A-1, respectively by Moody's and S&P (in accordance with S&P's updated counterparty criteria dated May 8, 2007 -*Revised Framework For Applying Counterparty Supporting Party Criteria*-), the Management Company shall within not more than thirty (30) calendar days from the time of the occurrence of any such circumstance do any of the things described hereinafter allowing a suitable level of guarantee to be maintained with respect to the commitments derived from the Guaranteed Interest Rate Account (Treasury Account) Agreement in order for the rating given to the Bonds by the Rating Agencies not to be adversely affected:

- a) Obtaining from an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 and A-1, respectively by Moody's and S&P, an unconditional, irrevocable and first demand guarantee securing for the Fund, merely upon the Management Company so requesting, prompt payment by BBVA of its obligation to repay the amounts credited to the Treasury Account, for such time as the Treasury Account Provider remains downgraded below P-1 or A-1.
- b) Transferring the Treasury Account to an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 and A-1, respectively by Moody's and S&P, arranging the highest possible yield for its balances, which may differ from that arranged with the Treasury Account Provider under the Guaranteed Interest Rate Account (Treasury Account) Agreement.

In the event of b) above occurring and that BBVA's short-term unsecured and unsubordinated debt obligations should subsequently be upgraded back to P-1 and A-1, respectively by Moody's and S&P, the Management Company shall subsequently transfer the balances back to BBVA under the Guaranteed Interest Rate Account (Treasury Account) Agreement.

All costs, expenses and taxes incurred in connection with putting in place and arranging the above options shall be borne by BBVA or, as the case may be, the substituted Treasury Account Provider.

The Treasury Account Provider shall agree, forthwith upon its credit rating being downgraded, to use commercially reasonable efforts in order that the Management Company may do either of (a) or (b) above.

3.4.5 Collection by the Fund of payments in respect of the assets.

The Servicer shall manage collection of all Mortgage Loan amounts payable by the Obligor and any other item including under the damage insurance contracts of the mortgaged properties securing the Mortgage Loans. The Servicer shall use every effort in order for payments to be made by the Obligor to be collected in accordance with the contractual terms and conditions of the Mortgage Loans.

Mortgage Loan amounts received by the Servicer owing to the Fund shall be paid by the Servicer in full into the Fund's Treasury Account on the seventh day after the day on which they were received by the Servicer, or the following business day if that is not a business day, and for value date on the seventh calendar day after the date on which they were received by the Servicer, in accordance with the terms and conditions set in the Servicing Agreement. In this connection, business days shall be taken to be all those that are business days in the banking sector in the city of Madrid.

Nevertheless, in the event that the rating of the Servicer's short-term unsecured and unsubordinated debt obligations should be downgraded below P-1 or A-2, respectively by Moody's and S&P, the Management Company shall, in a written notice to the Servicer, issue instructions for those amounts to be paid to the Fund crediting the Treasury Account on the first day after the day on which they were received by the Servicer or the following business day if that is not a business day, for same day value.

The Management Company may issue the same instructions in the event that the Servicer's short-term unsecured and unsubordinated debt obligations should not be rated by Moody's or S&P.

In the event of the Servicer's long-term credit rating being downgraded below Baa3 by Moody's, BBVA will:

- (i) make a cash deposit for the benefit of the Fund with an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody's, or
- (ii) arrange an unconditional irrevocable credit facility upon the Management Company's first demand with an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody's.

The deposit amount or the maximum limit of the credit facility arranged shall be equivalent to the estimated aggregate amount of Mortgage Loan repayment and interest instalments during the month with the highest collection of repayment and interest instalments from the date of downgrade below Baa3 by Moody's, in the event that the Mortgage Loan delinquency rate should be 0.00% and the CPR should be 10.00%.

The Fund may only draw on that deposit or the liquidity facility the Mortgage Loan amounts it shall not receive, if any, owing to the Fund, received by the Servicer and not paid to the Fund.

If the Servicer's downgrade below A-2 by S&P could result in a downgrade of the ratings given by S&P to the Bonds, the Servicer shall do either of the following:

- (i) obtain from an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as A-1 by S&P within not more than thirty (30) days starting from the time of the occurrence of that circumstance, a first demand guarantee, satisfying the S&P criteria in force from time to time, at such an amount as to allow the ratings given to the Bonds by S&P to be maintained; or
- (ii) post cash collateral to the Fund in order for there to be no detriment to the rating given to the Bonds by S&P, within not more than ten (10) days starting from the time of the occurrence of the aforesaid circumstance, with an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as A-1 by S&P, at an amount equivalent to the aggregate estimated amount of the Mortgage Loan repayment and interest instalments that would become due during one month, from the date on which the A-2 rating by S&P is lost, and at a CPR based on the historical CPR of the Mortgage Loans assigned to the Fund.

The Fund may only call the guarantee or draw on the amount of such deposit to the extent of the Mortgage Loan amounts, if any, not received from the Servicer owing to the Fund and received by the Servicer and not paid to the Fund.

In the event that the Servicer's short-term unsecured and unsubordinated debt obligations should be upgraded back to A-2 by S&P, the Mortgage Loan amounts due to the Fund received by the Servicer may be fully transferred back to the Fund and credited to the Treasury Account on the seventh day after the date on which they are received by the Servicer and (i) and (ii) above shall not apply.

All costs, expenses and taxes incurred in connection with doing and arranging the above shall be borne by the Servicer.

The Servicer shall at no event pay any Mortgage Loan payment amount whatsoever to the Fund not previously received from the Obligor.

3.4.6 Order of priority of payments made by the Issuer.

3.4.6.1 Source and application of funds on the Bond Closing Date and until the first Payment Date, exclusive.

- f) Any other amounts received by the Fund during the Determination Period preceding the relevant Payment Date, including those resulting from the sale or utilisation of real estate, assets, securities or rights awarded or given as payment in kind to the same.

- g) Additionally, on the first Payment Date, the remainder upon the Start-Up Loan being drawn down to the extent not used.

Income under a), b) and f) above received by the Fund and credited to the Treasury Account between the Determination Date, exclusive, preceding the relevant Payment Date and the latter, shall not be included in the Available Funds on the relevant Payment Date, and that amount shall remain credited to the Treasury Account, to be included in the Available Funds on the following Payment Date.

2. Application.

The Available Funds shall be applied on each Payment Date to meeting payment or withholding obligations falling due on each Payment Date in the following order of priority, irrespective of the time of accrual, other than the application established in the 1st place, which may be made at any time as and when due:

1. Payment of the Fund's properly supported taxes and ordinary⁽¹⁾ and extraordinary⁽²⁾ expenses, whether or not they were disbursed by the Management Company, including the management fee due to the latter, and all other expenses and service fees, including those derived from the Paying Agent Agreement. Only expenses prepaid or disbursed on the Fund's behalf by and Mortgage Loan amounts reimbursable to the Servicer, provided they are all properly supported, shall be made to the Servicer under the Servicing Agreement in this priority.
2. Payment to the Servicer of the fee established in the Servicing Agreement.
3. As the case may be, payment of the net amount, payable by the Fund under the Financial Swap Agreement and, only in the event of termination of that Agreement following a breach by the Fund or because the Fund is the party affected by objective circumstances subsequently occurring, payment of the settlement payment amount payable by the Fund.
4. Payment of interest due on the Bonds.
5. Bond Principal Amortisation Due in an amount equivalent to the positive difference existing at the Determination Date preceding the relevant Payment Date between (i) the Outstanding Principal Balance of the Bond Issue, and (ii) the Outstanding Balance of Non-Doubtful Mortgage Loans.

10. Payment of Start-Up Loan interest due.
11. Repayment of Start-Up Loan principal to the extent amortised.
12. Payment of the Financial Intermediation Margin.

When accounts payable for different items exist in a same priority order number on a given Payment Date and the Available Funds are not sufficient to settle the amounts due under all of them, the application of the remaining Available Funds shall be prorated among the amounts payable under each such item, and the amount applied to each item shall be distributed in the priority in which the accounts payable fall due.

⁽¹⁾ The following shall be considered ordinary expenses of the Fund:

- a) Any expenses deriving from mandatory administrative verifications, registrations and authorisations, other than payment of the Fund set-up and Bond issue and admission expenses.

