MBS BANCAJA 6 FONDO DE TITULIZACIÓN DE ACTIVOS

Pursuant to the Prospectus for **MBS BANCAJA 6 Fondo de Titulización de Activos** (the “Fund”) notice is given to the COMISIÓN NACIONAL DEL MERCADO DE VALORES of the following material event:

- On May 7 and 25, 2012, this Management Company notified Material Events reporting that the Rating Agencies Standard & Poor’s (“**S&P**”) and Moody’s Investors Service (“**Moody’s**”) had respectively on April 30, 2012 and May 17, 2012, downgraded the credit ratings assigned to BANKINTER, S.A. (“**BANKINTER**”) and BANCO SANTANDER, S.A. (“**SANTANDER**”), which circumstance was reported because BANKINTER was the Fund’s counterparty under the Paying Agent Agreement and SANTANDER was the Fund’s counterparty under the Guaranteed Interest Rate Account (Treasury Account) Agreement.

On October 24, 2012, BANCO SANTANDER, S.A. (“**SANTANDER**”) was designated Bond Paying Agent to replace BANKINTER, by duly signing the relevant subrogation agreement amending but not terminating the same.

The ratings for SANTANDER’s short- and long-term unsecured and unsubordinated debt obligations assigned by the Rating Agencies are currently as follows:

	Moody’s	S&P
Short-term	P-2	A-2
Long-term	Baa2	BBB

- In addition, the Management Company, for and on behalf of the Fund, BANKIA, S.A. (“**BANKIA**”), as the only holder of all the Bonds issued by the Fund, and SANTANDER, as the counterparty to the Guaranteed Interest Rate Account (Treasury Account) Agreement and as the new counterparty to the Paying Agent Agreement, have agreed to amend both agreements. Following the above-mentioned amendments, the following sections of the Fund Prospectus shall read as follows.

Section	Description
3.4.4.1 Building Block Paragraphs 3 et seq. (Treasury Account)	In the event that the rating of the long-term unsecured and unsubordinated debt obligations of the institution in which the Treasury Account is opened (the “Treasury Account Provider”) should, at any time during the life of the Bond Issue, be downgraded below Baa3 in the long-term by Moody’s, or that the rating of its long-term unsecured and unsubordinated debt obligations should, at any time during the life of Series A Bonds, be downgraded below BBB by S&P, the Management Company shall, following an agreement with BANKIA, within not more than thirty (30) calendar days from the time of the occurrence of the downgrade below Baa3, or within not more than sixty (60) calendar days (extendable by a further thirty (30) calendar days provided that S&P is notified in writing of the adoption of any action valid for S&P) from the time of the occurrence of the downgrade below BBB, as the case may be, do one of the following, allowing a suitable level of guarantee to be maintained with respect to the Treasury Account Provider’s commitments under the Guaranteed Interest Rate Account (Treasury Account) Agreement in order for the rating given to the Bonds by the Rating Agencies not to be adversely affected: a) Obtain from an institution with long-term unsecured and unsubordinated debt obligations rated at least as high as Baa3 by Moody’s and/or, if Series A remains outstanding, with long-term unsecured and unsubordinated debt obligations rated at least as high as BBB by S&P, an unconditional, irrevocable and first demand guarantee securing for the Fund, merely upon the Management Company so requesting, prompt payment by the Treasury Account

Section	Description
	Provider of its obligation to repay the amounts credited to the Treasury Account, for such time as the Treasury Account Provider's debt obligations remain downgraded below Baa3 and/or BBB. b) Transfer the Treasury Account to an institution with long-term unsecured and unsubordinated debt obligations rated at least as high as Baa3 by Moody's and, if Series A remains outstanding, with long-term debt obligations rated at least as high as BBB by S&P, arranging the highest possible yield for its balances, which may differ from that arranged with the Treasury Account Provider under the Guaranteed Interest Rate Account (Treasury Account) Agreement. Notwithstanding the above provisions, if BANKIA should, solely for the purpose of Series A Bonds still being eligible collateral in European Central Bank monetary policy operations, notify the Management Company in writing that the Treasury Account Provider's credit ratings must be higher than those provided for above (the "Treasury Account Provider's New Minimum Ratings"), the Management Company shall, following an agreement with BANKIA, after receiving the aforementioned notice from BANKIA, do one of the above, albeit with reference to the New Minimum Ratings to have been notified by BANKIA to the Management Company, in the event that the Treasury Account Provider's ratings should be below the New Minimum Ratings. The Treasury Account Provider's New Minimum Ratings required upon request by BANKIA shall not be binding until satisfactory notice thereof is served by the Management Company on the Rating Agencies. In addition, the measures, if any, applied or to be applied to meet the Treasury Account Provider's New Minimum Ratings shall be communicated. Once New Minimum Ratings have been notified, no further New Minimum Ratings may be adopted. All costs, expenses and taxes incurred in connection with doing and arranging the above shall be borne by BANKIA. BANKIA agrees, upon the Treasury Account Provider's credit rating being downgraded, to use commercially reasonable efforts in order that the Management Company may do one of a) or b) above, with the minimum ratings required therein or adapted, as the case may be, to the New Minimum Ratings. BANKIA agrees, upon the Management Company's request and provided that its unsecured and unsubordinated debt obligations have the minimum ratings required above or, as the case may be, the New Minimum Ratings, to provide the Treasury Account by taking over as Treasury Account Provider under the Guaranteed Interest Rate Account (Treasury Account) Agreement or, as the case may be, under a new agreement.
3.4.7.2 Building Block Paragraphs 3 to 6 (Paying Agent Agreement)	In the event that the rating of the Paying Agent's unsecured and unsubordinated debt obligations should, at any time during the life of the Bond Issue, be downgraded below Baa3 in the long-term by Moody's or that the rating of its long-term unsecured and unsubordinated debt obligations should, at any time during the life of Series A Bonds, be downgraded below BBB by S&P, the Management Company shall, following an agreement with BANKIA, within not more than thirty (30) calendar days from the time of the occurrence of the downgrade below Baa3 or within not more than sixty (60) calendar days from the time of the occurrence of the downgrade below BBB, after notifying the Rating Agencies, do one of the following:

Section	Description
	a) Obtain from an institution with long-term unsecured and unsubordinated debt obligations rated at least as high as Baa3 by Moody's and/or, if Series A Bonds remain outstanding, with long-term unsecured and unsubordinated debt obligations rated at least as high as BBB by S&P, an unconditional and irrevocable first demand guarantee securing for the Fund, merely upon the Management Company so requesting, payment of the Paying Agent's commitments for such time as the ratings of the Paying Agent's debt obligations remain downgraded below Baa3 and/or BBB as aforesaid. b) Revoke the Paying Agent's designation and thereupon designate another institution with long-term unsecured and unsubordinated debt obligations rated at least as high as Baa3 by Moody's and, if Series A Bonds remain outstanding, with long-term unsecured and unsubordinated debt obligations rated at least as high as BBB by S&P, to take its place before terminating the Paying Agent Agreement, or, as the case may be, under a new paying agent agreement. Notwithstanding the above provisions, if BANKIA should, solely for the purpose of Series A Bonds still being eligible collateral in European Central Bank monetary policy operations, notify the Management Company in writing that the Paying Agent's credit ratings must be higher than those provided for above (the "Paying Agent's New Minimum Ratings"), the Management Company shall, following an agreement with BANKIA, after receiving the aforementioned notice from BANKIA, do one of the above, albeit with reference to the New Minimum Ratings to have been notified by BANKIA to the Management Company, in the event that the Paying Agent's ratings should be below the New Minimum Ratings. The Paying Agent's New Minimum Ratings required upon request by BANKIA shall not be binding until satisfactory notice thereof is served by the Management Company on the Rating Agencies. In addition, the measures, if any, applied or to be applied to meet the Paying Agent's New Minimum Ratings shall be communicated. Once New Minimum Ratings have been notified, no further New Minimum Ratings may be adopted. All costs, expenses and taxes incurred in connection with doing and arranging the above shall be borne by BANKIA. BANKIA agrees, forthwith upon the credit rating of the Paying Agent's debt obligations being downgraded, to use commercially reasonable efforts in order that the Management Company may do one of a) or b) above, with the minimum ratings required therein or adapted, as the case may be, to the New Minimum Ratings.

MBS BANCAJA 6 FONDO DE TITULIZACIÓN DE ACTIVOS

Pursuant to section 4.1.4 of the Securities Note Building Block of the Prospectus for **MBS BANCAJA 6 Fondo de Titulización de Activos** (the “Fund”) notice is given to the COMISIÓN NACIONAL DEL MERCADO DE VALORES of the following material event:

- On March 22, 2011, once the CNMV had checked compliance with the provisions of article 7 of Act 19/1992, as worded by Act 5/2009, June 29, the Management Company amended the Fund’s Deed of Constitution, observing the procedure provided for in subparagraph 3.a) of that article, namely that the consent of all holders of the securities issued by the Fund, and of lenders and other creditors, be secured. The Deed of Constitution has been amended in order for Series A Bonds to be rated by Standard & Poor’s Credit Market Services Europe Limited, Branch in Spain (“S&P”).
- On that same date, the Management Company, for and on behalf of the Fund, and the relevant counterparties amended the Guaranteed Interest Rate Account (Treasury Account) and Paying Agent Agreements (collectively the “Agreements”), to include S&P’s criteria in credit rating downgrade events for the counterparties to the Agreements and the actions to be taken in those events. In the case of the Paying Agent Agreement, additionally to the inclusion of S&P’s criteria and because the debt obligations of Banco Cooperativo Español, S.A. are not rated by S&P, the Paying Agent’s duties were transferred to Caja de Ahorros y Monte de Piedad de Madrid (“CAJA MADRID”) by signing the appropriate document providing for subrogation to and novation and amendment but not termination of the Paying Agent Agreement.

Upon the paying agent’s duties being transferred, on March 22, 2011, the ratings for CAJA MADRID’s short- and long-term unsecured and unsubordinated debt obligations assigned by the Rating Agencies were as follows:

	Moody’s	S&P
Short-term rating	P-1	A-2
Long-term rating	A1	A-

- On March 23, 2011, S&P assigned an A (sf) rating to Series A Bonds.

Attached hereto is the letter received from S&P notifying assignment of the aforementioned rating.

- On March 29, 2011, the CNMV entered the deed amending the deed of constitution of the Fund in its official records.
- The amendments to the Deed of Constitution and the Agreements have resulted in the inclusion of S&P’s criteria, and the following sections of the Fund Prospectus shall therefore read as follows:

All costs, expenses and taxes incurred in connection with doing and arranging the above shall be borne by BANCAJA. MBS BANCAJA 6 FONDO DE TITULIZACIÓN DE ACTIVOS (the “**Fund**” and/or the “**Issuer**”) is a separate closed-end fund devoid of legal personality and, in accordance with Royal Decree 926/1998, May 14, regulating asset securitisation funds and securitisation fund management companies (“**Royal Decree 926/1998**”), is managed by a management company, EUROPEA DE TITULIZACIÓN S.A. SOCIEDAD GESTORA DE FONDOS DE TITULIZACIÓN (the “**Management Company**”). The Fund shall be liable only for its obligations to its creditors with its assets.

The Management Company shall discharge for the Fund the functions attributed to it in Royal Decree 926/1998, which include enforcing Bondholders’ interests as the manager of third-party portfolios. There shall be no syndicate of bondholders. Therefore, the capacity to enforce Bondholders’ interests shall depend on the Management Company’s means.

b) Forced substitution of the Management Company.

In accordance with article 19 of Royal Decree 926/1998, where the Management Company is adjudged insolvent or has its licence to operate as a securitisation fund management company revoked by the Comisión Nacional del Mercado de Valores (*National Securities Market Commission*) (the “**CNMV**”), it shall find a substitute management company. In any such event, if four months should have elapsed from the occurrence determining the substitution and no new management company should have been found willing to take over management, there shall be early liquidation of the Fund and early amortisation of the Bonds issued by the same, as provided for in the Deed of Constitution and in this Prospectus.

c) Limitation of actions.

Bondholders and all other creditors of the Fund shall have no recourse whatsoever against Mortgage Loan Obligors who may have defaulted on their payment obligations or against the Originator. Any such rights shall lie with the Management Company, representing the Fund.

Bondholders and all other creditors of the Fund shall have no recourse whatsoever against the Fund or against the Management Company in the event of non-payment of amounts due by the Fund resulting from the existence of default or prepayment of the Mortgage Loans, a breach by the Originator of its obligations or by the counterparties to the transactions entered into for and on behalf of the Fund, or shortfall of the financial hedging transactions for servicing the Bonds in each Series.

Bondholders and all other ordinary creditors of the Fund shall have no recourse against the Fund Management Company other than as derived from a breach of its duties or inobservance of the provisions of the Deed of Constitution and of this Prospectus. Those actions shall be resolved in the relevant ordinary declaratory proceedings, depending on the claimed amount.

d) Applicability of the Bankruptcy Act

Both the Originator of the Mortgage Loan receivables, CAJA DE AHORROS DE VALENCIA, CASTELLÓN Y ALICANTE, BANCAJA (“**BANCAJA**”), and the Fund Management Company may be declared insolvent.

In particular, the insolvency of BANCAJA could affect its contractual relationships with the Fund, in accordance with the provisions of Bankruptcy Act 22/2003, July 9 (the “**Bankruptcy Act**”). Moreover, in the event of insolvency of the Management Company, it must be replaced with another management company in accordance with the provisions of paragraph 1.b) above and articles 18 and 19 of Royal Decree 926/1998.

Specifically, the transaction involving the assignment of the Mortgage Loan receivables by issuing the Pass-Through Certificates cannot, in the event of insolvency of BANCAJA, be the subject of restitution to the assets of the estate other than by an action brought by the receivers of BANCAJA, in accordance with the provisions of insolvency laws.

In the event of BANCAJA being decreed insolvent, in accordance with the Bankruptcy Act, the Fund, acting through the Management Company, shall have a right of separation with respect to the document or documents representing the Pass-Through Certificates, on the terms provided for in articles 80 and 81 of the Bankruptcy Act. In addition, the Fund, acting through its Management Company, shall be entitled to obtain from BANCAJA the resulting Pass-Through Certificate amounts from the date on which insolvency is decreed, for those amounts will be considered to be the Fund's property, through its Management Company, and must therefore be transferred to the Management Company, representing the Fund. This right of separation would not necessarily extend to the monies received and kept by BANCAJA on behalf of the Fund before that date, for they might be earmarked as a result of the insolvency, given the essential fungible nature of money.

2 Risks derived from the securities.

a) Issue Price.

The Bond Issue is made with the intention of being fully subscribed for by the Originator in order to have liquid assets available which may be used as security for Eurosystem transactions or be sold subsequently, and, consequently, the terms of the Bond Issue are not an estimate of the prices at which those instruments could be sold in the secondary market or of the Eurosystem's valuations in due course for the purpose of using them as security instruments in its lending transactions to the banking system.

b) Liquidity

Given that the Originator will fully subscribe for the Bond Issue and in the event that it should hereafter fully or partially dispose of the Bond Issue, there is no assurance that the Bonds will be traded on the market with a minimum frequency or volume.

There is no undertaking that any institution will be involved in secondary trading, giving the Bonds liquidity by offering consideration.

Moreover, the Fund may in no event repurchase the Bonds from Bondholders. Nevertheless, the Bonds may be fully subject to early amortisation in the event of Early Liquidation of the Fund, on the terms laid down in section 4.4.3 of the Registration Document.

c) Yield.

Calculation of the yield (internal rate of return) of the Bonds in each Series contained in section 4.10 of the Securities Note is subject, inter alia, to assumed Mortgage Loan prepayment and delinquency rates that may not be fulfilled, and to future market interest rates, given the floating nature of the Nominal Interest Rate of each Series.

d) Duration.

Calculation of the average life and duration of the Bonds in each Series contained in section 4.10 of the Securities Note is subject to fulfilment of Mortgage Loan repayment and to assumed Mortgage Loan prepayment rates that may not be fulfilled. Mortgage Loan repayment performance is influenced by a number of economic and social factors such as market interest rates, the Obligors' financial circumstances and the general level of economic activity, preventing their predictability.

e) Late-payment interest.

Late interest payment or principal repayment to Bondholders in any of the Series shall under no circumstances result in additional or late-payment interest accruing to their favour.

f) Subordination of the Bonds.

Series B Bond interest payment and principal repayment is deferred with respect to Series A Bonds; Series C Bond interest payment and principal repayment is in turn deferred with respect to Series A and Series B Bonds; and Series D Bond interest payment and principal repayment is in turn deferred with respect to Series A, Series B and Series D Bonds. There is however no assurance whatsoever that these subordination rules shall protect Series A, B, C and D Bondholders from the risk of loss.

The subordination rules among the different Series are established in the Priority of Payments and in the Liquidation Priority of Payments of the Fund in accordance with section 3.4.6 of the Building Block.

g) Deferment of interest.

This Prospectus and the other supplementary documents relating to the Bonds provide for deferment of Series B, C and D Bond interest payment in the event of the circumstances provided for in section 3.4.6.2.1.2 of the Building Block occurring.

Series A Bond interest is not subject to these deferment rules.

h) Bond Rating.

The credit risk of the Bonds issued by the Fund has been assessed by the Moody's Investors Service España S.A. (the "**Rating Agency**").

The Rating Agency may revise, suspend or withdraw the final ratings assigned at any time, based on any information that may come to its notice.

These ratings are not and cannot therefore be howsoever construed as an invitation, recommendation or encouragement for investors to proceed to carry out any transaction whatsoever on the Bonds and, in particular, acquire, keep, charge or sell those Bonds.

i) Ratings not confirmed.

The Rating Agency's failure to confirm the provisional ratings given to the Bonds by 2pm (CET) on February 3, 2009 shall be an event of termination of the establishment of the Fund and the Bond Issue.

3 Risks derived from the assets backing the issue.

a) Mortgage Loan default risk.

Holders of the Bonds issued by the Fund shall bear the risk of default on the Mortgage Loans pooled therein by issuing the Pass-Through Certificates.

BANCAJA, as Originator, shall have no liability whatsoever for the Obligors' default of principal, interest or any other amount they may owe under the Mortgage Loans. BANCAJA shall, pursuant to article 348 of the Commercial Code, be liable to the Fund exclusively for the existence and lawfulness of the Mortgage Loans, on the terms and conditions declared in the Deed of Constitution and this Prospectus, and for the personality with which the Pass-Through Certificates are issued. BANCAJA will have no liability whatsoever to directly or indirectly guarantee that the transaction will be properly performed nor give any guarantees or security, nor indeed agree to repurchase the Pass-Through Certificates, other than the undertakings contained in section 2.2.9 of the Building Block regarding substitution or redemption of Pass-Through Certificates where any of them or of the relevant Mortgage Loans fail to conform, upon the Fund being established, to the representations given in section 2.2.8 of the Building Block.

b) Limited Liability.

The Bonds issued by the Fund neither represent nor constitute an obligation of BANCAJA or the Management Company. No other guarantees have been granted by any public or private organisation whatsoever, including BANCAJA, the Management Company and any of their affiliated or associated companies.

c) Limited Hedging.

A high level of delinquency of the Mortgage Loans might reduce or indeed exhaust the limited hedging against Mortgage Loan portfolio losses that the Bonds in each Series distinctly have as a result of the existence of the credit enhancement transactions described in section 3.4.2 of the Building Block.

The subordination rules among the different Series are established in the Priority of Payments and in the Liquidation Priority of Payments of the Fund in accordance with section 3.4.6 of the Building Block.

d) Pass-Through Certificate early amortisation risk.

There will be an early amortisation of the Pass-Through Certificates pooled in the Fund when Mortgage Loan Obligors prepay the portion of capital pending repayment, on the terms provided for in each Mortgage Loan deed, or in the event that BANCAJA should be substituted in the relevant Mortgage Loans by any other financial institution licensed to do so, or in any other event having the same effect.

That early amortisation risk shall pass quarterly on each Payment Date to Bondholders by the partial amortisation of the Bonds, in accordance with the terms for amortisation of each Series and with the rules for Distribution of Available Funds for Amortisation on each Payment Date contained in sections 4.9.2. and 4.9.3.5 of the Securities Note.

e) Delinquency.

The following are the details for BANCAJA's delinquency rate and delinquency coverage ratio at September 30, 2008 and the financial years ended on December 31, 2007 and 2006. No details have been given at December 31, 2008 because BANCAJA had not published the same at the registration date of this Prospectus.

	30.09.2008	31.12.2007 (A)	31.12.2006 (B)	Year-On-Year Change $\Delta\% ((A)-(B))/(B)$
Delinquency Rate	2.94%	0.85%	0.53%	60.38
Delinquency Coverage Ratio	65.90%	230.43%	350.20%	-34.20
Mortgage Delinquency Rate	2.97%	0.86%	0.56%	53.57

BANCAJA's delinquency rate at September 30, 2008 (2.97%) and in any event the other assumed values referred to at the beginning of that section have been taken into account in calculating the amounts and details tabled in section 4.10 of the Securities Note.

Calculation of the average life and duration of the Bonds in each Series contained in section 4.10 of the Securities Note is subject to fulfilment of Mortgage Loan repayment and to assumed Mortgage Loan prepayment and delinquency rates that might not be fulfilled.

f) Geographical concentration.

There are 5,596 (57.46% of the total loans) selected mortgage loans as at December 31, 2008 to be assigned to the Fund upon being established with mortgage security located in the Valencian Community, and their outstanding principal amounts to EUR 653,435,732.85 (50.19% of the total), as detailed in section 2.2.2.n) of the Building Block.

Given this concentration level, any circumstance whatsoever having a substantial negative effect on the Valencian Community could affect payments of the Mortgage Loans backing the Bond Issue.

g) Concentration at the selected mortgage loan origination date.

The selected portfolio selected mortgage loans originated in the years 2006, 2007 and 2008 account for 97.50%, in terms of outstanding principal, of the total selected portfolio. The weighted average age of the portfolio is 14.25 months at December 31, 2008, the selected portfolio selection date.

h) Selected mortgage loans secured with officially protected housing.

Some selected mortgage loans may be secured with officially protected housing. In these cases, as BANCAJA has represented in section 2.2.8 (6) of the Building Block, the appraisal value considered and reported for all calculation purposes was the maximum legal value under the official protection system. Identifying the same within the selected mortgage loan portfolio has not been possible because BANCAJA does not distinguish them from loans with private housing mortgage security. In any event, the selected mortgage loans with mortgage security consisting of protected housing do not benefit from any state or autonomous community aid whatsoever.

i) Regulatory changes.

Royal Decree 1975/2008, November 28, on urgent measures to be adopted regarding economic, tax and employment affairs and first-time homebuyers among other matters, was published on December 2, 2008 in the Official State Gazette, in order to implement a number of measures devised to help certain groups of mortgagors.

The aforesaid Royal Decree 1975/2008 provides, among other aids, for a temporary partial mortgage debt payments moratorium (deferring up to 50% of monthly mortgage payments between January 1, 2009 and December 31, 2010, capped at EUR 500 per month). Amounts not paid during that period will be paid upon the moratorium ending, and will be prorated over the remaining payments, limited to 10 years.

Anyone holding a mortgage on their usual home taken out before September 1, 2008 may apply for these aids, provided that the initial mortgage amount was less than EUR 170,000, no payments are overdue and certain additional requirements are met (namely, certain cases of unemployment, being self-employed in certain circumstances, or being a widowed pensioner).

Finally, the application of this measure requires a prior agreement between the interested party and the lending credit institution, and that the Economy and Finance Ministry instruct the Official Credit Institute to enter into the relevant agreements with credit institutions laying down, inter alia, the financial terms and security arrangements for such transactions.

The aforesaid aid plan is not in operation as at the date hereof and no information is therefore available as to the extent to which the Mortgage Loans to be transferred to the Fund will be impacted or affected. Consequently, among other potentially material factors, there can be no assessing at this point whether or not the aforesaid aid plan will apply to the aforementioned Mortgage Loans (and whether or not the Management Company's prior consent shall be required) or, if it does apply, the effects it will have on the Mortgage Loan Obligors' payment obligations and therefore on the Bonds.

j) Loan portfolio assumptions.

The assumptions made in this Prospectus regarding prepayment, delinquency, default and other rates are merely theoretical and for the sake of illustration only, which under no circumstances means that those assumptions may not differ in the future.

This is a Certified Translation into English of the Spanish Prospectus. No document other than the Spanish Prospectus registered by the Comisión Nacional del Mercado de Valores may have any legal effect whatsoever or be taken into account with respect to the Bond Issue.

Companies Register

For the record, neither the establishment of the Fund nor the Bonds issued backed by its assets shall be entered in the Companies Register, in pursuance of the facultative authority for which provision is made in article 5.4 of Royal Decree 926/1998.

4.4 Date of establishment and existence of the Issuer.

4.4.1 Date of establishment of the Fund.

The Management Company and BANCAJA, as originator (the "**Originator**") of the Mortgage Loan receivables, shall proceed to execute on February 2, 2009 a public deed whereby MBS BANCAJA 6 FONDO DE TITULIZACIÓN DE ACTIVOS will be established, BANCAJA will issue and the Fund will subscribe for Mortgage Loan Pass-Through Certificates, and the Fund will issue Asset-Backed Bonds (the "**Deed of Constitution**"), on the terms provided in article 6 of Royal Decree 926/1998.

The Management Company represents that the contents of the Deed of Constitution shall match the draft Deed of Constitution it has submitted to the CNMV and the terms of the Deed of Constitution shall at no event contradict, change, alter or invalidate the contents of this Prospectus, notwithstanding the need to complete the details and amounts of the Mortgage Loan Pass-Through Certificates to be issued and subscribed for under the Deed of Constitution.

The Deed of Constitution may not be altered other than in exceptional events, provided that there are no circumstances preventing that in accordance with the laws and regulations in force from time to time. In any event, those actions shall require that the Management Company first notify and secure the prior authorisation, if necessary, of the CNMV or competent administrative body and notify the Rating Agency, and provided that such changes are not detrimental to the rating assigned to the Bonds by the Rating Agency. The Management Company shall notify the amendment of the Deed of Constitution to the CNMV and the Rating Agency. The Deed of Constitution can also be corrected as requested by the CNMV.

4.4.2 Existence of the Fund.

The Fund shall commence its operations on the date of execution of the Deed of Constitution.

The Fund shall be in existence until May 24, 2052 or the following Business Day if that is not a Business Day, the Final Maturity Date of the Bond Issue, other than in the event of Early Liquidation before then as set forth in section 4.4.3 below of this Registration Document or if any of the events laid down in section 4.4.4 below of this Registration Document should occur.

4.4.3 Early Liquidation of the Fund.

4.4.3.1 Following notice served on the CNMV, the Management Company shall be entitled to proceed to early liquidation ("**Early Liquidation**") of the Fund and thereby early amortisation of the entire Bond Issue ("**Early Amortisation**"), in any of the following events ("**Early Liquidation Events**"):

- (i) When the amount of the Outstanding Balance of the Mortgage Loans yet to be repaid is less than ten (10) percent of the initial Outstanding Balance of the Mortgage Loans upon the Fund being established, and provided that the payment obligations derived from the Bonds in each Series then outstanding may be honoured and settled in full in the Liquidation Priority of Payments.

Payment obligations derived from the Bonds in each Series on the Early Liquidation date of the Fund shall at all events be deemed to be the Outstanding Principal Balance of the Series on that date plus interest accrued and not paid until that date, which amounts shall be deemed to be due and payable on that date to all statutory intents and purposes.

- (ii) Where, in any event or circumstance whatsoever unrelated to the Fund's operations, a substantial alteration occurs or the financial balance of the Fund required by article 11.b) of Royal Decree 926/1998 is permanently damaged. This event includes such circumstances as the existence of any change in the law or supplementary implementing regulations, the establishment of withholding obligations or other situations which might permanently affect the financial balance of the Fund.
- (iii) Mandatorily, in the event that the Management Company should be adjudged insolvent and/or have its licence to operate as a securitisation fund management company revoked by the CNMV, or the statutory term to do so or otherwise four months should elapse without a new management company being designated in accordance with the provisions of section 3.7.1.3 of the Building Block to this Prospectus.
- (iv) If within at least one (1) year since the Fund was established the Management Company should have the express consent and acceptance of all the Bondholders in each and every Series and all the counterparties under the agreements in force with the Fund, as regards both payment of amounts resulting from, and the procedure for, such Early Liquidation.
- (v) When a default occurs indicating a major permanent imbalance in relation to any of the Bonds issued or that it is about to occur.
- (vi) Upon the lapse of thirty-six (36) months from the date of the last maturity of the Mortgage Loans, even if they still have overdue amounts.

4.4.3.2 The following requirements shall have to be satisfied to proceed to that Early Liquidation of the Fund:

- (i) That Bondholders be given not less than fifteen (15) Business Days' notice, as prescribed in section 4.1.3.2 of the Building Block, of the Management Company's resolution to proceed to Early Liquidation of the Fund.
- (ii) That the Management Company previously advise the CNMV and the Rating Agency of that notice.
- (iii) The notice of the Management Company's resolution to proceed to Early Liquidation of the Fund shall contain a description (i) of the event or events triggering Early Liquidation of the Fund, (ii) of the liquidation procedure, and (iii) of the manner in which the Bond payment obligations are to be honoured and settled in the Liquidation Priority of Payments.

4.4.3.3 In order for the Fund, through its Management Company, to proceed to Early Liquidation of the Fund and Early Amortisation of the Bond Issue, the Management Company shall, for and on behalf of the Fund:

- (i) Proceed to sell the Pass-Through Certificates remaining in the Fund at a reasonable mark-to-market price, initially not less than the sum of the principal value still outstanding plus interest accrued and not paid on the relevant Mortgage Loans, subject to the provisions of paragraph (iv) below.
- (ii) Proceed to terminate such agreements as are not necessary for the Fund liquidation procedure.

- (iii) Be entitled to arrange for a credit facility, with an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody's, or a loan, which shall be fully allocated to early amortisation of the Bonds in the Series then outstanding. Financial costs due shall be paid and credit facility or loan principal shall be repaid in accordance with the Liquidation Priority of Payments of the Fund.
- (iv) Finally, both due to the preceding actions falling short and the existence of Pass-Through Certificates or other remaining assets of the Fund, the Management Company shall proceed to sell them and shall therefore invite a bid from at least five (5) entities who may, in its view, give a reasonable mark-to-market value. The Management Company shall be bound to accept the best bid received for the Pass-Through Certificates and for the assets on offer. In order to set the reasonable mark-to-market value, the Management Company may secure such valuation reports as it shall deem necessary.

In (i), (iii) and (iv) above, BANCAJA shall have a right of first refusal on the terms established by the Management Company and will therefore have priority over third parties to voluntarily acquire the Pass-Through Certificates and other assets remaining on the assets of the Fund, or to grant to the Fund the credit facility or the loan, if any, designed for early amortisation of the Bonds in the Series then outstanding. The Management Company shall therefore send BANCAJA a list of the assets and of third-party bids received, if any, and the latter may use that right for all the Pass-Through Certificates and assets offered by the Management Company or the credit facility within ten (10) Business Days of receiving said notice, and provided that (i) its bid is at least equal to the best of the third-party bids, if any, and (ii) BANCAJA proves to the Management Company that the exercise of the right of first refusal was subject to its usual credit revision and approval procedures and establishing therein that the exercise of that right is not designed to implicitly support securitisation.

- 4.4.3.4 The Management Company shall forthwith apply all proceeds from time to time from the sale of the Pass-Through Certificates and the Fund's assets to paying the various items, in such manner, amount and order as shall be requisite in the Liquidation Priority of Payments, other than the amounts, if any, drawn under the credit facility or the loan arranged for early amortisation of the Bonds in the Series then outstanding, which shall be applied to honouring the payment obligations of the Bonds in these Series.

4.4.4 Termination of the Fund.

The Fund shall terminate in any case, after complying with and observing the relevant legal procedure, in the following events:

- (i) Upon the Pass-Through Certificates pooled therein being fully amortised.
- (ii) Upon the Bonds issued being fully amortised.
- (iii) When the Early Liquidation procedure established in section 4.4.3 above is over.
- (iv) At all events, upon final liquidation of the Fund on the Final Maturity Date on May 24, 2052 or the following Business Day if that is not a Business Day.
- (v) Upon the establishment of the Fund terminating in the event that the Rating Agency should not confirm any of the assigned provisional ratings as final ratings by 2pm (CET) on February 3, 2009. In this event, the Management Company shall terminate the establishment of the Fund, subscription for the Pass-Through Certificates by the Fund and the Bond Issue.

Termination of the establishment of the Fund shall be notified to the CNMV as soon as such is confirmed, and shall be publicised by means of the procedure specified in section 4.1.3.2 of the Building Block. Within not more than one month after the occurrence of the event of termination, the Management Company shall execute a statutory declaration before a notary public declaring that the Fund's obligations have been settled and terminated and that the Fund has terminated. Notwithstanding the above, the Fund Management Company shall defray the Fund set-up and Bond issue and admission expenses payable with the Start-Up Loan, and the Start-Up Loan agreement shall not be terminated but shall rather be cancelled after those amounts are settled, principal

repayment being subordinated to fulfilment of all other obligations undertaken by the Management Company, acting for and on behalf of the Fund.

In the event that there should be any remainder upon the Fund being liquidated and after making all payments to the various creditors by distributing the Liquidation Available Funds in the Liquidation Priority of Payments established, that remainder shall be for the Originator on the liquidation terms established by the Management Company. If that remainder is not a liquid amount, since relating to Mortgage Loans that are pending the outcome of court or out-of-court proceedings instituted as a result of default by the Mortgage Loan Obligor, both their continuation and the proceeds of their termination shall be for the Originator.

In any event, the Management Company, acting for and on behalf of the Fund, shall not proceed to terminate the Fund and strike it off the relevant administrative registers until the Pass-Through Certificates and other remaining assets of the Fund have been liquidated and the Liquidation Available Funds have been distributed, in the Liquidation Priority of Payments.

Upon a period of six (6) months elapsing from liquidation of the Fund's remaining assets and distribution of the Liquidation Available Funds, the Management Company shall execute a statutory declaration before a notary public declaring (i) that the Fund has terminated, and the events prompting its termination, (ii) how Bondholders and the CNMV were notified, and (iii) how the Liquidation Available Funds were distributed in the Liquidation Priority of Payments; notice of this shall be given in a nation-wide newspaper and all other appropriate administrative procedures will be observed. The Management Company will submit that statutory declaration to the CNMV.

4.5 Domicile, legal form and legislation applicable to the issuer.

In accordance with the provisions of article 1.1 of Royal Decree 926/1998, the Fund has no own legal personality and the Management Company is entrusted with establishing, managing and being the authorised representative of those funds, and, as manager of third-party portfolios, with representing and enforcing the interests of the holders of the securities issued by the Fund and of all its other ordinary creditors.

The Fund shall have the same domicile as the Management Company:

- Street: Lagasca number 120

- Country: Spain
- Telephone: (34) 91 411 84 67

The establishment of the Fund is subject to Spanish Law and in particular is carried out pursuant to the legal system provided for by (i) Royal Decree 926/1998 and implementing regulations, (ii) Investment Trusts and Companies System and Mortgage Securitisation Funds Act 19/1992, July 7 ("**Act 19/1992**"), failing a provision in Royal Decree 926/1998 and to the extent applicable, (iii) Act 3/1994, April 14, adapting Spanish law in regard to credit institutions to the Second Banking Co-ordination Directive and introducing other financial system changes ("**Act 3/1994**"), as currently worded, (iv) the Securities Market Act in force as of the date of establishment of the Fund, (v) Act 41/2007, December 8, amending Mortgage Market Regulation Act 2/1981, March 25, and other mortgage and financial system rules, regulating reverse mortgages and dependency insurance and establishing a certain taxation rule ("**Act 41/2007**"), (vi) Royal Decree 1310/2005, November 4, partly implementing Securities Market Act 24/1988, July 28, in regard to admission to trading of securities in official secondary markets, public offerings for sale or subscription and the prospectus required for that purpose, (vii) Commission Regulation (EC) No. 809/2004, April 29, 2004 implementing Directive 2003/71/EC of the European Parliament and of the Council as regards information contained in prospectuses as well as the format, incorporation by reference and publication of such prospectuses and dissemination of advertisements, and (viii) all other legal and statutory provisions in force and applicable from time to time.

4.5.1 Tax system of the Fund.

In accordance with the provisions of article 1.2 of Royal Decree 926/1998, article 5.10 of Act 19/1992, article 7.1.h) of the Consolidation of the Corporation Tax Act approved by Legislative Royal Decree 4/2004, March 5, article 20.One.18 of Value Added Tax Act 37/1992, December 28, article 59.k of the Corporation Tax Regulations approved by Royal Decree 1777/2004, July 30, article 45.I.B).15 of the Consolidation of the Capital Transfer and Documents Under Seal Tax Act approved by Legislative Royal Decree 1/1993, September 24, additional provision five of Act 3/1994, April 14, and Personal Income Tax Act 35/2006, November 28, partly amending the Corporation, Non-Resident Income and Wealth Tax Acts, the following are the most relevant characteristics of each tax under the current tax system of the Fund:

4.8 Nominal interest rate and provisions relating to interest payable.

4.8.1 Bond nominal interest rate.

The Bonds in each Series shall, from the Closing Date until they mature fully, accrue yearly nominal interest, variable and payable quarterly, which shall be the result of applying the policies established hereinafter for each Series.

The resultant yearly nominal interest rate (hereinafter the “**Nominal Interest Rate**”) for each Series shall be payable quarterly in arrears on each Payment Date on the Outstanding Principal Balance of the Bonds in each Series at the preceding Determination Date, provided that the Fund has sufficient liquidity in the Priority of Payments or in the Liquidation Priority of Payments, as the case may be.

Withholdings, interim payments, contributions and taxes established or to be established in the future on Bond principal, interest or returns shall be borne exclusively by Bondholders, and their amount, if any,

shall be deducted by the Management Company, for and on behalf of the Fund, or through the Paying Agent, as provided by law.

4.8.1.1 **Interest accrual.**

For interest accrual purposes, the duration of each Bond Series shall be divided into successive interest accrual periods (the “**Interest Accrual Periods**”) comprising the exact number of days elapsed between every two consecutive Payment Dates, each Interest Accrual Period including the beginning Payment Date but not including the ending Payment Date. Exceptionally, the duration of the first Interest Accrual Period shall be equivalent to the exact number of days elapsed between the Closing Date, February 4, 2009, inclusive, and the first Payment Date, May 25, 2009 because May 24, 2009 is not a Business Day, exclusive.

The Nominal Interest Rate shall accrue on the exact number of days in each Interest Accrual Period for which it was determined, calculated based upon a 360-day year.

4.8.1.2 **Nominal Interest Rate.**

The Nominal Interest Rate applicable to the Bonds in each Series and determined for each Interest Accrual Period shall be the result of adding:

- (i) the Reference Rate, as established in the following section, and
- (ii) a margin for each Series as follows:
 - **Series A:** 0.30% margin.
 - **Series B:** 0.60% margin.
 - **Series C:** 1.20% margin.
 - **Series D:** 2.00% margin.

The resultant Nominal Interest Rate shall be expressed as a percentage rounded to the nearest thousandth of a whole number or rounded up to the nearest one where the differences of rounding up or down to the nearest thousandths are identical.

4.8.1.3 **Reference Rate and determining the same.**

The reference rate (“**Reference Rate**”) for determining the Nominal Interest Rate applicable to each Bond Series is as follows:

- i) Other than for the first Interest Accrual Period, three- (3-) month Euribor, “Euro Interbank Offered Rate”, calculated and distributed by the BRIDGE financial information system under an FBE (“Fédération Bancaire de l’Union Européenne”) mandate, set at 11am (CET or “Central European Time”) on the Interest Rate Fixing Date described below, which is currently published on electronic page EURIBOR01 supplied by Reuters, or any other page taking its stead in providing these services.

Exceptionally, the Reference Rate for the first Interest Accrual Period shall be the result of a straight-line interpolation between three- (3-) month Euribor and four- (4-) month Euribor, set at 11am (CET) on the Business Day preceding the Closing Date, bearing in mind the number of days in the first Interest Accrual Period. The Reference Rate for the first Interest Accrual Period shall be calculated in accordance with the following formula:

$$IR = [(D-90)/30] \times E4 + [1-((D-90)/30)] \times E3$$

Where:

IR = Reference Rate for the first Interest Accrual Period.

D = Number of days in the first Interest Accrual Period.

E3 = Three- (3-) month Euribor.

E4 = Four- (4-) month Euribor.

Euribor definitions approved by the FBE and the Financial Markets Association (ACI) supplementing the current definition of Euribor shall be considered included for the purpose of the Euribor Reference Rate without having to amend these Reference Rate terms or have the Management Company notify Bondholders.

- ii) In the event that the Euribor rate established in paragraph i) above should not be available or be impossible to obtain, the substitute Reference Rate shall be the interest rate resulting from finding the simple arithmetic mean of the interbank offered interest rates for non-transferable three- (3-) month deposit transactions in euros in an amount equivalent to the Outstanding Principal Balance of the Bond Issue, declared by four (4) prime banks in the Euro zone, following a simultaneous request to each of their headquarters by the Paying Agent after and around 11am (CET) on the Interest Rate Fixing Date.

Exceptionally, the substitute Reference Rate for the first Interest Accrual Period shall be the rate resulting from a straight-line interpolation, based on the formula given in i) above, between the interest rate resulting from finding the simple arithmetic mean of the interbank offered interest rates for non-transferable three- (3-) month deposit transactions in euros and the interest rate resulting from finding the simple arithmetic mean of the interbank offered interest rates for non-transferable four- (4-) month deposit transactions in euros, both in an amount equivalent to the face amount of the Bond Issue, declared by the banks as provided for in paragraph one above, following a simultaneous request to each of their headquarters by the Paying Agent after and around 11am (CET) on the Business Day preceding the Closing Date.

The substitute Reference Rate shall be expressed as a percentage rounded to the nearest thousandth of a percentage point or rounded up to the nearest point where the differences of rounding up or down to the nearest thousandths are identical.

Should it be impossible to apply the above substitute Reference Rate, upon the failure by any or several of the banks to provide written quotations as provided for in paragraphs one and two of this section, the interest rate resulting from applying the simple arithmetic mean of the interest rates declared by at least two of the other banks shall be applicable.