The Fund's ordinary expenses in its first year, including the management fee due to the Management Company and those derived from the Paying Agent Agreement, are estimated at EUR two hundred and thirty thousand (230,000.00). Because most of those expenses are directly related to the Outstanding Principal Balance of the Bond Issue and that balance shall fall throughout the life of the Fund, the Fund's ordinary expenses will also fall as time goes by.

- (2) The following shall be considered extraordinary expenses of the Fund:
- a) Expenses, if any, deriving from preparing and perfecting an amendment of the Deed of Constitution and of the agreements, and from entering into additional agreements.

Where payables for different items exist in a same priority order number on the Final Maturity Date or upon Early Liquidation and the Liquidation Available Funds are not sufficient to settle the amounts due under all of them, application of the remaining Liquidation Available Funds shall be prorated among the amounts payable under each such item, and the amount applied to each item shall be distributed in the priority in which the payables fall due.

3.4.6.4 Financial Intermediation Margin.

The Management Company shall, for and on behalf of the Fund, enter with the Originator into a Financial Intermediation Agreement designed to remunerate the Originator for the financial intermediation process carried out, enabling the financial transformation defining the Fund's activity, the assignment to the Fund of the Mortgage Loan receivables and the rating assigned to the Bonds.

The Originator shall be entitled to receive from the Fund a variable subordinated remuneration (the "**Financial Intermediation Margin**") which shall be determined and shall accrue upon expiry of every quarterly accrual period, which shall comprise, except for the first period, the three calendar months next preceding each Payment Date, in an amount equal to the positive difference, if any, between the income and expenditure accrued by the Fund, including losses, if any, brought forward from previous years, with reference to its accounts and before the close of the last day of the calendar month next preceding every Payment Date. The Financial Intermediation Margin accrued at the close of the months of February, May, August and November, these being the last calendar month in each interest accrual period, shall be settled on the next succeeding Payment Date, provided that the Fund has sufficient liquidity in the Priority of Payments.

Exceptionally: (i) the first Intermediation Margin accrual period shall be comprised between the date on which the Fund is established, inclusive, and August 31, 2010, inclusive, this being the last day in the calendar month preceding the first Payment Date, and (ii) the last Financial Intermediation Margin accrual period shall comprise a) until the Final Maturity Date or the date on which Early Liquidation of the Fund concludes, as provided for in section 4.4.3 of the Registration Document, on which the Pass-Through Certificates and the assets remaining in the Fund shall have been liquidated and the Liquidation Available Funds shall have been distributed in the Liquidation Priority of Payments, b) from the last day in the calendar month preceding the Payment Date before the date referred to in a), including a) but not including b). The first Financial Intermediation Margin settlement date shall be the first Payment Date, September 20, 2010.

If the Fund should not have sufficient liquidity on a Payment Date in the Priority of Payments to pay the full Financial Intermediation Margin, the amount not paid shall accumulate without any penalty whatsoever on the Financial Intermediation Margin accrued, as the case may be, in the following quarterly period and shall be paid on the following Payment Dates on which the Available Funds allow payment in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments. Financial Intermediation Margin amounts not paid on preceding Payment Dates shall be paid with priority over the amount payable on the relevant Payment Date.

The Financial Intermediation Agreement shall be fully terminated in the event that the Rating Agencies should not confirm any of the provisional ratings assigned to the Bonds as final by April 21, 2010.

3.4.7 Other arrangements upon which payments of interest and principal to investors are dependent.

3.4.7.1 Financial Swap.

The variable amounts payable by Party A and by Party B for each respective calculation period shall be netted and be paid by the paying Party to the receiving Party on each Payment Date.

2. Calculation periods.

Party A:

The Party A calculation periods shall be the exact number of days elapsed between two consecutive Determination Dates, not including the first but including the last date. Exceptionally, a) the length of the first Party A calculation period shall be equivalent to the exact number of days elapsed between the date of establishment of the Fund, inclusive, and September 13, 2010, the first Determination Date, inclusive, and b) the length of the last Party A calculation period shall be equivalent to the exact number of days elapsed between the Determination Date preceding the date on which the Financial Swap Agreement terminates, exclusive, and the date on which termination occurs, inclusive.

The Party B calculation periods shall be the exact number of days elapsed between two consecutive payment dates, including the first but not including the last date. Exceptionally, a) the length of the first Party B calculation period shall be equivalent to the exact number of days elapsed between the Bond Issue Closing Date, inclusive, and the first Payment Date, September 20, 2010, exclusive, and b) the length of the last Party B calculation period shall be equivalent to the exact number of days elapsed between the Payment Date preceding the date on which the Financial Swap Agreement terminates, inclusive, and the date on which termination occurs, exclusive.

3. Face Amount.

This shall be on each payment date the daily average during the next preceding Party A calculation period of the Outstanding Balance of Non-Delinquent Mortgage Loans.

4. Party A amounts payable.

This shall be on each payment date the result of applying the Party A Interest Rate, determined for the next preceding Party A calculation period, to the Face Amount according to the number of days in the Party A calculation period and based on a three-hundred-and-sixty- (360-) day year.

4.1 Party A interest rate.

For each Party A calculation period this shall be the annual interest rate resulting from dividing (i) the sum of the total Mortgage Loan ordinary interest amount received and paid into the Fund during the Party A calculation period, decreased by the amount of Mortgage Loan assignment interest accrued paid by the Fund, as the case may be, during the same Party A calculation period, by (ii) the Face Amount, multiplied by the result of dividing 360 by the number of days in the Party A calculation period.

5. Party B amounts payable.

This shall be on each payment date the result of adding (i) the amount resulting from applying the Party B Interest Rate, determined for the Party B calculation period falling due, to the Face Amount according to the number of days in the Party B calculation period falling due, and based on a three-hundred-and-sixty- (360-) day year, and (ii) the amount on the relevant payment date of the fee accrued under the Servicing Agreement or under a new servicing agreement in the event of substitution.

5.1 Party B interest rate.

For each Party B calculation period this shall be the annual interest rate resulting from adding (i) the Nominal Interest Rate applicable to the Bonds determined for the then-current Interest Accrual Period coinciding with each Party B calculation period, and (ii) 0.40%.

6. Maturity Date.

This shall be the earlier of the dates on which any of events (i) to (iv) listed for termination of the Fund occurs in accordance with the provisions of section 4.4.4 of the Registration Document.

7. Financial Swap Agreement events of default.

If on a Payment Date the Fund (Party A) should not have sufficient liquidity to pay the full net amount, if any, payable to Party B, the portion of this net amount not paid shall be settled on the following Payment Date provided that the Fund has sufficient liquidity in the Priority of Payments. Should such event of default occur on two consecutive Payment Dates, Party B may choose Early Termination of the Financial Swap Agreement. In this event, the Fund (Party A) shall accept the obligation to pay the settlement amount payable established to which it is bound on the terms of the Financial Swap Agreement, the foregoing in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments. Should the settlement amount payable under the Financial Swap Agreement be a payment obligation for Party B and not for the Fund (Party A), Party B shall take over the obligation to pay the settlement amount payable provided for in the Financial Swap Agreement.

It shall also be determined that if on a Payment Date Party B should not pay the full net amount payable to the Fund (Party A), the Management Company, for and on behalf of the Fund, may choose Early Termination of the Financial Swap Agreement. In that event, Party B shall accept the obligation to pay the settlement amount payable established in the Financial Swap Agreement. Should the settlement amount under the Financial Swap Agreement be due by the Fund (Party A) and not by Party B, payment thereof by the Fund (Party A) shall be made in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments.

Subject to the above, other than in an event of permanent financial imbalance of the Fund, the Management Company shall endeavour, for and on behalf of the Fund, to enter into a new financial swap agreement on terms substantially identical with the Financial Swap Agreement.