- iii) If the rates established in i) and ii) above should not be available or be impossible to obtain, the last Reference Rate or substitute Reference Rate applied to the next preceding Interest Accrual Period shall apply, and so on for subsequent Interest Accrual Periods whilst matters remain the same. For the first Interest Accrual Period, that interpolation would be made taking the latest three- (3-) month Euribor and four- (4-) month Euribor available immediately before 11am (CET) on the Business Day preceding the Closing Date, calculated and distributed as described in (i) above.

On each Interest Rate Fixing Date, the Paying Agent shall notify the Management Company of the Reference Rate determined in accordance with paragraphs i), ii) and iii) above. The Management Company shall keep the listings and supporting documents on which the Paying Agent shall notify it the Reference Rate determined.

4.8.1.4 Interest Rate Fixing Date.

The Management Company shall, for and on behalf of the Fund, determine the Nominal Interest Rate applicable to each Bond Series for every Interest Accrual Period as provided for in sections 4.8.1.2 and 4.8.1.3 above, on the second Business Day preceding each Payment Date (the "**Interest Rate Fixing Date**"), and it will apply for the following Interest Accrual Period.

Exceptionally, the Management Company shall determine the Nominal Interest Rate of the Bonds in each Series for the first Interest Accrual Period as provided for in sections 4.8.1.2 and 4.8.1.3 above, on the Business Day preceding the Closing Date, and shall notify the same in writing on the same day to BANCAJA. The Management Company will also notify this to the CNMV, the Paying Agent, AIAF and Iberclear.

The nominal interest rates determined for each Bond Series for subsequent Interest Accrual Periods shall be communicated to Bondholders within the deadline and in the manner for which provision is made in section 4.1.1.a) of the Building Block.

4.8.1.5 **Formula for calculating interest.**

Interest settlement for each Series, payable on each Payment Date for each Interest Accrual Period, shall be calculated for each Series in accordance with the following formula:

$$I = P \times \frac{R}{100} \times \frac{d}{360}$$

Where:

I = Interest payable on a given Payment Date.

P = Outstanding Principal Balance of the Series at the Determination Date preceding that Payment Date.

R = Nominal Interest Rate of the Series expressed as a yearly percentage.

d = Exact number of days in each Interest Accrual Period.

4.8.2 **Dates, place, institutions and procedure for paying interest.**

Interest on the Bonds in all Series will be paid until finally amortised by Interest Accrual Periods in arrears on February 24, May 24, August 24 and November 24 in each year, or the following Business Day if any of those is not a Business Day (each of those dates, a **"Payment Date"**), and interest for the then-current Interest Accrual Period will accrue until said first Business Day, not inclusive, on the terms established in section 4.8.1.2 of this Securities Note.

The first interest Payment Date for the Bonds in each Series shall be May 25, 2009 because May 24, 2009 is not a Business Day, and interest will accrue at the applicable Nominal Interest Rate between the Closing Date, February 4, 2009, inclusive, and May 25, 2009 because May 24, 2009 is not a Business Day, exclusive.

In this Bond Issue, business days (**"Business Days"**) shall be deemed to be all days other than a:

- public holiday in the city of Madrid, or
- non-business day in the TARGET 2 calendar.

Both interest resulting for Bondholders in each Series and the amount, if any, of interest accrued and not paid, shall be notified to Bondholders as described in section 4.1.1.a) of the Building Block, at least one (1) calendar day in advance of each Payment Date.

Bond interest accrued shall be paid on each Payment Date provided that the Fund has sufficient liquidity to do so in the Priority of Payments or Liquidation Priority of Payments, as the case may be.

In the event that on a Payment Date the Fund should be unable to make full or partial payment of interest accrued on the Bonds in any Series, in the Priority of Payments, unpaid amounts shall accumulate on the following Payment Date to interest on that Series, if any, payable on that same Payment Date, and will be paid in the Priority of Payments and applied by order of maturity if it should be impossible once again not to pay the same fully due to a shortfall of Available Funds.

Overdue interest amounts shall not earn additional or late-payment interest and shall not be accumulated to the Outstanding Principal Balance of the Bonds in the relevant Series.

The Fund, through its Management Company, may not defer Bond interest payment beyond May 24, 2052, the Final Maturity Date, or the following Business Day if that is not a Business Day.

The Bond Issue shall be serviced through the Paying Agent, and therefore the Management Company shall, for and on behalf of the Fund, enter into the Paying Agent Agreement with BANCAJA, as set out in section 5.2.1 of this Securities Note.

4.9 Maturity date and amortisation of the securities.

4.9.1 Bond redemption price.

The redemption price of the Bonds in each Series shall be EUR one hundred thousand (100,000) per Bond, equivalent to 100 percent of their face value, payable as established in section 4.9.2 below.

Each and every one of the Bonds in a same Series shall be amortised in an equal amount by reducing the face amount of each of the Bonds.

4.9.2 Characteristics specific to the amortisation of each Bond Series.

4.9.2.1 Amortisation of Series A Bonds.

Series A Bond principal shall be amortised by partial amortisation on each Payment Date after Bond amortisation begins until their total face amount has been fully amortised, in an amount equal to the Available Funds for Amortisation applied on each Payment Date to amortising Series A, in accordance with the rules for Distribution of Available Funds for Amortisation given in section 4.9.3.5 below, prorated between the Bonds in Series A proper by reducing the face amount of each Series A Bond.

The first partial amortisation of Series A Bonds shall occur on the first Payment Date (May 25, 2009 because May 24, 2009 is not a Business Day).

Final amortisation of Series A Bonds shall occur on the Final Maturity Date (May 24, 2052 or the following Business Day if that is not a Business Day), notwithstanding full amortisation before that date due to the partial amortisation for which provision is made and the fact that the Management Company may, for and on behalf of the Fund, and in accordance with the provisions of section 4.9.4 below, proceed to Early Amortisation of the Bond Issue before the Final Maturity Date.

4.9.2.2 Amortisation of Series B Bonds.

Series B Bond principal shall be amortised by partial amortisation on each Payment Date after Bond amortisation begins until their total face amount has been fully amortised, in an amount equal to the Available Funds for Amortisation applied on each Payment Date to amortising Series B in accordance with the rules for Distribution of Available Funds for Amortisation given in section 4.9.3.5 below, prorated between the Bonds in Series B proper by reducing the face amount of each Series B Bond.

The first partial amortisation of Series B Bonds shall occur once Series A Bonds have been fully amortised. However, even if Series A has not been fully amortised, the Available Funds for Amortisation shall also be applied to amortising Series B on the Payment Date on which the Conditions for Pro Rata Amortisation are satisfied for Series B in accordance with the rules for Distribution of Available Funds for Amortisation, in such a way that the ratio of the Outstanding Principal Balance of Series B to the Outstanding Principal Balance of the Bond Issue remains at 7.50%, or higher percentage closest thereto.

Final amortisation of Series B Bonds shall occur on the Final Maturity Date (May 24, 2052 or the following Business Day if that is not a Business Day), notwithstanding full amortisation before that date due to the partial amortisation for which provision is made, and the fact that the Management Company may, for and on behalf of the Fund, and in accordance with the provisions of section 4.9.4 below, proceed to Early Amortisation of the Bond Issue before the Final Maturity Date.

4.9.2.3 Amortisation of Series C Bonds.

Series C Bond principal shall be amortised by partial amortisation on each Payment Date after Bond amortisation begins until their total face amount has been fully amortised, in an amount equal to the Available Funds for Amortisation applied on each Payment Date to amortising Series C in accordance with the rules for Distribution of Available Funds for Amortisation given in section 4.9.3.5 below, prorated between the Bonds in Series C proper by reducing the face amount of each Series C Bond.

The first partial amortisation of Series C Bonds shall occur once Series A and Series B Bonds have been fully amortised. However, even if Series A and Series B have not been fully amortised, the Available Funds for Amortisation shall also be applied to amortising Series C on the Payment Date on which the Conditions for Pro Rata Amortisation are satisfied for Series C in accordance with the rules for Distribution of Available Funds for Amortisation, in such a way that the ratio of the Outstanding Principal Balance of Series C to the Outstanding Principal Balance of the Bond Issue remains at 5.70%, or higher percentage closest thereto.

Final amortisation of Series C Bonds shall occur on the Final Maturity Date (May 24, 2052 or the following Business Day if that is not a Business Day), notwithstanding full amortisation before that date due to the partial amortisation for which provision is made, and the fact that the Management Company may, for and on behalf of the Fund, and in accordance with the provisions of section 4.9.4 below, proceed to Early Amortisation of the Bond Issue before the Final Maturity Date.

4.9.2.4 Amortisation of Series D Bonds.

Series D Bond principal shall be amortised by partial amortisation on each Payment Date after Bond amortisation begins until their total face amount has been fully amortised, in an amount equal to the Available Funds for Amortisation applied on each Payment Date to amortising Series D in accordance with the rules for Distribution of Available Funds for Amortisation given in section 4.9.3.5 below, prorated between the Bonds in Series D proper by reducing the face amount of each Series D Bond.

The first partial amortisation of Series D Bonds shall occur once Series A, Series B and Series C Bonds have been fully amortised. However, even if Series A, Series B and Series C have not been fully amortised, the Available Funds for Amortisation shall also be applied to amortising Series D on the Payment Date on which the Conditions for Pro Rata Amortisation are satisfied for Series D in accordance with the rules for Distribution of Available Funds for Amortisation, in such a way that the ratio of the Outstanding Principal Balance of Series D to the Outstanding Principal Balance of the Bond Issue remains at 6.00%, or higher percentage closest thereto.

Final amortisation of Series D Bonds shall occur on the Final Maturity Date (May 24, 2052 or the following Business Day if that is not a Business Day), notwithstanding full amortisation before that date due to the partial amortisation for which provision is made, and the fact that the Management Company may, for and on behalf of the Fund, and in accordance with the provisions of section 4.9.4 below, proceed to Early Amortisation of the Bond Issue before the Final Maturity Date.

4.9.3 Partial amortisation of the Bonds in each Series.

Irrespective of the Final Maturity Date and subject to Early Amortisation of the Bond Issue in the event of Early Liquidation of the Fund, the Fund shall, through its Management Company, proceed to partial amortisation of the Bonds in each Series on each Payment Date other than the Final Maturity Date or upon Early Liquidation of the Fund on the specific amortisation terms for each Series established in sections 4.9.2.1 to 4.9.2.4 of this Securities Note and on the terms described hereinafter in this section common to all four Series.

4.9.3.1 Determination Dates and Determination Periods.

Determination dates (the “**Determination Dates**”) will be the dates falling on the fourth (4th) Business Day preceding each Payment Date on which the Management Company on behalf of the Fund will make all necessary calculations to distribute or withhold the Available Funds and the Available Funds for Amortisation which the Fund shall dispose of on the relevant Payment Date, in the Priority of Payments. The first Determination Date shall be May 19, 2009.

Determination periods (the “**Determination Periods**”) shall be periods comprising the exact number of days elapsed between every two consecutive Determination Dates, each Determination Period excluding the beginning Determination Date and including the ending Determination Date. Exceptionally:

- (i) the duration of the first Determination Period shall be equal to the days elapsed between the date of establishment of the Fund, inclusive, and the first Determination Date, May 19, 2009, inclusive, and

- (ii) the duration of the last Determination Period shall be equal to the days elapsed a) until the Final Maturity Date or the date on which Early Liquidation of the Fund concludes, as provided for in section 4.4.3 of the Registration Document, on which the Pass-Through Certificates and the assets remaining in the Fund have been liquidated and all the Liquidation Available Funds have been distributed in the Liquidation Priority of Payments of the Fund, b) from the Determination Date preceding the Payment Date preceding the date referred to in a), not including the first date but including the last date.

4.9.3.2 **Outstanding Principal Balance of the Bonds.**

The outstanding principal balance (the “**Outstanding Principal Balance**”) of a Series shall be the sum of the principal pending repayment (outstanding balance) at a date of all the Bonds in that Series.

By addition, the Outstanding Principal Balance of the Bond Issue shall be the sum of the Outstanding Principal Balance of Series A, B, C and D making up the Bond Issue.

4.9.3.3 **Outstanding Balance of the Mortgage Loans.**

The outstanding balance (the “**Outstanding Balance**”) of a Mortgage Loan shall be the sum of the capital or principal not yet due and the capital or principal due and not paid into the Fund on the specific Mortgage Loan at a date.

The outstanding balance of the Mortgage Loans (the “**Outstanding Balance of the Mortgage Loans**”) at a date shall be the sum of the Outstanding Balance of each and every one of the Mortgage Loans at that date.

Delinquent mortgage loans (the “**Delinquent Mortgage Loans**”) shall be deemed to be Mortgage Loans that are delinquent with a period of arrears in excess of three (3) months in payment of overdue amounts, excluding Doubtful Mortgage Loans. Non-delinquent mortgage loans (the “**Non-Delinquent Mortgage Loans**”) shall be deemed to be Mortgage Loans that at a date are not deemed to be either Delinquent Mortgage Loans or Doubtful Mortgage Loans.

Doubtful mortgage loans (the “**Doubtful Mortgage Loans**”) shall be deemed to be Mortgage Loans that are delinquent with a period of arrears equal to or greater than eighteen (18) months in payment of overdue amounts or classified as bad debts by the Management Company because there are reasonable doubts as to their full repayment based on indications or information received from the Servicer. Non-doubtful mortgage loans (the “**Non-Doubtful Mortgage Loans**”) shall be deemed to be Mortgage Loans that are not deemed to be Doubtful Loans at a date.

4.9.3.4 **Amortisation Withholding and Available Funds for Amortisation on each Payment Date.**

On each Payment Date, the Available Funds shall be used in sixth (6th) place in the order of priority to withhold the amount designed for amortising the Bonds in Series A, B, C and D as a whole, making no distinction between those Series (“**Amortisation Withholding**”), in an amount equal to the positive difference, if any, at the Determination Date preceding the relevant Payment Date, between (i) the Outstanding Principal Balance of the Bond Issue, and (ii) the Outstanding Balance of Non-Doubtful Mortgage Loans.

Depending on the liquidity existing on each Payment Date, the amount actually applied of the Available Funds to Amortisation Withholding shall make up the available funds for amortisation (the “**Available Funds for Amortisation**”) and be applied in accordance with the rules for Distribution of Available Funds for Amortisation established hereinafter in section 4.9.3.5 below.

4.9.3.5 **Distribution of Available Funds for Amortisation on each Payment Date.**

The Available Funds for Amortisation shall be applied on each Payment Date to amortising each Series subject to the following rules ("**Distribution of Available Funds for Amortisation**"):

1. The Available Funds for Amortisation shall be sequentially applied firstly to amortising Series A until fully amortised, secondly to amortising Series B until fully amortised, thirdly to amortising Series C until fully amortised, and fourthly to amortising Series D until fully amortised, subject to the provisions of rules 2 and 3 below for pro rata amortisation of the different Series.
2. There shall be no exception and, even if Series A has not been fully amortised, the Available Funds for Amortisation shall also be applied to amortising Series B and, as the case may be, Series C and, as the case may be, Series D on the Payment Dates on which the following circumstances are all satisfied ("**Conditions for Pro Rata Amortisation**") in relation to each of these Series:
 - a) In order to amortise Series B, that on the Determination Date preceding the relevant Payment Date:
 - i) the Outstanding Principal Balance of Series B is at least as high as 7.50% of the Outstanding Principal Balance of the Bond Issue, and
 - ii) the Outstanding Balance of Delinquent Mortgage Loans does not exceed 1.25% of the Outstanding Balance of Non-Doubtful Mortgage Loans.
 - b) In order to amortise Series C, that on the Determination Date preceding the relevant Payment Date:
 - i) the Outstanding Principal Balance of Series C is at least as high as 5.70% of the Outstanding Principal Balance of the Bond Issue, and
 - ii) the Outstanding Balance of Delinquent Mortgage Loans does not exceed 1.00% of the Outstanding Balance of Non-Doubtful Mortgage Loans.
 - c) In order to amortise Series D, that on the Determination Date preceding the relevant Payment Date:
 - i) the Outstanding Principal Balance of Series D is at least as high as 6.00% of the Outstanding Principal Balance of the Bond Issue, and
 - ii) the Outstanding Balance of Delinquent Mortgage Loans does not exceed 0.75% of the Outstanding Balance of Non-Doubtful Mortgage Loans.
 - d) In addition, in order to amortise Series B and, as the case may be, Series C and, as the case may be, Series D:
 - i) that the Required Cash Reserve amount should have been fully provisioned on the preceding Payment Date, and
 - ii) that on the Determination Date preceding the relevant Payment Date, the amount of the Outstanding Balance of the Mortgage Loans is at least as high as 10 percent of the initial Outstanding Balance upon the Fund being established.
3. In the event that the amortisation of Series B and, as the case may be, of Series C and, as the case may be, of Series D should apply on a Payment Date as provided for in rule 2 above, the Available Funds for Amortisation shall also be applied to amortising Series B and, as the case may be, Series C and, as the case may be, Series D in such a way that the ratio of (i) the Outstanding Principal Balance of Series B and, as the case may be, of Series C and, as the case may be, of Series D to (ii) the Outstanding Principal Balance of the Bond Issue respectively remains at 7.50% and at 5.70% and at 6.00%, or higher percentages closest thereto.

4.9.4 Early Amortisation of the Bond Issue.

Subject to the Fund's obligation, through its Management Company, to proceed to final amortisation of the Bonds on the Final Maturity Date or amortisation of each Series before the Final Maturity Date, the Management Company shall be authorised to proceed, as the case may be, to Early Liquidation of the Fund and hence Early Amortisation of the entire Bond Issue in the Early Liquidation Events and subject to the requirements established in section 4.4.3 of the Registration Document and subject to the Liquidation Priority of Payments.

4.9.5 Final Maturity Date.

The Final Maturity Date and consequently final amortisation of the Bonds shall be on May 24, 2052 or the following Business Day if that is not a Business Day, without prejudice to the Management Company, for and on behalf of the Fund, and in accordance with the provisions of sections 4.9.2 to 4.9.4 of this Securities Note, proceeding to amortise any or all the Series in the Bond Issue before the Final Maturity Date. Final amortisation of the Bonds on the Final Maturity Date shall be made subject to the Liquidation Priority of Payments.

4.10 Indication of yield.

The average life, yield, term and final maturity of the Bonds in each Series depend on several factors, most significant among which are the following:

- i) Each Mortgage Loan repayment schedule and system as established in the relevant contracts.
- ii) The Obligors' capacity to prepay the Mortgage Loans in whole or in part and the aggregate prepayment pace throughout the life of the Fund. In this sense, Mortgage Loan prepayments by Obligors, subject to continual changes, and estimated in this Prospectus using several performance assumptions of the future effective constant annual early amortisation or prepayment rate (hereinafter also "**CPR**"), are very significant and shall directly affect the pace at which the Bonds are amortised, and therefore their average life and duration.
- iii) The floating interest rates which shall apply to the Mortgage Loans resulting in the repayment amount on every instalment differing.
- iv) The Obligors' delinquency and default in payment of Mortgage Loan instalments.

The following assumed values have been used for the above-mentioned factors in calculating the details contained in the tables of this section:

- Mortgage Loan interest rate: 5.90% weighted average interest rate as at December 31, 2008 of the selected mortgage loan portfolio which has been used for calculating the repayment and interest instalments of each of the selected mortgage loans;
- Mortgage Loan portfolio delinquency: 2.97% of the Outstanding Balance of the Mortgage Loans (BANCAJA'S mortgage delinquency rate at September 30, 2008), 2.30% being recovered, with a 100% recovery within 18 months of becoming delinquent, and the remaining 0.67% becoming doubtful from July 2010, with 60% recoveries within 18 months of becoming doubtful;
- that the Mortgage Loan prepayment rate remains constant throughout the life of the Bonds;
- that the Bond Closing Date is February 4, 2009; and
- that there is no extension of the term or interest rate renegotiation of any of the selected mortgage loans.

The actual adjusted life and the yield or return on the Bonds will also depend on their floating rate. The following nominal interest rates are assumed for each Series for the first Interest Accrual Period, resulting from a straight-line interpolation bearing in mind the number of days in the First Interest Accrual Period

between 3-month Euribor (2.115%) and 4-month Euribor (2.151%) at January 28, 2009, and the margins set for each Series in accordance with section 4.8.1.2 of this Securities Note:

	Series A Bonds	Series B Bonds	Series C Bonds	Series D Bonds
Nominal interest rate	2.439%	2.739%	3.339%	4.139%

For subsequent Interest Accrual Periods, the floating interest rate of the Bonds in each Series is assumed to be constant as follows, resulting from 3-month Euribor (2.151%) at January 28, 2009 and the margins set for each Series in accordance with section 4.8.1.2 of this Securities Notes:

	Series A Bonds	Series B Bonds	Series C Bonds	Series D Bonds
Nominal interest rate	2.415%	2.715%	3.315%	4.115%

4.10.1 Estimated average life, yield or return, duration and final maturity of the Bonds.

Assuming that the Management Company shall exercise the Early Liquidation of the Fund and Early Amortisation of the Bond Issue option provided in section 4.4.3.1.(i) of the Registration Document when the Outstanding Balance of the Mortgage Loans is less than 10% of their initial Outstanding Balance upon the Fund being established, the average life, return (IRR) for the Bond subscriber, duration and final maturity of the Bonds for different CPRs, based on the performance in recent months of similarly characterised mortgage loans previously securitised by BANCAJA, would be as follows:

The Management Company expressly states that the servicing tables described hereinafter for each Series are merely theoretical and given for illustrative purposes, and represent no payment obligation whatsoever, on the basis that:

- Whereas CPRs are assumed to be constant respectively at 4.00%, 6.00% and 8.00% throughout the life of the Bond Issue, as explained above actual prepayment changes continually.
- The Outstanding Principal Balance of the Bonds on each Payment Date and hence interest payable on each such dates shall depend on the actual Mortgage Loan prepayment, delinquency and default rates.
- Whereas Bond nominal interest rates are assumed to be constant for each Series from the second Interest Accrual Period, the interest rate in all the Series is known to float.
- The assumed values referred to at the beginning of this section 4.10 are at all events taken for granted.
- It is assumed that the Management Company will exercise the Early Liquidation option of the Fund and thereby proceed to Early Amortisation of the Bond Issue when the Outstanding Balance of the Mortgage Loans is less than 10% of the Initial Outstanding Balance upon the Fund being set up, as provided in section 4.4.3.1.(i) of the Registration Document.
- In this scenario, the Conditions for Pro Rata Amortisation of Series B, C and D do not apply.
- These are all reasonable assumptions based on the historical performance of previously securitised mortgage loans granted by BANCAJA to individuals.

4.11 Representation of security holders.

No syndicate of bondholders will be set up for the securities included in this Bond Issue.

On the terms provided for in article 12.1 of Royal Decree 926/1998, it is the Management Company's duty, as the manager of third-party portfolios, to represent and enforce the interests of the holders of the Bonds issued by the Fund and of all its other ordinary creditors. Consequently, the Management Company shall make its actions conditional on their protection and observe the provisions established for that purpose from time to time.

4.12 Resolutions, authorisations and approvals for issuing the securities.

a) Corporate resolutions.

Resolution to set up the Fund and issue the Bonds:

In a resolution dated December 9, 2008, the Executive Committee of the Board of Directors of EUROPEA DE TITULIZACIÓN resolved that:

- i) MBS BANCAJA 6 FONDO DE TITULIZACIÓN DE ACTIVOS be set up in accordance with the legal system for which provision is made in Royal Decree 926/1998, Act 19/1992, failing a provision in Royal Decree 926/1998 and to the extent applicable, and all other legal and statutory provisions in force and applicable from time to time.
- ii) Pass-through certificates issued by BANCAJA on mortgage loans owned by BANCAJA and shown on its assets be pooled in the Fund.
- iii) The Bonds be issued by the Fund.

Resolution to assign the Mortgage Loans:

At a meeting held on November 27, 2008, BANCAJA's Board of Directors resolved that the assignment of loans with real estate mortgage security granted by BANCAJA to private individuals, to a closed-end Asset Securitisation Fund purposely set up to pool those assets therein, perfected by issuing pass-through certificates, be authorised.

b) Registration by the CNMV.

There is a condition precedent for the Fund to be established and the Bonds to be issued that this Prospectus and all other supporting documents be entered in the Official Registers of the CNMV, in accordance with the provisions of article 5 of Royal Decree 926/1998.

This Prospectus regarding the establishment of the Fund and issue of the Bonds has been entered in the CNMV's Official Registers.

c) Execution of the Fund public deed of constitution.

Upon the CNMV registering this Prospectus, the Management Company shall, with the presence of BANCAJA, as Originator of the Mortgage Loan receivables by issuing the Pass-Through Certificates, proceed to execute on February 2, 2009 a public deed whereby MBS BANCAJA 6 FONDO DE TITULIZACIÓN DE ACTIVOS will be established and BANCAJA will issue and the Fund will subscribe for the Mortgage Loan Pass-Through Certificates, and the Fund will issue the Asset-Backed Bonds, on the terms provided in article 6 of Royal Decree 926/1998.

The Management Company represents that the contents of the Deed of Constitution shall match the draft Deed of Constitution it has submitted to the CNMV and the terms of the Deed of Constitution shall at no event contradict, change, alter or invalidate the contents of this Prospectus, notwithstanding the need to complete the details and amounts of the Mortgage Loan Pass-Through Certificates to be issued and subscribed for under the Deed of Constitution.

The Management Company shall submit a copy of the Deed of Constitution to the CNMV to be entered in the Official Registers by February 4, 2009.

4.13 Issue date of the securities.

The Bond issue date shall be February 2, 2009.

4.13.1 Potential investors to whom the Bonds are offered.

The Bond Issue shall be fully subscribed for by BANCAJA.

4.13.2 Bond Issue subscription payment method and dates.

BANCAJA shall subscribe for the Bond Issue on February 3, 2008 and pay to the Fund by 1pm (CET) on February 4, 2009 (the “**Closing Date**”), for same day value, the issue price comprising the face value of all the Bonds subscribed for.

4.14 Restrictions on the free transferability of the securities.

There are no restrictions on the free transferability of the Bonds. They may be freely transferred by any means admissible at Law and in accordance with the rules of the AIAF market where they will be traded. A transfer in the accounts (book entry) will convey the ownership of each Bond. The effects of entering the conveyance to the transferee in the accounting record shall be the same as handing over the certificates and the transfer shall thereupon be enforceable on third parties.

5 ADMISSION TO TRADING AND DEALING ARRANGEMENTS.

5.1 Market where the securities will be traded.

In fulfilment of the provisions of article 2.3 of Royal Decree 926/1998, the Management Company shall, upon the Bonds having been paid up, apply for this Bond Issue to be listed on AIAF Mercado de Renta Fija (“**AIAF**”), which is a qualified official secondary securities market pursuant to transitional provision six of Act 37/1998, November 16, amending the Securities Market Act, and a regulated market, as contained in the Annotated Presentation of Regulated Markets and Additional Provisions under the Investment Services Directive 93/22, published in the Official Journal of the European Communities on November 4, 2008. The Management Company undertakes to do all such things as may be necessary in order that definitive admission to trading is achieved not later than one month after the Closing Date.

The Management Company expressly represents that it is aware of the requirements and terms that must be observed for the securities to be eligible to be listed, remain listed and be excluded from listing on the AIAF, in accordance with the laws in force and the requirements of its governing bodies, and the Fund agrees through its Management Company to observe the same.

In the event that, by the end of the one-month period referred to in the first paragraph of this section, the Bonds should not be admitted to trading on the AIAF, the Management Company shall forthwith proceed to notify Bondholders thereof, moreover advising of the reasons resulting in such breach, using the extraordinary notice procedure provided for in section 4.1.2 of the Building Block. This shall be without prejudice to the Management Company being held to be contractually liable, as the case may be, if the delay is due to events attributable to the same.

5.2 Paying agents and depository agents.

5.2.1 Paying Agent of the Bond Issue.

The Bond Issue will be serviced through BANCAJA as Paying Agent. Payment of interest and repayments shall be notified to Bondholders in the events and in such advance as may be provided for each case in section 4.1.1 of the Building Block. Interest and amortisation shall be paid to Bondholders by the relevant members and to the latter in turn by Iberclear, the institution responsible for the accounting record.

The Management Company shall, for and on behalf of the Fund, enter with BANCAJA into a paying agent agreement to service the Bond Issue, the most significant terms of which are given in section 3.4.7.2 of the Building Block.

6 EXPENSE OF THE OFFERING AND OF ADMISSION TO TRADING.

7.2 Other information in the Securities Note which has been audited or reviewed by auditors.

Not applicable.

7.3 Statement or report attributed to a person as an expert.

ERNST & YOUNG have audited the selected mortgage loans on the terms set forth in section 2.2 of the Building Block.

7.4 Information sourced from a third party.

Within its duties to verify the information contained in this Prospectus, the Management Company has received confirmation from BANCAJA as to the truthfulness of the characteristics of BANCAJA as Originator of the Mortgage Loans and of the Pass-Through Certificates, given in section 2.2.8 of the Building Block, and of the remaining information on BANCAJA and the Mortgage Loans given in this Prospectus.

In the Deed of Constitution of the Fund, BANCAJA shall reaffirm to the Management Company the fulfilment of those characteristics on the date on which the Fund is established.

The Management Company confirms that the information sourced from BANCAJA on the selected mortgage loans from which the Mortgage Loans will be taken has been accurately reproduced and, to the best of its knowledge and ability to determine based on that information provided by BANCAJA, no fact has been omitted which might result in the information reproduced being inaccurate or deceptive.

7.5 Credit ratings assigned to the securities by the Rating Agency.

Moody's has, on January 27, 2009, assigned the following provisional ratings to each Bond Series, and expects to assign the same final ratings by 2pm (CET) on February 3, 2009.

Bond Series	Moody's Ratings
Series A	Aaa
Series B	Aa3
Series C	Baa1
Series D	B1

If the Rating Agency should not confirm any of the assigned provisional ratings as final by 2pm (CET) on February 3, 2009, this circumstance would forthwith be notified to the CNMV and be publicised in the manner for which provision is made in section 4.1.2.2 of the Building Block. Furthermore, this circumstance would result in the establishment of the Fund, the Bond Issue and the issue of and subscription for the Pass-Through Certificates terminating, as provided for in section 4.4.4.(v) of the Registration Document.

Rating considerations.

The ratings assigned to each Bond Series by Moody's measure the expected loss before the Final Maturity Date. In Moody's opinion, the structure allows timely interest and principal payment during the life of the transaction and, in any event, before the Final Maturity Date. Moody's ratings only measure credit risks inherent in the transaction; other risk types which may materially impact investors' return are not measured.

The Rating Agency's ratings are not an assessment of the likelihood of obligors prepaying principal, nor indeed of the extent to which such prepayments differ from what was originally forecast. The ratings are not by any means a rating of the level of actuarial performance.

The ratings assigned, and any revision or suspension of the ratings:

- (i) are assigned by the Rating Agency based on manifold information received with respect to which it can give no assurance, nor even as to their accuracy or wholeness, wherefore the Rating Agency may in no event be deemed to be responsible therefor; and
- (ii) are not and cannot therefore be howsoever construed as an invitation, recommendation or encouragement for investors to proceed to carry out any transaction whatsoever on the Bonds and, in particular, acquire, keep, charge or sell those Bonds.

In carrying on the rating and monitoring process, the Rating Agency relies on the accuracy and wholeness of the information provided by BANCAJA, the Management Company, and Ernst & Young as auditors of the selected mortgage loans, and on the legal opinion to be issued by GARRIGUES on the date of establishment of the Fund.

The ratings take into account the structure of the Bond Issue, the legal aspects thereof and of the issuing Fund, the characteristics of the selected mortgage loans to be assigned to the Fund and the regularity and continuity of the operating flows.

The Rating Agency may revise, suspend or withdraw the final ratings assigned at any time, based on any information that may come to its notice. Those events, which shall not constitute early liquidation events of the Fund, shall forthwith be notified to both the CNMV and the Bondholders, in accordance with the provisions of section 4.1 of the Building Block.

ASSET-BACKED SECURITIES NOTE BUILDING BLOCK

(Annex VIII to Commission Regulation (EC) No. 809/2004 of April 29, 2004)

1. SECURITIES

1.1 Minimum denomination of the issue.

The Fund shall be set up by pooling the Mortgage Loan Pass-Through Certificates which BANCAJA shall issue to be subscribed for by the Fund upon being established and their Outstanding Balance shall be equal to or slightly above EUR one billion (1,000,000,000.00), the face value amount of the Bond Issue.

1.2 Confirmation that the information relating to an undertaking or obligor not involved in the issue has been reproduced.

Not applicable.

2. UNDERLYING ASSETS

2.1 Confirmation that the securitised assets have capacity to produce funds to service any payments due and payable on the securities.

In accordance with the information supplied by the Originator on the Mortgage Loans, the Management Company confirms that, based on their contractual characteristics, the flows of principal, interest and any other amounts generated by the securitised Mortgage Loan receivables allow the payments due and payable on Series A, B, C and D Bonds issued to be satisfied.

Nevertheless, in order to cover for potential payment defaults by the securitised Mortgage Loan Obligors, a number of credit enhancement transactions have been arranged allowing the amounts payable on the Bonds in each Series to be covered to a different extent. In exceptional circumstances, the enhancement transactions could actually fall short. The credit enhancement transactions are described in sections 3.4.2, 3.4.3, 3.4.4 and 3.4.7 of this Building Block.

Not all the Bonds issued have the same risk of default. Hence the different credit ratings assigned by the Rating Agency to the Bonds in each Series, detailed in section 7.5 of the Securities Note.

Upon the occurrence of a (i) substantial alteration or permanent financial imbalance of the Fund due to any event or circumstance whatsoever unrelated to the Fund's operations or (ii) default indicating a serious permanent imbalance in relation to any of the Bonds issued or suggesting that it will occur, the Management Company may proceed to Early Liquidation of the Fund and thereby Early Amortisation of the Bond Issue on the terms laid down in section 4.4.3 of the Registration Document.

The contents of the preceding paragraphs are provided by the Management Company based on the Originator's representations given in section 2.2.8 of the Building Block in relation to the Pass-Through Certificates and the Mortgage Loans, and to the Originator proper, on the information supplied by the Originator and on the audit report on certain features and attributes of a sample of the portfolio of selected mortgage loans that will mostly be assigned to the Fund.

2.2 Assets backing the issue.

The selected mortgage loan portfolio from which the Mortgage Loans will be taken, their receivables being mostly embodied by the Pass-Through Certificates to be subscribed for by the Fund upon being established, comprises 9,739 loans, their outstanding principal as at December 31, 2008 being EUR 1,301,919,669.95 and their overdue principal being EUR 260,242.50.

The selected mortgage loans are all loans with real estate mortgage security, originated in a public deed, granted by BANCAJA to individuals for financing the alteration, renovation or purchase of real properties, refinancing, pre-operating and start-up, operating and current expenses, and other financings, with real estate mortgage security on real properties (homes and annexes -parking spaces or lumber rooms- if any, parking spaces, lumber rooms, business premises and offices, rustic and urban land or industrial premises) located in Spain.

The contract terms of 67.92% of the selected mortgage loans allow for a lowering of the margin applicable for determining the interest rate by up to not more than 0.30%, provided that the obligor is not more than 90 days in arrears in fulfilment of the payment obligations, and subject to the following requirements:

- a) That the obligor's salary is paid directly into an account at BANCAJA (0.10% margin reduction).
- b) That the obligor has taken out an individual Pension Plan through BANCAJA (0.10% margin reduction).
- c) That the obligor is the holder of a life insurance policy associated with the mortgage loan, arranged through a BANCAJA Group insurer (0.10% margin reduction).

99.58% of the selected mortgage loan portfolio, in terms of outstanding principal, is financing granted by BANCAJA to individual obligors resident in Spain, the remaining 0.42% being financing for individual obligors not residing in Spain.

Audit of the assets securitised through the Fund.

Ernst & Young have audited the most significant features of the selected mortgage loans.

That audit was made using sampling techniques consisting of analysing a number of transactions fewer (sample) than the full selection of mortgage loans (population), allowing a conclusion to be arrived at regarding that population. The verification deals with a number of both quantitative and qualitative attributes regarding the sample transactions and specifically regarding: nature of the loan and borrower, purpose of the loan, identification of the borrower, loan origination date, loan maturity date, initial loan amount, current loan balance, reference rate, interest rate spread, interest rate applied, appraisal value, loan-to-value ratio, mortgaged property, mortgaged property address, mortgage security, loan transfer, arrears in payment and damage insurance. Mortgage loans in respect of which errors are detected in verifying the sample shall not be assigned to the Fund by BANCAJA.

The audit results are set out in a report prepared by Ernst & Young, this being one of the documents on display as determined in section 10 of the Registration Document.

2.2.1 Legal jurisdiction by which the pool of assets is governed.

The securitised assets are governed by Spanish Law.

2.2.2 Description of the general characteristics of the obligors and the economic environment, as well as global statistical data referred to the securitised assets.

In accordance with BANCAJA's representation in section 2.2.8.2.(21) of the Building Block, none of the Mortgage Loans that will finally be assigned to the Fund upon being established shall have any payments more than one (1) month overdue on their assignment date.

p) Loan to value ratio or level of collateralisation.

The selected mortgage loans have real estate mortgage security and the mortgages are all registered as senior mortgages or, as the case may be, as junior mortgages although BANCAJA has documents supporting cancellation of the debts originated by previous mortgages, which are however yet to be

struck off the register, and therefore for calculation purposes the mortgages are all considered to rank senior.

The ratio, expressed as a percentage, of the initial outstanding principal as at December 31, 2008 to the appraisal value of the selected mortgage loan mortgaged properties ranged between 2.49% and 100.00%, the average ratio weighted by the outstanding principal of each mortgage loan being 60.90%.

The following table gives the mortgage loan distribution by 5.00% intervals of that ratio.

*Loan to Value Ratio refers to averages weighted by the outstanding principal.					

There is no overcollateralisation in the Fund.

2.2.3 Legal nature of the pool of assets to be securitised.

The Mortgage Loans were originated in a public deed subject to the Mortgage Act, February 8, 1946, Mortgage Market Regulation Act 2/1981, March 25, and ancillary laws. The real estate mortgage securities are entered in the relevant Land Registries in respect of the senior-ranked mortgaged properties or, as the case may be, ranking junior although BANCAJA has documents relating to cancellation of the debts originated by previous mortgages which are yet to be struck off the registers.

The Mortgage Loan receivables shall be assigned to the Fund upon BANCAJA issuing and the Fund subscribing for Pass-Through Certificates subject to the provisions of Act 2/1981, currently Royal Decree 685/1982 and additional provision five of Act 3/1994 as worded by Act 41/2007, on the terms provided for in section 3.3 of this Building Block.

2.2.4 Expiry or maturity date(s) of the assets.

The selected mortgage loans each have a final maturity date without prejudice to periodic partial repayment instalments, on the specific terms applicable to each of them.

Obligors may at any time during the life of the mortgage loans prepay all or part of the outstanding capital, in which case interest accrual on the part prepaid will cease as of the date on which repayment occurs.

The final maturity date of the selected mortgage loans lies between August 5, 2009 and September 10, 2048, as specified in section 2.2.2.m) of this Building Block.

2.2.5 Amount of the assets.

The Fund shall be set up with the Pass-Through Certificates, representing Mortgage Loan receivables, issued by BANCAJA and subscribed for by the Fund upon being established, and their Outstanding Balance shall be equal to or slightly above EUR one billion (1,000,000,000.00), the face value amount of the Bond Issue.

The selected mortgage loan portfolio from which the Mortgage Loans will be taken, their receivables being mostly attached to the Pass-Through Certificates to be subscribed for by the Fund upon being established, comprises 9,739 loans, their outstanding principal as at December 31, 2008 being EUR 1,301,919,669.95 and their overdue principal being EUR 260,242.50.

2.2.6 Loan to value ratio or level of collateralisation.

The loan to value ratio or level of collateralisation ratio is given in section 2.2.2.p).

2.2.7 Method of creation of the assets.

The selected mortgage loans from which the Mortgage Loans will be taken in order for their receivables to be mostly attached to the Pass-Through Certificates, have been granted by BANCAJA following its usual credit risk analysis and assessment procedures for granting mortgage loans to individuals. The following is a summary description of the procedures currently in place at BANCAJA:

1. Private individual lending model used

Lending to private individuals is governed by BANCAJA's credit policy, defined as the criteria, measures and procedures altogether designed for management as a whole to allow a quality credit portfolio to be obtained, minimising the insolvency risk. The main component of that insolvency risk is repayment capacity.

The risks management at BANCAJA draws up the Basic analysis policies for approving lending transactions, based on a positive repayment capacity for the transaction and the existence of a suitable level of cover and profitability, which shall be specified having regard to the client's particular characteristics, transaction type, amount and term applied for. General policies are the same for any type of lending transaction, but the analysis and tools used differ according to the segment in which the client belongs.

BANCAJA's model relies on an electronic private individual file, which supports customer particulars, to be analysed by the scoring models. These models analyse client payment history through statistical methods.

BANCAJA's risk analysis takes into account the customer's global risk with BANCAJA.

Economic groups are managed by means of an application integrated in TL4 (an IT tool for all daily operations), which moreover dumps summary information onto the CIN (Information Centre), and permits Groups to be composed and maintained, providing integrated information on Asset positions and CIRBE. The information at the Information Centre gives end-of-month details at time of generation of the information, providing both risk figures and a breakdown by group components, giving the Group's global position global as of that date for the different sinking periods.

2. Empowerment.

BANCAJA has structured a loan approval empowerment system based on BANCAJA's total risk with each "Economic Risk Unit" (UER). Risks are approved on the committees at the various levels depending on the extent of authority.

Management Bodies		
<i>More than 3% of BANCAJA's equity</i>

Up to €1,800,000	Retail banking Up to €1,800,000	Specialised banking Up to €3,000,000

Table: Simplified outline of empowerment at BANCAJA

Risks are approved at the various levels depending on the extent of authority, and that is done by means of the "APA" (asset product authorisation) application. The main object of this application is providing BANCAJA with efficient control and management tools enhancing asset management and providing an assurance that all risks booked were previously authorised at the appropriate level. In essence, the system sees to it that the need for there to be an authorisation is tied to the booking of asset products, and ensures that risk authorisations are issued by whoever has authority to do so.

For every application, the system creates a case file recording the details of the risk to be taken with a customer, automatically assigning a file number uniquely identifying the same. Upon completion of the transaction, an asset account is linked to the file and the system prevents the asset account opened from having risk characteristics or terms different from those approved.