8. Actions in the event of change in the rating of Party B.

8.1 Moody's Criteria

Party B shall irrevocably agree as follows under the Financial Swap Agreement:

- (i) If at any time during the life of the Bond Issue neither Party B nor any of its Credit Support Providers has the First Required Rating Threshold ("First Rating Default"), then Party B shall post collateral in the form of cash or securities in favour of the Fund with an institution with

short-term unsecured and unsubordinated debt obligations rated P-1 by Moody's, on the terms of the Credit Support Annex, within thirty (30) Business Days of the occurrence of that circumstance.

Posting collateral in the form of cash or securities in favour of the Fund may be avoided if one of the following is done:

- a) Obtaining a replacement with at least the Second Required Rating Threshold ("Eligible Replacement").
 - b) Obtaining a Credit Support Provider with the First Required Rating Threshold.
- (ii) If at any time during the life of the Bond Issue neither Party B nor any of its Credit Support Providers has at least the Second Required Rating Threshold ("Second Rating Default"), then Party B shall, on a best efforts basis and as soon as possible (A) obtain a Credit Support Provider with at least the Second Required Rating Threshold, or (B) obtain a replacement with at least the Second Required Rating Threshold ("Eligible Replacement"), (or an Eligible Replacement with a Credit Support Provider with the Second Required Rating Threshold).

While none of the actions specified above have been taken, Party B shall, within thirty (30) Business Days of the occurrence of the Second Rating Default, post collateral in the form of cash or securities in favour of the Fund with an institution with short-term unsecured and unsubordinated debt obligations rated at least P-1 by Moody's, on the terms of the Financial Swap Agreement.

Party B's obligations under (i) and (ii) above, and the Early Termination events deriving therefrom, shall only apply during such time as the events respectively prompting the First Required Rating Default or the Second Required Rating Default are in place. The collateral transferred by Party B pursuant to (i) and (ii) above will be retransferred to Party B upon cessation of the causes resulting in the First Rating Default or the Second Rating Default, respectively.

All costs, expenses and taxes incurred in connection with fulfilment of the preceding obligations shall be payable by Party B.

In the above connection, "Credit Support Provider" shall mean an institution providing an Eligible Guarantee with respect to present and future obligations of Party B under the Financial Swap Agreement. "Eligible Guarantee" shall mean an unconditional and irrevocable guarantee given by a Credit Support Provider jointly and severally (as principal obligor) that may be directly called by Party A, with respect to which (i) it is established that if the guaranteed obligation cannot be carried out without certain actions being taken by Party B, the credit support provider shall use its best efforts to have Party B carry out those actions, (ii) (A) a law firm provides a legal opinion confirming that none of the payments made by the Credit Support Provider to Party A under the Guarantee results in any requirement for deduction or withholding for or on account of any tax, and that opinion has been notified to Moody's, or (B) the Guarantee determines that, if any such payment results in any requirement for deduction or withholding for or on account of any tax, that credit support provider shall be bound to pay such additional amount in order for the net payment ultimately received by Party A to be equal to the total amount that Party A would have received had there been no such deduction or withholding, or (C) in the event that any payment (the "Principal Payment") under the aforesaid guarantee is made net of deductions or withholdings for or on account of any tax, then Party B shall, under the Financial Swap Agreement, make an additional payment (the "Additional Payment") in order for the net amount received by Party A from the credit support provider (clear of taxes), i.e. the sum of the Principal Payment and the Additional Payment, to be equal to the total amount that Party A would have received had there been no such deduction or withholding (assuming that the credit support provider may be required to make such Additional Payment under the guarantee); and (iii) the Credit Support Provider expressly and irrevocably waives any right to compensation under that guarantee; and "Eligible Replacement" shall mean an institution that is legally able to satisfy the obligations due to Party A under the Financial Swap Agreement or its replacement (as the case may be) (A) with the Second Required Rating Level Threshold, or (B)

whose present and future obligations due to Party A under the Financial Swap Agreement (or its replacement, as the case may be) are guaranteed under an Eligible Guarantee provided by a credit support provider having the Second Required Rating Level Threshold.

An entity shall have the "First Required Rating Threshold" (A) in the event that the short-term unsecured and unsubordinated debt obligations of that entity are rated P-1 by Moody's and its long-term unsecured and unsubordinated debt obligations are rated at least as high as A2 by Moody's, or (B) in the event that the short-term unsecured and unsubordinated debt obligations of that entity are not rated by Moody's, if its long-term unsecured and unsubordinated debt obligations are rated at least as high as A1 by Moody's.

An entity shall have the "Second Required Rating Threshold" (A) in the event that the short-term unsecured and unsubordinated debt obligations of that entity are rated at least as high as P-2 by Moody's and its long-term unsecured and unsubordinated debt obligations are rated at least as high as A3 by Moody's, or (B) in the event that the short-term unsecured and unsubordinated debt obligations of that entity are not rated by Moody's, if its long-term unsecured and unsubordinated debt obligations are rated at least as high as A3 by Moody's.

8.2 S&P Criteria

In accordance with S&P's current criteria, subject to change or review in the future as published by S&P and sent to the Management Company:

In the event that the short-term unsecured and unsubordinated debt obligations of Party B (or its successor) should at any time during the life of the Bonds be downgraded below A-1, then it shall, within 60 calendar days, at its own cost, do either of the following:

- (A) transfer all of its rights and obligations with respect to the Financial Swap Agreement to a replacement financial institution with short-term unsecured and unsubordinated debt obligations rated at least as high as A-1 by S&P; or
- (B) procure a financial institution suitable for S&P and with short-term unsecured and unsubordinated debt obligations rated at least as high as A-1 by S&P to become co-obligor in respect of the obligations of Party B under the Financial Swap Agreement.

While either of the above is put in place, Party B (or its successor) will, within not more than 10 Business Days, at its own cost, post cash or securities as collateral to Party A, at an amount covering 125% of the mark-to-market value of the Financial Swap, in accordance with the criteria then in force published by S&P.

All costs, expenses and taxes incurred in connection with fulfilment of the preceding obligations shall be payable by Party B (or its successor) downgraded by S&P and having to implement either (A) or (B) above.

9. Other characteristics of the Financial Swap Agreement.

- 9.1 In the event of Early Termination, in the events set out and defined in the Financial Swap Agreement, Party B shall accept the obligation to pay the settlement amount provided for in the Financial Swap Agreement. Should the settlement amount payable under the Financial Swap Agreement be due by the Fund (Party A) and not by Party B, payment thereof by the Fund (Party A) shall be made in the Priority of Payments or in the Liquidation Priority of Payments, as the case may be.
- 9.2 Party B may only assign all its rights and obligations under the Financial Swap Agreement, subject to Party A's written consent, to a third party with a credit rating equal to Moody's First Required Rating Threshold and with short-term unsecured and unsubordinated debt obligations rated at least as high as A-1 by S&P, subject to notice to the Rating Agencies.
- 9.3 The Financial Swap Agreement shall be submitted to Spanish laws.

9.4 The Financial Swap Agreement shall be fully terminated in the event that the Rating Agencies should not confirm the provisional ratings assigned to the Bonds as final ratings by April 21, 2010.

9.5 The occurrence, as the case may be, of Early Termination of the Financial Swap Agreement will not in itself be an Early Amortisation event of the Bond Issue and an Early Liquidation event of the Fund referred to in sections 4.9.4 of the Securities Notes and 4.4.3 of the Registration Document, unless in conjunction with other events or circumstances related to the net asset value of the Fund, its financial balance should be materially or permanently altered.

3.4.7.2 Bond Issue Paying Agent.

The Management Company shall, for and on behalf of the Fund, enter with BBVA into a paying agent agreement to service the Bond Issue (the **"Paying Agent Agreement"**).

The obligations to be taken on by BBVA (the **"Paying Agent"**) under this Paying Agent Agreement are summarily as follows:

- (i) On each Bond Payment Date, paying Bond interest and, as the case may be, repaying Bond principal through Iberclear, after deducting, as the case may be, the total amount of the interim tax withholding for return on investments to be made by the Management Company, on the Fund's behalf, in accordance with applicable tax laws.
- (ii) On each Interest Rate Fixing Date, notifying the Management Company of the Reference Rate determined to be used as the basis for the Management Company to calculate the Nominal Interest Rate applicable to the Bonds.

In the event that the rating of the Paying Agent's short-term unsecured and unsubordinated debt obligations should, at any time during the life of the Bond Issue, be downgraded below P-1 or A-1, respectively by Moody's and S&P, the Management Company shall, within not more than thirty (30) days, from the time of the occurrence of any such circumstance, after notifying the Rating Agencies, do either of the following: (i) obtain from an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 and A-1, respectively by Moody's and S&P, an unconditional, irrevocable and first demand guarantee securing to the Fund, merely upon the Management Company so requesting, the commitments made by the Paying Agent, for such time as the Paying Agent remains downgraded below P-1 or A-1, or (ii) revoke the Paying Agent's designation as Paying Agent and thereupon designate another institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 and A-1, respectively by Moody's and S&P to take its place before terminating the Paying Agent Agreement. Should BBVA be replaced as Paying Agent, the Management Company shall be entitled to change the fee payable to the substitute institution, which may be higher than that established with BBVA under the Paying Agent Agreement. All costs, expenses and taxes incurred in connection with doing and arranging the above shall be borne by the substituted institution.

The Paying Agent shall agree, forthwith upon its credit rating being downgraded, to use commercially reasonable efforts in order that the Management Company may do either of (i) or (ii) above.

In consideration of the services to be provided by the Paying Agent, the Fund shall pay it on each Payment Date during the term of the agreement, a fee of EUR twelve thousand (12,000.00), inclusive of taxes as the case may be. This fee shall be paid provided that the Fund has sufficient liquidity and in the Priority of Payments or, as the case may be, the Liquidation Priority of Payments.

In the event that, in the Priority of Payments, the Fund should not have sufficient liquidity to pay said full fee, then the amounts accrued and not paid shall be accumulated without any penalty whatsoever to the fee falling due on the following Payment Date, unless that absence of liquidity should continue, in which case the amounts due shall build up until fully paid on the Payment Date on which they are settled, in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments.

The Paying Agent Agreement shall be fully terminated in the event that the Rating Agencies should not confirm the provisional ratings assigned to the Bonds as final ratings by April 21, 2010.

Not applicable.

3.7 Administrator, calculation agent or equivalent.

3.7.1 Management, administration and representation of the Fund and of the holders of the securities.

The Management Company, EUROPEA DE TITULIZACIÓN, shall be responsible for managing and being the authorised representative of the Fund, on the terms set in Royal Decree 926/1998, Act 19/1992, failing a provision in Royal Decree 926/1998 and to the extent applicable, and other applicable laws, and on the terms of the Deed of Constitution and of the Prospectus.

The Management Company shall discharge for the Fund the functions attributed to it in Royal Decree 926/1998.

It is also the Management Company's duty, as the manager of third-party portfolios, to represent and enforce the interests of the holders of the Bonds issued by the Fund and of all its other ordinary creditors. Consequently, the Management Company shall make its actions conditional on their protection and observe the provisions established for that purpose from time to time. Bondholders and all other ordinary creditors of the Fund shall have no recourse against the Fund Management Company, other than for a breach of its duties or failure to observe the provisions of the Deed of Constitution and the Prospectus.

3.7.1.2 Administration and representation of the Fund.

The Management Company's obligations and actions in fulfilment of its duty to manage and be the authorised representative of the Fund are the following, for illustrative purposes only and without prejudice to any other actions provided in this Prospectus:

- (i) Keeping the Fund's accounts duly separate from the Management Company's own, rendering accounts and satisfying tax and any other statutory obligations of the Fund.
- (ii) Making such decisions as may be appropriate in connection with liquidation of the Fund, including the decision to proceed to Early Liquidation of the Fund and Early Amortisation of the Bond Issue, in accordance with the provisions of the Deed of Constitution and this Prospectus. Moreover, making all appropriate decisions in the event of the establishment of the Fund terminating.
- (iii) Complying with its formal, documentary and reporting duties to the CNMV, the Rating Agencies and any other supervisory body.

- (vi) Complying with the calculation duties provided for and taking the actions laid down in the Deed of Constitution and this Prospectus and in the various Fund transaction agreements or in such others as the Management Company may enter into in due course for and on behalf of the Fund.

- (vii) The Management Company may extend or amend the agreements entered into on behalf of the Fund, or substitute, as the case may be, each of the Fund service providers on the terms provided for in each agreement, and indeed, if necessary, enter into additional agreements, including a credit facility or loan agreement in the event of Early Liquidation of the Fund. In any event, those actions shall require that the Management Company notify or first secure the authorisation, if necessary, of the CNMV or competent administrative body and notify the Rating Agency, and provided that such actions are not detrimental to the rating assigned to the Bonds by the Rating Agencies. In addition, the Management Company may amend the Deed of Constitution, on the terms laid down in article 7 of Act 19/1992, set out in section 4.4.1 of the Registration Document. The Deed of Constitution or the agreements may also be corrected upon a request by the CNMV.

- (xiii) Taking the actions for which provision is made in relation to the debt ratings or the financial position of the Fund counterparties in the financial and service provision agreements listed in section 3.2 of this Building Block.
- (xiv) Watching that the amounts credited to the Treasury Account return the yield set in the Agreement.
- (xv) Calculating the Available Funds, the Liquidation Available Funds and the payment or withholding obligations to be complied with, and applying the same in the Priority of Payments or the Liquidation Priority of Payments, as the case may be.
- (xvi) Instructing transfers of funds between the various borrowing and lending accounts, and issuing all relevant payment instructions, including those allocated to servicing the Bonds.

3.7.1.3 Resignation and substitution of the Management Company.

The Management Company shall be substituted in managing and representing the Fund, in accordance with articles 18 and 19 of Royal Decree 926/1998 set forth hereinafter and with subsequent rules statutorily established in that connection.

Resignation.

- (i) The Management Company may resign its management and authorised representative duties with respect to all or part of the funds managed whenever it deems this fit, applying to be substituted in a letter addressed to the CNMV, including a designation of the substitute management company. That letter shall enclose a letter from the new management company, declaring its willingness to take over that function and applying for the appropriate authorisation.

- (ii) The CNMV's substitution authorisation shall be subject to meeting of the following requirements:
 - (a) The substituted Management Company's delivery of the accounting records and data files to the new management company. That delivery will only be taken to have been made when the new management company is able to fully take over its function and that circumstance is notified to the CNMV.
 - (b) The rating accorded to the Bonds by the Rating Agencies should not fall as a result of the proposed substitution.
- (iii) The Management Company may in no event resign its duties until and unless all requirements and formalities have been complied with in order for its substitute to take over its duties.
- (iv) The substitution expenses originated shall be borne by the resigning Management Company and may in no event be passed on to the Fund.
- (v) The substitution shall be published within fifteen days by means of a notice inserted in two nationwide newspapers and in the bulletin of the organised secondary market where the Bonds issued by the Fund are listed. Furthermore, the Management Company shall notify the Rating Agencies of that substitution.

Forced substitution.

- (i) In the event that the Management Company should be adjudged insolvent or have its licence to operate as a securitisation fund management company revoked by the CNMV, it shall find a substitute management company, in accordance with the provisions of the foregoing section.
- (ii) In the event for which provision is made in the preceding section, if four months should have elapsed from the occurrence determining the substitution and no new management company should have been found willing to take over management, there shall be Early Liquidation of the Fund and Early Amortisation of the Bond Issue, in accordance with the provisions of sections 4.4.3 and 4.4.4 of this Prospectus Registration Document and of the Deed of Constitution.

The Management Company agrees to execute such public and private documents as may be necessary for it to be substituted by another management company, in accordance with the system for which provision is made in the preceding paragraphs of this section. The substitute management company shall be substituted in the Management Company's rights and duties under this Prospectus. Furthermore, the Management Company shall hand to the substitute management company such accounting records and data files as it may have to hand in connection with the Fund.

3.7.1.4 Subcontracting.

The Management Company shall be entitled to subcontract or subdelegate to solvent and reputable third parties the provision of any of the services it has to provide as the manager and authorised representative of the Fund, as established in this Prospectus, provided that the subcontractor or delegated party waives the right to take any action holding the Fund liable. In any event, subcontracting or delegating any service (i) may not result in an additional cost or expense for the Fund, (ii) shall have to be legally possible, (iii) shall not result in the rating accorded to the Bonds by the Rating Agencies being downgraded, and (iv) shall be notified to, and, where statutorily required, will first be authorised by, the CNMV. Notwithstanding any subcontracting or subdelegation, the Management Company shall not be exonerated or released, under that subcontract or subdelegation, from any of the liabilities undertaken in this Prospectus which may be legally attributed or ascribed to it.