The managers of each Business Area and the Risks Area manager are on the Management Risks Committee. This Committee meets weekly to review applications with an UER in excess of €9 million. This Committee is authorised for approving loans with UER of up to 3% of BANCAJA's equity). For higher risks, the Committee draws up and submits a proposal to BANCAJA's management bodies.

2. Recovery procedures and actions.

BANCAJA's recovery actions are managed through the following computer applications and centres:

Recovery action centres and computer applications

Status	Applications	Centres
Pre-litigation	Rem-Recoveries (TL4)	Branches ■ Risks Department ■ Pre-litigation Managers
Recovery Agencies	Rem- Recoveries (batch information)	■ Acinsa (recovery agency that deals with tele-collection tasks, friendly and pre-litigation management of individual cases) ■ Other Agencies
Litigation Bad Debt	Litigation Recoveries (TL4)	Legal Department ■ Risks Department ■ Recovery of Bad Debts
Properties Awarded	CISA Application	CISA-Cartera de Inmuebles S.A.

Because of how close they are to and how well they know the client, branches play a very important role in the recovery process, given the uncertainty and delays of legal action, and assist all parties involved in that process. Branches are, in addition, responsible for making sure that all defaulting client details are accurate and complete.

From 2008, processing of recovery cases has been automated at branches. An electronic file has been created allowing all details to be viewed for both the defaulted transaction and other cases of the same client, see what actions have been taken by the other parties involved in the recovery process, among them the recovery agency, enter actions taken, agenda alerting of commitments made.

The Risks Department is involved in the recovery process through pre-litigation. In addition to being involved in developing the necessary tools, co-ordinating and setting action policies, criteria and rules for all parties involved in delinquency and recovery, it monitors and controls all failing transactions and analyses delinquency from the standpoint of both products and Branches/Areas and Business Units, issuing reports accessible through the Information Centre.

Pre-litigation managers deal with managing failing clients assigned to them and issue the relevant pre-litigation proposals, and resolve or process the proposals sent by the Branches.

From October 2005, tele-collection and friendly management recovery tasks were outsourced for cases of individuals with arrears exceeding 30 days, and so was the preparation of documents for claiming in court from both individuals and bodies corporate.

Basically, recovery from private individuals works as follows:

- After being 10 days in arrears an electronic recovery file is assigned which the branch must manage and enter therein all actions taken. Upon opening the file, the branch is entrusted with management in order that completion may be centrally controlled from the centre's or each employee's agenda.

- After being 31 days in arrears, the matter is referred to the recovery agency Acinsa in order to put in place tele-collection actions for not more than 45 days (a number of parameters result in the period being shorter: no telephone, connection is impossible, incident with the debtor, etc). When that period is over, the matter shall pass to friendly management, and, based on parameters set by BANCAJA, the agency will analyse creditworthiness and shall, as the case may be, begin to prepare the documents for a legal claim to be filed. If that option is not available, then the case shall continue to be managed out of court for not more than 90 days or 120 days in the event of significant income, and thereafter the application shall refer them to the relevant pre-litigation manager.

Pre-litigation controls those matters, and anything done by the agency on behalf of BANCAJA shall be entered in the recovery file and will be therefore be available to any user.

Lastly, a bad debts recovery team exists to deal with putting in place recovery actions for recoverable bad debts, based on its rating criteria.

The legal services institute and direct all stages and motions of proceedings, and provide information relating to cases claimed in court, including reclassification of transactions as bad debts, forwarding the same to pre-litigation to be resolved or referred to the relevant pre-litigation committee. In addition, they authorise collection and allocation of amounts recovered in litigation cases, provided that this does not result in the legal proceedings coming to a standstill, and assist pre-litigation in monitoring transactions in such cases as insolvencies, bankruptcies, banking solidarity or other special cases.

CISA (Cartera de Inmuebles S.A.) is a BANCAJA group affiliated company. The properties on CISA's inventory mostly originate in foreclosures by BANCAJA.

The sale of these properties is particularly encouraged in the profit and loss account of branches, via analytical accounting, applying in the profit and loss account the difference between the sale price and the total cost of the property, after payment, as the case may be, of the award amount to the branch originating the Asset Recovery Property.

2.2.9 Substitution of the securitised assets.

Set rules for substituting Pass-Through Certificates or otherwise repayment to the Fund.

1. In the event of early amortisation of the Pass-Through Certificates upon the relevant Mortgage Loan capital being prepaid, there will be no substitution of the relevant Pass-Through Certificates.
2. In the event that during the full term of the Pass-Through Certificates it should be found that any of them or the relevant Mortgage Loan fail to conform to the representations given in section 2.2.8 above upon the Fund being established, BANCAJA agrees, subject to the Management Company's consent, to proceed forthwith to remedy and, if that is not possible, substitute or redeem the affected Pass-Through Certificates not substituted, by early amortisation of the affected Pass-Through Certificates, subject to the following rules:

- (i) The party learning of the existence of a Pass-Through Certificate in that circumstance, be it the Originator or the Management Company, shall advise the other party of that circumstance. The Originator shall have not more than fifteen (15) Business Days from said notice to remedy that circumstance if it may be so remedied or proceed to substitution of the affected Pass-Through Certificates, notifying the Management Company of the characteristics of the mortgage loans intended to be assigned to take their stead, which shall fulfil the representations given in section 2.2.8 above and be homogeneous as to residual term, interest rate, type of mortgaged property, outstanding principal value with the affected Pass-Through Certificates and mortgage ranking and also credit quality in terms of loan to value ratio of the mortgaged property or properties of the Pass-Through Certificates to be replaced, in order for the financial balance of the Fund not to be affected by such substitution, nor indeed the rating of the Bonds in connection with the provisions of section 7.5 of the Securities Note. Once the Management Company has checked the appropriateness of the substitute mortgage loan or loans, and after advising the Originator expressly of mortgage loans suitable for such substitution, such substitution shall be made by early amortisation of the affected Pass-Through Certificates and, as the case may be, issuing the new substitute Pass-Through Certificates.

Substitution shall be recorded in a public deed subject to the same formalities established for the issue of and subscription for the Pass-Through Certificates upon the Fund being established, in accordance with the specific characteristics of the new mortgage loans assigned. The Management Company shall provide the CNMV, the undertaking in charge of the Bond accounting record and the Rating Agency with a copy of the public deed.

- (ii) If there should be no substitution of the affected Pass-Through Certificates in accordance with rule (i) above, the affected Pass-Through Certificates not substituted shall be amortised early. That early amortisation consist of the Originator making a cash repayment to the Fund of the outstanding capital of the affected Pass-Through Certificates not substituted, interest accrued and not paid, calculated until the repayment date, and any other amount owing to the Fund under those Pass-Through Certificates.
 - (iii) In the event of (i) and (ii) above occurring, BANCAJA shall be vested in all the rights attaching to those Pass-Through Certificates accruing from the date of substitution or repayment to the Fund or accrued and not due, and overdue amounts on that same date.
3. In particular, the amendment by the Originator during the life of the Mortgage Loans of their terms without regard to the limits established in the special laws applicable and, in particular, to the terms agreed between the Fund, represented by the Management Company, and the Originator in this Prospectus, in the Deed of Constitution and in the Servicing Agreement, which would therefore be an absolutely exceptional amendment, would constitute a unilateral breach by the Originator of its duties which should not be borne by the Fund or by the Management Company.

Upon any such breach occurring, the Fund may, through the Management Company: (i) demand payment of the relevant damages and losses and (ii) request replacement or repayment of the affected Pass-Through Certificates, in accordance with the procedure provided for in paragraph 2 above of this section, which shall not result in the Originator guaranteeing that the transaction will be successfully completed, but only the requisite redress of the effects resulting from the breach of its duties, in accordance with article 1124 of the Civil Code.

The expenses originated by the actions to remedy the Originator's breach shall be borne by the Originator and cannot be charged to the Fund or the Management Company. The Management Company shall notify the CNMV of Pass-Through Certificate replacements on the terms of the procedure provided for in paragraph 2 above.

2.2.10 Relevant insurance policies relating to the assets.

The public deeds originating the Mortgage Loans provide that the relevant mortgagor shall have to have taken out damage insurance covering at least the risk of fire and ruin for a value at least as high as the value set in the appraisal made for the Mortgage Loan to be granted, and to pay the relevant premiums.

No insurer concentration details are included because the current status of the insurance policies taken out by the obligors and their data are not supported or updated in the Originator's computer records. A possible insurer concentration has however not been considered significant for the credit enhancement transaction.

Not applicable.

There are no relationships between the Fund, the Originator, the Management Company and other parties involved in the transaction other than as set forth in sections 5.2 and 6.7 of the Registration Document and in section 3.2 of this Building Block.

2.2.13 Where the assets comprise fixed income securities, a description of the principal terms.

Not applicable.

2.2.14 Where the assets comprise equity securities, a description of the principal terms.

Not applicable.

2.2.15 If the assets comprise equity securities that are not traded on a regulated or equivalent market, where they represent more than ten (10) per cent of the securitised assets, a description of the principal terms.

Not applicable.

2.2.16 Valuation reports relating to the property and cash flow/income streams where a material portion of the assets are secured on real property.

The appraisal values of the properties securing the selected mortgage loans correspond to appraisals made by appraisers for the purpose of granting and arranging the selected mortgage loans, excepting in some case originating in mortgage loan subrogation where the appraisal submitted is that provided by the appraiser for the mortgage loan to be granted in the first place.

2.3 Actively managed assets backing the issue.

Not applicable.

2.4 Where the issuer proposes to issue further securities backed by the same assets, statement to that effect and description of how the holders of that class will be informed.

Not applicable.

3.2 Description of the entities participating in the issue and of the functions to be performed by them.

- (i) EUROPEA DE TITULIZACIÓN is the Management Company that will establish, manage and be the authorised representative of the Fund and takes responsibility for the contents of the Prospectus.
- (ii) BANCAJA is the originator of the Mortgage Loan receivables to be assigned to the Fund by issuing the Pass-Through Certificates to be subscribed for by the Fund upon being established, shall be the Lead Manager and shall fully subscribe for the Bond Issue, has structured the financial terms of the Fund and the Bond Issue, accepts the contents of the Securities Note and shall be Fund counterparty under the Guaranteed Interest Rate Account (Treasury Account), Start-Up Loan, Subordinated Loan, Mortgage Loan Servicing and Pass-Through Certificate Custody, Financial Intermediation and Bond Paying Agent Agreements.
- (iii) GARRIGUES, an independent law firm, has provided legal advice for establishing the Fund and issuing the Bonds and has reviewed the tax implications thereof.
- (iv) Ernst & Young have audited the most significant features of a sample of BANCAJA's selected mortgage loans from which the Mortgage Loans will be taken to be assigned to the Fund upon being established.
- (v) Moody's is the Rating Agency that has rated each Bond Issue Series.

The detailed description of the institutions referred to in the preceding paragraphs is given in section 5.2 of the Registration Document.

The Management Company represents that the summary descriptions of those agreements, given in the relevant sections of this Prospectus, which it shall enter into for and on behalf of the Fund, include the most substantial and relevant information on each agreement, duly reflect their contents and that no information has been omitted which might affect the contents of the Prospectus.

3.3 Description of the method and date of the sale, transfer, novation or assignment of the assets or of any rights and/or obligations in the assets to the issuer.

3.3.1 Perfecting the assignment of the Mortgage Loan receivables to the Fund.

The Deed of Constitution shall perfect the issue by BANCAJA of the Pass-Through Certificates which shall be the instruments for assigning the Mortgage Loan receivables effective upon the very date on which the Fund is established, and their subscription by the Fund, represented by the Management Company.

The Pass-Through Certificates will be issued in accordance with the provisions of Act 2/1981 and Additional Provision Five of Act 3/1994, as currently worded, and other applicable laws.

The Pass-Through Certificates shall be represented by means of a registered multiple certificate which shall contain the minimum data currently provided in article 64 of Royal Decree 685/1982, March 17, implementing certain aspects of Mortgage Market Regulation Act 2/1981, March 25 ("**Royal Decree 685/1982**"), and specifically the registration particulars of the mortgaged properties securing the Mortgage Loans.

The Pass-Through Certificates may be transferred by a written statement on the very certificate and, in general, by any of the means admitted by Law. Transfer of the Pass-Through Certificate and the new holder's address shall be notified by the transferee to the issuer. They may only be acquired or held by institutional or professional investors, and may not be acquired by the unspecialised public.

Both in the event that any Pass-Through Certificate should be substituted, as prescribed in section 2.2.9 of this Building Block, and in the event that the Management Company, acting for and on behalf of the Fund, should proceed to foreclose a Mortgage Loan, as prescribed in section 3.7.2.1.7 of this Building Block, and moreover if upon Early Liquidation of the Fund, in the events and on the terms of section 4.4.3 of the Registration Document, said Pass-Through Certificates have to be sold, BANCAJA agrees to split, as the case may be, any multiple certificate into such individual or multiple certificates as may be required, or to substitute or exchange the same for the above purposes.

The multiple certificate representing the Pass-Through Certificates and the multiple or individual certificates, if any, into which the same is split shall be deposited at BANCAJA, and relations between the Fund and BANCAJA shall be governed by the Mortgage Loan Servicing and Pass-Through Certificate Custody Agreement to be entered into between BANCAJA and the Management Company for and on behalf of the Fund. That deposit shall be made for the benefit of the Fund and BANCAJA shall therefore custody the documents supporting the Pass-Through Certificates deposited, observing the Management Company's instructions.

BANCAJA, as the issuer, shall keep a special book in which it shall enter the Pass-Through Certificates issued and the changes of address notified by Pass-Through Certificate holders, moreover including therein (i) Mortgage Loan origination and maturity dates, amount and settlement method; and (ii) the registration particulars of the mortgage securing the Mortgage Loans.

Given that subscription for and holding of the Pass-Through Certificates is restricted to institutional or professional investors and that the Fund is an institutional investor and that the Fund has subscribed for the Pass-Through Certificates, for the purposes of paragraph two of article 64.6 of Royal Decree 685/1982, the issue of the Pass-Through Certificates shall not be subject to a marginal note on each entry of the mortgage underlying each Mortgage Loan in the Land Registry.

The assignment by BANCAJA to the Fund of the Mortgage Loan receivables, upon the Pass-Through Certificates being issued and subscribed for, shall not be notified to the respective Obligors, which notice is not compulsory in order for the assignment to be effective. However, in the event of insolvency, or indications thereof, administration by the Bank of Spain, liquidation of the Originator or substitution of the Originator as Servicer, or because the Management Company deems it reasonably justified, the Management Company may demand the Servicer to notify Obligors (and third-party guarantors and mortgaged property insurers, if any) of the Fund's subscription for the Pass-Through Certificates representing the outstanding Mortgage Loan receivables, and that payments thereunder will only be effective as a discharge if made into the Treasury Account opened in the name of the Fund. However, both in the event of the Servicer failing to notify Obligors (and third-party guarantors and mortgaged property

insurers, if any) within five (5) Business Days of receiving the request and in the event of the Servicer becoming insolvent, the Management Company itself shall directly or, as the case may be, through a new Servicer it shall have designated, notify Obligors (and third-party guarantors and mortgaged property insurers, if any).

Similarly and in the same events, the Management Company may request the Servicer to do such things and satisfy such formalities as may be necessary, including third-party notices and entries in the relevant accounting records, in order to guarantee maximum enforceability of the assignment of the Mortgage Loan rights and collaterals with respect to third parties, all on the terms given in section 3.7.2.1.7 of this Building Block.

3.3.2 Pass-Through Certificate issue and subscription terms.

1. The Mortgage Loan receivables will be fully and unconditionally assigned, perfected upon the Pass-Through Certificates being issued and subscribed for by the Fund, from the date of establishment and for the entire term remaining until maturity of each Mortgage Loan.
2. The Pass-Through Certificates shall be represented by means of registered certificates as established in section 3.3.1 above.
3. BANCAJA shall, in accordance with article 348 of the Commercial Code and 1529 of the Civil Code, be liable to the Fund for the existence and lawfulness of the Mortgage Loans, and for the personality with which the issue of the Pass-Through Certificates is made, but shall not be liable for Obligors' creditworthiness.

Moreover, BANCAJA shall not, in accordance with article 5.8 of Act 19/1992, bear the Mortgage Loan default risk and shall therefore have no liability whatsoever for the Obligors' default of Mortgage Loan principal, interest or any other amount owing by the Obligors. BANCAJA will moreover have no liability whatsoever to directly or indirectly guarantee that the transaction will be properly performed, nor give any guarantees or security, nor indeed agree to replace or repurchase the Pass-Through Certificates, saving as provided for in section 2.2.9 of this Building Block.

4. The Pass-Through Certificates will be issued in respect of 100 percent of the outstanding principal and ordinary and late-payment interest on each of the relevant Mortgage Loans.

The Pass-Through Certificate rights shall accrue from the date of issue and establishment of the Fund.

5. Specifically, without limitation and for illustrative purposes only, the Pass-Through Certificates shall confer on the Fund as their holder the following rights in relation to each Mortgage Loan:
 - a) To receive all Mortgage Loan capital or principal repayment amounts accrued.
 - b) To receive all Mortgage Loan principal ordinary interest amounts accrued.
 - c) To receive all Mortgage Loan late-payment interest amounts accrued.
 - d) To receive any other amounts, real properties, assets, securities or rights received as payment of Mortgage Loan principal, interest or expenses, either in the form of knock-down price or amount determined by a court decision or notarial procedure in enforcing the mortgage or non-mortgage securities, on the sale or utilisation of real properties, assets or securities awarded or, upon foreclosing, in the administration or interim possession of the real properties, assets or securities in foreclosure proceedings.
 - e) To receive all possible Mortgage Loan rights or compensations accruing for the Originator thereunder, including not only those derived from the Mortgage Loan damage insurance contracts, which are also assigned to the Fund, but also those derived from any right collateral to the Mortgage Loans, excluding fees if any established for each Mortgage Loan, which shall remain for the benefit of the Originator.

Interest shall moreover include interest accrued and not due since the last interest settlement date on each Mortgage Loan, on or before the Pass-Through Certificate issue date and overdue interest, if any (in the case of Mortgage Loans having payments that are one (1) month or less overdue on the date of their assignment to the Fund) on each Mortgage Loan as at that date.

6. Until the execution of the Deed of Constitution, BANCAJA shall be the beneficiary of the damage insurance contracts taken out by the Obligors in relation to the properties mortgaged as security for the Mortgage Loans, up to the insured amount.

BANCAJA shall thereupon perfect the assignment attached to the issue of the Pass-Through Certificates of the rights BANCAJA has as the beneficiary of those damage insurance contracts taken out by the Obligors. As the holder of the Pass-Through Certificates, the Fund shall be entitled to all the amounts BANCAJA would have received under these contracts.

7. In the event of Mortgage Loan prepayment upon full or partial capital prepayment, there will be no substitution of the affected Pass-Through Certificates.
8. The Fund's rights under the Pass-Through Certificates are linked to the Obligors' payments and are therefore directly affected by the evolution, late payments, prepayments or any other incident in connection with the Mortgage Loans.
9. The Fund shall defray any and all expenses or costs resulting for the Originator derived from recovery actions in the event of a breach by the Mortgage Loan Obligors of their obligations, including enforcement proceedings against the same.
10. In the event of the Mortgage Loans or their due dates being renegotiated, subject to the Management Company's consent, for and on behalf of the Fund, the change in the terms shall affect the Fund.

3.3.3 Pass-Through Certificate issue price.

The Pass-Through Certificate issue price shall be at par with the face value of the Mortgage Loan capital. The aggregate amount payable by the Fund represented by the Management Company to BANCAJA for subscribing for the Pass-Through Certificates shall be an amount equivalent to the sum of (i) the face value of the capital or principal outstanding on each Mortgage Loan, and (ii) ordinary interest accrued and not due and overdue interest, if any (in the case of Mortgage Loans having payments that are one (1) month or less overdue on the date of their assignment to the Fund), on each Mortgage Loan on the Pass-Through Certificate issue date (the "**accrued interest**").

The Management Company shall pay the total Pass-Through Certificate subscription amount on behalf of the Fund as follows:

1. The part of the price consisting of the face value of the capital of all the Mortgage Loans, item (i) of paragraph one of this section, shall be paid by the Fund on the Bond Closing Date, for same day value, upon subscription for the Bond Issue being paid up, by means of an instruction given by the Management Company to BANCAJA to proceed to debit the Treasury Account opened on behalf of the Fund. BANCAJA shall receive no interest on the deferment of payment until the Closing Date.
2. The part of the price consisting of payment of interest accrued on each Mortgage Loan, item (ii) of paragraph one of this section, shall be paid by the Fund on each collection date falling on the first interest settlement date of each Mortgage Loan, irrespective of collection of the relevant instalment, and will not be subject to the Fund Priority of Payments.

If the establishment of the Fund and hence the issue of and subscription for the Pass-Through Certificates should terminate, pursuant to section 4.4.4 (v) of the Registration Document, (i) the Fund's obligation to pay the total Pass-Through Certificate subscription price shall terminate, and (ii) the Management Company shall be obliged to restore to BANCAJA any rights whatsoever accrued for the Fund upon subscription for the Pass-Through Certificates.