3.7.1.5 Management Company's remuneration.

In consideration of the functions to be discharged by the Management Company, the Fund will pay it a management fee consisting of:

- (i) An initial fee which shall accrue upon the Fund being established and be payable on the Closing Date.
- (ii) A periodic fee on the Outstanding Principal Balance of the Bond Issue, which shall accrue daily from the establishment of the Fund until it terminates and shall be settled and paid by Interest Accrual Periods in arrears on each Payment Date subject to the Priority of Payments or, as the case may be, the Liquidation Priority of Payments. The periodic fee amount on each Payment Date may not be respectively higher or lower than the maximum and minimum amounts determined. The minimum amount shall be cumulatively reset in the same proportion, from the year 2011, inclusive, and be effective from January 1 of each year.

If on a Payment Date the Fund should not, in the Priority of Payments, have sufficient liquidity to settle the above-mentioned fee, the amount due shall accrue interest equal to the Bond Reference Rate for the relevant Interest Accrual Period. The unpaid amount and interest due shall build up for payment on the fee payable on the following Payment Date, unless that absence of liquidity should continue, in which case the amounts due shall build up until fully paid, in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments.

3.7.2 Servicing and custody of the securitised assets.

BBVA, Originator of the Mortgage Loan receivables by issuing the Pass-Through Certificates to be subscribed for by the Fund, as established in article 2.2.b) of Royal Decree 926/1998 and article 26.3 of Royal Decree 716/2009, shall continue as attorney for the Management Company to be responsible for Mortgage Loan servicing, management and custody, and relations between BBVA and the Fund, represented by the Management Company, shall be governed by the Mortgage Loan Servicing and Pass-Through Certificate Custody Agreement (the "**Servicing Agreement**") in relation to custody and servicing of the Mortgage Loans and custody of the Pass-Through Certificate supporting documents.

BBVA (the "**Servicer**" under the Servicing Agreement) shall accept the appointment received from the Management Company and thereby agrees as follows:

- (i) To be custodian, manager and servicer of the Mortgage Loans assigned to the Fund subject to the system terms and ordinary servicing and custody procedures established in the Servicing Agreement.
- (ii) To continue servicing the Mortgage Loans, devoting the same time and efforts to them as it would devote and use to service its own mortgage loans and in any event on the terms for which provision is made in the Servicing Agreement.
- (iii) That the procedures it applies and will apply for servicing and management of the Mortgage Loans are and will continue to be in accordance with the laws and statutory regulations in force applicable thereto.
- (iv) To full faithfully observe the instructions issued by the Management Company, provided that they observe the provisions of the Servicing Agreement, this Prospectus, the Deed of Constitution and the laws in force for the time being.
- (v) To pay the Fund damages and losses resulting from a breach of the obligations undertaken, although the Servicer shall not be liable for actions put in place on the Management Company's instructions.

In any event, the Servicer waives the privileges and authorities conferred on it by law as the manager of collections for the Fund and as Mortgage Loan servicer, and custodian of the relevant agreements, and in particular those for which provision is made in articles 1730 and 1780 of the Civil Code and 276 of the Commercial Code.

3.7.2.1 Ordinary system and procedures for servicing and managing the Mortgage Loans.

1. Custody of deeds, policies, agreements, documents and files.

The Servicer shall keep all Mortgage Loan deeds, documents and data files and copies of the mortgaged property damage insurance policies under safe custody and shall not give up their possession, custody or control other than with the Management Company's prior written consent for it to do so, unless a document should be required to institute proceedings to claim a Mortgage Loan, or any other competent authority should so require informing the Management Company.

The Servicer shall at all times allow the Management Company or the Fund auditors or other advisers duly authorised thereby reasonable access to the aforesaid deeds, policies, documents and records. Furthermore, whenever required to do so by the Management Company, it shall provide within two (2) Business Days of that request and clear of expenses, a copy or photocopy of any such deeds, policies and documents.

2. Collection management.

The Servicer shall continue managing collection of all Mortgage Loan amounts payable by the Obligors and any other item including under the insurance contracts of the properties mortgaged as security for the Mortgage Loans. The Servicer shall use all reasonable efforts for payments to be made by the Obligors to be collected in accordance with the contractual terms and conditions of the Mortgage Loans.

Mortgage Loan amounts due to and received by the Servicer shall be paid by the Servicer in full into the Fund's Treasury Account on the seventh day after the day on which they were received by the Servicer, or the following business day if that is not a business day, and for value date on the seventh calendar day after the date on which they were received by the Servicer, in accordance with the set terms and conditions. In this connection, business days shall be taken to be all those that are business days in the banking sector in the city of Madrid.

Nevertheless, in the event that the rating of the Servicer's short-term unsecured and unsubordinated debt obligations should be downgraded below P-1 or A-2 respectively by Moody's and S&P, the Management Company shall, in a written notice to the Servicer, issue instructions for those amounts to be paid to the Fund crediting the Treasury Account on the first day after the date on which they were received by the Servicer or the following business day, if that is not a business day, for same day value.

The Management Company may issue the same instructions in the event that the Servicer's short-term unsecured and unsubordinated debt obligations should not be rated by Moody's or S&P.

In the event of the Servicer's long-term credit rating being downgraded below Baa3 by Moody's, BBVA will:

- (i) make a cash deposit for the benefit of the Fund with an institution with short-term debt obligations rated at least as high as P-1 by Moody's, or
- (ii) arrange an unconditional irrevocable credit facility upon the Management Company's first demand with an institution with short-term debt obligations rated at least as high as P-1 by Moody's.

The deposit amount or the maximum limit of the credit facility arranged shall be equivalent to the estimated aggregate amount of Mortgage Loan repayment and interest instalments during the month with the highest collection of repayment and interest instalments from the date of downgrade below Baa3 by Moody's, in the event that the Mortgage Loan delinquency rate should be 0.00% and the CPR should be 10.00%.

The Fund may only draw on that deposit or the liquidity facility the Mortgage Loan amounts it shall not receive, if any, owing to the Fund, received by the Servicer and not paid to the Fund.

If the Servicer's downgrade below A-2 by S&P could result in a downgrade of the ratings given by S&P to the Bonds, the Servicer shall do either of the following:

- (i) obtain from an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as A-1 by S&P within not more than thirty (30) days starting from the time of the occurrence of that circumstance, a first demand guarantee, satisfying the S&P criteria in force from time to time, at such an amount as to allow the ratings given to the Bonds by S&P to be maintained; or
- (ii) post cash collateral to the Fund in order for there to be no detriment to the rating given to the Bonds by S&P, within not more than ten (10) days starting from the time of the occurrence of the aforesaid circumstance, with an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as A-1 by S&P, at an amount equivalent to the aggregate estimated amount of the Mortgage Loan repayment and interest instalments that would become due during one month, from the date on which the A-2 rating by S&P is lost, and at a CPR based on the historical CPR of the Mortgage Loans assigned to the Fund.

The Fund may only call the guarantee or draw on the amount of such deposit to the extent of the Mortgage Loan amounts, if any, not received from the Servicer owing to the Fund and received by the Servicer and not paid to the Fund.

In the event that the Servicer's short-term unsecured and unsubordinated debt obligations should be upgraded back to A-2 by S&P, the Mortgage Loan amounts due to the Fund received by the Servicer may be fully transferred back to the Fund and credited to the Treasury Account on the seventh day after the date on which they are received by the Servicer and (i) and (ii) above shall not apply.

All costs, expenses and taxes incurred in connection with doing and arranging the above shall be borne by the Servicer.

The Servicer may at no event pay any amount whatsoever to the Fund not previously received from the Obligors as payment for the Mortgage Loans.