3.4 Explanation of the flow of funds.

3.4.1 How the cash flow from the assets will meet the issuer's obligations to holders of the securities.

Mortgage Loan amounts received by the Servicer will be paid by the Servicer into the Fund's Treasury Account on the second day after the date on which they are received by the Servicer or the following business day if that is not a business day, for same day value. In this connection, business days shall be taken to be all those that are business days in the Savings Bank sector in the city of Valencia.

The weighted average interest rate of the mortgage loans selected at December 31, 2008, as detailed in section 2.2.2.j) of this Building Block, is 5.90%, which is above the 2.53% weighted average interest rate of the Bonds that has been presumed for hypothetical purposes in the table contained in section 4.10 of the Securities Note.

Quarterly on each Payment Date Bondholders will be paid interest accrued and principal repayment on the Bonds in each Series on the terms set for each of them and in the Priority of Payments given in section 3.4.6.2 of this Building Block.

3.4.2 Information on any credit enhancement.

3.4.2.1 Description of the credit enhancement.

The following credit enhancement transactions are incorporated to the financial structure of the Fund:

- (i) Cash Reserve set up by drawing down the Subordinated Loan.
Mitigates the Mortgage Loan delinquency and default credit risk and the interest rate risk (base risk) occurring in the Fund because the Mortgage Loans are subject to floating interest with a 12-month Euribor benchmark index and reset and settlement periods differing from the floating interest established for the Bonds based on 3-month Euribor with quarterly accrual and settlement periods.
- (ii) Treasury Account.
Partly mitigates the loss of return on the liquidity of the Fund due to the timing difference between daily Mortgage Loan income received and until Bond interest payment and principal repayment on the next succeeding Payment Date.
- (iii) Subordination and deferment in interest payment and principal repayment between the Bonds in the different Series, derived from their place in the application of the Available Funds as well as the rules for Distribution of Available Funds for Amortisation in the Priority of Payments, or in the application of the Liquidation Available Funds in the Liquidation Priority of Payments, are a means for distinctly hedging the Series.

3.4.2.2 Cash Reserve.

The Management Company shall set up a cash reserve (the "**Cash Reserve**") on the Closing Date by drawing fully the Subordinated Loan principal and shall subsequently, on each Payment Date, keep the Required Cash Reserve amount provisioned in the Fund Priority of Payments.

The characteristics of the Cash Reserve shall be as follows:

Cash Reserve amount.

1. The Cash Reserve shall be set up on the Closing Date in an amount equal to EUR seventy-two million (72,000,000.00) (the "**Initial Cash Reserve**").
2. Subsequently to being set up, on each Payment Date, the Cash Reserve shall be provisioned up to the Required Cash Reserve amount established hereinafter out of the Available Funds in the Priority of Payments of the Fund.

The required Cash Reserve amount on each Payment Date (the "**Required Cash Reserve**") shall be the lower of:

- (i) EUR seventy-two million (72,000,000.00).
 - (ii) The higher of:
 - a) 14.40% of the Outstanding Principal Balance of the Bond Issue.
 - b) EUR thirty-six million (36,000,000.00).
3. Notwithstanding the above, the Required Cash Reserve shall not be reduced on the relevant Payment Date and shall remain at the Required Cash Reserve amount on the preceding Payment Date whenever any of the following circumstances concur on the Payment Date:
- i) That on the Determination Date preceding the relevant Payment Date the amount of the Outstanding Balance of Delinquent Mortgage Loans is greater than 1.00% of the Outstanding Balance of Non-Doubtful Mortgage Loans.
 - ii) That the Cash Reserve could not be provisioned up to the Required Cash Reserve amount on the relevant Payment Date.
 - iii) That the average margin added to the relevant benchmark index for determining the nominal interest rate of the Mortgage Loans, weighted by the outstanding principal of the Mortgage Loans, is equal to or less than 0.65%.
 - iii) That three (3) years have not elapsed since the date of establishment of the Fund.

Yield.

The Cash Reserve amount shall remain credited to the Treasury Account, and will be remunerated on the terms of the Guaranteed Interest Rate Account (Treasury Account) Agreement.

Application.

The Cash Reserve shall be applied on each Payment Date to satisfying Fund payment obligations in the Priority of Payments and in the Liquidation Priority of Payments.

3.4.3 Details of any subordinated finance.

3.4.3.1 Subordinated Loan.

The Management Company shall on the date of establishment of the Fund, for and on behalf of the Fund, enter with BANCAJA into an agreement whereby BANCAJA shall grant to the Fund a commercial subordinated loan totalling EUR seventy-two million (72,000,000.00) (the “**Subordinated Loan Agreement**”). The Subordinated Loan amount shall be delivered on the Closing Date and be applied to setting up the Initial Cash Reserve on the terms for which provision is made in section 3.4.2.2 of this Building Block, although granting of the Loan by no means guarantees performance of the securitised Mortgage Loans.

Subordinated Loan principal shall be repaid on each Payment Date in an amount equal to the positive difference existing between the outstanding Subordinated Loan principal on the Determination Date preceding the relevant Payment Date and the Required Cash Reserve amount on the relevant Payment Date, and in the application priority established for that event in the application of Available Funds in the Priority of Payments.

In the event that the Fund should not have sufficient liquidity to proceed to the relevant Subordinated Loan repayment on a Payment Date, in the Priority of Payments, the portion of principal not repaid shall be repaid on the next succeeding Payment Date along with the amount, if any, that should be repaid on that same Payment Date, until it is fully repaid.

The Subordinated Loan shall at all events be finally due on the Final Maturity Date or, as the case may be, on the date on which the Management Company proceeds to Early Liquidation subject to the Liquidation Priority of Payments of the Fund.

Outstanding Subordinated Loan principal shall earn floating annual nominal interest, determined quarterly for each Interest Accrual Period, which shall be the result of adding: (i) the Reference Rate determined for the Bonds, and (ii) a 1.50% margin. This interest will be payable only if the Fund should have sufficient liquidity in the Priority of Payments or, as the case may be, the Liquidation Priority of Payments. Interest shall be settled and be payable on the expiry date of each Interest Accrual Period on each Payment Date, and shall be calculated based on: (i) the exact number of days in each Interest Accrual Period and (ii) a three-hundred-and-sixty- (360-) day year. The first interest settlement date shall be May 25, 2009 because May 24, 2009 is not a Business Day.

Interest accrued and not paid on a Payment Date shall not be accumulated to Subordinated Loan principal and shall not earn late-payment interest.

All Subordinated Loan amounts due and not paid to BANCAJA because of a shortfall of Available Funds shall be paid on the following Payment Dates on which the Available Funds allow payment in the Priority of Payments. Payment of amounts not paid on preceding Payment Dates shall take precedence over Subordinated Loan amounts falling due on that Payment Date, in the Priority of Payments or the Liquidation Priority of Payments, as the case may be.

The Subordinated Loan Agreement shall be fully terminated in the event that the Rating Agency should not confirm the provisional ratings assigned to each Series as final ratings by 2pm (CET) on February 3, 2009.

3.4.3.2 Start-Up Loan.

The Management Company shall, for and on behalf of the Fund, enter with BANCAJA into a commercial loan agreement amounting to EUR four million one hundred thousand (4,100,000.00) (the “**Start-Up Loan Agreement**”). The Start-Up Loan amount shall be delivered on the Closing Date and be allocated to financing the Fund set-up and Bond issue and admission expenses, partly financing subscription for the Pass-Through Certificates in an amount equal to the difference between their total capital and the total face amount of the Bond Issue, and to covering the timing difference existing between Mortgage Loan interest collection and Bond interest payment on the first Payment Date.

Outstanding Start-Up Loan principal will accrue floating annual nominal interest, determined quarterly for each Interest Accrual Period, which shall be the result of adding: (i) the Reference Rate determined for the Bonds, and (ii) a 2.00% margin. This interest will be payable only if the Fund should have sufficient liquidity in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments. Interest shall be settled and be payable on the expiry date of each Interest Accrual Period on each Payment Date, and shall be calculated based on: (i) the exact number of days in each Interest Accrual Period, and (ii) a three-hundred-and-sixty- (360-) day year. The first interest settlement date shall be May 25, 2009 because May 24, 2009 is not a Business Day.

Interest accrued and not paid on a Payment Date shall not be accumulated to the Start-Up Loan principal nor earn late-payment interest.

Start-Up Loan Principal will be repaid quarterly in twenty (20) consecutive quarterly instalments in an equal amount, on each Payment Date, the first of which shall be the first Payment Date, May 25, 2009 because May 24, 2009 is not a Business Day, and the following until the Payment Date falling on February 24, 2014, inclusive.

All Start-Up Loan amounts due and not paid to BANCAJA because of a shortfall of Available Funds shall be paid on the following Payment Dates on which the Available Funds allow payment in the Priority of Payments. Payment of amounts not paid on preceding Payment Dates shall take precedence over Start-Up Loan amounts falling due on that Payment Date, in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments.

The Start-Up Loan Agreement shall not be terminated upon the establishment of the Fund being terminated in the event that the Rating Agency should fail to confirm any of the provisional ratings assigned as final by 2pm (CET) on February 3, 2009, in accordance with the provisions of section 4.4.4.(v) of the Prospectus Registration Document. In that event, the Start-Up Loan shall be used to pay the Fund set-up and Bond issue and admission expenses and all other obligations undertaken by the Management Company, for and on behalf of the Fund, originated upon the Fund being established and which are due

and payable, and principal repayment shall be deferred and subordinated to satisfaction of those obligations, out of the Fund's remaining assets.

3.4.3.3 Subordination of Series B, C and D Bonds.

Series B Bond interest payment and principal repayment is deferred with respect to Series A Bonds, saving the provisions of section 4.9.3.5 of the Securities Note in relation to the Conditions for Pro Rata Amortisation of Series A, B, C and D principal, as provided in the Priority of Payments and in the Liquidation Priority of Payments of the Fund.

Series C Bond interest payment and principal repayment is deferred with respect to Series A and Series B Bonds, saving the provisions of section 4.9.3.5 of the Securities Note in relation to the Conditions for Pro Rata Amortisation of Series A, B, C and D principal, as provided in the Priority of Payments and in the Liquidation Priority of Payments.

Series D Bond interest payment and principal repayment is deferred with respect to Series A, Series B and Series C Bonds, saving the provisions of section 4.9.3.5 of the Securities Note in relation to the Conditions for Pro Rata Amortisation of Series A, B, C and D principal, as provided in the Priority of Payments and in the Liquidation Priority of Payments.

Sections 4.6.1 and 4.6.2 of the Securities Note detail the order numbers of Bond interest payment and principal repayment in each Series in the priority of payments of the Fund.

3.4.4 Investment parameters for the investment of temporary liquidity surpluses and parties responsible for such investment.

3.4.4.1 Treasury Account.

The Management Company, for and on behalf of the Fund, and BANCAJA shall enter into a Guaranteed Interest Rate Account (Treasury Account) Agreement whereby BANCAJA will guarantee a certain variable yield on the amounts paid by the Fund through its Management Company into a financial account. The Guaranteed Interest Rate Account (Treasury Account) Agreement shall specifically determine that all amounts received by the Fund will be paid into a financial account in euros (the "**Treasury Account**") opened at BANCAJA, in the name of the Fund by the Management Company, which amounts shall mostly consist of the following items:

- (i) cash amount received upon subscription for the Bond Issue being paid up;
- (ii) Mortgage Loan principal repaid and interest collected;
- (iii) any other Mortgage Loan amounts received owing to the Fund;
- (iv) Subordinated Loan principal drawn down and the Cash Reserve amount from time to time;
- (v) Start-Up Loan principal drawn down;
- (vi) the amounts of the returns obtained on Treasury Account balances; and
- (vii) the amounts, if any, of interim withholdings on the return on investments to be effected on each relevant Payment Date on the Bond interest paid by the Fund, until due for payment to the Tax Administration.

BANCAJA shall pay an annual nominal interest rate, variable quarterly and settled quarterly, other than for the first interest accrual period, the duration of and the interest settlement for which shall be based on the duration of that period, applicable for each interest accrual period (differing from the Interest Accrual Period established for the Bonds) to the positive daily balances if any on the Treasury Account, equal to the Bond Reference Rate determined for each Bond Interest Accrual Period substantially matching each Treasury Account interest period. Interest shall be settled on the expiry date of each interest accrual period, on each settlement date, on February 16, May 16, August 16 and November 16 and shall be calculated based on: (i) the exact number of days in each interest accrual period, and (ii) a three-hundred-and-sixty (360-) day year. The first interest accrual period shall comprise the days elapsed between the date of establishment of the Fund and the first settlement date, May 16, 2009.

In the event that the rating of short-term unsecured and unsubordinated debt obligations of BANCAJA or of the institution in which the Treasury Account is opened (the “**Treasury Account Provider**”) should, at any time during the life of the Bond Issue, be downgraded below P-1 by Moody’s, the Management Company shall within not more than thirty (30) days from the time of the occurrence of such circumstance do any of the things described hereinafter allowing a suitable level of guarantee to be maintained with respect to the Treasury Account Provider’s commitments derived from the Guaranteed Interest Rate Account (Treasury Account) Agreement in order for the rating given to the Bonds by the Rating Agency not to be adversely affected:

- a) Obtaining from an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody’s a first demand guarantee securing for the Fund, merely upon the Management Company so requesting, prompt payment by the Treasury Account Provider of its obligation to repay the amounts credited to the Treasury Account, for such time as the Treasury Account Provider remains downgraded below P-1.
- b) Transferring the Treasury Account to an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody’s, arranging the highest possible yield for its balances, which may differ from that arranged with the Treasury Account Provider under the Guaranteed Interest Rate Account (Treasury Account) Agreement.
- c) In addition, if the above options are not possible on the terms provided for, the Management Company may invest the balances for periods not extending beyond the following Payment Date, in short-term fixed-income assets in euros issued by institutions with long- and short-term unsecured and unsubordinated debt obligations rated at least as high as A1 and P-1 by Moody’s, including short-term securities issued by the Spanish State, in which case the yield obtained could also differ from that obtained initially with the Treasury Account Provider, and provided that the Treasury Account provider is an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody’s.
- d) In the event of b) or c) occurring and that BANCAJA’s short-term unsecured and unsubordinated debt obligations should subsequently be upgraded back to P-1 by Moody’s, the Management Company shall subsequently transfer the balances back to BANCAJA under the Guaranteed Interest Rate Account (Treasury Account) Agreement.

All costs, expenses and taxes incurred in connection with putting in place and arranging the above options shall be borne by the Treasury Account Provider or, as the case may be, the substitute Treasury Account Provider.

The Treasury Account Provider shall agree, forthwith upon its credit rating being downgraded, to use commercially reasonable efforts in order that the Management Company may do any of (a), (b) and (c) above.

3.4.5 Collection by the Fund of payments in respect of the assets.

The Servicer shall manage collection of all Mortgage Loan amounts payable by the Obligors and any other item including under the damage insurance contracts covering the properties mortgaged as security for the Mortgage Loans. The Servicer shall use every effort in order for payments to be made by the Obligors to be collected in accordance with the contractual terms and conditions of the Mortgage Loans.

Mortgage Loan amounts due to the Fund received by the Servicer shall be paid by the Servicer in full into the Treasury Account on the second day after the day on which they were received by the Servicer, or the following business day if that is not a business day, for same day value. In this connection, business days shall be taken to be all those that are business days in the savings bank sector in the city of Valencia.

Nevertheless, in the event that the rating of the Servicer’s short-term unsecured and unsubordinated debt obligations should be downgraded below P-1 by Moody’s, Mortgage Loan amounts received by the Servicer shall be paid by the Servicer to the Fund crediting the Treasury Account on the first day after the day on which they were received by the Servicer or the following business day if that is not a business day, for same day value.

The Management Company shall issue the same instructions in the event that the Servicer's short-term unsecured and unsubordinated debt obligations should not be rated by Moody's.

In the event of the Servicer's long-term credit rating being downgraded below Baa3 by Moody's, the Servicer will make a cash deposit for the benefit of the Fund with an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody's, or arrange an unconditional irrevocable credit facility upon the Management Company's first demand with an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody's.

The deposit amount or the maximum limit of the credit facility arranged shall be equivalent to the estimated aggregate amount of Mortgage Loan repayment and interest instalments during the month with the highest collection of repayment and interest instalments from the date of downgrade below Baa3 by Moody's, in the event that the Loan delinquency rate should be 0.00% and the CPR should be 10.00%.

The Fund may only draw on that deposit or liquidity facility the amounts it shall not receive, if any, owing to the Fund and received by the Servicer under the Mortgage Loans.

The Servicer may at no event pay any amount whatsoever to the Fund not previously received from the Obligors as payment for the Mortgage Loans.

3.4.6 Order of priority of payments made by the issuer.

3.4.6.1 Source and application of funds on the Bond Closing Date and until the first Payment Date, exclusive.

The source of the amounts available to the Fund on the Closing Date and their application until the first Payment Date, exclusive, shall be as follows:

1. Source: the Fund shall have the following funds:

- a) Bond subscription payment.
- b) Drawdown of Start-Up Loan principal. The portion of Start-Up Loan principal not used and the portion allotted to covering the timing difference existing between Mortgage Loan interest collection and Bond interest payment on the first Payment Date shall remain credited to the Treasury Account.

2. Application: in turn, the Fund will apply the funds described above to the following payments:

- a) Payment of the price for subscribing for the Pass-Through Certificates at their face value.

3.4.6.2 Source and application of funds from the first Payment Date, inclusive, until the last Payment Date or liquidation of the Fund, exclusive. Priority of Payments.

3.4.6.2.1 Available Funds: source and application.

1. Source.

The available funds on each Payment Date (the "Available Funds") to meet the payment or withholding obligations listed in section 2 below shall be the following amounts credited to the Treasury Account identified as such by the Management Company (based on information received from the Servicer concerning the items applied):

1. Payment of the Fund's properly supported taxes and ordinary⁽¹⁾ and extraordinary⁽²⁾ expenses, whether or not they were disbursed by the Management Company, including the management fee due to the latter, and all other expenses and service fees, including those derived from the Paying Agent Agreement. Only expenses prepaid or disbursed on the Fund's behalf by and Mortgage Loan amounts reimbursable to the Servicer, provided they are all properly supported, and the servicing fee in the event that BANCAJA should be substituted as Servicer, shall be made to the Servicer under the Servicing Agreement in this priority.
2. Payment of interest due on Series A Bonds.
3. Payment of interest due on Series B Bonds unless this payment is deferred to 7th place in the order of priority.

This payment shall be deferred to 7th place when on the Determination Date preceding the relevant Payment Date the cumulative Outstanding Balance of Doubtful Mortgage Loans since the Fund was established, reckoned at the amount of the Outstanding Balance as at the Doubtful Mortgage Loan classification date, is in excess of 25.00% of the Outstanding Balance of the Mortgage Loans upon the Fund being established and provided that Series A Bonds have not been and are not to be fully amortised on the relevant Payment Date.

4. Payment of interest due on Series C Bonds unless this payment is deferred to 8th place in the order of priority.

This payment shall be deferred to 8th place when on the Determination Date preceding the relevant Payment Date the cumulative Outstanding Balance of Doubtful Mortgage Loans since the Fund was established, reckoned at the amount of the Outstanding Balance as at the Doubtful Mortgage Loan classification date, is in excess of 18.00% of the Outstanding Balance of the Mortgage Loans upon the Fund being established and provided that Series A and Series B Bonds have not been and are not to be fully amortised on the relevant Payment Date.

5. Payment of interest due on Series D Bonds unless this payment is deferred to 9th place in the order of priority.

This payment shall be deferred to 9th place when on the Determination Date preceding the relevant Payment Date the cumulative Outstanding Balance of Doubtful Mortgage Loans since the Fund was established, reckoned at the amount of the Outstanding Balance as at the Doubtful Mortgage Loan classification date, is in excess of 15.00% of the Outstanding Balance of the Mortgage Loans upon the Fund being established and provided that Series A, Series B and Series C Bonds have not been and are not to be fully amortised on the relevant Payment Date.

6. Series A, B, C and D Bond principal Amortisation withholding in an amount equivalent to the positive difference, if any, at the Determination Date preceding the relevant Payment Date between (i) the Outstanding Principal Balance of the Bond Issue, and (ii) the Outstanding Balance of Non-Doubtful Mortgage Loans.

Depending on the liquidity existing on each Payment Date, the amount actually applied to Series A, B, C and D Bond principal Amortisation Withholding shall be included among the Available Funds for Amortisation to be applied in accordance with the rules for Distribution of Available Funds for Amortisation established in section 4.9.3.5 of the Securities Note.

7. Payment of interest due on Series B Bonds if this payment is deferred from 3rd place in the order of priority as established therein.
8. Payment of interest due on Series C Bonds if this payment is deferred from 4th place in the order of priority as established therein.

16. Payment of the Financial Intermediation Margin.

When accounts payable for different items exist in a same priority order number on the Payment Date and the Available Funds are not sufficient to settle the amounts due under all of them, the application of the remaining Available Funds shall be prorated among the amounts payable under each such item, and the amount applied to each item shall be distributed in the priority in which the accounts payable fall due.

- (1) The following shall be considered ordinary expenses of the Fund:

- a) Any expenses deriving from mandatory administrative verifications, registrations and authorisations, other than payment of the Fund set-up and Bond issue and admission expenses.

Because most of those expenses are directly related to the Outstanding Principal Balance of the Bond Issue and those balances shall fall throughout the life of the Fund, the Fund's ordinary expenses will also fall as time goes by.

- (2) The following shall be considered extraordinary expenses of the Fund:
 - a) Expenses, if any, deriving from preparing and perfecting an amendment of the Deed of Constitution and of the agreements, and from entering into additional agreements.

3.4.6.2.2 Available Funds for Amortisation: source and distribution.

1. Source.

On each Payment Date, the Available Funds for amortisation of Series A, B, C and D Bond principal shall be the Amortisation Withholding amount actually applied in sixth (6th) place of the order of priority of the Available Funds on the relevant Payment Date.

2. Distribution of Available Funds for Amortisation.

The rules for Distribution of Available Funds for Amortisation are given in section 4.9.3.5 of the Securities Note.

3.4.6.3 Fund Liquidation Priority of Payments.

The Management Company shall proceed to liquidate the Fund upon the Fund being liquidated on the Final Maturity Date or upon Early Liquidation in accordance with the provisions of sections 4.4.3 and 4.4.4 of the Registration Document, by applying the following available funds (the "**Liquidation Available Funds**"): (i) the Available Funds, (ii) the amounts obtained by the Fund from time to time upon disposing of the Pass-Through Certificates and the remaining assets, and, as the case may be, (iii) the amount drawn under the credit facility or the loan arranged and exclusively used for final amortisation of the Bonds in the Series then outstanding, in accordance with the provisions of section 4.4.3.3.(iii) of the Registration Document, in the following order of priority of payments (the "**Liquidation Priority of Payments**"):

1. Reserve to meet the final tax, administrative or advertising termination and liquidation expenses.
2. Payment of the Fund's properly supported taxes and ordinary and extraordinary expenses, whether or not they were disbursed by the Management Company, including the management fee due to the latter, and all other expenses and service fees, including those derived from the Paying Agent Agreement. Only expenses prepaid or disbursed on the Fund's behalf by and Mortgage Loan amounts reimbursable to the Servicer, provided they are all properly supported, and the servicing fee if BANCAJA shall have been replaced as Servicer, shall be made to the Servicer under the Servicing Agreement in this priority.

16. Payment to BANCAJA of the fee established under the Servicing Agreement.

In the event that any other institution should replace BANCAJA as Mortgage Loan Servicer, payment of the servicing fee accrued by the other institution, to wit the new Servicer, shall take the place of paragraph 1 above, along with the other payments included therein.
17. Payment of the Financial Intermediation Margin.

Where payables for different items exist in a same priority order number on the Final Maturity Date or upon Early Liquidation and the Liquidation Available Funds are not sufficient to settle the amounts due under all of them, application of the remaining Liquidation Available Funds shall be prorated among the amounts payable under each such item, and the amount applied to each item shall be distributed in the priority in which the payables fall due.

3.4.6.4 Financial Intermediation Margin.

The Management Company shall, for and on behalf of the Fund, enter with the Originator into a Financial Intermediation Agreement designed to remunerate the Originator for the financial intermediation process carried out, enabling the financial transformation defining the Fund's activity, the subscription by the Fund for the Pass-Through Certificates and the rating assigned to each Bond Series.

The Originator shall be entitled to receive from the Fund a variable subordinated remuneration (the "**Financial Intermediation Margin**") which shall be determined and accrue upon expiry of every quarterly period, comprising, other than for the first period, the three calendar months next preceding each Payment Date, in an amount equal to the positive difference, if any, between income and expenditure, including losses brought forward from previous years, if any, accrued by the Fund with reference to its accounts and before the close of the months of January, April, July and October, these being the last calendar months in each quarterly period.

The Financial Intermediation Margin accrued at the close of the months of January, April, July and October shall be settled on the Payment Date next succeeding the last day of each of said months, provided that the Fund has sufficient liquidity in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments of the Fund.

Exceptionally, the first accrual period for the Financial Intermediation Margin shall be comprised between the date on which the Fund is established and April 30, 2009, both inclusive, which is the last day of the calendar month preceding the first Payment Date. The first settlement date of the Financial Intermediation Margin shall be on the first Payment Date, May 25, 2009 because May 24, 2009 is not a Business Day.

If the Fund should not have sufficient liquidity on a Payment Date in the Priority of Payments to pay the full Financial Intermediation Margin, the amount not paid shall accumulate without any penalty whatsoever on the Financial Intermediation Margin accrued, as the case may be, in the following quarterly period and shall be paid on the following Payment Dates on which the Available Funds allow payment in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments. Financial Intermediation Margin amounts not paid on preceding Payment Dates shall be paid with priority over the Financial Intermediation Margin amount payable on the relevant Payment Date.

The Financial Intermediation Agreement shall be fully terminated in the event that the Rating Agency should not confirm any of the provisional ratings assigned to each Bond Series as final by 2pm (CET) on February 3, 2009.

3.4.7 Other arrangements upon which payments of interest and principal to investors are dependent.

3.4.7.1 Bond Issue Paying Agent.

The Management Company shall, for and on behalf of the Fund, enter with BANCAJA into a paying agent agreement to service the Bond Issue (the **"Paying Agent Agreement"**).

The obligations to be taken on by BANCAJA (the **"Paying Agent"**) under this Paying Agent Agreement are summarily as follows:

- (i) On each Bond Payment Date, paying Bond interest and, as the case may be, repaying Bond principal through Iberclear, after deducting the total amount of the interim tax withholding for return on investments to be made by the Management Company, on the Fund's behalf, in accordance with applicable tax laws.
- (ii) On each Interest Rate Fixing Date, notifying the Management Company of the Reference Rate determined to be used as the basis for the Management Company to calculate the Nominal Interest Rate applicable to each Bond Series.

In the event that the rating of the Paying Agent's short-term unsecured and unsubordinated debt obligations should, at any time during the life of the Bond Issue, be downgraded below P-1 by Moody's, the Management Company shall within not more than thirty (30) days, from the time of the occurrence of any such circumstance, do any of the following: (i) obtain from an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody's, an unconditional and irrevocable first demand guarantee securing payment to the Fund, merely upon the Management Company so requesting, of the commitments made by the Paying Agent, for such time as the Paying Agent remains downgraded below P-1, or (ii) revoke the Paying Agent's designation and thereupon designate another institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody's to take its place before terminating the Paying Agent Agreement, or, as the case may be, under a new payment agent agreement, and subject to prior notice being served on the Rating Agency. Should BANCAJA be replaced as Paying Agent, the Management Company shall be entitled to change the fee payable to the substitute institution, which may be higher than that established with BANCAJA under the Paying Agent Agreement. All Paying Agent substitution costs, expenses and taxes incurred shall be borne by the substituted institution.

BANCAJA shall agree, forthwith upon its credit rating being downgraded, to use commercially reasonable efforts in order that the Management Company may replace it as Paying Agent.

In consideration of the services provided by the Paying Agent, the Fund shall pay it a 0.01% fee, inclusive of taxes, if any, on the amount to be distributed to Bondholders on each Bond Payment Date during the term of the Paying Agent Agreement, payable on the same Payment Date, provided that the Fund has sufficient liquidity and in the Priority of Payments or, as the case may be, the Liquidation Priority of Payments.

In the event that, in the Priority of Payments, the Fund should not have sufficient liquidity to pay said full fee, then the amounts accrued and not paid shall be accumulated without any penalty whatsoever to the fee falling due on the following Payment Date, unless that absence of liquidity should continue, in which

case the amounts due shall build up until fully paid on the Payment Date on which they are settled, in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments.

The Paying Agent Agreement shall be fully terminated in the event that the Rating Agency should not confirm the provisional ratings assigned to each Series as final ratings by 2pm (CET) on February 3, 2009.

Not applicable.

3.7 Administrator, calculation agent or equivalent.

3.7.1 Management, administration and representation of the Fund and of the holders of the securities.

The Management Company, EUROPEA DE TITULIZACIÓN, S.A., shall be responsible for managing and being the authorised representative of the Fund, on the terms set in Royal Decree 926/1998, Act 19/1992, failing a provision in Royal Decree 926/1998 and to the extent applicable, and other applicable laws, and on the terms of the Deed of Constitution.

The Management Company shall discharge for the Fund the functions attributed to it in Royal Decree 926/1998.

It is also the Management Company's duty, as the manager of third-party portfolios, to represent and enforce the interests of the holders of the Bonds issued by the Fund and of all its other ordinary creditors. Consequently, the Management Company shall make its actions conditional on their protection and observe the provisions established for that purpose from time to time. Bondholders and all other ordinary creditors of the Fund shall have no recourse against the Fund Management Company, other than for a breach of its duties or failure to observe the provisions of the Deed of Constitution and the Prospectus.

3.7.1.2 Administration and representation of the Fund.

The Management Company's obligations and actions in fulfilment of its duty to manage and be the authorised representative of the Fund are the following, for illustrative purposes only and without prejudice to any other actions provided in this Prospectus:

- (i) Keeping the Fund's accounts duly separate from the Management Company's own, rendering accounts and satisfying tax and any other statutory obligations of the Fund.
- (ii) Making such decisions as may be appropriate in connection with liquidation of the Fund, including the decision to proceed to Early Liquidation of the Fund and Early Amortisation of the Bond Issue, in accordance with the provisions of the Deed of Constitution and this Prospectus. Moreover, making all appropriate decisions in the event of the establishment of the Fund terminating.
- (iii) Complying with its formal, documentary and reporting duties to the CNMV, the Rating Agency and any other supervisory body.
- (iv) Appointing and, as the case may be, replacing and dismissing the auditor who is to review and audit the Fund's annual accounts.

- (vi) Complying with the calculation duties provided for and taking the actions laid down in the Deed of Constitution, in this Prospectus and in the various Fund transaction agreements or in such others as the Management Company may enter into in due course for and on behalf of the Fund.
- (vii) The Management Company may extend or amend the agreements entered into on behalf of the Fund, substitute, as the case may be, each of the Fund service providers on the terms provided for in each agreement, and indeed, if necessary, enter into additional agreements, including a credit facility or loan agreement in the event of Early Liquidation of the Fund, and amend the Deed of Constitution, provided that circumstances preventing the foregoing in accordance with the laws and regulations in force from time to time do not occur. In any event, those actions shall require that the Management Company notify and first secure the authorisation, if necessary, of the CNMV or competent administrative body and notify the Rating Agency, and provided that such actions are not detrimental to the rating assigned to the Bonds by the Rating Agency. The Deed of Constitution or the agreements may also be corrected upon a request by the CNMV.
- (viii) Exercising the rights attaching to the ownership of the Pass-Through Certificates acquired by the Fund and, in general, carrying out all such acts of administration and disposition as may be required for properly managing and being the authorised representative of the Fund.
- (ix) Checking that the Mortgage Loan income amount actually received by the Fund matches the amounts that must be received by the Fund, on the Pass-Through Certificate issue terms and on the relevant Mortgage Loan terms, and that the Mortgage Loan amounts receivable are provided by the Servicer to the Fund within the time-periods and on the terms provided for under the Servicing Agreement.
- (x) Determining on each Interest Rate Fixing Date and for each Interest Accrual Period thereafter, the Nominal Interest Rate to be applied for each Bond Series and calculating and settling the accrued interest amounts payable on each Payment Date.
- (xi) Calculating and determining on each Determination Date the principal to be amortised and repaid on each Bond Series on the relevant Payment Date.

- (xiii) Taking the actions for which provision is made in relation to the debt ratings or the financial position of the Fund counterparties in the financial and service provision agreements listed in section 3.2 of this Building Block.
- (xiv) Watching that the amounts credited to the Treasury Account return the yield set in the Agreement.
- (xv) Calculating the Available Funds, the Available Funds for Amortisation, the Liquidation Available Funds and the payment or withholding obligations to be complied with, and applying the same in the Priority of Payments or the Liquidation Priority of Payments, as the case may be.
- (xvi) Instructing transfers of funds between the various borrowing and lending accounts, and issuing all relevant payment instructions, including those allocated to servicing the Bonds.

3.7.1.3 Resignation and substitution of the Management Company.

The Management Company shall be substituted in managing and representing the Fund, in accordance with articles 18 and 19 of Royal Decree 926/1998 set forth hereinafter and with subsequent rules statutorily established in that connection.

Resignation.

- (i) The Management Company may resign its management and authorised representative duties with respect to all or part of the funds managed whenever it deems this fit, applying to be substituted in a letter addressed to the CNMV, including a designation of the substitute management company. That letter shall enclose a letter from the new management company, declaring its willingness to take over that function and applying for the appropriate authorisation.
- (ii) The CNMV's substitution authorisation shall be subject to meeting of the following requirements:
 - (a) The substituted Management Company's delivery of the accounting records and data files to the new management company. That delivery will only be taken to have been made when the new management company is able to fully take over its function and that circumstance is notified to the CNMV.
 - (b) The rating accorded to the securities by the Rating Agency should not fall as a result of the proposed substitution.
- (iii) The Management Company may in no event resign its duties until and unless all requirements and formalities have been complied with in order for its substitute to take over its duties.
- (iv) The substitution expenses originated shall be borne by the resigning Management Company and may in no event be passed on to the Fund.
- (v) The substitution shall be published within fifteen days by means of a notice inserted in two nationwide newspapers and in the bulletin of the organised secondary market where the Bonds issued by the Fund are listed. Furthermore, the Management Company shall notify the Rating Agency of that substitution.

Forced substitution.

- (i) In the event that the Management Company should be adjudged insolvent or have its licence revoked, it shall find a substitute management company, in accordance with the provisions of the foregoing section.
- (ii) In the event for which provision is made in the preceding section, if four months should have elapsed from the occurrence determining the substitution and no new management company should have been found willing to take over management, there shall be early liquidation of the Fund and amortisation of the Bonds issued by the same and of the loans, in accordance with the provisions of this Prospectus and of the Deed of Constitution.

The Management Company agrees to execute such public and private documents as may be necessary for it to be substituted by another management company, in accordance with the system for which provision is made in the preceding paragraphs of this section. The substitute management company shall be substituted in the Management Company's rights and duties under this Prospectus. Furthermore, the Management Company shall hand to the substitute management company such accounting records and data files as it may have to hand in connection with the Fund.

3.7.1.4 Subcontracting.

The Management Company shall be entitled to subcontract or subdelegate to solvent and reputable third parties the provision of any of the services it has to provide as the manager and authorised representative of the Fund, as established in this Prospectus, provided that the subcontractor or delegated party waives the right to take any action holding the Fund liable. In any event, subcontracting or delegating any service (i) may not result in an additional cost or expense for the Fund, (ii) shall have to be legally possible, (iii) shall not result in the rating accorded to each Bond Series by the Rating Agency being downgraded, and (iv) shall be notified to, and, where statutorily required, will first be authorised by, the CNMV. Notwithstanding any subcontracting or subdelegation, the Management Company shall not be exonerated or released, under that subcontract or subdelegation, from any of the liabilities undertaken in this Prospectus which may be legally attributed or ascribed to it.

3.7.1.5 Management Company's remuneration.

In consideration of the functions to be discharged by the Management Company, the Fund will pay it a management fee consisting of:

- (i) An initial fee which shall accrue upon the Fund being established and be payable on the Closing Date.
- (ii) A periodic fee which shall accrue daily from the establishment of the Fund until it terminates and shall be settled and paid by Interest Accrual Periods in arrears on each Payment Date subject to the Priority of Payments or, as the case may be, the Liquidation Priority of Payments, consisting of (i) a fixed amount and (ii) a variable part on the Outstanding Principal Balance of the Bond Issue on the Determination Date preceding the relevant Payment Date.

If on a Payment Date the Fund should not have sufficient liquidity to settle the periodic fee in full in accordance with the Priority of Payments, the amount due not paid shall accrue interest equal to the Bond Reference Rate. The unpaid amount and interest due shall build up for payment on the relevant fee payable on the following Payment Date, unless that absence of liquidity should continue, in which case the amounts due and interest thereon shall build up on the following Payment Dates until paid in full, in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments..

3.7.2 Servicing and custody of the securitised assets.

BANCAJA, Originator of the Mortgage Loan receivables by issuing the Pass-Through Certificates to be subscribed for by the Fund, as established in article 2.2.b) of Royal Decree 926/1998 and article 61.3 of Royal Decree 685/1982, shall continue as attorney for the Management Company to be responsible for servicing and managing the Mortgage Loans, and relations between BANCAJA and the Fund, represented by the Management Company, shall be governed by the Mortgage Loan Servicing and Pass-Through Certificate supporting document custody Agreement (the "**Servicing Agreement**") in relation to custody and servicing of the Mortgage Loans and custody of the Pass-Through Certificates.

BANCAJA (the "**Servicer**" under the Servicing Agreement) shall accept the appointment received from the Management Company and thereby agrees as follows:

- (i) To be Mortgage Loan custodian and servicer subject to the system terms and ordinary servicing and management procedures established in the Servicing Agreement.
- (ii) To continue servicing the Mortgage Loans, devoting the same time and efforts to them as it would devote and use to service its own mortgage loans and in any event on the terms for which provision is made in the Servicing Agreement.
- (iii) That the procedures it applies and will apply for servicing and custody of the Mortgage Loans are and will continue to be in accordance with the laws and statutory regulations in force applicable thereto.
- (iv) To full faithfully observe the instructions issued by the Management Company.
- (v) To pay the Fund damages and losses resulting from a breach of the obligations undertaken, although the Servicer shall not be liable for actions put in place on the Management Company's instructions.

In any event, the Servicer waives the privileges and authorities conferred on it by law as the manager of collections for the Fund and as Mortgage Loan servicer, and custodian of the relevant Pass-Through Certificates, and in particular those for which provision is made in articles 1730 and 1780 of the Civil Code and 276 of the Commercial Code.

The most relevant terms of the Servicing Agreement are given hereinafter in the following paragraphs of this section.

3.7.2.1 Ordinary system and procedures for servicing and managing the Mortgage Loans.

1. Custody of deeds, policies, agreements, documents and files.

The Servicer shall keep all deeds, documents and data files relating to the Mortgage Loans and copies of the mortgaged property damage insurance policies under safe custody and shall not give up their possession, custody or control other than with the Management Company's prior written consent for it to do so, unless a document should be required to institute proceedings to claim a Mortgage Loan, or any other competent authority should so require informing the Management Company.

The Servicer shall at all times allow the Management Company or the Fund auditors or other advisers duly authorised thereby reasonable access to the aforesaid deeds, policies, documents and records. Furthermore, whenever required to do so by the Management Company, it shall provide within two (2) Business Days of that request and clear of expenses, a copy or photocopy of any such deeds, policies and documents.

2. Collection management.

The Servicer shall continue managing collection of all Mortgage Loan amounts payable by the Obligors and any other item including under the damage insurance contracts of the properties mortgaged as security for the Mortgage Loans. The Servicer shall use all reasonable efforts for payments to be made by the Obligors to be collected in accordance with the contractual terms and conditions of the Mortgage Loans.

Mortgage Loan amounts received by the Servicer owing to the Fund shall be paid by the Servicer into the Fund's Treasury Account on the second day after the date on which they were received by the Servicer, or the following business day, for same day value, if that is not a business day. In this connection, business days shall be taken to be all those that are business days in the savings bank sector in the capital city of Valencia.

Nevertheless, in the event that the rating of the Servicer's short-term unsecured and unsubordinated debt obligations should be downgraded below P-1 by Moody's, the Management Company shall, in a written notice to the Servicer, issue instructions for those amounts to be paid into the Treasury Account on the first day after the date on which they were received by the Servicer or the following business day, if that is not a business day, for same day value.

In the event of the Servicer's long-term credit rating being downgraded below Baa3 by Moody's, the Servicer will make a cash deposit for the benefit of the Fund with an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody's, or arrange an unconditional irrevocable credit facility upon the Management Company's first demand with an institution with short-term unsecured and unsubordinated debt obligations rated at least as high as P-1 by Moody's.

The deposit amount or the maximum limit of the credit facility arranged shall be equivalent to the estimated aggregate amount of Mortgage Loan repayment and interest instalments during the month with the highest collection of repayment and interest instalments from the date of downgrade below Baa3 by Moody's, in the event that the Mortgage Loan delinquency rate should be 0.00% and the CPR should be 10.00%.

The Fund may only draw on that deposit or liquidity facility the amounts it shall not receive, if any, owing to the Fund and received by the Servicer under the Mortgage Loans.

The Management Company may issue the same instructions in the event that the Servicer's short-term unsecured and unsubordinated debt obligations should not be rated by Moody's.

The Servicer may in no event pay any amount whatsoever to the Fund not previously received from the Obligors as payment for the Mortgage Loans.

3. Fixing the interest rate.

Because the Mortgage Loan interest rate floats, the Servicer shall continue fixing the interest rates applicable in each interest period as established in the respective Mortgage Loan agreements, submitting such communications and notices as may be established therein.

4. Information.

The Servicer shall regularly communicate to the Management Company the information relating to the individual characteristics of each Mortgage Loan, to fulfilment by the Obligor of their obligations under the Mortgage Loans, to delinquency status and ensuing changes in the characteristics of the Mortgage Loans, and to actions to demand payment in the event of late payment, court actions and auction of real properties or assets, the foregoing using the procedures and timing established in the Servicing Agreement.