3. Fixing the interest rate.

Notwithstanding a possible renegotiation of Mortgage Loans to a fixed rate, the Servicer shall continue fixing the interest rates applicable in each interest period as established in the respective Mortgage Loan agreements, submitting such communications and notices as may be established therein.

4. Information.

The Servicer shall regularly communicate to the Management Company the information relating to the individual characteristics of each Mortgage Loan, to fulfilment by the Obligors of their obligations under the Mortgage Loans, to delinquency status and ensuing changes in the characteristics of the Mortgage Loans, and to actions to demand payment in the event of late payment, court actions and auction of real properties or assets, the foregoing using the procedures and timing established in the Servicing Agreement.

Furthermore, the Servicer shall prepare and hand to the Management Company such additional information relating to the Mortgage Loans or the rights attaching thereto as the Management Company may reasonably request, and in particular the documents required for the Management Company, as the case may be, to bring legal actions.

5. Mortgage Loan subrogation.

The Servicer shall be authorised to permit substitutions in the Obligor's position under the Mortgage Loan agreements, exclusively where the new Obligor's characteristics are not less creditworthy than those of the former Obligor and those characteristics observe the mortgage lending policies, and further provided that the expenses derived from that change are fully borne by the Obligors. The Management Company may fully or partially limit this authority of the Servicer or set conditions therefor, in the event that those substitutions might adversely affect the ratings accorded to the Bonds by the Rating Agencies.

The mortgagor may apply for subrogation to the Servicer in connection with the Mortgage Loans pursuant to Act 2/1994. Subrogation of a new creditor under the Mortgage Loan and the ensuing payment of the amount due shall, as the case may be, result in prepayment of the Mortgage Loan and early amortisation of the respective Pass-Through Certificate.

6. Authorities and actions in relation to Mortgage Loan renegotiation procedures.

The Servicer may not voluntarily cancel the Mortgage Loans or their mortgages and security arrangements for any reason other than Mortgage Loan payment, relinquish or settle in regard thereto, forgive the Mortgage Loans in full or in part or extend the same, or in general do anything that may diminish the legal effectiveness, ranking or economic value of the Mortgage Loans or of the mortgages or security arrangements, without prejudice to its heeding requests by Obligor using the same efforts and procedure as if they were own mortgage loans.

Notwithstanding the above, the Management Company may, as manager of third-party portfolios and having regard to Obligor's requests to the Servicer directly or under Act 2/1994, instruct or first authorise the Servicer to agree with the Obligor, subject to the terms and conditions for which provision is made in this section, for a novation changing the relevant Mortgage Loan, either by an interest rate renegotiation or by an extension of the maturity period, provided that those novations are not detrimental to the ranking of the mortgage.

Therefore, the Management Company shall authorise the Servicer to entertain and accept Mortgage Loan interest rate and term extension renegotiations, without requiring the Management Company's prior consent, subject to the following general enabling requirements:

a) Renegotiating the interest rate.

Mortgage Loan interest rate may be renegotiated subject to the following rules and limitations:

1. The Servicer may under no circumstance entertain on its own account and without being so requested by the Obligor, interest rate renegotiations which may result in a decrease in the interest rate applicable to a Mortgage Loan. Without encouraging interest rate renegotiation, the Servicer shall act in relation to such renegotiation bearing in mind the Fund's interests at all times.
2. Subject to the provisions of paragraph 3 below, the Servicer may renegotiate the interest rate clause of the Mortgage Loans on terms that are deemed to be at arm's length and that do not differ from those applied by the actual Servicer in renegotiating or granting its floating- and fixed-rate mortgage credits and loans. For these purposes, the arm's length interest rate shall be deemed to be the rate offered by the Servicer in the Spanish market for mortgage loans or credits granted to individuals with real estate mortgage security on homes located in Spanish territory in an amount and on terms substantially similar to the renegotiated Mortgage Loan.

The Management Company may, on the Fund's behalf, at any time during the term of the Servicing Agreement, cancel, suspend or modify the Servicer's authorisation to renegotiate the interest rate.

3. Renegotiation of the interest rate applicable to a Mortgage Loan may at no event occur in the event that (i) the change is to a floating interest rate with a benchmark index for determination other than the Euribor or Mibor rate or mortgage market reference rates or benchmark indices, established in section 3 of rule six bis of Bank of Spain Circular no. 8/1990, September 7 (or any replacement rule), and (ii) that the average margin or spread weighted by the outstanding principal of outstanding Mortgage Loans (including the margin if any resulting from a fixed-rate renegotiation as provided for in section 4.(ii) below) is not in excess of 50 basis points above the Euribor or Mibor benchmark rates or index. For the purposes prescribed in this section, the provisions of section 4 below shall govern in the case of Mortgage Loans having benchmark indices other than the Euribor or Mibor benchmark rates or indices or which are fixed-rate loans in regard to consistency with reference to margin over a Euribor or Mibor benchmark index.

4. For the purposes of paragraph 3 above:

- (i) The margin or spread of a floating-rate Mortgage Loan with a benchmark index other than Euribor or Mibor rates or indices shall be considered to be the result of increasing or reducing the margin applicable to the Mortgage Loan by the difference between the simple averages of the values for the last three (3) months, published by the Bank of Spain, of (a) the Mortgage Loan benchmark index and (b) one-year EURIBOR index (one-year Interbank reference).
- (ii) The novated fixed-rate Mortgage Loan margin shall be deemed to be the difference between the fixed rate applicable to the Mortgage Loan and the EURIBOR BASIS fixed rate on Reuters' ISDAFIX2 screen, or any other replacement screen, at 11:00AM CET on the effective date of the new fixed rate for the term of the average life of the Mortgage Loan based on its new repayment schedule. In the absence of a EURIBOR BASIS, the latter shall be calculated by a straight-line interpolation between the EURIBOR BASIS fixed rates for the lower and higher terms closest to the average life of the Loan.

Calculation of the average life of a novated fixed-rate Mortgage Loan: average of the time periods from the effective date of the novation until each Mortgage Loan settlement date, using for weighting purposes the weights the principal to be repaid on each settlement date has, in accordance with the applicable repayment system, on the outstanding principal amount, in accordance with the following expression:

$$V = \frac{\sum (P \times d)}{T} \times \frac{1}{365}$$

Where:

V = Average life of the novated fixed-rate Mortgage Loan expressed in years.

P = Principal to be repaid on each settlement date under the applicable repayment system.

d = Number of days elapsed between the effective date of the novation and the relevant settlement date.

T = Outstanding principal on the effective date of the novation.

b) Extending the period of maturity.

The final maturity or final amortisation date of the Mortgage Loans may be deferred ("extending the term") subject to the following rules and limitations:

- (i) The Servicer may in no case entertain on its own account, i.e. without it being so requested by the Obligor, a change in the final maturity date of the Mortgage Loan which may result in an extension thereof. Without encouraging an extension of the maturity period, the Servicer shall act in relation to such extension bearing in mind the Fund's interests at all times.
- (ii) The amount of the sum of the capital or principal assigned to the Fund of the Mortgage Loans in respect of which the maturity term is extended may not exceed 10% of the face amount of the Bond Issue. In this connection, extension of the term of the Mortgage Loans shall not be considered on the terms laid down in the public deeds originating the Mortgage Loans to change the maturity date if the obligor or borrower is in good standing in respect of all payments due and is not in breach of any of the obligations established in the public deed, a summary of which terms is given in section 2.2.4.1 of this Building Block.

In this case, the term of a specific Mortgage Loan may be extended provided that the following requirements are met:

- a) That the final maturity date of the Mortgage Loans is not after January 15, 2050.

b) That, in any event, the Mortgage Loan capital or principal repayment instalment frequency is maintained or increased, maintaining the same repayment system.

(iii) The Management Company may, on the Fund's behalf, at any time during the term of the Servicing Agreement, cancel or suspend or amend the Servicer's power to extend the term.

If there should be any renegotiation of the interest rate of a Mortgage Loan or its due dates, the Servicer shall forthwith notify the Management Company of the terms resulting from each renegotiation. Such notice shall be made through the software or data file provided for the terms of the Mortgage Loans to be updated.

In the event of a renegotiation of the interest rate of the Mortgage Loans or their due dates, consented to by the Management Company, for and on behalf of the Fund, the change in the terms shall affect the Fund.

The contractual documents supporting novation of the renegotiated Mortgage Loans will be kept by the Servicer, in accordance with the provisions of paragraph 2 of this section.

7. Action against Obligors in the event of Mortgage Loan default.

Actions in the event of late payment.

The Servicer shall use the same efforts and procedure for claiming overdue Mortgage Loan amounts it applies for the rest of its portfolio mortgage loans.

In the event of the Obligor's default of payment obligations, the Servicer shall do the things described in the Servicing Agreement, taking in that connection the steps it would ordinarily take if they were its own portfolio mortgage loans and in accordance with standard banking usage and practice for collecting overdue amounts, and shall be bound to advance such expenses as may be necessary for those actions to be taken, without prejudice to its right to be reimbursed by the Fund. Needless to say, these actions include all such court and out-of-court actions as the Servicer may deem necessary to claim and collect the amounts due by the Obligors.

Legal actions.

The Servicer, using its fiduciary title to the Mortgage Loans or using the power referred to in the following paragraph, shall take all relevant actions against Obligors failing to meet their Mortgage Loan payment obligations, and against guarantors, if any. Such action shall be brought using the appropriate court enforcement procedures prescribed in articles 517 et seq. of the Civil Procedure Act.

In the above connection and for the purposes prescribed in articles 581.2 and 686.2 of the Civil Procedure Act, and in the event that this should be necessary, the Management Company shall confer in the Deed of Constitution as full and extensive a power of attorney as may be required at Law on BBVA in order that the latter may, acting through any of its attorneys properly empowered for those purposes, on the Management Company's instructions, for and on behalf of the Fund, or in its own name but for the Management Company as the Fund's authorised representative, demand by any judicial or other means any Mortgage Loan Obligor and guarantors, if any, to pay the debt and take legal action against them, in addition to other authorities required to discharge its duties as Servicer. These authorities may be extended and amended in another deed if that should be necessary or appropriate.

The Servicer shall generally commence the relevant legal proceedings if, for a period of seven (7) months, a Mortgage Loan Obligor in default of payment obligations should not resume payments to the Servicer and the latter, with the Management Company's consent, should not obtain a payment commitment satisfactory to the Fund's interests. The Servicer shall in any event forthwith proceed to file an executive action if the Management Company, acting for the Fund, and after analysing the specific circumstances of the case, should deem this necessary.

If this should be legally required, and for the purposes prescribed in the Civil Procedure Act, BBVA shall confer in the Deed of Constitution as full and extensive an irrevocable power of attorney as may be required at Law in order for the Management Company, acting for and on behalf of the Fund, to demand through a notary public any Mortgage Loan Obligor to pay the debt.

In the event of default by any Obligor, the Management Company, acting for and on behalf of the Fund, shall have the following remedies provided for mortgage participation certificates in article 31 of Royal Decree 716/2009, which also apply to the Pass-Through Certificates :

- (i) To demand the Servicer to apply for foreclosure.
- (ii) To take part on an equal standing with the Servicer, as issuer of the Pass-Through Certificates, in the foreclosure the latter shall have instituted against the Obligor, intervening to that end in any foreclosure proceedings commenced by the former.
- (iii) If the Servicer should fail to take that action within sixty (60) business days of a notice served through a Notary demanding payment of the debt, the Management Company, for and on behalf of the Fund, shall be entitled, by subrogation, to bring the foreclosure action on the Mortgage Loan for both principal and interest.
- (iv) In the event that the proceedings instituted by the Servicer should come to a standstill, the Fund, duly represented by the Management Company, may be subrogated in the position of the former and continue the foreclosure proceedings, without the above period having to elapse.

In the events provided in (iii) and (iv), the Management Company may, for and on behalf of the Fund, apply to the Judge or Notary with jurisdiction to commence or continue with the respective foreclosure proceedings, attaching to the application the original Pass-Through Certificate, for a notice to be served through a Notary as provided for in section (iii) above and an office certificate as to mortgage registration and subsistence. The Servicer shall be bound to issue a certification of the balance outstanding on the Mortgage Loan.

The Management Company, for and on behalf of the Fund as holder of the Pass-Through Certificates, may also take part with the same rights as the Servicer in the foreclosure proceedings and may in this sense, on the terms for which provision is made in the Civil Procedure Act, request the award of the mortgaged property as payment of the Mortgage Loan. The Management Company shall proceed, directly or through the Servicer, to sell the properties awarded within the shortest possible space of time and at arm's length.

Whereas some of the Mortgage Loans backing the Pass-Through Certificates may have valid entries in the registry regarding the properties mortgaged under the Mortgage Loans in respect of mortgages pre-dating the mortgage under that Mortgage Loan, as represented by BBVA in section 2.2.8.2.(6) of this Building Block, the debts originated by those mortgages have been fully economically cancelled.

Therefore, those Mortgage Loans will not for registration purposes have a senior mortgage but a mortgage ranking junior to those entered in the registry. Notwithstanding this, the debts subject of the previous mortgages have been fully repaid.

The Servicer shall, in events of mortgage foreclosure, where the Land Registry contains entries regarding the real estate secured with the mortgage under which action is taken in respect of mortgages senior to the latter mortgage which however have been repaid, previously to or upon the action being brought, do all such things as shall be appropriate at law and in court in order for the Land Registry to match the legal reality outside the Registry. In the event that the relevant documents are available, then the procedure shall be as provided for in article 40 and in Title IV of the Mortgage Act, and otherwise the procedure shall be as provided for in article 209 of that Act.

The Servicer agrees to promptly advise of payment demands, legal actions and any and all other circumstances affecting collection of overdue Mortgage Loan amounts. Furthermore, the Servicer will provide the Management Company with all such documents as the latter may request in relation to said

Mortgage Loans and in particular the documents required for the Management Company to take legal actions, as the case may be.

8. Damage insurance for properties mortgaged under the Mortgage Loans.

The Servicer shall not take or fail to take any action resulting in cancellation of any fire and damage insurance policy covering the Mortgage Loan mortgaged properties or reducing the amount payable in any claim thereunder. The Servicer shall use all reasonable efforts and in any event use the rights conferred under the insurance policies or the Mortgage Loans in order to keep those policies in full force and effect in relation to each Mortgage Loan and the respective mortgaged property, and the Servicer shall be liable to the Fund for any losses caused to the Fund in the event that the damage insurance policies are not kept in force and fully effective and in the event that those policies are not taken out.

Whenever the Servicer receives notice of non-payment of policy premiums by any Obligor, the Servicer may demand the Obligor to pay the same and indeed take out fire and damage insurance on the Obligor's behalf, advancing payment of the premiums, without prejudice to being reimbursed by the Obligor for amounts so paid.

In the event of a claim, the Servicer shall coordinate actions for collecting compensations derived from the property damage insurance policies on the terms and conditions of the Mortgage Loans and the actual policies, paying the amounts received to the Fund.

in the event of insolvency, administration by the Bank of Spain, liquidation or substitution of the Servicer or because the Management Company deems this reasonably justified, the Management Company may demand the Servicer, at any time and at its cost, and for the purposes laid down in the second paragraph of article 40 of Insurance Contract Act 50/1980, October 8, as currently worded, to notify the relevant insurers of the transfer of the Mortgage Loans, and that the payments of indemnities under the relevant damage insurance policies will only be effective as a discharge if made into the Treasury Account opened in the name of the Fund. However, both in the event of the Servicer failing to notify insurers within five (5) Business Days of receiving the request and in the event of insolvency or liquidation of the Servicer, the Management Company shall itself directly or, as the case may be, through a new Servicer it shall have designated, notify the insurers observing insolvency rules, as appropriate.

9. Set-off.

In the exceptional event that any Mortgage Loan Obligor should have a receivable that is liquid, due and payable by the Servicer, and because the assignment is made without the Obligor being aware, any of the Mortgage Loans should be fully or partially set-off against that receivable, the Servicer shall remedy that circumstance or, if it cannot be remedied, proceed to pay to the Fund the amount set off plus accrued interest which would have been payable to the Fund until the date on which the payment is made, calculated on the terms applicable to the relevant Mortgage Loan.