Furthermore, the Servicer shall prepare and hand to the Management Company such additional information relating to the Mortgage Loans or the rights attaching thereto as the Management Company may reasonably request, and in particular the documents required for the Management Company, as the case may be, to bring legal actions.

5. Mortgage Loan subrogation.

The Servicer shall be authorised to permit substitutions in the Obligor's position under the Mortgage Loan agreements, exclusively where the new Obligor's characteristics are not less creditworthy than those of the former Obligor and those characteristics observe the mortgage lending policies described in section 2.2.7 of this Building Block, and further provided that the expenses derived from that change are fully borne by the Obligor. The Management Company may fully or partially limit this authority of the Servicer or set conditions therefor, in the event that those substitutions might adversely affect the ratings accorded to the Bonds by the Rating Agency.

The mortgagor may apply for subrogation to the Servicer in connection with the Mortgage Loans pursuant to Act 2/1994. Subrogation of a new creditor under the Mortgage Loan and the ensuing payment of the amount due shall, as the case may be, result in prepayment of the Mortgage Loan and early amortisation of the respective Pass-Through Certificate.

6. Authorities and actions in relation to Mortgage Loan renegotiation procedures.

The Servicer may not voluntarily cancel the Mortgage Loans or their mortgages or security arrangements for any reason other than payment of the Mortgage Loan, relinquish or settle in regard thereto, forgive the Mortgage Loans in full or in part or extend the same, or in general do anything that may diminish the legal effectiveness, ranking or economic value of the Mortgage Loans or of the mortgages or security arrangements, without prejudice to its heeding requests by Obligor using the same efforts and procedure as if they were own mortgage loans.

Notwithstanding the above, the Management Company, as manager of third-party portfolios and having regard to Obligor's requests to the Servicer directly or under Act 2/1994, may instruct or first authorise the Servicer to agree with the Obligor, subject to the terms and conditions for which provision is made in this section, for a novation changing the relevant Mortgage Loan, either by a renegotiation of the margin applicable for determining the interest rate or by an extension of the maturity period, provided that those novations are not detrimental to mortgage ranking.

Without prejudice to the provisions hereinafter, any novation changing a Mortgage Loan subscribed by the Servicer shall be made exclusively with the prior consent of the Management Company, on behalf of the Fund, and the Servicer agrees to seek such consent from the Management Company as soon as it is aware that an Obligor has requested a change. The Management Company shall nevertheless initially authorise the Servicer to entertain and accept renegotiations of the margin applicable for determining the interest rate and extending the maturity period of the Mortgage Loans, without the Management Company's prior consent being required, subject to the following general enabling requirements:

a) Renegotiating the margin applicable for determining the interest rate.

1. The Servicer may under no circumstance entertain on its own account and without being so requested by the Obligor, renegotiations of the margin applicable for determining the interest rate ("**Interest Rate Renegotiation**") which may result in a decrease in the interest rate applicable to a Mortgage Loan. In any event, any Mortgage Loan Interest Rate Renegotiation shall be taken on and resolved bearing in mind the interests of the Fund and the Servicer shall, without encouraging an Interest Rate Renegotiation, act in relation to such Interest Rate Renegotiation bearing in mind the Fund's interests at all times.
2. Subject to the provisions of paragraph 3 below, the Servicer shall in every Interest Rate Renegotiation observe that the new interest rate terms are at arm's length and no different from those applied by the Servicer proper in renegotiating or granting its floating-rate mortgage loans. In this connection, arm's length interest rate shall be deemed to be the interest rate offered by the Servicer on the Spanish market for loans granted to individuals with real estate security, with amounts, type of mortgaged property and terms substantially similar to the Mortgage Loan being renegotiated.
3. Interest Rate Renegotiation of a Mortgage Loan shall in no event be made to a fixed rate and may not be made either if previously or as a result of the renegotiation the average margin or spread weighted by the outstanding principal of the Mortgage Loans over the benchmark index is below 70 basis points. In particular, the Servicer shall not impose clauses limiting the interest rate amount applicable to the Mortgage Loans.

The Management Company may, on the Fund's behalf, cancel, suspend or change at any time during the term of the Agreement the Servicer's Interest Rate Renegotiation enabling requirements previously determined.

b) Extending the period of maturity.

The final maturity or final amortisation date of the Mortgage Loans may be extended or deferred ("**extending the term**") subject to the following rules and limitations:

- (i) The Servicer may in no case entertain on its own account, i.e. without it being so requested by the Obligor, a change in the final maturity date of the Mortgage Loan which may result in an extension thereof. The Servicer, without encouraging an extension of the term, shall act in relation to such extension bearing in mind the Fund's interests at all times.
- (ii) The aggregate of the capital or principal assigned to the Fund of the Mortgage Loans with respect to which the maturity date is extended may not exceed 10% of the initial Outstanding Balance of the Mortgage Loans upon the Fund being established.
- (iii) The term of a specific Mortgage Loan may be extended provided that the following requirements are met:
 - a) That the same Mortgage Loan interest settlement and capital or principal repayment frequency and the same repayment system are at all events maintained.
 - b) That the new final maturity or final amortisation date does not extend beyond September 10, 2048.

The Management Company may, on the Fund's behalf, at any time during the term of the Servicing Agreement, cancel or suspend or amend the Servicer's power to extend the term.

If there should be any renegotiation of the interest rate of a Mortgage Loan or its due dates, the Servicer shall forthwith notify the Management Company of the terms resulting from each renegotiation. Such notice shall be made through the software or data file provided for the terms of the Mortgage Loans to be updated.

In the event of Mortgage Loan interest rate or due date renegotiation consented to by the Management Company, for and on behalf of the Fund, the change in the terms shall affect the Fund.

The contractual documents supporting the novation of the renegotiated Mortgage Loans will be kept by the Servicer, in accordance with the provisions of paragraph 1 of this section.

7. Action against Obligor in the event of Mortgage Loan default.

Actions in the event of late payment.

The Servicer shall use the same efforts and procedure for claiming overdue Mortgage Loan amounts it applies for the rest of its portfolio mortgage loans.

In the event of the Obligor's default of payment obligations, the Servicer shall do the things described in the Servicing Agreement, taking in that connection the steps it would ordinarily take if they were its own portfolio mortgage loans and in accordance with standard banking usage and practice for collecting overdue amounts, and shall be bound to advance such expenses as may be necessary for those actions to be taken, without prejudice to its right to be reimbursed by the Fund. Needless to say, these actions include all such court and out-of-court actions as the Servicer may deem necessary to claim and collect the amounts due by the Obligors.

Legal actions.

The Servicer, using its fiduciary title to the Mortgage Loans or using the power referred to in the following paragraph, shall take all relevant actions against Obligors failing to meet their Mortgage Loan payment obligations, and against guarantors, if any. Such action shall be brought using the appropriate court enforcement procedures prescribed in articles 517 et seq. of the Civil Procedure Act.

In the above connection and for the purposes prescribed in articles 581.2 and 686.2 of the Civil Procedure Act, and in the event that this should be necessary, the Management Company shall confer in the Deed of Constitution as full and extensive a power of attorney as may be required at Law on BANCAJA in order that the latter may, acting through any of its attorneys properly empowered for those purposes, on the Management Company's instructions, for and on behalf of the latter, or in its own name but for the Management Company as the Fund's authorised representative, demand by any judicial or other means any Mortgage Loan Obligor and guarantors, if any, to pay the debt and take legal action against them, in addition to other authorities required to discharge its duties as Servicer. These authorities may be extended and amended in another deed if that should be necessary or appropriate.

The Servicer shall generally commence the relevant legal proceedings if, for a period of six (6) months, a Mortgage Loan Obligor in default of payment obligations should not resume payments to the Servicer and the latter, with the Management Company's consent, should not obtain a payment commitment satisfactory to the Fund's interests. The Servicer shall in any event forthwith proceed to file an executive action if the Management Company, acting for the Fund, and after analysing the specific circumstances of the case, should deem this necessary.

If this should be legally required, and for the purposes prescribed in the Civil Procedure Act, BANCAJA shall confer in the Deed of Constitution as full and extensive an irrevocable power of attorney as may be required at Law in order for the Management Company, acting for and on behalf of the Fund, to demand through a notary public any Mortgage Loan Obligor and guarantors, if any, to pay the debt.

In the event of default by any Obligor, the Management Company, acting for and on behalf of the Fund, shall have the following remedies currently provided for mortgage participation certificates in article 66 of Royal Decree 685/1982, which also apply to the pass-through certificates:

- (i) To demand the Servicer to apply for foreclosure.
- (ii) To take part on an equal standing with the Servicer, as issuer of the Pass-Through Certificates, in the foreclosure the latter shall have instituted against the Obligor, intervening to that end in any foreclosure proceedings commenced by the former.

- (iii) If the Servicer should fail to take that action within sixty (60) calendar days of a notice served through a Notary demanding payment of the debt, the Management Company, for and on behalf of the Fund, shall be secondarily entitled to bring the foreclosure action on the Mortgage Loan for both principal and interest.
- (iv) In the event that the proceedings instituted by the Servicer should come to a standstill, the Fund, duly represented by the Management Company, may be subrogated in the position of the former and continue the foreclosure proceedings, without the above period having to elapse.

In the events provided in (iii) and (iv), the Management Company may, for and on behalf of the Fund, apply to the Judge or Notary with jurisdiction to commence or continue with the respective foreclosure proceedings, attaching to the application the original Pass-Through Certificate, the notice served through a Notary Public provided for in section (iii) above and an office certificate as to the registration and subsistence of the mortgage. The Servicer shall be bound to issue a certification of the balance outstanding on the Mortgage Loan.

The Management Company, for and on behalf of the Fund as holder of the Pass-Through Certificates, may also take part with the same rights as the Servicer in the foreclosure proceedings and may in this sense, on the terms for which provision is made in the Civil Procedure Act, request the award of the mortgaged property as payment of the Mortgage Loan. The Management Company shall proceed, directly or through the Servicer, to sell the properties awarded within the shortest possible space of time and at arm's length.

Whereas some of the Mortgage Loans backing the Pass-Through Certificates may have valid entries in the registry regarding the properties mortgaged under the Mortgage Loans in respect of mortgages pre-dating the mortgage under that Mortgage Loan, as represented by BANCAJA in section 2.2.8.2.(6) of this Building Block, such valid mortgage debts have been fully repaid.

Therefore, those Mortgage Loans will not for registration purposes have a senior mortgage but a mortgage ranking junior to those entered in the registry. Notwithstanding this, the previous mortgage debts have been fully cancelled.

The Servicer shall, in events of mortgage foreclosure, where the Land Registry contains entries regarding the real estate secured with the mortgage under which action is taken in respect of mortgages senior to the latter mortgage which however have been repaid, previously to or upon the action being brought, do all such things as shall be appropriate at law and in court in order for the Land Registry to match the legal reality outside the Registry. In the event that the relevant documents are available, then the procedure shall be as provided for in article 40 and in Title IV of the Mortgage Act of February 8, 1946, and otherwise the procedure shall be as provided for in article 209 of that Act.

The Servicer agrees to promptly advise of payment demands, legal actions and any and all other circumstances affecting collection of overdue Mortgage Loan amounts. Furthermore, the Servicer will provide the Management Company with all such documents as the latter may request in relation to said Mortgage Loans and in particular the documents required for the Management Company to take legal actions, as the case may be.

8. Damage insurance for properties mortgaged under the Mortgage Loans.

The Servicer shall not do or fail to do anything resulting in cancellation of any damage insurance policy covering the properties mortgaged under the Mortgage Loans or reducing the amount payable in any claim thereunder. The Servicer shall use all reasonable efforts and in any event use the rights conferred under the insurance policies or the Mortgage Loans in order to keep those policies in force and fully effective in relation to each Mortgage Loan and the respective mortgaged property, and the Servicer shall be liable to the Fund for any losses caused to the Fund in the event that the damage insurance policies are not kept in force and fully effective and further in the event that those policies are not taken out.

Whenever the Servicer receives notice of non-payment of policy premiums by any Obligor the Servicer may demand the Obligor to pay the same and indeed take out damage insurance on the Obligor's

behalf, without prejudice to its right to be reimbursed by the Obligor for amounts so paid, where it is able to do so under the Mortgage Loan deed.

In the event of a claim, the Servicer shall coordinate actions for collecting compensations derived from the property damage insurance policies on the terms and conditions of the Mortgage Loans and the actual policies, paying the amounts received to the Fund.

in the event of insolvency, or indications thereof, administration by the Bank of Spain, liquidation or substitution of the Servicer or because the Management Company deems this reasonably justified, the Management Company may demand the Servicer, at any time and at its cost, and for the purposes laid down in the second paragraph of article 40 of Insurance Contract Act 50/1980, October 8, as currently worded, to notify the relevant insurers of the transfer of the Mortgage Loans, and that the payments of indemnities under the relevant damage insurance policies will only be effective as a discharge if made into the Treasury Account opened in the name of the Fund. However, both in the event of the Servicer failing to notify insurers within five (5) Business Days of receiving the request and in the event of insolvency or liquidation of the Servicer, the Management Company shall itself directly or, as the case may be, through a new Servicer it shall have designated, notify the insurers observing insolvency rules, as appropriate.

9. Set-off.

In the exceptional event that any Mortgage Loan Obligor should have a receivable that is liquid, due and payable by the Servicer, and because the assignment is made without the Obligor being aware, any of the Mortgage Loans should be fully or partially set-off against that credit, the Servicer shall remedy that circumstance or, if it cannot be remedied, proceed to pay to the Fund the amount set off plus accrued interest which would have been payable to the Fund until the date on which the payment is made, calculated on the terms applicable to the relevant Mortgage Loan.

10. Subcontracting.

The Servicer may subcontract any of the services it may have agreed to provide under the Servicing Agreement other than those that may not be so delegated in accordance with the laws in force for the time being. That subcontracting may in no event result in an additional cost or expense for the Fund or the Management Company, and may not result in the rating assigned to each Bond Series by the Rating Agency being downgraded. Notwithstanding any subcontracting or subdelegation, the Servicer shall not be excused or released under that subcontract or subdelegation from any of the liabilities undertaken in the Servicing Agreement which may legally be attributed or ascribed to it.

11. Auction of real properties.

The Servicer agrees to notify the Management Company of the places, dates, terms and valuation of the real properties mortgaged as security for the Mortgage Loans and of all other assets attached as a result of the legal proceedings commenced against the Obligors, auctions scheduled, and proposed action and bid, in suitable advance in order that the Management Company may do such things as it shall see fit and submit instructions on the subject to the Servicer in suitable time.

The Servicer agrees to attend auctions of real properties or other assets, but shall thereat abide at all times by the instructions it shall have received from the Management Company, and shall therefore only tender a bid or apply for the award of the real estate or the asset to the Fund, fulfilling the instructions received from the Management Company.

In the event of real properties being awarded to the Fund, the Management Company shall proceed, directly or through the Servicer, to sell the same within the shortest possible space of time and at arm's length and the Servicer shall actively assist in expediting their disposal.

3.7.2.2 Term and substitution.

The services shall be provided by the Servicer until all obligations undertaken by the Servicer as Originator of the Mortgage Loans acquired by the Fund terminate, once all the Mortgage Loans have been repaid, or when liquidation of the Fund concludes after it terminates, without prejudice to a possible early revocation of its appointment under the Servicing Agreement.

In the event of insolvency of the Servicer, administration by the Bank of Spain, breach by the Servicer of the obligations imposed on the Servicer under the Servicing Agreement, or in the event of the Servicer's credit rating falling or being lost or its financial circumstances changing to an extent that may be detrimental to or place the financial structure of the Fund or Bondholders' rights and interests at risk, the Management Company shall proceed, in addition to demanding the Servicer to fulfil the obligations laid down in the Servicing Agreement, where this is legally possible, inter alia and after notifying the Rating Agency, to do any of the following in order for the rating assigned to the Bonds by the Rating Agency not to be adversely affected: (i) demand the Servicer to subcontract or subdelegate to another institution the performance of the obligations and undertakings made in the Servicing Agreement; (ii) have another institution with a sufficient credit rating and quality secure all or part of the Servicer's obligations; (iii) post collateral in the form of cash or securities in favour of the Fund in an amount sufficient to secure all or part of the Servicer's obligations in order for there to be no detriment to the rating given to the Bonds by the Rating Agency, or (iv) terminate the Servicing Agreement, in which case the Management Company shall previously designate a new Servicer having a sufficient credit quality and accepting the obligations contained in the Servicing Agreement or, as the case may be, in a new servicing agreement. Any additional expense or cost derived from the aforesaid actions shall be covered by the Servicer and at no event by the Fund or the Management Company. In the event of insolvency of the Servicer, only (iv) above shall be valid.

Notwithstanding the above provisions, in the event of the rating of the Servicer's long-term unsecured and unsubordinated debt obligations being downgraded below Baa3 by Moody's, the Servicer agrees within not more than 60 calendar days from the aforesaid downgrade to enter into a replacement undertaking with another institution in order for the latter to discharge the responsibilities for which provision is made in the Servicing Agreement with respect to the Mortgage Loans serviced by the Servicer, merely upon request by the Management Company if required to do so and provided that such action is not detrimental to the Rating Agency's rating assigned to the Bonds.

Furthermore, in the event of insolvency, or indications thereof, administration by the Bank of Spain, liquidation or substitution of the Servicer or because the Management Company deems this reasonably justified, the Management Company may demand the Servicer to notify Obligors (and third-party guarantors and Mortgage Loan mortgaged property insurers, if any) of the transfer to the Fund of the outstanding Mortgage Loans then outstanding, and that payments thereunder will only be effective as a discharge if made into the Treasury Account opened in the name of the Fund. However, both in the event of the Servicer failing to notify Obligors (and third-party guarantors and insurers, if any) within five (5) Business Days of receiving the request and in the event of insolvency or liquidation of the Servicer, the Management Company itself shall notify Obligors (and third-party guarantors and insurers, if any) directly or, as the case may be, through a new Servicer it shall have designated.

Similarly, and in the same events, the Management Company may request the Servicer to do such things and satisfy such formalities as may be necessary, including third-party notices and entries in the relevant accounting records, in order to guarantee maximum efficiency of the assignment of the Mortgage Loan receivables, all on the terms given in section 3.7.2.1.7 of this Building Block.

Upon early termination of the Servicing Agreement, the outgoing Servicer shall provide the new Servicer, on demand by the Management Company and as determined thereby, with the necessary documents and data files it may have in order for the new Servicer to carry on the relevant activities.

The Servicing Agreement shall be fully terminated in the event that the Rating Agency should not confirm the provisional ratings assigned to each Series as final ratings by 2pm (CET) on February 3, 2009.

3.7.2.3 Liability of the Servicer and indemnity.

The Servicer shall at no time have any liability whatsoever in relation to the Management Company's obligations as Fund manager and manager of Bondholders' interests, nor in relation to the Obligors' obligations under the Mortgage Loans, without prejudice to the liabilities undertaken thereby in the Deed of Constitution of the Fund as Originator of the Mortgage Loan receivables by issuing the Pass-Through Certificates subscribed for by the Fund.

The Servicer takes on the obligation to indemnify the Fund or its Management Company for any damage, loss or expense resulting for the same on account of any breach by the Servicer of its obligations to custody, service and report on the Mortgage Loans and custody the Pass-Through Certificates, established under the Servicing Agreement, or in the event of breach of the provisions of paragraph 3 of section 2.2.9 of this Building Block.

The Management Company shall, for and on behalf of the Fund, be entitled to take executive action against the Servicer where the breach of the obligation to pay any and all principal repayment and interest and other amounts paid by the Obligors under the Mortgage Loans owing to the Fund does not result from the Obligors' default and is attributable to the Servicer.

Upon the Mortgage Loans terminating, the Fund shall, through its Management Company, retain a right of action against the Servicer until fulfilment of its obligations.

Neither Bondholders nor any other creditor of the Fund shall have any direct right of action whatsoever against the Servicer; that action shall lie with the Management Company, as the Fund's representative, who shall have that action on the terms described in this section.

3.7.2.4 Servicer's remuneration.

In consideration of Mortgage Loan custody, servicing and management and Pass-Through Certificate supporting document custody, the Servicer shall be entitled to receive in arrears on each Payment Date during the term of the Servicing Agreement a servicing fee equal to 0.01% per annum, inclusive of VAT if there is no exemption, which shall accrue on the exact number of days elapsed in each Determination Period preceding the Payment Date and on the mean daily Outstanding Balance of the Mortgage Loans serviced during that Determination Period. If BANCAJA should be replaced in that servicing task, the Management Company will be entitled to change the above percentage fee for the new Servicer, which may be in excess of that agreed with BANCAJA. The servicing fee will be paid on the relevant Payment Date provided that the Fund has sufficient liquidity in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments.

If the Fund should, through its Management Company, due to a liquidity shortfall in the Fund Priority of Payments, fail to pay on a Payment Date the full fee due to the Servicer, overdue amounts shall build up without any penalty whatsoever on the fee payable on the following Payment Dates, until fully paid.

Furthermore, on each Payment Date, the Servicer shall be entitled to reimbursement of all Mortgage Loan servicing and management expenses of an exceptional nature incurred, such as in connection with legal and/or recovery actions, including procedural expenses and costs, or managing and overseeing the sale of assets or properties, if any, awarded to the Fund, after first justifying the same. Those expenses will be paid whenever the Fund has sufficient liquidity and in the Priority of Payments or, as the case may be, in the Liquidation Priority of Payments.