10. Subcontracting.

The Servicer may subcontract any of the services it may have agreed to provide under the Servicing Agreement other than those that may not be so delegated in accordance with the laws in force for the time being. That subcontracting may in no event result in an additional cost or expense for the Fund or the Management Company, and may not result in the rating assigned to the Bonds by the Rating Agencies being downgraded. Notwithstanding any subcontracting or subdelegation, the Servicer shall not be excused or released under that subcontract or subdelegation from any of the liabilities undertaken in the Servicing Agreement which may legally be attributed or ascribed to it.

11. Auction of real properties.

The Servicer agrees to notify the Management Company of the places, dates, terms and valuation of the real properties mortgaged as security for the Mortgage Loans and of all other assets attached as a result of the legal proceedings commenced against the Obligors, auctions scheduled, and proposed action and bid, in suitable advance in order that the Management Company may do such things as it shall see fit and submit instructions on the subject to the Servicer in suitable time.

The Servicer agrees to attend auctions of real properties, but shall thereat abide at all times by the instructions it shall have received from the Management Company, and shall therefore only tender a bid or apply for the award of the real estate or the asset to the Fund, fulfilling the instructions received from the Management Company.

In the event of real properties or other assets being awarded to the Fund, the Management Company shall proceed, directly or through the Servicer, to sell the same within the shortest possible space of time and at arm's length and the Servicer shall actively assist in expediting their disposal.

3.7.2.2 Term and substitution.

The services shall be provided by the Servicer until all obligations undertaken by the Servicer as Originator of the Mortgage Loans acquired by the Fund terminate, once all the Mortgage Loans have been repaid, or when liquidation of the Fund concludes after it terminates, without prejudice to a possible early revocation of its appointment under the Servicing Agreement.

In the event of insolvency of the Servicer or of administration by the Bank of Spain, breach by the Servicer of the obligations imposed on the Servicer under the Servicing Agreement, downgrade of the rating of the Servicer's long-term unsecured and unsubordinated debt obligations or in the event of the Servicer's credit rating falling or being lost or its financial circumstances changing to an extent that may be detrimental to or place the financial structure of the Fund or Bondholders' rights and interests at risk, the Management Company shall proceed, in addition to demanding the Servicer to fulfil the obligations laid down in the Servicing Agreement, where this is legally possible, inter alia and after notifying the Rating Agencies, to do any of the following in order for the rating assigned to the Bonds by the Rating Agencies not to be adversely affected: (i) demand the Servicer to subcontract or subdelegate to another institution the performance of the obligations and undertakings made in the Servicing Agreement; (ii) have another institution with a sufficient credit rating and quality secure all or part of the Servicer's obligations; (iii) post collateral in the form of cash or securities in favour of the Fund in an amount sufficient to secure all or part of the Servicer's obligations, and (iv) terminate the Servicing Agreement, in which case the Management Company shall previously designate a new Servicer having a sufficient credit quality and accepting the obligations contained in the Servicing Agreement or, as the case may be, in a new servicing agreement. In the event of insolvency of the Servicer, only (iv) above shall be valid. Any additional expense or cost derived from the aforesaid actions shall be covered by the Servicer and at no event by the Fund or the Management Company.

Notwithstanding the above provisions, in the event of the rating of the Servicer's long-term unsecured and unsubordinated debt obligations being downgraded below Baa3 by Moody's, the Servicer agrees within not more than 60 calendar days from the aforesaid downgrade to enter into a replacement undertaking with another institution in order for the latter to discharge the responsibilities for which provision is made in the Servicing Agreement with respect to the Mortgage Loans serviced by the Servicer, merely upon request by the Management Company if required to do so and provided that such action is not detrimental to the Rating Agencies' rating assigned to the Bonds.

Furthermore, in the event of insolvency, administration by the Bank of Spain, liquidation or substitution of the Servicer or because the Management Company deems this reasonably justified, the Management Company may demand the Servicer to notify Obligors (and third-party guarantors and mortgaged property insurers, if any) of the transfer to the Fund of the Mortgage Loan receivables then outstanding, and that payments thereunder will only be effective as a discharge if made into the Treasury Account opened in the name of the Fund. However, both in the event of the Servicer failing to notify Obligors and third-party guarantors and Mortgage Loan mortgaged property insurers, if any, within five (5) Business Days of receiving the request and in the event of insolvency or liquidation of the Servicer, the Management Company itself shall notify Obligors and third-party guarantors and Mortgage Loan mortgaged property insurers, if any, directly or, as the case may be, through a new Servicer it shall have designated.

Similarly, and in the same events, the Management Company may request the Servicer to do such things and satisfy such formalities as may be necessary, including third-party notices and entries in the relevant accounting records, in order to guarantee maximum efficiency of the assignment of the Mortgage Loan receivables, all on the terms given in section 3.7.2.1.7 of this Building Block.

Upon early termination of the Servicing Agreement, the outgoing Servicer shall provide the new Servicer, on demand by the Management Company and as determined thereby, with the necessary documents and data files it may have in order for the new Servicer to carry on the relevant activities.

The Servicing Agreement shall be fully terminated in the event that the Rating Agencies should not confirm the provisional ratings assigned to the Bonds as final ratings by April 21, 2010.

3.7.2.3 Liability of the Servicer and indemnity.

The Servicer shall at no time have any liability whatsoever in relation to the Management Company's obligations as Fund manager and manager of Bondholders' interests, nor in relation to the Obligors' Mortgage Loan obligations, without prejudice to the liabilities undertaken thereby in the Deed of Constitution of the Fund as Originator of the Mortgage Loan receivables assigned to the Fund by subscribing for the Pass-Through Certificates acquired by the Fund.

The Servicer takes on the obligation to indemnify the Fund or its Management Company for any damage, loss or expense resulting for the same on account of any breach by the Servicer of its obligations to service, manage and report on the Mortgage Loans and custody the Pass-Through Certificate supporting documents, established under the Servicing Agreement, or in the event of breach of the provisions of paragraph 3 of section 2.2.9 of this Building Block.

The Management Company shall, for and on behalf of the Fund, be entitled to take executive action against the Servicer where the breach of the obligation to pay to the Fund any and all principal repayment and interest and other amounts paid by the Obligors under the Mortgage Loans owing to the Fund does not result from the Obligors' default and is attributable to the Servicer.

Upon the Mortgage Loans terminating, the Fund shall, through its Management Company, retain a right of action against the Servicer until fulfilment of its obligations.

Neither Bondholders nor any other creditor of the Fund shall have any direct right of action whatsoever against the Servicer; that action shall lie with the Management Company, as the Fund's representative, who shall have that action on the terms described in this section.

3.7.2.4 Servicer's remuneration.

In consideration of Mortgage Loan custody, servicing and management and Pass-Through Certificate supporting document custody, the Servicer shall be entitled to receive in arrears on each Payment Date during the term of the Servicing Agreement a servicing fee equal to 0.01% per annum, inclusive of VAT if there is no exemption, which shall accrue on the exact number of days elapsed in each Determination Period preceding the Payment Date and on the mean daily Outstanding Balance of the Mortgage Loans serviced during that Determination Period. If BBVA should be replaced in that servicing task, the Management Company will be entitled to change the above percentage fee for the new Servicer, which may be in excess of that agreed with BBVA. The servicing fee will be paid on the relevant Payment Date provided that the Fund has sufficient liquidity in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments.

If the Fund should, through its Management Company, due to a liquidity shortfall in the Fund Priority of Payments, fail to pay on a Payment Date the full fee due to the Servicer, overdue amounts shall build up without any penalty whatsoever on the fee payable on the following Payment Dates, until fully paid.

Furthermore, on each Payment Date, the Servicer shall be entitled to reimbursement of all Mortgage Loan servicing and management expenses of an exceptional nature incurred, such as in connection with legal and/or recovery actions, including procedural expenses and costs, or managing and overseeing the sale of assets or properties, if any, awarded to the Fund, after first justifying the same. Those expenses will be paid whenever the Fund has sufficient liquidity and in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments.

3.8 Name, address and brief description of any swap, credit, liquidity or account counterparties.
